#	ARTICLE	IF	CITATIONS
1	Preferences for place of care and place of death among informal caregivers of the terminally ill. <i>Palliative Medicine</i> , 2005, 19, 492-499.	3.1	168
2	The Power of Perception: Health Risk Attributed to Air Pollution in an Urban Industrial Neighbourhood. <i>Risk Analysis</i> , 1999, 19, 621-634.	2.7	141
3	Organization specific predictors of job satisfaction: findings from a Canadian multi-site quality of work life cross-sectional survey. <i>BMC Health Services Research</i> , 2002, 2, 6.	2.2	90
4	Environmental Risk Factors for Community-Acquired Pneumonia Hospitalization in Older Adults. <i>Journal of the American Geriatrics Society</i> , 2009, 57, 1036-1040.	2.6	75
5	Predictors of health decline in older adults with pneumonia: findings from the Community Acquired Pneumonia Impact Study. <i>BMC Geriatrics</i> , 2010, 10, 1.	2.7	71
6	The Ontario Mother and Infant Survey: Breastfeeding Outcomes. <i>Journal of Human Lactation</i> , 2001, 17, 211-219.	1.6	55
7	A proposed systems approach to the evaluation of integrated palliative care. <i>BMC Palliative Care</i> , 2010, 9, 8.	1.8	53
8	Service Preferences Among Family Caregivers of the Terminally Ill. <i>Journal of Palliative Medicine</i> , 2005, 8, 69-78.	1.1	47
9	Stress processes in caring for an end-of-life family member: Application of a theoretical model. <i>Aging and Mental Health</i> , 2009, 13, 537-545.	2.8	38
10	The Effect of Delivery Method on Breastfeeding Initiation from the The Ontario Mother and Infant Study (TOMIS) III. <i>JOGNN - Journal of Obstetric, Gynecologic, and Neonatal Nursing</i> , 2012, 41, 728-737.	0.5	35
11	A scoping review of medical education research in family medicine. <i>BMC Medical Education</i> , 2015, 15, 79.	2.4	35
12	Are Child Pedestrians at Increased Risk of Injury on One-way Compared to Two-way Streets?. <i>Canadian Journal of Public Health</i> , 2000, 91, 201-206.	2.3	30
13	Longer postpartum hospitalization options – who stays, who leaves, what changes?. <i>BMC Pregnancy and Childbirth</i> , 2005, 5, 13.	2.4	26
14	Measuring healthcare integration: Operationalization of a framework for a systems evaluation of palliative care structures, processes, and outcomes. <i>Palliative Medicine</i> , 2016, 30, 567-579.	3.1	25
15	The Impact of a New Universal Postpartum Program on Breastfeeding Outcomes. <i>Journal of Human Lactation</i> , 2006, 22, 398-408.	1.6	24
16	Development and Validation of a Set of Palliative Medicine Entrustable Professional Activities: Findings from a Mixed Methods Study. <i>Journal of Palliative Medicine</i> , 2015, 18, 682-690.	1.1	23
17	Adherence to hand hygiene and risk factors for poor adherence in 13 Ontario acute care hospitals. <i>American Journal of Infection Control</i> , 2011, 39, 693-696.	2.3	19
18	Family caregiver views on patient-centred care at the end of life. <i>Scandinavian Journal of Caring Sciences</i> , 2012, 26, 513-518.	2.1	19

#	ARTICLE	IF	CITATIONS
19	Predictors of pneumococcal vaccination among older adults with pneumonia: findings from the Community Acquired Pneumonia Impact Study. <i>BMC Geriatrics</i> , 2010, 10, 44.	2.7	18
20	Predictors of job satisfaction among academic family medicine faculty: Findings from a faculty work-life and leadership survey. <i>Canadian Family Physician</i> , 2017, 63, e177-e185.	0.4	18
21	Breastfeeding Outcomes of Women Following Uncomplicated Birth in Hamilton-Wentworth. <i>Canadian Journal of Public Health</i> , 1999, 90, 408-411.	2.3	17
22	Community controls were preferred to hospital controls in a case-control study where the cases are derived from the hospital. <i>Journal of Clinical Epidemiology</i> , 2010, 63, 926-931.	5.0	17
23	Evaluating Program Integration and the Rise in Collaboration: Case study of A Palliative Care Network. <i>Journal of Palliative Care</i> , 2011, 27, 270-278.	1.0	15
24	An institutional ethnography of chronic pain management in family medicine (COPE) study protocol. <i>BMC Health Services Research</i> , 2015, 15, 494.	2.2	14
25	Measuring horizontal integration among health care providers in the community: an examination of a collaborative process within a palliative care network. <i>Journal of Interprofessional Care</i> , 2015, 29, 245-252.	1.7	13
26	Text mining describes the use of statistical and epidemiological methods in published medical research. <i>Journal of Clinical Epidemiology</i> , 2016, 74, 124-132.	5.0	12
27	The effectiveness of a proven chronic disease prevention and screening intervention in diverse and remote primary care settings: an implementation study on the BETTER 2 Program. <i>BJGP Open</i> , 2019, 3, bjgpopen19X101656.	1.8	11
28	"I really should've gone to the doctor": older adults and family caregivers describe their experiences with community-acquired pneumonia. <i>BMC Family Practice</i> , 2006, 7, 30.	2.9	9
29	The BETTER WISE protocol: building on existing tools to improve cancer and chronic disease prevention and screening in primary care for wellness of cancer survivors and patients - a cluster randomized controlled trial embedded in a mixed methods design. <i>BMC Cancer</i> , 2018, 18, 927.	2.6	9
30	Breastfeeding During Family Medicine Residency. <i>Family Medicine</i> , 2019, 51, 587-592.	0.5	9
31	Mentorship perceptions and experiences among academic family medicine faculty: Findings from a quantitative, comprehensive work-life and leadership survey. <i>Canadian Family Physician</i> , 2016, 62, e531-9.	0.4	7
32	Implementation, uptake, and impact of a provincial postpartum program. <i>Canadian Journal of Nursing Research</i> , 2004, 36, 60-82.	1.5	6
33	Identifying potential academic leaders: Predictors of willingness to undertake leadership roles in an academic department of family medicine. <i>Canadian Family Physician</i> , 2016, 62, e102-9.	0.4	5
34	Examining the teaching roles and experiences of non-physician health care providers in family medicine education: a qualitative study. <i>BMC Medical Education</i> , 2015, 15, 15.	2.4	4
35	Are nonphysician health care providers prepared and supported to teach in family medicine?. <i>Family Medicine</i> , 2015, 47, 187-93.	0.5	1
