|----|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1  | Visual impairment in rural and migrant Chinese school-going children: prevalence, severity, correction and associations. <i>British Journal of Ophthalmology</i> , 2022, 106, 275-280.                                               | 2.1 | 6         |
| 2  | Consultation length, process quality and diagnosis quality of primary care in rural China: A cross-sectional standardized patient study. <i>Patient Education and Counseling</i> , 2022, 105, 902-908.                               | 1.0 | 7         |
| 3  | Passive versus active service delivery: Comparing the effects of two parenting interventions on early cognitive development in rural China. <i>World Development</i> , 2022, 149, 105686.                                            | 2.6 | 14        |
| 4  | Paths of social-emotional development before 3Âyears old and child development after 5Âyears old: Evidence from rural China. <i>Early Human Development</i> , 2022, 165, 105539.                                                     | 0.8 | 6         |
| 5  | Bullying Victims in Rural Primary Schools: Prevalence, Correlates, and Consequences. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 765.                                                       | 1.2 | 8         |
| 6  | Ordeal mechanisms, information, and the cost-effectiveness of strategies to provide subsidized eyeglasses. <i>Journal of Health Economics</i> , 2022, 82, 102594.                                                                    | 1.3 | 5         |
| 7  | Gender equity in vision care seeking behavior among caregivers: evidence from a randomized controlled trial in rural China. <i>International Journal for Equity in Health</i> , 2022, 21, 26.                                        | 1.5 | 3         |
| 8  | Irrational Use of Medicine in the Treatment of Presumptive Asthma Among Rural Primary Care Providers in Southwestern China. <i>Frontiers in Pharmacology</i> , 2022, 13, 767917.                                                     | 1.6 | 2         |
| 9  | Parental Self-Perception, Parental Investment, and Early Childhood Developmental Outcomes: Evidence From Rural China. <i>Frontiers in Public Health</i> , 2022, 10, 820113.                                                          | 1.3 | 1         |
| 10 | Exploring Teacher Job Satisfaction in Rural China: Prevalence and Correlates. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 3537.                                                             | 1.2 | 1         |
| 11 | Determinants of breastfeeding self-efficacy among postpartum women in rural China: A cross-sectional study. <i>PLoS ONE</i> , 2022, 17, e0266273.                                                                                    | 1.1 | 9         |
| 12 | Depressive and Anxiety Symptoms among Children and Adolescents in Rural China: A Large-Scale Epidemiological Study. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 5026.                       | 1.2 | 9         |
| 13 | Parenting centers and caregiver mental health: Evidence from a large-scale randomized controlled trial in China. <i>Child Development</i> , 2022, 93, 1559-1573.                                                                     | 1.7 | 2         |
| 14 | Stuck in the middle school rut: can anything improve academic achievement in rural Chinese middle schools?. <i>Journal of Development Effectiveness</i> , 2022, 14, 306-339.                                                         | 0.4 | 2         |
| 15 | Academic Performance and the Link with Depressive Symptoms among Rural Han and Minority Chinese Adolescents. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 6026.                              | 1.2 | 6         |
| 16 | Early Parenting Interventions to Foster Human Capital in Developing Countries. <i>Annual Review of Resource Economics</i> , 2022, 14, 169-192.                                                                                       | 1.5 | 3         |
| 17 | Impact of Parental Beliefs on Child Developmental Outcomes: A Quasi-Experiment in Rural China. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 7240.                                            | 1.2 | 0         |
| 18 | Provider competence in hypertension management and challenges of the rural primary healthcare system in Sichuan province, China: a study based on standardized clinical vignettes. <i>BMC Health Services Research</i> , 2022, 22, . | 0.9 | 0         |

| #  | ARTICLE                                                                                                                                                                                                              | IF  | CITATIONS |
|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 19 | The association between micronutrient powder delivery patterns and caregiver feeding behaviors in rural China. <i>BMC Public Health</i> , 2022, 22, .                                                                | 1.2 | 0         |
| 20 | Parenting style and the cognitive development of preschool-aged children: Evidence from rural China. <i>Journal of Experimental Child Psychology</i> , 2022, 223, 105490.                                            | 0.7 | 2         |
| 21 | School Quality and Peer Effects: Explaining Differences in Academic Performance between China's Migrant and Rural Students. <i>Journal of Development Studies</i> , 2021, 57, 842-858.                               | 1.2 | 5         |
| 22 | Impact of spectacles wear on uncorrected visual acuity among urban migrant primary school children in China: a cluster-randomised clinical trial. <i>British Journal of Ophthalmology</i> , 2021, 105, 761-767.      | 2.1 | 3         |
| 23 | Early child development and caregiver subjective well-being in rural China. <i>China Agricultural Economic Review</i> , 2021, 13, 302-318.                                                                           | 1.8 | 2         |
| 24 | From Quantity to Quality: Delivering a Home-Based Parenting Intervention Through China's Family Planning Cadres. <i>Economic Journal</i> , 2021, 131, 1365-1400.                                                     | 1.9 | 32        |
| 25 | Improving learning by improving vision: evidence from two randomized controlled trials of providing vision care in China. <i>Journal of Development Effectiveness</i> , 2021, 13, 1-26.                              | 0.4 | 6         |
| 26 | Rural minimum living standard guarantee (rural Dibao) program boosts children's education outcomes in rural China. <i>China Agricultural Economic Review</i> , 2021, 13, 54-77.                                      | 1.8 | 5         |
| 27 | Tracking the effects of COVID-19 in rural China over time. <i>International Journal for Equity in Health</i> , 2021, 20, 35.                                                                                         | 1.5 | 26        |
| 28 | Early Childhood Reading in Rural China and Obstacles to Caregiver Investment in Young Children: A Mixed-Methods Analysis. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 1457. | 1.2 | 9         |
| 29 | Alarming high malnutrition in childhood and its associated factors. <i>Medicine (United States)</i> , 2021, 100, e24419.                                                                                             | 0.4 | 9         |
| 30 | Variations in the Home Language Environment and Early Language Development in Rural China. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 2671.                                | 1.2 | 12        |
| 31 | Trajectories of child cognitive development during ages 0-3 in rural Western China: prevalence, risk factors and links to preschool-age cognition. <i>BMC Pediatrics</i> , 2021, 21, 199.                            | 0.7 | 6         |
| 32 | Comparing the Quality of Primary Care between Public and Private Providers in Urban China: A Standardized Patient Study. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 5060.  | 1.2 | 8         |
| 33 | Infant Cognitive Development and Stimulating Parenting Practices in Rural China. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 5277.                                          | 1.2 | 14        |
| 34 | Association of Child Mental Health with Child and Family Characteristics in Rural China: A Cross-Sectional Analysis. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 5107.      | 1.2 | 6         |
| 35 | Early childhood development and parental training interventions in rural China: a systematic review and meta-analysis. <i>BMJ Global Health</i> , 2021, 6, e005578.                                                  | 2.0 | 34        |
| 36 | Grassland ecological compensation policy in China improves grassland quality and increases herders' income. <i>Nature Communications</i> , 2021, 12, 4683.                                                           | 5.8 | 105       |

| #  | ARTICLE                                                                                                                                                                                                                                         | IF  | CITATIONS |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 37 | Attention Deficit Hyperactivity Disorder (ADHD) among elementary students in rural China: Prevalence, correlates, and consequences. <i>Journal of Affective Disorders</i> , 2021, 293, 484-491.                                                 | 2.0 | 9         |
| 38 | Health Communication Patterns and Adherence to a Micronutrient Home Fortification Program in Rural China. <i>Journal of Nutrition Education and Behavior</i> , 2021, , .                                                                        | 0.3 | 7         |
| 39 | Examining the Relation between Caregiver Mental Health and Student Outcomes in Rural China. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 12613.                                                         | 1.2 | 1         |
| 40 | Postnatal Mental Health, Hand Washing Practices, and Infant Illness in Rural China. <i>Frontiers in Global Women S Health</i> , 2021, 2, 735264.                                                                                                | 1.1 | 4         |
| 41 | What constrains mechanization in Chinese agriculture? Role of farm size and fragmentation. <i>China Economic Review</i> , 2020, 62, 101221.                                                                                                     | 2.1 | 48        |
| 42 | Can Bureaucrats Really Be Paid Like Ceos? Substitution Between Incentives and Resources Among School Administrators in China. <i>Journal of the European Economic Association</i> , 2020, 18, 165-201.                                          | 1.9 | 3         |
| 43 | Seeing Is Believing: Experimental Evidence on the Impact of Eyeglasses on Academic Performance, Aspirations, and Dropout among Junior High School Students in Rural China. <i>Economic Development and Cultural Change</i> , 2020, 68, 335-355. | 0.9 | 18        |
| 44 | Can School Feeding Programs Reduce Malnutrition in Rural China?. <i>Journal of School Health</i> , 2020, 90, 56-64.                                                                                                                             | 0.8 | 14        |
| 45 | Agricultural and rural development in China during the past four decades: an introduction. <i>Australian Journal of Agricultural and Resource Economics</i> , 2020, 64, 1-13.                                                                   | 1.3 | 31        |
| 46 | The returns to education in rural China: Some new estimates. <i>Australian Journal of Agricultural and Resource Economics</i> , 2020, 64, 189-208.                                                                                              | 1.3 | 11        |
| 47 | Impact of Second-Parent Migration on Student Academic Performance in Northwest China and its Implications. <i>Journal of Development Studies</i> , 2020, 56, 1523-1540.                                                                         | 1.2 | 3         |
| 48 | Correlates of participation in community-based interventions: Evidence from a parenting program in rural China. <i>PLoS ONE</i> , 2020, 15, e0238841.                                                                                           | 1.1 | 3         |
| 49 | Maternal health behaviors during pregnancy in rural Northwestern China. <i>BMC Pregnancy and Childbirth</i> , 2020, 20, 745.                                                                                                                    | 0.9 | 3         |
| 50 | Why aren't rural children completing compulsory education? A survey-based study in China, 2003 to 2011. <i>China Agricultural Economic Review</i> , 2020, 12, 241-255.                                                                          | 1.8 | 4         |
| 51 | Independent reading in rural China's elementary schools: A mixed-methods analysis. <i>International Journal of Educational Development</i> , 2020, 78, 102241.                                                                                  | 1.4 | 8         |
| 52 | The Impacts of Highly Resourced Vocational Schools on Student Outcomes in China. <i>China and World Economy</i> , 2020, 28, 125-150.                                                                                                            | 0.9 | 1         |
| 53 | The Impact of Online Computer Assisted Learning at Home for Disadvantaged Children in Taiwan: Evidence from a Randomized Experiment. <i>Sustainability</i> , 2020, 12, 10092.                                                                   | 1.6 | 4         |
| 54 | Effects of baby-friendly practices on breastfeeding duration in China: a case-control study. <i>International Breastfeeding Journal</i> , 2020, 15, 92.                                                                                         | 0.9 | 12        |

| #  | ARTICLE                                                                                                                                                                                                                            | IF  | CITATIONS |
