| # | ARTICLE | IF | CITATIONS |
|----|---|-----|-----------|
| 1 | A modified six-minute walk test (6MWT) for low-resource settings-a cross-sectional study. Heart and Lung: Journal of Acute and Critical Care, 2022, 52, 117-122. | 1.6 | 10 |
| 2 | The "trial within cohort design" was a pragmatic model for low-resourced settings. Journal of Clinical Epidemiology, 2022, , . | 5.0 | 3 |
| 3 | Transformative learning through participation: experiences at a rural clinical training site in South Africa. BMC Medical Education, 2022, 22, 183. | 2.4 | 2 |
| 4 | Persistent Symptoms among Frontline Health Workers Post-Acute COVID-19 Infection. International Journal of Environmental Research and Public Health, 2022, 19, 5933. | 2.6 | 9 |
| 5 | Exploring literature on knowledge, attitudes, beliefs and practices towards urinary incontinence management: a scoping review. International Urogynecology Journal, 2021, 32, 485-499. | 1.4 | 6 |
| 6 | Health education interventions to promote health literacy in adults with selected non-communicable diseases living in low-to-middle income countries: A systematic review and meta-analysis. Journal of Evaluation in Clinical Practice, 2021, 27, 1417-1428. | 1.8 | 35 |
| 7 | Training for Transformation: Opportunities and Challenges for Health Workforce Sustainability in Developing a Remote Clinical Training Platform. Frontiers in Public Health, 2021, 9, 601026. | 2.7 | 4 |
| 8 | Unravelling "low-resource settings": a systematic scoping review with qualitative content analysis. BMJ Global Health, 2021, 6, e005190. | 4.7 | 69 |
| 9 | Six-minute walk test protocol variations in low-resource settings " A scoping review. South African Journal of Physiotherapy, 2021, 77, 1549. | 0.7 | 11 |
| 10 | Patient-Reported Outcome measures in key African languages to promote Diversity in research and clinical practice (PROUD)"protocol for a systematic review of measurement properties. Trials, 2021, 22, 380. | 1.6 | 3 |
| 11 | "I am active and healthy, so I don't need to make lifestyle changes!" A short report of clinical markers of "risk" for NCDs versus health and physical activity perceptions in a low-resourced setting. European Journal of Preventive Cardiology, 2020, 27, 2081-2083. | 1.8 | 0 |
| 12 | Multiple Sclerosis in sub-Saharan Africa " a scoping review. Multiple Sclerosis and Related Disorders, 2020, 42, 102133. | 2.0 | 4 |
| 13 | Post-tuberculosis health-related quality of life, lung function and exercise capacity in a cured pulmonary tuberculosis population in the Breede Valley District, South Africa. South African Journal of Physiotherapy, 2019, 75, 1319. | 0.7 | 27 |
| 14 | Patient-centred rehabilitation for non-communicable disease in a low-resource setting: study protocol for a feasibility and proof-of-concept randomised clinical trial. BMJ Open, 2019, 9, e025732. | 1.9 | 9 |
| 15 | Exercise-based rehabilitation for major non-communicable diseases in low-resource settings: a scoping review. BMJ Global Health, 2019, 4, e001833. | 4.7 | 19 |
| 16 | The use of periodized exercise prescription in rehabilitation: a systematic scoping review of literature. Clinical Rehabilitation, 2018, 32, 1235-1248. | 2.2 | 7 |
| 17 | An investigation into the use of ultrasound as a surrogate measure of diaphragm function. Heart and Lung: Journal of Acute and Critical Care, 2018, 47, 418-424. | 1.6 | 17 |
| 18 | Developing minimum clinical standards for physiotherapy in South African ICUs: A qualitative study. Journal of Evaluation in Clinical Practice, 2017, 23, 1258-1265. | 1.8 | 23 |

| # | ARTICLE | IF | CITATIONS |
|----|---|-----|-----------|
| 19 | Physiotherapy in the intensive care unit. Southern African Journal of Critical Care, 2016, 32, 3. | 0.6 | 0 |
| 20 | Developing minimum clinical standards for physiotherapy in South African intensive care units: the nominal group technique in action. Journal of Evaluation in Clinical Practice, 2015, 21, 118-127. | 1.8 | 17 |
| 21 | Mapping of a curriculum renewal journey: Lessons learned. African Journal of Health Professions Education, 2014, 6, 178. | 0.3 | 1 |
| 22 | Does a problem-based learning approach benefit students as they enter their clinical training years? Lecturers' and students' perceptions. African Journal of Health Professions Education, 2014, 6, 185. | 0.3 | 3 |
| 23 | Learning experiences of physiotherapy students during primary healthcare clinical placements. African Journal of Health Professions Education, 2014, 6, 211. | 0.3 | 7 |
| 24 | Ethnic differences in pelvic floor muscle strength and endurance in South African women. International Urogynecology Journal, 2014, 25, 799-805. | 1.4 | 5 |
| 25 | Implementation of a protocol facilitates evidence-based physiotherapy practice in intensive care units. Physiotherapy, 2013, 99, 139-145. | 0.4 | 29 |
| 26 | The development of a clinical management algorithm for early physical activity and mobilization of critically ill patients: synthesis of evidence and expert opinion and its translation into practice. Clinical Rehabilitation, 2011, 25, 771-787. | 2.2 | 97 |
| 27 | The validation of a clinical algorithm for the prevention and management of pulmonary dysfunction in intubated adults – a synthesis of evidence and expert opinion. Journal of Evaluation in Clinical Practice, 2011, 17, 801-810. | 1.8 | 27 |
| 28 | Outcomes research in the ICU: An aid in defining the role of physiotherapy. Physiotherapy Theory and Practice, 2007, 23, 125-135. | 1.3 | 25 |
