#	ARTICLE	IF	CITATIONS
1	Hair Cortisol Analysis: A Promising Biomarker of HPA Activation in Older Adults: Figure 1.. Gerontologist, The, 2015, 55, S140-S145.	3.9	68
2	A Randomized Trial Testing the Superiority of a Postdischarge Care Management Model for Stroke Survivors. Journal of Stroke and Cerebrovascular Diseases, 2009, 18, 443-452.	1.6	64
3	“Take an opportunity whenever you get it” Information sharing among African American women with hypertension. Journal of the Association for Information Science and Technology, 2018, 69, 168-171.	2.9	17
4	African American Older Adults' Perceived Use of Technology for Hypertension Self-Management. Research in Gerontological Nursing, 2018, 11, 249-256.	0.6	17
5	The After Discharge Care Management of Low Income Frail Elderly (AD-LIFE) Randomized Trial: Theoretical Framework and Study Design. Population Health Management, 2011, 14, 137-142.	1.7	16
6	Collecting Hair Samples for Hair Cortisol Analysis in African Americans. Journal of Visualized Experiments, 2018, , .	0.3	15
7	The AD-LIFE Trial. Home Healthcare Nurse, 2007, 25, 308-314.	0.3	14
8	Mindfulness in Motion and Dietary Approaches to Stop Hypertension (DASH) in Hypertensive African Americans. Journal of the American Geriatrics Society, 2021, 69, 773-778.	2.6	13
9	Characterization of Brain Signatures to Add Precision to Self-Management Health Information Interventions. Nursing Research, 2019, 68, 127-134.	1.7	11
10	Hypertension Self-Management Perspectives From African American Older Adults. Western Journal of Nursing Research, 2019, 41, 667-684.	1.4	10
11	The relationships between health information behavior and neural processing in african americans with prehypertension. Journal of the Association for Information Science and Technology, 2019, 70, 968-980.	2.9	10
12	Neural Processing and Perceived Discrimination Stress in African Americans. Nursing Research, 2020, 69, 331-338.	1.7	9
13	Designing a Cocreated Intervention with African American Older Adults for Hypertension Self-Management. International Journal of Hypertension, 2018, 2018, 1-7.	1.3	8
14	SPIRITUAL PERSPECTIVE AND NEEDS: A COMPARATIVE STUDY OF NURSING FACULTY IN A CHRISTIAN UNIVERSITY AND A STATE UNIVERSITY. Christian Higher Education, 2004, 3, 61-77.	0.5	7
15	Smarthealth technology study protocol to improve relationships between older adults with dementia and family caregivers. Journal of Advanced Nursing, 2021, 77, 2519-2529.	3.3	7
16	“Maybe This Generation Here Could Help the Next Generation” Older African American Women's Perceptions on Information Sharing to Improve Health in Younger Generations. Research in Gerontological Nursing, 2018, 11, 39-47.	0.6	6
17	Improving hypertension control and cardiovascular health: An urgent call to action for nursing. Worldviews on Evidence-Based Nursing, 2022, 19, 6-15.	2.9	6
18	Factors that influence physical function and emotional well-being among Medicare-Medicaid enrollees. Geriatric Nursing, 2015, 36, S16-S20.	1.9	5

#	ARTICLE	IF	CITATIONS
19	Opportunities for the Advanced Practice Nurse to Enhance Hypertension Knowledge and Self-management Among African American Women. <i>Clinical Nurse Specialist</i> , 2017, 31, 311-318.	0.5	5
20	Co-created health education intervention among older African American women living with hypertension. <i>Explore: the Journal of Science and Healing</i> , 2022, 18, 234-239.	1.0	5
21	Commentary on Neural Systems in Late-Life Depression: Clinical Presentation and Treatment Outcome. <i>Journal of the American Geriatrics Society</i> , 2018, 66, S24-S27.	2.6	4
22	Does Lifestyle Exercise After a Cardiac Event Improve Metabolic Syndrome Profile in Older Adults?. <i>Journal of Cardiovascular Nursing</i> , 2018, 33, E1-E9.	1.1	3
23	Beyond Allostatic Load: Focused Biological Measures of Chronic Stress in African American Older Adults. <i>Research in Gerontological Nursing</i> , 2021, 14, 222-224.	0.6	3
24	Treating the most vulnerable: A discursive review of experimental pain in Alzheimer's disease. <i>Nursing Open</i> , 2022, 9, 942-949.	2.4	2
25	Hair Cortisol Concentration, Perceived Stress, Mental Well-Being, and Cardiovascular Health in African American Older Adults: A Pilot Study. <i>Geriatrics (Switzerland)</i> , 2022, 7, 53.	1.7	2
26	Challenges to dietary hypertension self-management as described by a sample of African American older adults. <i>Worldviews on Evidence-Based Nursing</i> , 2022, , .	2.9	1
27	Neural Processing of Health Information and Hypertension Self-Management in African Americans. <i>Nursing Research</i> , 2022, Publish Ahead of Print, .	1.7	1
28	Race-Related Differences Between and Within Sex to Experimental Thermal Pain in Middle and Older Adulthood: An Exploratory Pilot Analysis. <i>Frontiers in Pain Research</i> , 2021, 2, 780338.	2.0	0
