| #  | ARTICLE                                                                                                                                                                       | IF  | CITATIONS |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1  | Assessing changes towards lean production. International Journal of Operations and Production Management, 1996, 16, 24-41.                                                    | 3.5 | 394       |
| 2  | The Difficult Path to Lean Product Development. Journal of Product Innovation Management, 1996, 13, 283-295.                                                                  | 5.2 | 121       |
| 3  | The development of industrial networks. International Journal of Operations and Production Management, 2003, 23, 44-61.                                                       | 3.5 | 79        |
| 4  | Change processes towards lean production. International Journal of Operations and Production Management, 1996, 16, 42-56.                                                     | 3.5 | 61        |
| 5  | A lean and global smaller firm?. International Journal of Operations and Production Management, 1997, 17, 940-952.                                                            | 3.5 | 55        |
| 6  | Change processes towards lean production. International Journal of Operations and Production Management, 1995, 15, 80-99.                                                     | 3.5 | 54        |
| 7  | Multibranded Platform Development: A Corporate Strategy with Multimanagerial Challenges. Journal of Product Innovation Management, 2007, 24, 554-566.                         | 5.2 | 48        |
| 8  | INTER-FIRM PRODUCT PLATFORM DEVELOPMENT IN THE AUTOMOTIVE INDUSTRY. International Journal of Innovation Management, 2005, 09, 155-181.                                        | 0.7 | 30        |
| 9  | Counteracting Forces in Multi-branded Product Platform Development. Creativity and Innovation Management, 2007, 16, 133-141.                                                  | 1.9 | 29        |
| 10 | The manufacturing extraprise: an emerging production network paradigm. Journal of Manufacturing Technology Management, 2007, 18, 912-932.                                     | 3.3 | 28        |
| 11 | Total Effectiveness in a Just-in-Time System. International Journal of Operations and Production Management, 1994, 14, 46-65.                                                 | 3.5 | 27        |
| 12 | Radically new production systems. International Journal of Operations and Production Management, 1996, 16, 8-19.                                                              | 3.5 | 25        |
| 13 | Integrating new technology in established organizations. International Journal of Operations and Production Management, 2010, 30, 672-699.                                    | 3.5 | 24        |
| 14 | Perspective: Changing Product Development Strategy-A Managerial Challenge. Journal of Product Innovation Management, 1997, 14, 473-484.                                       | 5.2 | 22        |
| 15 | Sequences of manufacturing improvement initiatives: the case of delayering. International Journal of Operations and Production Management, 2000, 20, 1259-1277.               | 3.5 | 21        |
| 16 | Knowledge and Material Flow in Future Industrial Networks. International Journal of Operations and Production Management, 1992, 12, 10-23.                                    | 3.5 | 17        |
| 17 | Technological Level and Product Development Cycle Time. Journal of Product Innovation Management, 1992, 16, 352-362.                                                          | 5.2 | 17        |
| 18 | Stratifying the Development of Product Platforms: Requirements for Resources, Organization, and Management Styles. Journal of Product Innovation Management, 2013, 30, 62-76. | 5.2 | 17        |

| #  | ARTICLE                                                                                                                                                         | IF  | CITATIONS |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 19 | Forms of innovation openness in global automotive groups. International Journal of Automotive Technology and Management, 2013, 13, 1.                           | 0.4 | 16        |
| 20 | MANAGING NEW TECHNOLOGY INTEGRATION: INTEGRATING SOFTWARE IN MANUFACTURED PRODUCTS. International Journal of Innovation Management, 2005, 09, 343-370.          | 0.7 | 14        |
| 21 | Product platform replacements: challenges to managers. International Journal of Operations and Production Management, 2012, 32, 746-766.                        | 3.5 | 14        |
| 22 | Technology Sharing in Manufacturing Business Groups. Journal of Product Innovation Management, 2012, 29, 113-124.                                               | 5.2 | 10        |
| 23 | Product platform development in industrial networks. International Journal of Automotive Technology and Management, 2011, 11, 205.                              | 0.4 | 7         |
| 24 | High rates of innovation: The Japanese culture shock to Europe. European Management Journal, 1989, 7, 31-39.                                                    | 3.1 | 6         |
| 25 | The Superweight Project Team and Manager. International Journal of Innovation Management, 1998, 02, 309-338.                                                    | 0.7 | 5         |
| 26 | Specialization and commonalization in multi-branded manufacturing corporations. International Journal of Operations and Production Management, 2018, 38, 67-89. | 3.5 | 3         |
| 27 | Creation of new businesses in large established organizations. Technovation, 1986, 5, 155-168.                                                                  | 4.2 | 1         |
| 28 | Operations management associations in Europe – a history. International Journal of Operations and Production Management, 2009, 29, 1093-1108.                   | 3.5 | 1         |
| 29 | Strategic Options in the Automobile Industry. , 1989, , 179-193.                                                                                                |     | 1         |
| 30 | Education in management of innovation and technology. European Journal of Engineering Education, 1981, 6, 87-91.                                                | 1.5 | 0         |
| 31 | Improved development by strategic specification processes. International Journal of Vehicle Design, 1999, 21, 21.                                               | 0.1 | 0         |
