#	ARTICLE	IF	CITATIONS
1	Managing everyday life: Self-management strategies people use to live well with neurological conditions. <i>Patient Education and Counseling</i> , 2021, 104, 413-421.	2.2	14
2	The Team Assessment of Self-Management Support (TASMS): A new approach to uncovering how teams support people with chronic conditions. <i>Healthcare Management Forum</i> , 2021, 34, 43-48.	1.4	3
3	Potential of community-based risk estimates for improving hospital performance measures and discharge planning. <i>BMJ Open Quality</i> , 2021, 10, e001230.	1.1	1
4	Nurse Navigators™ Views on Patient and System Factors Associated with Navigation Needs among Women with Breast Cancer. <i>Current Oncology</i> , 2021, 28, 2107-2114.	2.2	4
5	Predicting COVID-19 mortality risk in Toronto, Canada: a comparison of tree-based and regression-based machine learning methods. <i>BMC Medical Research Methodology</i> , 2021, 21, 267.	3.1	9
6	Transitioning to Full Field Digital Mammography in Nova Scotia: Using Interrupted Time Series Methods to Study the Impact of Technology Change on Mammography Volumes. <i>Journal of Medical Imaging and Radiation Sciences</i> , 2020, 51, 227-234.	0.3	1
7	Protocol for development, calibration and validation of the Patient-Reported Inventory of Self-Management of Chronic Conditions (PRISM-CC). <i>BMJ Open</i> , 2020, 10, e036776.	1.9	5
8	The Taxonomy of Everyday Self-management Strategies (TEDSS): A framework derived from the literature and refined using empirical data. <i>Patient Education and Counseling</i> , 2019, 102, 367-375.	2.2	37
9	The structural and convergent validity of three commonly used measures of self-management in persons with neurological conditions. <i>Quality of Life Research</i> , 2019, 28, 545-556.	3.1	9
10	How adults with cardiac conditions in Singapore understand the Patient Activation Measure (PAM-13) items: a cognitive interviewing study. <i>Disability and Rehabilitation</i> , 2018, 40, 587-596.	1.8	6
11	What we know about the purpose, theoretical foundation, scope and dimensionality of existing self-management measurement tools: A scoping review. <i>Patient Education and Counseling</i> , 2018, 101, 579-595.	2.2	35
12	Validation of the Patient Activation Measure (PAM-13) among adults with cardiac conditions in Singapore. <i>Quality of Life Research</i> , 2017, 26, 1071-1080.	3.1	33
13	Discordance in Utility Measurement in Persons with Neurological Conditions: A Comparison of the SF-6D and the HUI3. <i>Value in Health</i> , 2017, 20, 1157-1165.	0.3	9
14	Understanding the Effects of Competition for Constrained Colonoscopy Services with the Introduction of Population-level Colorectal Cancer Screening. <i>Medical Decision Making</i> , 2017, 37, 253-263.	2.4	6
15	Misclassification errors from postal code-based geocoding to assign census geography in Nova Scotia, Canada. <i>Canadian Journal of Public Health</i> , 2016, 107, e424-e430.	2.3	3
16	Coping, adapting or self-managing – what is the difference? A concept review based on the neurological literature. <i>Journal of Advanced Nursing</i> , 2016, 72, 2629-2643.	3.3	49
17	A prediction model to estimate completeness of electronic physician claims databases. <i>BMJ Open</i> , 2015, 5, e006858.	1.9	12
18	The Patient Activation Measure: a validation study in a neurological population. <i>Quality of Life Research</i> , 2015, 24, 1587-1596.	3.1	31

#	ARTICLE	IF	CITATIONS
19	Collaboration behind-the-scenes: key to effective interprofessional education. <i>Journal of Interprofessional Care</i> , 2014, 28, 381-383.	1.7	11
20	The everyday experience of living with and managing a neurological condition (the LINC study): study design. <i>BMC Neurology</i> , 2013, 13, 30.	1.8	14
21	Screening for new primary cancers in cancer survivors compared to non-cancer controls: a systematic review and meta-analysis. <i>Journal of Cancer Survivorship</i> , 2013, 7, 455-463.	2.9	59
22	Prescribing Practices Amid the OxyContin Crisis: Examining the Effect of Print Media Coverage on Opioid Prescribing Among Physicians. <i>Journal of Pain</i> , 2013, 14, 1686-1693.e1.	1.4	19
23	The role of proximity to death in need-based approaches to health care. <i>Health Policy</i> , 2012, 106, 291-302.	3.0	1
24	A team approach to improving colorectal cancer services using administrative health data. <i>Health Research Policy and Systems</i> , 2012, 10, 4.	2.8	11
25	Understanding Different Methodological Approaches to Measuring Inequity in Health Care. <i>International Journal of Health Services</i> , 2011, 41, 195-207.	2.5	4
26	An Applied Simulation Model for Estimating the Supply of and Requirements for Registered Nurses Based on Population Health Needs. <i>Policy, Politics, and Nursing Practice</i> , 2009, 10, 240-251.	1.8	29
27	Need-based resource allocation: different need indicators, different results?. <i>BMC Health Services Research</i> , 2009, 9, 122.	2.2	24
28	Planning for what? Challenging the assumptions of health human resources planning. <i>Health Policy</i> , 2009, 92, 225-233.	3.0	26
29	Health Human Resources Planning and the Production of Health. <i>Journal of Public Health Management and Practice</i> , 2009, 15, S56-S61.	1.4	78
30	Diabetes mellitus following gestational diabetes: role of subsequent pregnancy. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2008, 115, 253-260.	2.3	34
31	Chronic disease risk factors associated with health service use in the elderly. <i>BMC Health Services Research</i> , 2008, 8, 237.	2.2	16
32	Human Resources Planning and the Production of Health: A Needs-Based Analytical Framework. <i>Canadian Public Policy/ Analyse De Politiques</i> , 2007, 33, S1-S16.	1.6	81
33	Use of wet nebulized inhaled respiratory medications under criteria-based reimbursement guidelines in a publicly funded seniors' pharmacare program in Nova Scotia, Canada. <i>American Journal of Geriatric Pharmacotherapy</i> , 2007, 5, 120-128.	3.0	4
34	The Relationship between Work Hours and Utilization of General Practitioners in Four Canadian Provinces. <i>Health Services Research</i> , 2007, 42, 1483-1498.	2.0	11
35	Equity in health services use and intensity of use in Canada. <i>BMC Health Services Research</i> , 2007, 7, 41.	2.2	96
36	Effect of copayments on drug use in the presence of annual payment limits. <i>American Journal of Managed Care</i> , 2007, 13, 328-34.	1.1	7

#	ARTICLE	IF	CITATIONS
37	Impact of a Criteria-Based Reimbursement Policy on the Use of Respiratory Drugs Delivered by Nebulizer and Health Care Services Utilization in Nova Scotia, Canada. <i>Pharmacotherapy</i> , 2005, 25, 1248-1257.	2.6	9
38	Hypertension control: results from the Diabetes Care Program of Nova Scotia registry and impact of changing clinical practice guidelines. <i>Cardiovascular Diabetology</i> , 2005, 4, 11.	6.8	3
39	Comparison of anti-infective drug use in elderly persons in Manitoba, Nova Scotia, and Saskatchewan, Canada: Relationship to drug insurance reimbursement policies. <i>American Journal of Geriatric Pharmacotherapy</i> , 2004, 2, 24-35.	3.0	12
40	Trends in Utilization of Coronary Artery Bypass Surgery and Associated Outcomes: Alberta, Manitoba, and Nova Scotia. <i>American Journal of Medical Quality</i> , 2002, 17, 103-112.	0.5	3
41	Individual and Neighbourhood Determinants of Health Care Utilization. <i>Canadian Journal of Public Health</i> , 2002, 93, 303-307.	2.3	32
42	Variation in pharmacy prescription refill adherence measures by type of oral antihyperglycaemic drug therapy in seniors in Nova Scotia, Canada. <i>Journal of Clinical Pharmacy and Therapeutics</i> , 2002, 27, 213-220.	1.5	53
43	Estimation of Hospital Costs for Colorectal Cancer Care for Nova Scotia. <i>Canadian Journal of Gastroenterology & Hepatology</i> , 2001, 15, 43-47.	1.7	15
44	Linkage of the Canadian Study of Health and Aging to Provincial Administrative Health Care Databases in Nova Scotia. <i>International Psychogeriatrics</i> , 2001, 13, 147-158.	1.0	4
45	Proximate and Contextual Socioeconomic Determinants of Mortality: Multilevel Approaches in a Setting with Universal Health Care Coverage. <i>American Journal of Epidemiology</i> , 2001, 154, 725-732.	3.4	102
46	Management of high blood cholesterol levels in Nova Scotian adults: comparison with the NCEP II and European clinical practice guidelines. <i>American Journal of Managed Care</i> , 2000, 6, 1017-28.	1.1	3
47	Prescribing Patterns of Antlipemic Drugs and Prevalence of Hypercholesterolemia in the Nova Scotia Population More than 65 Years Old. <i>Annals of Pharmacotherapy</i> , 1995, 29, 576-581.	1.9	3
48	Coprescribing of nonsteroidal anti-inflammatory drugs and cytoprotective and antiulcer drugs in Nova Scotia's senior population. <i>Clinical Therapeutics</i> , 1995, 17, 1159-1173.	2.5	16
49	Race and the Retreat From Marriage: A Shortage of Marriageable Men?. <i>American Sociological Review</i> , 1992, 57, 781.	5.2	417
50	The Effects of Breastfeeding and Contraception on the Natural Rate of Increase: Are There Compensating Effects?. <i>Population Studies</i> , 1989, 43, 455-478.	2.1	14
51	Heterogeneity and the implied dynamics of regional growth rates: Was the nonmetropolitan turnaround an artifact of aggregation?. <i>Demography</i> , 1988, 25, 99-113.	2.5	7
52	Item selection, scaling and construct validation of the Patient-Reported Inventory of Self-Management of Chronic Conditions (PRISM-CC) measurement tool in adults. <i>Quality of Life Research</i> , 0, , .	3.1	1
