#	Article	IF	CITATIONS
1	Alcohol Use and Alcohol-Related Problems Before and After Military Combat Deployment. JAMA - Journal of the American Medical Association, 2008, 300, 663.	3.8	541
2	New onset and persistent symptoms of post-traumatic stress disorder self reported after deployment and combat exposures: prospective population based US military cohort study. BMJ: British Medical Journal, 2008, 336, 366-371.	2.4	511
3	Trajectories of trauma symptoms and resilience in deployed US military service members: Prospective cohort study. British Journal of Psychiatry, 2012, 200, 317-323.	1.7	338
4	Risk Factors Associated With Suicide in Current and Former US Military Personnel. JAMA - Journal of the American Medical Association, 2013, 310, 496.	3.8	325
5	Predeployment Sleep Duration and Insomnia Symptoms as Risk Factors for New-Onset Mental Health Disorders Following Military Deployment. Sleep, 2013, 36, 1009-1018.	0.6	265
6	Millennium Cohort: enrollment begins a 21-year contribution to understanding the impact of military service. Journal of Clinical Epidemiology, 2007, 60, 181-191.	2.4	234
7	Sleep Patterns Before, During, and After Deployment to Iraq and Afghanistan. Sleep, 2010, 33, 1615-1622.	0.6	231
8	A Prospective Study of Depression Following Combat Deployment in Support of the Wars in Iraq and Afghanistan. American Journal of Public Health, 2010, 100, 90-99.	1.5	197
9	Millennium Cohort: The 2001–2003 baseline prevalence of mental disorders in the U.S. military. Journal of Clinical Epidemiology, 2007, 60, 192-201.	2.4	196
10	When Epidemiology Meets the Internet: Web-based Surveys in the Millennium Cohort Study. American Journal of Epidemiology, 2007, 166, 1345-1354.	1.6	174
11	Self-reported Symptoms and Medical Conditions among 11,868 Gulf War-era Veterans : The Seabee Health Study. American Journal of Epidemiology, 2002, 155, 1033-1044.	1.6	158
12	Newly Reported Respiratory Symptoms and Conditions Among Military Personnel Deployed to Iraq and Afghanistan: A Prospective Population-based Study. American Journal of Epidemiology, 2009, 170, 1433-1442.	1.6	139
13	Risk of Diabetes in U.S. Military Service Members in Relation to Combat Deployment and Mental Health. Diabetes Care, 2010, 33, 1771-1777.	4.3	122
14	Baseline self reported functional health and vulnerability to post-traumatic stress disorder after combat deployment: prospective US military cohort study. BMJ: British Medical Journal, 2009, 338, b1273-b1273.	2.4	110
15	Reliability of Standard Health Assessment Instruments in a Large, Population-Based Cohort Study. Annals of Epidemiology, 2007, 17, 525-532.	0.9	107
16	Walking decreased risk of cardiovascular disease mortality in older adults with diabetes. Journal of Clinical Epidemiology, 2007, 60, 309-317.	2.4	105
17	The physical and mental health of a large military cohort: baseline functional health status of the Millennium Cohort. BMC Public Health, 2007, 7, 340.	1.2	99
18	Challenges of self-reported medical conditions and electronic medical records among members of a large military cohort. BMC Medical Research Methodology, 2008, 8, 37.	1.4	98

#	Article	IF	CITATIONS
19	Assessing nonresponse bias at follow-up in a large prospective cohort of relatively young and mobile military service members. BMC Medical Research Methodology, 2010, 10, 99.	1.4	92
20	Disordered Eating and Weight Changes After Deployment: Longitudinal Assessment of a Large US Military Cohort. American Journal of Epidemiology, 2008, 169, 415-427.	1.6	82
21	Prior Assault and Posttraumatic Stress Disorder After Combat Deployment. Epidemiology, 2008, 19, 505-512.	1.2	80
22	Sleep Characteristics, Mental Health, and Diabetes Risk. Diabetes Care, 2013, 36, 3154-3161.	4.3	78
23	Newly Reported Hypertension After Military Combat Deployment in a Large Population-Based Study. Hypertension, 2009, 54, 966-973.	1.3	77
24	Anthrax Vaccination in the Millennium CohortValidation and Measures of Health. American Journal of Preventive Medicine, 2007, 32, 347-353.	1.6	75
25	Mental health impact of the Iraq and Afghanistan conflicts: A review of US research, service provision, and programmatic responses. International Review of Psychiatry, 2011, 23, 144-152.	1.4	72
26	The US Department of Defense Millennium Cohort Study: Career Span and Beyond Longitudinal Follow-Up. Journal of Occupational and Environmental Medicine, 2009, 51, 1193-1201.	0.9	69
27	The occupational role of women in military service: Validation of occupation and prevalence of exposures in the Millennium Cohort Study. International Journal of Environmental Health Research, 2007, 17, 271-284.	1.3	68
28	Prospectively Assessed Posttraumatic Stress Disorder and Associated Physical Activity. Public Health Reports, 2011, 126, 371-383.	1.3	68
29	Combat Deployment Is Associated with Sexual Harassment or Sexual Assault in a Large, Female Military Cohort. Women's Health Issues, 2013, 23, e215-e223.	0.9	67
30	Impact of Combat Deployment and Posttraumatic Stress Disorder on Newly Reported Coronary Heart Disease Among US Active Duty and Reserve Forces. Circulation, 2014, 129, 1813-1820.	1.6	67
31	Prior health care utilization as a potential determinant of enrollment in a 21-year prospective study, the Millennium Cohort Study. European Journal of Epidemiology, 2008, 23, 79-87.	2.5	65
32	Smallpox Vaccination: Comparison of Self-Reported and Electronic Vaccine Records in the Millennium Cohort Study. Hum Vaccin, 2007, 3, 245-251.	2.4	61
33	PTSD Prevalence, Associated Exposures, and Functional Health Outcomes in a Large, Population-Based Military Cohort. Public Health Reports, 2009, 124, 90-102.	1.3	58
34	Are Gulf War Veterans Experiencing Illness due to Exposure to Smoke from Kuwaiti Oil Well Fires? Examination of Department of Defense Hospitalization Data. American Journal of Epidemiology, 2002, 155, 908-917.	1.6	55
35	Bodybuilding, Energy, and Weight-Loss Supplements Are Associated WithÂDeployment and Physical Activity in U.S. Military Personnel. Annals of Epidemiology, 2012, 22, 318-330.	0.9	54
36	Preinjury Psychiatric Status, Injury Severity, and Postdeployment Posttraumatic Stress Disorder <alt-title>Physical Injury and PTSD</alt-title> . Archives of General Psychiatry, 2011, 68, 496.	13.8	53

#	Article	IF	CITATIONS
37	Risk Factors for Lower Extremity Tendinopathies in Military Personnel. Orthopaedic Journal of Sports Medicine, 2013, 1, 232596711349270.	0.8	53
38	The Effects of Exposure to Documented Open-Air Burn Pits on Respiratory Health Among Deployers of the Millennium Cohort Study. Journal of Occupational and Environmental Medicine, 2012, 54, 708-716.	0.9	52
39	Gulf War Veterans' Health Registries. Who is Most Likely to Seek Evaluation?. American Journal of Epidemiology, 1998, 148, 343-349.	1.6	51
40	Gulf War Veterans and Iraqi Nerve Agents at Khamisiyah: Postwar Hospitalization Data Revisited. American Journal of Epidemiology, 2003, 158, 457-467.	1.6	51
41	Are Gulf War Veterans Suffering War-related Illnesses? Federal and Civilian Hospitalizations Examined, June 1991 to December 1994. American Journal of Epidemiology, 2000, 151, 63-71.	1.6	47
42	Demographic and occupational predictors of early response to a mailed invitation to enroll in a longitudinal health study. BMC Medical Research Methodology, 2007, 7, 6.	1.4	42
43	Prospective Evaluation of Mental Health and Deployment Experience Among Women in the US Military. American Journal of Epidemiology, 2012, 176, 135-145.	1.6	40
44	Health impact of US military service in a large population-based military cohort: findings of the Millennium Cohort Study, 2001-2008. BMC Public Health, 2011, 11, 69.	1.2	39
45	Smokeless tobacco use related to military deployment, cigarettes and mental health symptoms in a large, prospective cohort study among US service members. Addiction, 2012, 107, 983-994.	1.7	36
46	Self-Reported Health Symptoms and Conditions Among Complementary and Alternative Medicine Users in a Large Military Cohort. Annals of Epidemiology, 2009, 19, 613-622.	0.9	34
47	Monitoring anthrax vaccine safety in US military service members on active duty: surveillance of 1998 hospitalizations in temporal association with anthrax immunization. Vaccine, 2002, 20, 2369-2374.	1.7	31
48	The impact of prior deployment experience on civilian employment after military service. Occupational and Environmental Medicine, 2013, 70, 408-417.	1.3	30
49	In-Theater Hospitalizations of US and Allied Personnel during the 1991 Gulf War. American Journal of Epidemiology, 2004, 159, 1064-1076.	1.6	29
50	Antibodies to squalene in US Navy Persian Gulf War veterans with chronic multisymptom illness. Vaccine, 2009, 27, 3921-3926.	1.7	28
51	Health care utilization among complementary and alternative medicine users in a large military cohort. BMC Complementary and Alternative Medicine, 2011, 11, 27.	3.7	28
52	Ten Years and 100,000 Participants Later: Occupational and Other Factors Influencing Participation in US Gulf War Health Registries. Journal of Occupational and Environmental Medicine, 2002, 44, 758-768.	0.9	25
53	Headache Disorders in the Millennium Cohort: Epidemiology and Relations With Combat Deployment. Headache, 2011, 51, 1098-1111.	1.8	25
54	Prospective Assessment of Chronic Multisymptom Illness Reporting Possibly Associated with Open-Air Burn Pit Smoke Exposure in Iraq. Journal of Occupational and Environmental Medicine, 2012, 54, 682-688.	0.9	25

#	Article	IF	CITATIONS
55	Posttraumatic Stress Disorder and Depression Among U.S. Military Health Care Professionals Deployed in Support of Operations in Iraq and Afghanistan. Journal of Traumatic Stress, 2012, 25, 616-623.	1.0	25
56	ls Military Deployment a Risk Factor for Maternal Depression?. Journal of Women's Health, 2013, 22, 9-18.	1.5	24
57	Does acute maternal stress in pregnancy affect infant health outcomes? Examination of a large cohort of infants born after the terrorist attacks of September 11, 2001. BMC Public Health, 2009, 9, 252.	1.2	23
58	Chronic Multisymptom Illness: A Comparison of Iraq and Afghanistan Deployers With Veterans of the 1991 Gulf War. American Journal of Epidemiology, 2014, 180, 1176-1187.	1.6	23
59	Profile of two cohorts: UK and US prospective studies of military health. International Journal of Epidemiology, 2012, 41, 1272-1282.	0.9	21
60	Building an Evidence Base for the Co-Occurrence of Chronic Disease and Psychiatric Distress and Impairment. Preventing Chronic Disease, 2014, 11, E188.	1.7	21
61	Longitudinal Assessment of Mental Disorders, Smoking, and Hazardous Drinking Among a Population-Based Cohort of US Service Members. Journal of Addiction Medicine, 2014, 8, 271-281.	1.4	20
62	Self-Reported Reproductive Outcomes Among Male and Female 1991 Gulf War era US Military Veterans. Maternal and Child Health Journal, 2006, 10, 501-510.	0.7	18
63	Deployment, combat, and risk of multiple physical symptoms in the US military: aÂprospective cohort study. Annals of Epidemiology, 2016, 26, 122-128.	0.9	18
64	Newly Reported Lupus and Rheumatoid Arthritis in Relation to Deployment Within Proximity to a Documented Open-Air Burn Pit in Iraq. Journal of Occupational and Environmental Medicine, 2012, 54, 698-707.	0.9	17
65	Changes in Meeting Physical Activity Guidelines After Discharge From the Military. Journal of Physical Activity and Health, 2015, 12, 666-674.	1.0	16
66	The Postwar Hospitalization Experience of Gulf War Veterans Participating in U.S. Health Registries. Journal of Occupational and Environmental Medicine, 2004, 46, 386-397.	0.9	15
67	Exploratory factor analysis of self-reported symptoms in a large, population-based military cohort. BMC Medical Research Methodology, 2010, 10, 94.	1.4	14
68	Diabetes in US women on the rise independent of increasing BMI and other risk factors; a trend investigation of serial cross-sections. BMC Public Health, 2014, 14, 954.	1.2	14
69	US military service members vaccinated against smallpox in 2003 and 2004 experience a slightly higher risk of hospitalization postvaccination. Vaccine, 2008, 26, 4048-4056.	1.7	13
70	Postcards Encourage Participant Updates. Epidemiology, 2009, 20, 313-314.	1.2	13
71	Assessing the potential health impact of the 1991 Gulf War on Saudi Arabian National Guard Soldiers. International Journal of Epidemiology, 2005, 34, 801-808.	0.9	12
72	Postdeployment Hospitalizations Among Service Members Deployed in Support of the Operations in Iraq and Afghanistan. Annals of Epidemiology, 2009, 19, 603-612.	0.9	12

#	Article	IF	CITATIONS
73	Early mortality experience in a large military cohort and a comparison of mortality data sources. Population Health Metrics, 2010, 8, 15.	1.3	12
74	Health outcomes among infants born to women deployed to United States military operations during pregnancy. Birth Defects Research Part A: Clinical and Molecular Teratology, 2011, 91, 117-124.	1.6	12
75	Self-Reported Mental Health Among US Military Personnel Prior and Subsequent to the Terrorist Attacks of September 11, 2001. Journal of Occupational and Environmental Medicine, 2004, 46, 775-782.	0.9	11
76	A Comparison of the Postdeployment Hospitalization Experience of U.S. Military Personnel Following Service in the 1991 Gulf War, Southwest Asia After the Gulf War, and Bosnia. Journal of Occupational and Environmental Hygiene, 2006, 3, 660-670.	0.4	11
77	Self-reported adverse health events following smallpox vaccination in a large prospective study of US military service members. Hum Vaccin, 2008, 4, 127-133.	2.4	11
78	Application of latent semantic analysis for open-ended responses in a large, epidemiologic study. BMC Medical Research Methodology, 2011, 11, 136.	1.4	11
79	Individual Augmentee Deployment and Newly Reported Mental Health Morbidity. Journal of Occupational and Environmental Medicine, 2012, 54, 615-620.	0.9	11
80	Linking Exposures and Health Outcomes to a Large Population-Based Longitudinal Study: The Millennium Cohort Study. Military Medicine, 2011, 176, 56-63.	0.4	8
81	The long-term hospitalization experience following military service in the 1991 Gulf War among veterans remaining on active duty, 1994–2004. BMC Public Health, 2008, 8, 60.	1.2	7
82	Longitudinal Assessment of Self-Reported Recent Back Pain and Combat Deployment in the Millennium Cohort Study. Spine, 2016, 41, 1754-1763.	1.0	7
83	Re: "Psychiatric Diagnoses in Historic and Contemporary Military Cohorts: Combat Deployment and the Healthy Warrior Effect". American Journal of Epidemiology, 2008, 168, 1094-1095.	1.6	6
84	A Prospective Study of Lupus and Rheumatoid Arthritis in Relation to Deployment in Support of Iraq and Afghanistan: The Millennium Cohort Study. Autoimmune Diseases, 2011, 2011, 1-13.	2.7	6
85	A comparison of mental health outcomes in persons entering U.S. military service before and after September 11, 2001. Journal of Traumatic Stress, 2012, 25, 17-24.	1.0	6
86	The Association of Predeployment and Deployment-Related Factors on Dimensions of Postdeployment Wellness in U.S. Military Service Members. American Journal of Health Promotion, 2013, 28, e56-e66.	0.9	6
87	Saudi Arabia–United States collaboration in health research: A formula for success. American Journal of Infection Control, 2005, 33, 192-196.	1.1	5
88	Serving Those Who Serve Their Country: Preparing Military Veterans for Nursing Degrees. Journal of Nursing Education, 2019, 58, 444-453.	0.4	5
89	U.S. Naval and Marine Corps Occupations, Posttraumatic Stress Disorder, Depression Risk, and Absenteeism. Journal of Workplace Behavioral Health, 2014, 29, 91-112.	0.8	4
90	Author reply: independent of other exercise, walking decreased risk of cardiovascular disease mortality in older adults with diabetes. Journal of Clinical Epidemiology, 2007, 60, 1090-1091.	2.4	0
