| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 1  | Novel multi-virus rapid respiratory microbiological point-of-care testing in primary care: a mixed-methods feasibility evaluation. <i>Family Practice</i> , 2021, 38, 598-605.  | 1.9 | 5         |
| 2  | Understanding the role of peace of mind in childhood vaccination: A qualitative study with members of the general public. <i>Vaccine</i> , 2020, 38, 2424-2432.   | 3.8 | 6         |
| 3  | The views of the general public on prioritising vaccination programmes against childhood diseases: A qualitative study. <i>PLoS ONE</i> , 2018, 13, e0197374.   | 2.5 | 5         |
| 4  | Research participation registers can increase opportunities for patients and the public to participate in health services research. <i>Journal of Health Services Research and Policy</i> , 2016, 21, 183-187.  | 1.7 | 5         |
| 5  | Electronic palliative care coordinating systems (EPaCCS) may not facilitate home deaths: A mixed methods evaluation of end of life care in two English counties. <i>Journal of Research in Nursing</i> , 2016, 21, 96-107.                                      | 0.9 | 20        |
| 6  | Impact of the Marie Curie Cancer Care Delivering Choice Programme in Somerset and North Somerset on place of death and hospital usage: a retrospective cohort study. <i>BMJ Supportive and Palliative Care</i> , 2015, 5, 34-39.                                | 1.6 | 36        |
| 7  | Management of suspected infectious diarrhoea by English GPs: are they right?. <i>British Journal of General Practice</i> , 2014, 64, e24-e30.   | 1.4 | 8         |
| 8  | What works in "real life" to facilitate home deaths and fewer hospital admissions for those at end of life?: results from a realist evaluation of new palliative care services in two English counties. <i>BMC Palliative Care</i> , 2014, 13, 37.              | 1.8 | 41        |
| 9  | "Earthly Angels" A qualitative study of the domiciliary care worker role in meeting the needs of families caring for those dying at home. <i>Palliative and Supportive Care</i> , 2014, 12, 445-453.  | 1.0 | 11        |
| 10 | PRImary care Streptococcal Management (PRISM) study: in vitro study, diagnostic cohorts and a pragmatic adaptive randomised controlled trial with nested qualitative study and cost-effectiveness study. <i>Health Technology Assessment</i> , 2014, 18, 1-102. | 2.8 | 46        |
| 11 | Stool submission by general practitioners in SW England - when, why and how? A qualitative study. <i>BMC Family Practice</i> , 2012, 13, 77.  | 2.9 | 11        |
| 12 | Letter: surveillance of <i>Helicobacter pylori</i> antibiotic resistance " authors' reply. <i>Alimentary Pharmacology and Therapeutics</i> , 2012, 36, 1103-1103.   | 3.7 | 0         |
| 13 | Is <i>Helicobacter pylori</i> antibiotic resistance surveillance needed and how can it be delivered?. <i>Alimentary Pharmacology and Therapeutics</i> , 2012, 35, 1221-1230.  | 3.7 | 66        |
| 14 | Commentary: is <i>Helicobacter pylori</i> antibiotic resistance surveillance needed and how can it be delivered? Authors' reply. <i>Alimentary Pharmacology and Therapeutics</i> , 2012, 36, 198-199.   | 3.7 | 0         |
| 15 | Developing best practice for fungal specimen submission " fungal audit of general practice. <i>Mycoses</i> , 2012, 55, 476-482.   | 4.0 | 2         |
| 16 | Is the Mental Capacity Act reducing generalizable research in care homes?. <i>Public Health</i> , 2011, 125, 604-608.   | 2.9 | 4         |
| 17 | Effect of swab type on the analytical sensitivity of five point-of-care tests for group A streptococci. <i>British Journal of Biomedical Science</i> , 2011, 68, 91-94.   | 1.3 | 1         |
| 18 | Developing best practice for fungal specimen management: audit of UK microbiology laboratories. <i>British Journal of Biomedical Science</i> , 2011, 68, 197-202.   | 1.3 | 5         |

| #  | ARTICLE  | IF   | CITATIONS |
|----|--|------|-----------|
| 19 | Does laboratory antibiotic susceptibility reporting influence primary care prescribing in urinary tract infection and other infections?. <i>Journal of Antimicrobial Chemotherapy</i> , 2011, 66, 1396-1404. | 3.0  | 61        |
| 20 | Is <i>Helicobacter pylori</i> antibiotic resistance surveillance needed and how can it be delivered? a feasibility study in three centres. <i>Gut</i> , 2011, 60, A104-A104.                                 | 12.1 | 3         |
| 21 | <i>Staphylococcus aureus</i> carriage in care homes: identification of risk factors, including the role of dementia. <i>Epidemiology and Infection</i> , 2010, 138, 686-696.                                 | 2.1  | 29        |
| 22 | In vitro evaluation of five rapid antigen detection tests for group A beta-haemolytic streptococcal sore throat infections. <i>Family Practice</i> , 2009, 26, 437-444.                                      | 1.9  | 29        |
