#	ARTICLE	IF	CITATIONS
1	Maternal and paternal unsupportive parenting and children's externalizing symptoms: The mediational role of children's attention biases to negative emotion. <i>Development and Psychopathology</i> , 2022, 34, 1412-1428.	2.3	6
2	Delineating the developmental sequelae of children's risky involvement in interparental conflict. <i>Development and Psychopathology</i> , 2022, 34, 922-935.	2.3	5
3	Maternal Power Assertive Discipline and Children's Adjustment in High-Risk Families: A Social Domain Theory Approach. <i>Journal of Child and Family Studies</i> , 2022, 31, 2319-2330.	1.3	3
4	Sensory processing sensitivity behavior moderates the association between environmental harshness, unpredictability, and child socioemotional functioning. <i>Development and Psychopathology</i> , 2022, 34, 675-688.	2.3	6
5	Dynamic interdependence in parenting behavior: The role of family and child risks.. <i>Journal of Family Psychology</i> , 2022, 36, 874-884.	1.3	4
6	Interparental conflict as a quadratic predictor of children's reactivity to interparental conflict and school adjustment: Stealing effects or risk saturation?. <i>Child Development</i> , 2022, 93, 594-611.	3.0	8
7	The cognitive costs and advantages of children's exposure to parental relationship instability: Testing an evolutionary-developmental hypothesis.. <i>Developmental Psychology</i> , 2022, 58, 1485-1499.	1.6	4
8	Domain specificity of differential susceptibility: Testing an evolutionary theory of temperament in early childhood. <i>Development and Psychopathology</i> , 2022, , 1-14.	2.3	1
9	The interplay between father's adolescent phenotypic resemblance and interparental conflict in predicting harsh discipline.. <i>Journal of Family Psychology</i> , 2022, 36, 1132-1141.	1.3	0
10	The Role of Emotion Processing in the Association between Parental Discipline and Adolescent Socioemotional Development. <i>Journal of Research on Adolescence</i> , 2021, 31, 85-100.	3.7	0
11	Maternal Executive Functions, Maternal Discipline, and Children's School Readiness: A Process Oriented Approach. <i>Journal of Child and Family Studies</i> , 2021, 30, 1393.	1.3	4
12	Parsing alcohol-dependent mothers' insensitivity to child distress: Longitudinal links with children's affective and anxiety problems.. <i>Developmental Psychology</i> , 2021, 57, 900-912.	1.6	5
13	Children's dove temperament as a differential susceptibility factor in child rearing contexts.. <i>Developmental Psychology</i> , 2021, 57, 1274-1290.	1.6	8
14	Beyond destructive and constructive interparental conflict: Children's psychological vulnerability to interparental disorganization.. <i>Developmental Psychology</i> , 2021, 57, 2192-2205.	1.6	2
15	Family context in association with the development of child sensory processing sensitivity.. <i>Developmental Psychology</i> , 2021, 57, 2165-2178.	1.6	6
16	Contextual risks, child problem-solving profiles, and socioemotional functioning: Testing the specialization hypothesis. <i>Development and Psychopathology</i> , 2021, , 1-13.	2.3	2
17	Temperamental Emotionality Attributes as Antecedents of Children's Social Information Processing. <i>Child Development</i> , 2020, 91, 508-526.	3.0	7
18	Understanding the nature of associations between family instability, unsupportive parenting, and children's externalizing symptoms. <i>Development and Psychopathology</i> , 2020, 32, 257-269.	2.3	15

#	ARTICLE	IF	CITATIONS
19	Mothers' and fathers' self-regulation capacity, dysfunctional attributions and hostile parenting during early adolescence: A process-oriented approach. <i>Development and Psychopathology</i> , 2020, 32, 229-241.	2.3	13
20	Early experiences of insensitive caregiving and children's self-regulation: Vagal tone as a differential susceptibility factor. <i>Development and Psychopathology</i> , 2020, 32, 1460-1472.	2.3	12
21	Maternal alcohol dependence and harsh caregiving across parenting contexts: The moderating role of child negative emotionality. <i>Development and Psychopathology</i> , 2020, 32, 1509-1523.	2.3	3
22	Understanding how and why effortful control moderates children's vulnerability to interparental conflict.. <i>Developmental Psychology</i> , 2020, 56, 937-950.	1.6	8
23	Children's attentional biases to emotions as sources of variability in their vulnerability to interparental conflict.. <i>Developmental Psychology</i> , 2020, 56, 1343-1359.	1.6	7
24	Coparental discord and children's behavior problems: Children's negative family representations as an explanatory mechanism.. <i>Journal of Family Psychology</i> , 2020, 34, 523-533.	1.3	10
25	Detouring in the family system as an antecedent of children's adjustment problems.. <i>Journal of Family Psychology</i> , 2020, 34, 814-824.	1.3	7
26	Parent-adolescent physiological synchrony: Moderating effects of adolescent emotional insecurity. <i>Psychophysiology</i> , 2020, 57, e13596.	2.4	13
27	Integrating a multilevel approach to examine family conflict and parent-adolescent physiological synchrony. <i>Journal of Family Psychology</i> , 2020, 34, 773-783.	1.3	1
28	Integrating a multilevel approach to examine family conflict and parent-adolescent physiological synchrony.. <i>Journal of Family Psychology</i> , 2020, 34, 773-783.	1.3	6
29	Parsing profiles of temperamental reactivity and differential routes to delay of gratification: A person-based approach. <i>Development and Psychopathology</i> , 2019, 31, 341-360.	2.3	5
30	Child response processes as mediators of the association between caregiver intimate relationship instability and children's externalizing symptoms.. <i>Developmental Psychology</i> , 2019, 55, 1244-1258.	1.6	6
31	Interactive effects of family instability and adolescent stress reactivity on socioemotional functioning.. <i>Developmental Psychology</i> , 2019, 55, 2193-2202.	1.6	16
32	Attachment behavior and hostility as explanatory factors linking parent-adolescent conflict and adolescent adjustment.. <i>Journal of Family Psychology</i> , 2019, 33, 586-596.	1.3	14
33	Re-examining the "cycle of abuse": Parenting determinants among previously maltreated, low-income mothers.. <i>Journal of Family Psychology</i> , 2019, 33, 742-752.	1.3	19
34	The interplay between parenting and temperament in associations with children's executive function.. <i>Journal of Family Psychology</i> , 2019, 33, 841-850.	1.3	20
35	The Interplay Among Children's Negative Family Representations, Visual Processing of Negative Emotions, and Externalizing Symptoms. <i>Child Development</i> , 2018, 89, 663-680.	3.0	12
36	Family Instability and Young Children's School Adjustment: Callousness and Negative Internal Representations as Mediators. <i>Child Development</i> , 2018, 89, 1193-1208.	3.0	15

#	ARTICLE	IF	CITATIONS
37	Interparental hostility and children's externalizing symptoms: Attention to anger as a mediator.. <i>Developmental Psychology</i> , 2018, 54, 1290-1303.	1.6	7
38	Family cohesion and enmeshment moderate associations between maternal relationship instability and children's externalizing problems.. <i>Journal of Family Psychology</i> , 2018, 32, 289-298.	1.3	17
39	Transactions within the family: Coparenting mediates associations between parents' relationship satisfaction and the parent-child relationship.. <i>Journal of Family Psychology</i> , 2018, 32, 553-564.	1.3	50
40	The Multivariate Roles of Family Instability and Interparental Conflict in Predicting Children's Representations of Insecurity in the Family System and Early School Adjustment Problems. <i>Journal of Abnormal Child Psychology</i> , 2017, 45, 211-224.	3.5	32
41	A process model of the implications of spillover from coparenting conflicts into the parent-child attachment relationship in adolescence. <i>Development and Psychopathology</i> , 2017, 29, 417-431.	2.3	50
42	A life history approach to delineating how harsh environments and hawk temperament traits differentially shape children's problem-solving skills. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2017, 58, 902-909.	5.2	41
43	Breaking cycles of risk: The mitigating role of maternal working memory in associations among socioeconomic status, early caregiving, and children's working memory. <i>Development and Psychopathology</i> , 2017, 29, 1133-1147.	2.3	11
44	Family instability and children's effortful control in the context of poverty: Sometimes a bird in the hand is worth two in the bush. <i>Development and Psychopathology</i> , 2017, 29, 685-696.	2.3	51
45	Enhanced multiclass SVM with thresholding fusion for speech-based emotion classification. <i>International Journal of Speech Technology</i> , 2017, 20, 27-41.	2.2	23
46	Following My Head and My Heart: Integrating Preschoolers' Empathy, Theory of Mind, and Moral Judgments. <i>Child Development</i> , 2017, 88, 597-611.	3.0	57
47	Mothers' implicit appraisals of their adolescents as unlovable: Explanatory factor linking family conflict and harsh parenting.. <i>Developmental Psychology</i> , 2017, 53, 1344-1355.	1.6	7
48	Moral development in context: Associations of neighborhood and maternal discipline with preschoolers' moral judgments.. <i>Developmental Psychology</i> , 2017, 53, 1881-1894.	1.6	17
49	When stress gets into your head: Socioeconomic risk, executive functions, and maternal sensitivity across childrearing contexts.. <i>Journal of Family Psychology</i> , 2017, 31, 160-169.	1.3	28
50	Introduction to the special section: Mind and matter: New insights on the role of parental cognitive and neurobiological functioning in process models of parenting.. <i>Journal of Family Psychology</i> , 2017, 31, 5-7.	1.3	11
51	Identifying the temperamental roots of children's patterns of security in the interparental relationship. <i>Development and Psychopathology</i> , 2016, 28, 355-370.	2.3	9
52	Vagal Tone and Children's Delay of Gratification. <i>Psychological Science</i> , 2016, 27, 885-893.	3.3	70
53	Emotion classification: How does an automated system compare to Naive human coders?., 2016, , .		7
54	Reciprocal influences among family processes and toddlers' sleep problems.. <i>Journal of Family Psychology</i> , 2016, 30, 720-731.	1.3	31

#	ARTICLE	IF	CITATIONS
55	The multiple faces of interparental conflict: Implications for cascades of children's insecurity and externalizing problems.. <i>Journal of Abnormal Psychology</i> , 2016, 125, 664-678.	1.9	65
56	The distinctive sequelae of children's coping with interparental conflict: Testing the reformulated emotional security theory.. <i>Developmental Psychology</i> , 2016, 52, 1646-1665.	1.6	42
57	Mechanisms of change: Testing how preventative interventions impact psychological and physiological stress functioning in mothers in neglectful families. <i>Development and Psychopathology</i> , 2015, 27, 1661-1674.	2.3	31
58	A dual-process approach to the role of mother's implicit and explicit attitudes toward their child in parenting models.. <i>Developmental Psychology</i> , 2015, 51, 289-300.	1.6	17
59	The developmental costs and benefits of children's involvement in interparental conflict.. <i>Developmental Psychology</i> , 2015, 51, 1026-1047.	1.6	38
60	Tracing Differential Pathways of Risk: Associations Among Family Adversity, Cortisol, and Cognitive Functioning in Childhood. <i>Child Development</i> , 2015, 86, 1142-1158.	3.0	59
61	Delving Beyond Conscious Attitudes: Validation of an Innovative Tool for Assessing Parental Implicit Attitudes Toward Physical Punishment. <i>Infant and Child Development</i> , 2015, 24, 240-255.	1.5	9
62	Maternal child-centered attributions and harsh discipline: The moderating role of maternal working memory across socioeconomic contexts.. <i>Journal of Family Psychology</i> , 2014, 28, 645-654.	1.3	54
63	The Legacy of Early Insecurity Histories in Shaping Adolescent Adaptation to Interparental Conflict. <i>Child Development</i> , 2014, 85, 338-354.	3.0	32
64	A typology of interpartner conflict and maternal parenting practices in high-risk families: Examining spillover and compensatory models and implications for child adjustment. <i>Development and Psychopathology</i> , 2014, 26, 983-998.	2.3	38
65	Family Context in the Development of Psychopathology. , 2014, , 143-161.		17
66	Patterns of children's adrenocortical reactivity to interparental conflict and associations with child adjustment: A growth mixture modeling approach.. <i>Developmental Psychology</i> , 2013, 49, 317-326.	1.6	61
67	The genetic precursors and the advantageous and disadvantageous sequelae of inhibited temperament: An evolutionary perspective.. <i>Developmental Psychology</i> , 2013, 49, 2285-2300.	1.6	14
68	Differential susceptibility in spillover between interparental conflict and maternal parenting practices: Evidence for OXTR and 5-HTT genes.. <i>Journal of Family Psychology</i> , 2012, 26, 431-442.	1.3	62
69	Impact of Parental Conflict and Emotional Abuse on Children and Families. <i>Partner Abuse</i> , 2012, 3, 379-400.	0.4	28
70	Interparental violence, maternal emotional unavailability and children's cortisol functioning in family contexts.. <i>Developmental Psychology</i> , 2012, 48, 237-249.	1.6	100
71	Reciprocal associations between young children's developing moral judgments and theory of mind.. <i>Developmental Psychology</i> , 2012, 48, 1144-1155.	1.6	76
72	An examination of the impact of harsh parenting contexts on children's adaptation within an evolutionary framework.. <i>Developmental Psychology</i> , 2012, 48, 791-805.	1.6	49

#	ARTICLE	IF	CITATIONS
73	Pathways and processes of risk in associations among maternal antisocial personality symptoms, interparental aggression, and preschooler's psychopathology. <i>Development and Psychopathology</i> , 2012, 24, 807-832.	2.3	32
74	The impact of allostatic load on maternal sympathovagal functioning in stressful child contexts: Implications for problematic parenting. <i>Development and Psychopathology</i> , 2011, 23, 831-844.	2.3	49
75	Interparental aggression and children's adrenocortical reactivity: Testing an evolutionary model of allostatic load. <i>Development and Psychopathology</i> , 2011, 23, 801-814.	2.3	54
76	Normalizing the development of cortisol regulation in maltreated infants through preventive interventions. <i>Development and Psychopathology</i> , 2011, 23, 789-800.	2.3	147
77	Mothers' Parenting Practices as Explanatory Mechanisms in Associations Between Interparental Violence and Child Adjustment. <i>Partner Abuse</i> , 2010, 1, 45-60.	0.4	25
78	Typologies of Family Functioning and Children's Adjustment During the Early School Years. <i>Child Development</i> , 2010, 81, 1320-1335.	3.0	86
79	Interaction of Child Maltreatment and 5-HTT Polymorphisms: Suicidal Ideation among Children from low-SES Backgrounds. <i>Journal of Pediatric Psychology</i> , 2010, 35, 536-546.	2.1	68
80	Maternal Depression, Children's Attachment Security, and Representational Development: An Organizational Perspective. <i>Child Development</i> , 2009, 80, 192-208.	3.0	99
81	Children's patterns of emotional reactivity to conflict as explanatory mechanisms in links between interpartner aggression and child physiological functioning. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2009, 50, 1384-1391.	5.2	59
82	The role of mothers' and fathers' adrenocortical reactivity in spillover between interparental conflict and parenting practices.. <i>Journal of Family Psychology</i> , 2009, 23, 215-225.	1.3	48
83	A process analysis of the transmission of distress from interparental conflict to parenting: Adult relationship security as an explanatory mechanism.. <i>Developmental Psychology</i> , 2009, 45, 1761-1773.	1.6	113
84	Children's representations of family relationships, peer information processing, and school adjustment.. <i>Developmental Psychology</i> , 2009, 45, 1740-1751.	1.6	58
85	Adrenocortical Underpinnings of Children's Psychological Reactivity to Interparental Conflict. <i>Child Development</i> , 2008, 79, 1693-1706.	3.0	79
86	Interparental conflict and children's school adjustment: The explanatory role of children's internal representations of interparental and parent-child relationships.. <i>Developmental Psychology</i> , 2008, 44, 1678-1690.	1.6	87
87	Interactions of child maltreatment and serotonin transporter and monoamine oxidase A polymorphisms: Depressive symptomatology among adolescents from low socioeconomic status backgrounds. <i>Development and Psychopathology</i> , 2007, 19, 1161-1180.	2.3	179
88	The role of child adrenocortical functioning in pathways between interparental conflict and child maladjustment.. <i>Developmental Psychology</i> , 2007, 43, 918-930.	1.6	156
89	ADVANCES IN THE FORMULATION OF EMOTIONAL SECURITY THEORY: AN ETHOLOGICALLY BASED PERSPECTIVE. <i>Advances in Child Development and Behavior</i> , 2007, 35, 87-137.	1.3	77
90	Hostility and withdrawal in marital conflict: Effects on parental emotional unavailability and inconsistent discipline.. <i>Journal of Family Psychology</i> , 2006, 20, 227-238.	1.3	96

#	ARTICLE	IF	CITATIONS
91	Child Adaptational Development in Contexts of Interparental Conflict Over Time. <i>Child Development</i> , 2006, 77, 218-233.	3.0	107
92	Impact of Hostility and Withdrawal in Interparental Conflict on Parental Emotional Unavailability and Children's Adjustment Difficulties. <i>Child Development</i> , 2006, 77, 1623-1641.	3.0	213
93	Interparental Discord and Parenting: Testing the Moderating Roles of Child and Parent Gender. <i>Parenting</i> , 2004, 4, 361-380.	1.4	40
94	Interdependencies among interparental discord and parenting practices: the role of adult vulnerability and relationship perturbations. <i>Development and Psychopathology</i> , 2004, 16, 773-97.	2.3	19
95	Mothers' Responsive Parenting Practices and Psychological Experience of Parenting as Mediators of the Relation Between Marital Conflict and Mother - Preadolescent Relational Negativity. <i>Parenting</i> , 2003, 3, 327-355.	1.4	23
96	Parenting Stress as a Mediator of the Relation Between Parenting Support and Optimal Parenting. <i>Parenting</i> , 2002, 2, 409-435.	1.4	66
97	Family instability, parenting, and child externalizing problems: Moderation by maternal sympathetic stress reactivity. <i>Development and Psychopathology</i> , 0, , 1-13.	2.3	1
