#	Article	IF	CITATIONS
1	Prenatal paracetamol exposure and child neurodevelopment: a sibling-controlled cohort study. International Journal of Epidemiology, 2013, 42, 1702-1713.	1.9	227
2	Prenatal Exposure to Acetaminophen and Risk of ADHD. Pediatrics, 2017, 140, .	2.1	138
3	Suboptimal Maternal Iodine Intake Is Associated with Impaired Child Neurodevelopment at 3 Years of Age in the Norwegian Mother and Child Cohort Study. Journal of Nutrition, 2017, 147, 1314-1324.	2.9	136
4	Behavioural effects of fetal antidepressant exposure in a Norwegian cohort of discordant siblings. International Journal of Epidemiology, 2015, 44, 1397-1407.	1.9	65
5	Mechanisms linking parental educational attainment with child ADHD, depression, and academic problems: a study of extended families in The Norwegian Mother, Father and Child Cohort Study. Journal of Child Psychology and Psychiatry and Allied Disciplines, 2020, 61, 1009-1018.	5.2	63
6	Communication Impairments in Early Term and Late Preterm Children: A Prospective Cohort Study following Children to Age 36ÂMonths. Journal of Pediatrics, 2014, 165, 1123-1128.	1.8	44
7	Neurodevelopmental problems at 18 months among children exposed to paracetamol <i>in utero</i> : a propensity score matched cohort study. International Journal of Epidemiology, 2016, 45, dyw192.	1.9	37
8	Language delay and poorer school performance in children of mothers with inadequate iodine intake in pregnancy: results from follow-up at 8Âyears in the Norwegian Mother and Child Cohort Study. European Journal of Nutrition, 2019, 58, 3047-3058.	3.9	30
9	Prenatal mercury exposure, maternal seafood consumption and associations with child language at five years. Environment International, 2018, 110, 71-79.	10.0	28
10	Association of prenatal exposure to benzodiazepines and child internalizing problems: A sibling-controlled cohort study. PLoS ONE, 2017, 12, e0181042.	2.5	28
11	Motor and Social Development in 6-Month-Old Children with Congenital Heart Defects. Journal of Pediatrics, 2010, 156, 265-269.e1.	1.8	23
12	Language competence and communication skills in 3-year-old children after prenatal exposure to analgesic opioids. Pharmacoepidemiology and Drug Safety, 2017, 26, 625-634.	1.9	23
13	Symptoms of communication and social impairment in toddlers with congenital heart defects. Child: Care, Health and Development, 2011, 37, 37-43.	1.7	16
14	Gender gaps in preschool age: A study of behavior, neurodevelopment and pre-academic skills. Scandinavian Journal of Public Health, 2021, 49, 503-510.	2.3	16
15	Cohort Profile: COVIDMENT: COVID-19 cohorts on mental health across six nations. International Journal of Epidemiology, 2022, 51, e108-e122.	1.9	16
16	Maternal caffeine intake during pregnancy and child neurodevelopment up to eight years of age—Results from the Norwegian Mother, Father and Child Cohort Study. European Journal of Nutrition, 2021, 60, 791-805.	3.9	15
17	Predicting selection into ECEC of higher quality in a universal context: The role of parental education and income. Early Childhood Research Quarterly, 2021, 55, 336-348.	2.7	14
18	Peer-Victimization of Young Children With Developmental and Behavioral Difficulties—A Population-Based Study. Journal of Pediatric Psychology, 2019, 44, 589-600.	2.1	13

#	Article	IF	CITATIONS
19	Longitudinal Analysis of Emotional Problems in Children with Congenital Heart Defects: A Follow-Up from Age 6 to 36 Months. Journal of Developmental and Behavioral Pediatrics, 2011, 32, 461-464.	1.1	11
20	Effect of prenatal selective serotonin reuptake inhibitor (SSRI) exposure on birthweight and gestational age: a sibling-controlled cohort study. International Journal of Epidemiology, 2016, 45, dyw049.	1.9	11
21	Estimating the Strength of Associations Between Prenatal Diet Quality and Child Developmental Outcomes: Results From a Large Prospective Pregnancy Cohort Study. American Journal of Epidemiology, 2019, 188, 1902-1912.	3.4	10
22	Occurrence and Predictors of Developmental Impairments in 3-Year-Old Children with Congenital Heart Defects. Journal of Developmental and Behavioral Pediatrics, 2011, 32, 526-532.	1.1	9
23	Factors associated with pharmacy students' attitudes towards learning communication skills – A study among Nordic pharmacy students. Research in Social and Administrative Pharmacy, 2018, 14, 279-289.	3.0	8
24	Associations Between Language Difficulties, Peer Victimization, and Bully Perpetration From 3 Through 8 Years of Age: Results From a Population-Based Study. Journal of Speech, Language, and Hearing Research, 2021, 64, 2698-2714.	1.6	8
25	In utero exposure to analgesic opioids and language development in 5â€year old children. Pharmacoepidemiology and Drug Safety, 2020, 29, 736-744.	1.9	6
26	Association between work situation and life satisfaction during the COVID-19 pandemic: prospective cohort study in Norway. BMJ Open, 2022, 12, e049586.	1.9	6
27	Authors' Response: More research on paracetamol is required. International Journal of Epidemiology, 2014, 43, 975-976.	1.9	5
28	Longitudinal findings from a Norwegian case–cohort study on internalizing problems in children with congenital heart defects. Acta Paediatrica, International Journal of Paediatrics, 2011, 100, 236-241.	1.5	4
29	A Common Family Factor Underlying Language Difficulties and Internalizing Problems: Findings From a Population-Based Sibling Study. Journal of Learning Disabilities, 2020, 53, 399-409.	2.2	4
30	Associations between poor gross and fine motor skills in preâ€school and peer victimization concurrently and longitudinally with followâ€up in school age – results from a populationâ€based study. British Journal of Educational Psychology, 2021, , e12464.	2.9	4
31	Annotations and Reflections. Basic and Clinical Pharmacology and Toxicology, 2015, 116, 6-8.	2.5	3
32	Maternal Thyroid Hormone Replacement Therapy Exposure and Language and Communication Skills of Offspring at 8 Years of Age. JAMA Network Open, 2019, 2, e1912424.	5.9	2
33	Children's temperament moderates the long-term effects of pedagogical practices in ECEC on children's externalising problems. European Early Childhood Education Research Journal, 2021, 29, 206-223.	1.9	2
34	Maternal Anxiety and Infants Birthweight and Length of Gestation. A sibling design. BMC Psychiatry, 2021, 21, 609.	2.6	2
35	Socioeconomic disparities in early language development in two Norwegian samples. Applied Developmental Science, 2023, 27, 172-188.	1.7	2
36	The effect of special educational assistance in early childhood education and care on psycho-social difficulties in elementary school children. Child and Adolescent Psychiatry and Mental Health, 2022, 16, 14.	2.5	0
