#	ARTICLE	IF	CITATIONS
1	The long-term unmet needs of informal carers of stroke survivors at home: a systematic review of qualitative and quantitative studies. <i>Disability and Rehabilitation</i> , 2022, 44, 1-12.	1.8	26
2	International comparison of guidelines for management of impetigo: a systematic review. <i>Family Practice</i> , 2022, 39, 150-158.	1.9	2
3	From the Cochrane Library: Interventions for infantile seborrheic dermatitis (including cradle cap). <i>Journal of the American Academy of Dermatology</i> , 2022, 86, e87-e88.	1.2	1
4	Welcomeness for people with substance use disorders to general practice: a qualitative study. <i>Family Practice</i> , 2022, 39, 257-263.	1.9	2
5	Specialists and generalists in skin disease management: educational, clinical and research imperatives. <i>British Journal of Dermatology</i> , 2022, 186, 1-2.	1.5	2
6	Evidence-based strategies for better antibiotic prescribing. <i>Australian Journal of General Practice</i> , 2022, 51, 21-24.	0.8	1
7	Socioeconomic disadvantage and the practice location of recently Felloved Australian GPs: a cross-sectional analysis. <i>Australian Journal of Primary Health</i> , 2022, 28, 104-109.	0.9	1
8	Transitions in general practice training: quantifying epidemiological variation in trainees'™ experiences and clinical behaviours. <i>BMC Medical Education</i> , 2022, 22, 124.	2.4	5
9	Influence of rurality on general practitioner registrars' participation in their practice's after-hours roster: A cross-sectional study. <i>Australian Journal of Rural Health</i> , 2022, 30, 343-351.	1.5	3
10	Access to and Use of Internet and Social Media by Low-Morbidity Stroke Survivors Participating in a National Web-Based Secondary Stroke Prevention Trial: Cross-sectional Survey. <i>Journal of Medical Internet Research</i> , 2022, 24, e33291.	4.3	5
11	The telehealth divide: health inequity during the COVID-19 pandemic. <i>Family Practice</i> , 2022, 39, 547-549.	1.9	13
12	Socioeconomic status of practice location and Australian GP registrars'™ training: a cross-sectional analysis. <i>BMC Medical Education</i> , 2022, 22, 285.	2.4	1
13	Evaluation of an online intervention for improving stroke survivors'™ health-related quality of life: A randomised controlled trial. <i>PLoS Medicine</i> , 2022, 19, e1003966.	8.4	9
14	Antibiotic prescribing for upper respiratory tract infections and acute bronchitis: a longitudinal analysis of general practitioner trainees. <i>Family Practice</i> , 2022, 39, 1063-1069.	1.9	4
15	Body dysmorphic disorder, skin diseases and psychological morbidity: common and complex. <i>British Journal of Dermatology</i> , 2022, 187, 5-5.	1.5	1
16	Prevalence and associations of rural practice location in early-career general practitioners in Australia: a cross-sectional analysis. <i>BMJ Open</i> , 2022, 12, e058892.	1.9	1
17	Low-value™ clinical care in general practice: associations of low value care in GP trainees'™ practice, including formative and summative examination performance – protocol for cross-sectional and retrospective cohort study analyses using the Questionable In Training Clinical Activities (QUIT-CA) index. <i>BMJ Open</i> , 2022, 12, e058989.	1.9	3
18	Antibiotic prescribing patterns of general practice registrars for infective conjunctivitis: a cross-sectional analysis. <i>Journal of Primary Health Care</i> , 2021, 13, 5-14.	0.6	9

#	ARTICLE	IF	CITATIONS
19	Barriers to prescribing of long-acting reversible contraception (LARC) by general practitioner registrars: A cross-sectional questionnaire. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2021, 61, 469-473.	1.0	2
20	Engaging general practice and patients with AusTAPER, a pharmacist facilitated web-based deprescribing tool. <i>Journal of Pharmacy Practice and Research</i> , 2021, 51, 154-159.	0.8	5
21	Study protocol: content and perceived educational utility of different modalities of clinical teaching visit (CTV) workplace-based assessments within Australian general practice vocational training: a cross-sectional study. <i>BMJ Open</i> , 2021, 11, e045643.	1.9	1
22	Deprescribing in older patients by early-career general practitioners: Prevalence and associations. <i>International Journal of Clinical Practice</i> , 2021, 75, e14325.	1.7	4
23	Management of a Chronic Skin Disease in Primary Care: An Analysis of Early-Career General Practitioners' Consultations Involving Psoriasis. <i>Dermatology Practical and Conceptual</i> , 2021, 11, 2021055.	0.9	0
24	Immunising older Australians: Pre-COVID-19 vaccine perspectives from general practice training. <i>Australian Journal of General Practice</i> , 2021, 50, 388-393.	0.8	0
25	Immediate and delayed antibiotic prescribing strategies used by Australian early-career GPs: a cross-sectional analysis. <i>British Journal of General Practice</i> , 2021, 71, e895-e903.	1.4	3
26	Prescribing of long-acting reversible contraception by general practice registrars across different rural regions of Australia: A cross-sectional analysis of the Registrar Clinical Encounters in Training Study data. <i>Australian Journal of Rural Health</i> , 2021, 29, 473-476.	1.5	1
27	Online training in evidence-based medicine and research methods for GP registrars: a mixed-methods evaluation of engagement and impact. <i>BMC Medical Education</i> , 2021, 21, 492.	2.4	5
28	General Practice Registrars' Management of and Specialist Referral Patterns for Atopic Dermatitis. <i>Dermatology Practical and Conceptual</i> , 2021, 11, e2021118.	0.9	5
29	General practice registrars' clinical uncertainty, and in-consultation information- and assistance-seeking. <i>Health Education in Practice Journal of Research for Professional Learning</i> , 2021, 4, .	0.4	0
30	Prevalence and Associations of General Practice Registrars' Management of Atopic Dermatitis: A Cross-Sectional Analysis from the Registrar Clinical Encounters in Training Study. <i>Dermatology Practical and Conceptual</i> , 2021, 11, e2021128.	0.9	3
31	Associations of anticipated prescribing of long-acting reversible contraception by general practice registrars: A cross-sectional study. <i>Australian Journal of General Practice</i> , 2021, 50, 929-935.	0.8	1
32	One-Year Risk of Stroke After Transient Ischemic Attack or Minor Stroke in Hunter New England, Australia (INSIST Study). <i>Frontiers in Neurology</i> , 2021, 12, 791193.	2.4	3
33	Specificity of early-career general practitioners' problem formulations in patients presenting with dizziness: a cross-sectional analysis. <i>Family Medicine and Community Health</i> , 2021, 9, e001087.	1.6	1
34	An online cross-sectional survey of the health risk behaviours among informal caregivers. <i>Health Promotion Journal of Australia</i> , 2020, 31, 423-435.	1.2	4
35	A general practice workplace-based assessment instrument: Content and construct validity. <i>Medical Teacher</i> , 2020, 42, 204-212.	1.8	8
36	General practice registrars' experiences of antenatal care: A cross-sectional analysis. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2020, 60, 188-195.	1.0	2

#	ARTICLE	IF	CITATIONS
37	Australian general practice registrars and their experience with postpartum consultations: A cross-sectional analysis of prevalence and associations. <i>Australian and New Zealand Journal of Obstetrics and Gynaecology</i> , 2020, 60, 196-203.	1.0	4
38	Capsule Commentary on Bolton et al., Integrating Personalized Care Planning into Primary Care: a Multiple-Case Study of Early Adopting Patient-Centered Medical Homes. <i>Journal of General Internal Medicine</i> , 2020, 35, 621-621.	2.6	0
39	Management of urinary tract infection by early-career general practitioners in Australia. <i>Journal of Evaluation in Clinical Practice</i> , 2020, 26, 1703-1710.	1.8	4
40	Delayed prescribing of antibiotics for acute respiratory infections by GP registrars: a qualitative study. <i>Family Practice</i> , 2020, 37, 406-411.	1.9	7
41	Stability of anticholinergic load in Australian community-dwelling older people: a longitudinal analysis. <i>Family Practice</i> , 2020, 37, 314-320.	1.9	1
42	Provision of registrar or undergraduate supervision in rural general practice by early-career general practitioners. <i>Australian Journal of Rural Health</i> , 2020, 28, 620-622.	1.5	2
43	Prevalence and associations of prescribing of long-acting reversible contraception by general practitioner registrars: a secondary analysis of ReCEnT data. <i>BMJ Sexual and Reproductive Health</i> , 2020, 46, 218-225.	1.7	6
44	The Characteristics of Patients With Possible Transient Ischemic Attack and Minor Stroke in the Hunter and Manning Valley Regions, Australia (the INSIST Study). <i>Frontiers in Neurology</i> , 2020, 11, 383.	2.4	6
45	General practice training in regional and rural Australia: A cross-sectional analysis of the Registrar Clinical Encounters in Training study. <i>Australian Journal of Rural Health</i> , 2020, 28, 32-41.	1.5	10
46	A novel approach to understanding potential risk factors for venous leg ulceration. <i>British Journal of Dermatology</i> , 2020, 183, 207-208.	1.5	0
47	Cognition in the First Year After a Minor Stroke, Transient Ischemic Attack, or Mimic Event and the Role of Vascular Risk Factors. <i>Frontiers in Neurology</i> , 2020, 11, 216.	2.4	7
48	Prevalence and Associations of General Practice Registrars' Management of Impetigo: A Cross-Sectional Analysis From the Registrar Clinical Encounters in Training (ReCEnT) Study. <i>Dermatology Practical and Conceptual</i> , 2020, 10, e2020043.	0.9	2
49	Are we preparing Victorian general practice registrars to be confident in all aspects of primary care paediatrics?. <i>Australian Journal of General Practice</i> , 2020, 49, 759-766.	0.8	5
50	Oral isotretinoin for acne. <i>The Cochrane Library</i> , 2019, 2019, CD009435.	2.8	41
51	Emergency department referral patterns of Australian general practitioner registrars: a cross-sectional analysis of prevalence, nature and associations. <i>Australian Health Review</i> , 2019, 43, 21.	1.1	4
52	An online intervention for improving stroke survivors' health-related quality of life: study protocol for a randomised controlled trial. <i>Trials</i> , 2019, 20, 491.	1.6	5
53	Patient preferences and patient-centredness in skin cancer care: implications for clinicians and patient management. <i>British Journal of Dermatology</i> , 2019, 180, 22-23.	1.5	1
54	"This is our life now. Our new normal": A qualitative study of the unmet needs of carers of stroke survivors. <i>PLoS ONE</i> , 2019, 14, e0216682.	2.5	24

#	ARTICLE	IF	CITATIONS
55	Take 10: ten qualitative studies on under-researched groups and hard-to-reach issues in dermatology. <i>British Journal of Dermatology</i> , 2019, 180, 1271-1273.	1.5	2
56	Psoriasis and sleep: unravelling the relationship. <i>British Journal of Dermatology</i> , 2019, 180, 1289-1290.	1.5	4
57	Capsule Commentary on Kern et al., Patients' and Providers' Views on Causes and Consequences of Healthcare Fragmentation in the Ambulatory Setting: a Qualitative Study. <i>Journal of General Internal Medicine</i> , 2019, 34, 1004-1004.	2.6	0
58	New alumni Experiences of Training and independent Unsupervised Practice (NEXT-UP): protocol for a cross-sectional study of early career general practitioners. <i>BMJ Open</i> , 2019, 9, e029585.	1.9	5
59	Development of an online secondary prevention programme for stroke survivors: Prevent 2nd Stroke. <i>BMJ Innovations</i> , 2019, 5, 35-42.	1.7	4
60	Antibiotic stewardship in skin infections: a cross-sectional analysis of early-career GPs' management of impetigo. <i>BMJ Open</i> , 2019, 9, e031527.	1.9	7
61	The International comparison of Systems of care and patient outcomes In minor Stroke and Tia (InSIST) study: A community-based cohort study. <i>International Journal of Stroke</i> , 2019, 14, 186-190.	5.9	9
62	Contemporary prognosis of transient ischemic attack patients: A systematic review and meta-analysis. <i>International Journal of Stroke</i> , 2019, 14, 460-467.	5.9	11
63	Early career GPs, mental health training and clinical complexity: a cross-sectional analysis. <i>Education for Primary Care</i> , 2019, 30, 62-69.	0.6	1
64	Focus on early-career GPs: qualitative evaluation of a multi-faceted educational intervention to improve antibiotic prescribing. <i>Family Practice</i> , 2018, 35, 99-104.	1.9	12
65	The unmet needs of informal carers of stroke survivors: a protocol for a systematic review of quantitative and qualitative studies. <i>BMJ Open</i> , 2018, 8, e019571.	1.9	13
66	Reducing early career general practitioners' antibiotic prescribing for respiratory tract infections: a pragmatic prospective non-randomised controlled trial. <i>Family Practice</i> , 2018, 35, 53-60.	1.9	22
67	Referrals to dietitians/nutritionists: A cross-sectional analysis of Australian GP registrars' clinical practice. <i>Nutrition and Dietetics</i> , 2018, 75, 98-105.	1.8	18
68	Management of transient ischemic attacks diagnosed by early-career general practitioners: A cross-sectional study. <i>International Journal of Stroke</i> , 2018, 13, 313-320.	5.9	1
69	Maintaining capacity for in-practice teaching and supervision of students and general practice trainees: a cross-sectional study of early career general practitioners. <i>Australian Health Review</i> , 2018, 42, 643.	1.1	9
70	GP registrar consultations addressing menopause-related symptoms: a cross-sectional analysis. <i>Menopause</i> , 2018, 25, 563-570.	2.0	4
71	"Imagine if I'm not here, what they're going to do?" Health care access and culturally and linguistically diverse women in prison. <i>Health Expectations</i> , 2018, 21, 1159-1170.	2.6	10
72	General practice registrars' clinical exposure to dermatological procedures during general practice training: a cross-sectional analysis. <i>Education for Primary Care</i> , 2018, 29, 357-366.	0.6	2

#	ARTICLE	IF	CITATIONS
73	A Scoping Review of Qualitative Research Methods Used With People in Prison. <i>International Journal of Qualitative Methods</i> , 2018, 17, 160940691880382.	2.8	30
74	Early predictors of summative assessment performance in general practice post-graduate training: A retrospective cohort study. <i>Medical Teacher</i> , 2018, 40, 1166-1174.	1.8	6
75	Changes in Australian Early-Career General Practitioners' Benzodiazepine Prescribing: a Longitudinal Analysis. <i>Journal of General Internal Medicine</i> , 2018, 33, 1676-1684.	2.6	9
76	Preparation for general practice vocational training: time for a rethink. <i>Medical Journal of Australia</i> , 2018, 209, 52-54.	1.7	18
77	Effectiveness of a peer-mediated educational intervention in improving general practitioner diagnostic assessment and management of dementia: a cluster randomised controlled trial. <i>BMJ Open</i> , 2018, 8, e021125.	1.9	14
78	Under-reporting of socio-economic status in randomized control trials of biologic disease-modifying anti-rheumatic drugs in rheumatoid arthritis. <i>Rheumatology</i> , 2017, 56, kew460.	1.9	0
79	The pattern of anxiolytic and hypnotic management by Australian general practice trainees. <i>Drug and Alcohol Review</i> , 2017, 36, 261-269.	2.1	8
80	An evaluation of the additional benefit of population screening for dementia beyond a passive case-finding approach. <i>International Journal of Geriatric Psychiatry</i> , 2017, 32, 316-323.	2.7	8
81	General practice trainees' clinical experience of dermatology indicates a need for improved education: A cross-sectional analysis from the Registrar Clinical Encounters in Training Study. <i>Australasian Journal of Dermatology</i> , 2017, 58, e199-e206.	0.7	21
82	Patients' Attitudes and Approaches to the Self-Management of Hypertension: Perspectives from an Australian Qualitative Study in Community Pharmacy. <i>High Blood Pressure and Cardiovascular Prevention</i> , 2017, 24, 149-155.	2.2	13
83	Antibiotic prescribing for acute otitis media and acute sinusitis: a cross-sectional analysis of the ReCEnT study exploring the habits of early career doctors in family practice. <i>Family Practice</i> , 2017, 34, 180-187.	1.9	14
84	Protecting Pain Patients. The Evaluation of a Chronic Pain Educational Intervention. <i>Pain Medicine</i> , 2017, 18, 2306-2315.	1.9	6
85	Six of the best: how excellent qualitative research can contribute to practice. <i>British Journal of Dermatology</i> , 2017, 177, 603-605.	1.5	3
86	Prevalence and associations of general practitioners' ordering of 'non-symptomatic' prostate-specific antigen tests: A cross-sectional analysis. <i>International Journal of Clinical Practice</i> , 2017, 71, e12998.	1.7	3
87	Older patients' consultations in an apprenticeship model-based general practice training program: A cross-sectional study. <i>Australasian Journal on Ageing</i> , 2017, 36, E1-E7.	0.9	8
88	Early predictors of need for remediation in the Australian general practice training program: a retrospective cohort study. <i>Advances in Health Sciences Education</i> , 2017, 22, 915-929.	3.3	9
89	Clinical encounters of Australian general practice registrars with paediatric patients. <i>Education for Primary Care</i> , 2017, 28, 75-80.	0.6	4
90	Managing transient ischaemic attacks in Australia: a qualitative study. <i>Family Practice</i> , 2017, 34, 606-611.	1.9	3

#	ARTICLE	IF	CITATIONS
91	General practitioner trainees'™ in-consultation generation of clinical questions for later answering: prevalence and associations. <i>Family Practice</i> , 2017, 34, 599-605.	1.9	7
92	Patients'™ anticipated actions following transient ischaemic attack symptoms: a qualitative vignette-based study. <i>BMC Family Practice</i> , 2017, 18, 14.	2.9	0
93	Home visits and nursing home visits by early-career GPs: a cross-sectional study. <i>Family Practice</i> , 2017, 34, 77-82.	1.9	11
94	Management of hypertension in an Australian community pharmacy setting ' patients'™ beliefs and perspectives. <i>International Journal of Pharmacy Practice</i> , 2017, 25, 263-273.	0.6	16
95	Responses to clinical uncertainty in Australian general practice trainees: a cross-sectional analysis. <i>Medical Education</i> , 2017, 51, 1277-1288.	2.1	21
