#	ARTICLE	IF	CITATIONS
1	Does a Rural Community-Based Intervention Improve Knowledge and Attitudes of Opioid Use Disorder and Medication-Assisted Treatment? A Report From the IT MATTRs Study. <i>Journal of Rural Health</i> , 2022, 38, 120-128.	2.9	11
2	Increasing Capacity for Treatment of Opioid Use Disorder in Rural Primary Care Practices. <i>Annals of Family Medicine</i> , 2022, 20, 18-23.	1.9	7
3	PATHWEIGH, pragmatic weight management in adult patients in primary care in Colorado, USA: study protocol for a stepped wedge cluster randomized trial. <i>Trials</i> , 2022, 23, 26.	1.6	3
4	Relationship Between Social Vulnerability Indicators and Trial Participant Attrition: Findings From the HYVALUE Trial. <i>Circulation: Cardiovascular Quality and Outcomes</i> , 2022, 15, 101161CIRCOOUTCOMES120007709.	2.2	2
5	Lung deposition versus inhalable sampling to estimate body burden of welding fume exposure: A pilot sampler study in stainless steel welders. <i>Journal of Aerosol Science</i> , 2021, 153, 105721.	3.8	4
6	The problem of imbalance in cluster randomized trials and the benefits of covariate constrained randomization. <i>Family Practice</i> , 2021, 38, 368-371.	1.9	5
7	Evaluation of a covariate-constrained randomization procedure in stepped wedge cluster randomized trials. <i>Contemporary Clinical Trials</i> , 2021, 105, 106409.	1.8	4
8	Effect of Values Affirmation on Reducing Racial Differences in Adherence to Hypertension Medication. <i>JAMA Network Open</i> , 2021, 4, e2139533.	5.9	3
9	Exemplary Practices in Cardiovascular Care: Results on Clinical Quality Measures from the EvidenceNOW Southwest Cooperative. <i>Journal of General Internal Medicine</i> , 2020, 35, 3197-3204.	2.6	2
10	Associations Between Patients' Unmet Social Needs and Self-Reported Health Confidence at One Primary Care Clinic. <i>Journal of Primary Care and Community Health</i> , 2020, 11, 215013272092132.	2.1	5
11	Effect of State Immunization Information System Based Reminder/Recall for Influenza Vaccinations: A Randomized Trial of Autodialer, Text, and Mailed Messages. <i>Journal of Pediatrics</i> , 2020, 221, 123-131.e4.	1.8	12
12	The Invested in Diabetes Study Protocol: a cluster randomized pragmatic trial comparing standardized and patient-driven diabetes shared medical appointments. <i>Trials</i> , 2020, 21, 65.	1.6	11
13	Enhanced Enrollment in the National Diabetes Prevention Program to Increase Engagement and Weight Loss for the Underserved: Protocol for a Randomized Controlled Trial. <i>JMIR Research Protocols</i> , 2020, 9, e15499.	1.0	2
14	Practice Transformation Support and Patient Engagement to Improve Cardiovascular Care: From EvidenceNOW Southwest (ENSW). <i>Journal of the American Board of Family Medicine</i> , 2020, 33, 675-686.	1.5	3
15	Self-management support for chronic disease in primary care: frequency of patient self-management problems and patient reported priorities, and alignment with ultimate behavior goal selection. <i>BMC Family Practice</i> , 2019, 20, 120.	2.9	17
16	Primary Care Practices' Ability to Report Electronic Clinical Quality Measures in the EvidenceNOW Southwest Initiative to Improve Heart Health. <i>JAMA Network Open</i> , 2019, 2, e198569.	5.9	13
17	Practice Characteristics Associated with Better Implementation of Patient Self-Management Support. <i>Journal of the American Board of Family Medicine</i> , 2019, 32, 329-340.	1.5	7
18	Effectiveness of a multimodal intervention to increase vaccination in obstetrics/gynecology settings. <i>Vaccine</i> , 2019, 37, 3409-3418.	3.8	17

#	ARTICLE	IF	CITATIONS
19	A Cluster Randomized Trial Comparing Strategies for Translating Self-Management Support into Primary Care Practices. <i>Journal of the American Board of Family Medicine</i> , 2019, 32, 341-352.	1.5	10
20	Using Values Affirmation to Reduce the Effects of Stereotype Threat on Hypertension Disparities: Protocol for the Multicenter Randomized Hypertension and Values (HYVALUE) Trial. <i>JMIR Research Protocols</i> , 2019, 8, e12498.	1.0	7
21	Recruiting Primary Care Practices for Research: Reflections and Reminders. <i>Journal of the American Board of Family Medicine</i> , 2018, 31, 947-951.	1.5	6
22	A Community Engagement Method to Design Patient Engagement Materials for Cardiovascular Health. <i>Annals of Family Medicine</i> , 2018, 16, S58-S64.	1.9	21
23	A protocol for a cluster randomized trial comparing strategies for translating self-management support into primary care practices. <i>BMC Family Practice</i> , 2018, 19, 126.	2.9	7
24	Impact of a Boot Camp Translation Intervention on Self-Management Support in Primary Care. <i>Journal of Patient-centered Research and Reviews</i> , 2018, 5, 256-266.	0.9	9
25	Attitudes about adult vaccines and reminder/recall in a safety net population. <i>Vaccine</i> , 2017, 35, 7292-7296.	3.8	10
26	What Makes for Successful Registry Implementation: A Qualitative Comparative Analysis. <i>Journal of the American Board of Family Medicine</i> , 2017, 30, 657-665.	1.5	13
27	Outcomes of Integrated Behavioral Health with Primary Care. <i>Journal of the American Board of Family Medicine</i> , 2017, 30, 130-139.	1.5	60
28	The Fit Family Challenge: A Primary Care Childhood Obesity Pilot Intervention. <i>Journal of the American Board of Family Medicine</i> , 2016, 29, 434-443.	1.5	14
29	REACH of Interventions Integrating Primary Care and Behavioral Health. <i>Journal of the American Board of Family Medicine</i> , 2015, 28, S73-S85.	1.5	21
30	Practice Context Affects Efforts to Improve Diabetes Care for Primary Care Patients: A Pragmatic Cluster Randomized Trial. <i>Journal of General Internal Medicine</i> , 2015, 30, 476-482.	2.6	12
31	Learning Evaluation: blending quality improvement and implementation research methods to study healthcare innovations. <i>Implementation Science</i> , 2015, 10, 31.	6.9	97
32	The Effect of Values Affirmation on Race-Discordant Patient-Provider Communication. <i>Archives of Internal Medicine</i> , 2012, 172, 1662.	3.8	45
