#	Article	IF	CITATIONS
1	Protective Effects of Exercise on Cognition and Brain Health in Older Adults. Exercise and Sport Sciences Reviews, 2018, 46, 215-223.	3.0	57
2	Functional brain activation associated with working memory training and transfer. Behavioural Brain Research, 2017, 334, 34-49.	2.2	38
3	Effect of aerobic exercise on white matter microstructure in the aging brain. Behavioural Brain Research, 2019, 373, 112042.	2.2	31
4	Working memory training in healthy young adults: Support for the null from a randomized comparison to active and passive control groups. PLoS ONE, 2017, 12, e0177707.	2.5	24
5	Conceptual and Pragmatic Considerations in the Use of Cognitive-Behavioral Therapy with Muslim Clients. Cognitive Therapy and Research, 2013, 37, 197-206.	1.9	23
6	Aberrant patterns of visual facial information usage in schizophrenia Journal of Abnormal Psychology, 2013, 122, 513-519.	1.9	21
7	A qualitative analysis of the effects of a comorbid disordered gambling diagnosis with schizophrenia. Schizophrenia Research, 2016, 171, 50-55.	2.0	20
8	Comparing brain activations associated with working memory and fluid intelligence. Intelligence, 2017, 63, 66-77.	3.0	11
9	Irreducibly Human Encounters: Therapeutic Alliance and Treatment Outcome in Child and Adolescent Psychotherapy. Journal of Infant, Child, and Adolescent Psychotherapy, 2013, 12, 228-243.	0.8	9
10	No evidence that working memory training alters gray matter structure: A MRI surface -based analysis. Behavioural Brain Research, 2019, 360, 323-340.	2.2	9
11	The Flynn Effect: A Quantitative Commentary on Modernity and Human Intelligence. Measurement, 2016, 14, 39-53.	0.2	8
12	Psychosocial Treatments for Schizophrenia: An Evaluation of Theoretically Divergent Treatment Paradigms, and Their Efficacy. Clinical Schizophrenia and Related Psychoses, 2016, 10, 41-50.	1.4	6
13	Effects of Six-Month Aerobic Exercise Intervention on Sleep in Healthy Older Adults in the Brain in Motion Study: A Pilot Study. Journal of Alzheimer's Disease Reports, 2018, 2, 229-238.	2.2	5
14	Novel Approach to Characterize Heterogeneity in an Aerobic Exercise Intervention. Medicine and Science in Sports and Exercise, 2019, 51, 1506-1516.	0.4	5
15	Individual Moralities and Institutional Ethics: Implications for the Canadian Code of Ethics for Psychologists. Psychotherapy and Politics International, 2012, 10, 187-204.	0.2	4
16	Intact anger recognition in depression despite aberrant visual facial information usage. Journal of Affective Disorders, 2014, 165, 196-202.	4.1	4
17	Functional brain networks involved in lexical decision. Brain and Cognition, 2020, 138, 103631.	1.8	4
18	The Brain in Motion II Study: study protocol for a randomized controlled trial of an aerobic exercise intervention for older adults at increased risk of dementia. Trials, 2021, 22, 394.	1.6	2

#	Article	IF	CITATIONS
19	No evidence for an effect of a working memory training program on white matter microstructure. Intelligence, 2021, 86, 101541.	3.0	1
20	Corrigendum to "Intact anger recognition in depression despite aberrant visual facial information usage" [J. Affect. Disord. 165 (2014) 196–202]. Journal of Affective Disorders, 2014, 168, 64.	4.1	0
