#	ARTICLE	IF	CITATIONS
1	Rapid Cycle Deliberate Practice Improves Retention of Pediatric Resuscitation Skills Compared With Postsimulation Debriefing. <i>Simulation in Healthcare</i> , 2022, 17, e20-e27.	1.2	9
2	Longitudinal evaluation of pediatric respiratory infections. <i>Journal of Clinical Virology</i> , 2022, 148, 105084.	3.1	1
3	Vision 2020: How Caregiving and Work Productivity Outlook Shifted for Academic Pediatric Faculty. <i>Journal of Women's Health</i> , 2022, 31, 631-639.	3.3	4
4	Frequency of serious bacterial infections in young infants with and without viral respiratory infections. <i>American Journal of Emergency Medicine</i> , 2021, 50, 744-747.	1.6	6
5	Factors associated with destination of pediatric EMS transports. <i>American Journal of Emergency Medicine</i> , 2021, 50, 360-364.	1.6	2
6	Rapid-cycle deliberate practice improves time to defibrillation and reduces workload: A randomized controlled trial of simulation-based education. <i>AEM Education and Training</i> , 2021, 5, e10702.	1.2	8
7	Evolution of clinical event debriefs in a quaternary pediatric emergency department after implementation of a debriefing tool. <i>AEM Education and Training</i> , 2021, 5, e10709.	1.2	2
8	Pediatric Emergency Departments and Urgent Care Visits in Houston after Hurricane Harvey. <i>Western Journal of Emergency Medicine</i> , 2021, 22, 763-768.	1.1	0
9	Pediatric Emergency Departments and Urgent Care Visits in Houston after Hurricane Harvey. <i>Western Journal of Emergency Medicine</i> , 2021, 22, 763-768.	1.1	5
10	Correlation of clinical and chest radiograph findings in pediatric submersion cases. <i>Pediatric Radiology</i> , 2020, 50, 492-500.	2.0	3
11	Evaluation of Hydrocodone/Acetaminophen for Pediatric Laceration Repair: A Randomized Trial. <i>Plastic and Reconstructive Surgery</i> , 2020, 145, 126e-134e.	1.4	4
12	Clinical factors associated with intubation in the high flow nasal cannula era. <i>American Journal of Emergency Medicine</i> , 2020, 38, 2500-2505.	1.6	12
13	Improving the Pediatric Procedural Experience: An Analysis of Pain, Anxiety, and Satisfaction. <i>Journal of Patient Experience</i> , 2020, 7, 232-237.	0.9	2
14	A Pilot Study on Water Safety Education of Providers and Caregivers in Outpatient Pediatric Clinical Settings to Increase Drowning Prevention Knowledge. <i>Clinical Pediatrics</i> , 2020, 59, 490-495.	0.8	2
15	Obesity is associated with a reduced odds for blunt intra-abdominal injuries in children. <i>Obesity Research and Clinical Practice</i> , 2020, 14, 54-59.	1.8	0
16	Global Health Opportunities in Pediatric Fellowships. <i>Pediatrics</i> , 2020, 145, .	2.1	10
17	Race and ethnicity: Not factors in the prescribing of hydrocodone- and codeine-containing products in two pediatric emergency departments. <i>Journal of Opioid Management</i> , 2019, 15, 229-233.	0.5	3
18	Shortened preprocedural fasting in the pediatric emergency department. <i>American Journal of Emergency Medicine</i> , 2018, 36, 1577-1580.	1.6	12

#	ARTICLE	IF	CITATIONS
19	System-wide process changes improve procedural sedation billing in the pediatric emergency department. <i>American Journal of Emergency Medicine</i> , 2018, 36, 2112-2115.	1.6	1
20	Decreased Opioid Prescribing in a Pediatric Emergency Department After the Rescheduling of Hydrocodone. <i>Journal of Emergency Medicine</i> , 2017, 52, 547-553.	0.7	17
21	Initiation of an Inhaled Corticosteroid During a Pediatric Emergency Visit for Asthma: A Randomized Clinical Trial. <i>Annals of Emergency Medicine</i> , 2017, 70, 331-337.	0.6	8
22	Diagnostic approach to constipation impacts pediatric emergency department disposition. <i>American Journal of Emergency Medicine</i> , 2017, 35, 1490-1493.	1.6	15
23	Characteristics and outcomes of acute pediatric blunt torso trauma based on injury intent. <i>American Journal of Emergency Medicine</i> , 2017, 35, 1791-1797.	1.6	2
24	Factors influencing drainage setting and cost for cutaneous abscesses among pediatric patients. <i>American Journal of Emergency Medicine</i> , 2017, 35, 326-328.	1.6	4
25	Hospital Costs and Charges of Discharge Delays in Children Hospitalized for Abuse and Neglect. <i>Hospital Pediatrics</i> , 2017, 7, 572-578.	1.3	10
26	Initiating a Standardized Regional Referral and Counter-Referral System in Guatemala: A Mixed-Methods Study. <i>Global Pediatric Health</i> , 2017, 4, 2333794X1771920.	0.7	5
27	The Pediatric Submersion Score Predicts Children at Low Risk for Injury Following Submersions. <i>Academic Emergency Medicine</i> , 2017, 24, 1491-1500.	1.8	15
28	Performance of computed tomography of the head to evaluate for skull fractures in infants with suspected non-accidental trauma. <i>Pediatric Radiology</i> , 2017, 47, 74-81.	2.0	26
29	Impact of a Longitudinal Quality Improvement and Patient Safety Curriculum on Pediatric Residents. <i>Pediatric Quality & Safety</i> , 2016, 1, e005.	0.8	4
30	Regional scale-up of an Emergency Triage Assessment and Treatment (ETAT) training programme from a referral hospital to primary care health centres in Guatemala. <i>Emergency Medicine Journal</i> , 2016, 33, 611-617.	1.0	14
31	Engaging Learners Through Modules in Quality Improvement and Patient Safety. <i>MedEdPORTAL: the Journal of Teaching and Learning Resources</i> , 2016, 12, 10482.	1.2	19
32	Vomiting is not associated with poor outcomes in pediatric victims of unintentional submersions. <i>American Journal of Emergency Medicine</i> , 2015, 33, 626-630.	1.6	5
