#	ARTICLE	IF	CITATIONS
1	Towards the development of a system-wide quality improvement maturity model: a synthesis using systematic review and expert opinion. <i>International Journal of Lean Six Sigma</i> , 2024, 15, 503-540.	3.3	3
2	Explaining variable effects of an adaptable implementation package to promote evidence-based practice in primary care: a longitudinal process evaluation. <i>Implementation Science</i> , 2022, 17, 9.	6.9	3
3	What makes an effective Quality Improvement Manager? A qualitative study in the New Zealand Health System. <i>BMC Health Services Research</i> , 2022, 22, 50.	2.2	2
4	A prospective multi-centre study assessing the safety and effectiveness following the implementation of an accelerated chest pain pathway using point-of-care troponin for use in New Zealand rural hospital and primary care settings. <i>European Heart Journal: Acute Cardiovascular Care</i> , 2022, 11, 418-427.	1.0	4
5	Implementation of the Diabetes Community Exercise and Education Programme (DCEP) for the management of type 2 diabetes: qualitative process evaluation. <i>BMJ Open</i> , 2022, 12, e059853.	1.9	1
6	Health Care Home implementation in Otago and Southland: a qualitative evaluation. <i>Journal of Primary Health Care</i> , 2022, , .	0.6	4
7	Why does New Zealand have such poor outcomes from colorectal cancer?: the importance of the pre-diagnostic period. <i>Journal of Primary Health Care</i> , 2021, 13, 15.	0.6	7
8	A brief response to Hawkins: a call for socially responsive research in Māori health. <i>Journal of Primary Health Care</i> , 2021, 13, 204.	0.6	1
9	Effects on childhood infections of promoting safe and hygienic complementary-food handling practices through a community-based programme: A cluster randomised controlled trial in a rural area of The Gambia. <i>PLoS Medicine</i> , 2021, 18, e1003260.	8.4	12
10	The views of New Zealand general practitioners and patients on a proposed risk assessment and communication tool: a qualitative study using Normalisation Process Theory. <i>Implementation Science Communications</i> , 2021, 2, 16.	2.2	2
11	'I'm still here, that's probably the best part'. Lives of those living rurally with an implantable cardioverter defibrillator: a qualitative study. <i>Rural and Remote Health</i> , 2021, 21, 5659.	0.5	2
12	Using an Information Package to Reduce Patients' Risk of Renal Damage: Protocol for a Randomized Feasibility Trial. <i>JMIR Research Protocols</i> , 2021, 10, e29161.	1.0	0
13	How do colorectal cancer patients rate their GP: a mixed methods study. <i>BMC Family Practice</i> , 2021, 22, 67.	2.9	3
14	Why is Quality Improvement so Challenging? A Viable Systems Model Perspective to Understand the Frustrations of Healthcare Quality Improvement Managers. <i>Health Policy</i> , 2021, 125, 658-664.	3.0	13
15	Medication risk management and health equity in New Zealand general practice: a retrospective cross-sectional study. <i>International Journal for Equity in Health</i> , 2021, 20, 119.	3.5	1
16	Do people living in rural and urban locations experience differences in harm when admitted to hospital? A cross-sectional New Zealand general practice records review study. <i>BMJ Open</i> , 2021, 11, e046207.	1.9	3
17	How rural nurses in Southern New Zealand navigate their ethical landscape? A qualitative study. <i>Australian Journal of Rural Health</i> , 2021, 29, 332-340.	1.5	1
18	OUP accepted manuscript. <i>Family Practice</i> , 2021, , .	1.9	0

#	ARTICLE	IF	CITATIONS
19	Urgent referral to specialist services for patients with cancer symptoms: a cause for concern or oversimplifying a complex issue?. <i>BMJ Quality and Safety</i> , 2021, , bmjqs-2021-014222.	3.7	0
20	Exploring the response to the COVID-19 pandemic at the rural hospital-base hospital interface : experiences of New Zealand rural hospital doctors. <i>New Zealand Medical Journal</i> , 2021, 134, 11-21.	0.5	1
21	Outcomes from colonoscopy following referral from New Zealand general practice: a retrospective analysis. <i>BMC Gastroenterology</i> , 2021, 21, 471.	2.0	3
22	Barriers and facilitators to colorectal cancer diagnosis in New Zealand: a qualitative study. <i>BMC Family Practice</i> , 2020, 21, 206.	2.9	21
23	Six things you need to know about low back pain. <i>Journal of Primary Health Care</i> , 2020, 12, 195.	0.6	6
24	Integrated ambulatory care in the New Zealand health system: a scoping review. <i>Journal of Integrated Care</i> , 2020, 28, 253-280.	0.5	4
25	Improving continuity of care of patients with respiratory disease at hospital discharge. <i>Breathe</i> , 2020, 16, 200161.	1.3	6
26	A systematic scoping review of interventions to integrate physical and mental healthcare for people with serious mental illness and substance use disorders. <i>Journal of Psychiatric Research</i> , 2020, 128, 52-67.	3.1	11
27	New Zealand general practice registrarsâ€™ views on their academic learning needs during vocational training: online survey. <i>Education for Primary Care</i> , 2020, 31, 136-144.	0.6	0
28	Health Care Utilisation and Health Needs of People with Severe COPD in the Southern Region of New Zealand: A Retrospective Case Note Review. <i>COPD: Journal of Chronic Obstructive Pulmonary Disease</i> , 2020, 17, 136-142.	1.6	7
29	Clinical pharmacist facilitators in primary care: a descriptive study of their roles and services provided in general practices of southern New Zealand. <i>Journal of Primary Health Care</i> , 2020, 12, 88.	0.6	5
30	'A balancing act'. Living with severe chronic obstructive pulmonary disease in Southern New Zealand: a qualitative study. <i>Journal of Primary Health Care</i> , 2020, 12, 166.	0.6	5
31	Patientsâ€™ accounts of living with and managing inflammatory bowel disease in rural Southern New Zealand: a qualitative study. <i>BMJ Open</i> , 2020, 10, e041789.	1.9	6
32	Study protocol for an observational study to evaluate an accelerated chest pain pathway using point-of-care troponin in New Zealand rural and primary care populations. <i>Journal of Primary Health Care</i> , 2020, 12, 129.	0.6	5
33	Developing and evaluating packages to support implementation of quality indicators in general practice: the ASPIRE research programme, including two cluster RCTs. <i>Programme Grants for Applied Research</i> , 2020, 8, 1-96.	1.0	7
34	Good care close to home: local health professional perspectives on how a rural hospital can contribute to the healthcare of its community. <i>New Zealand Medical Journal</i> , 2020, 133, 39-46.	0.5	1
35	Turning on a dime-pre- and post-COVID-19 consultation patterns in an urban general practice. <i>New Zealand Medical Journal</i> , 2020, 133, 65-75.	0.5	3
36	Protocol for a randomised controlled trial to evaluate the effectiveness of the diabetes community exercise and education programme (DCEP) for long-term management of diabetes. <i>BMJ Open</i> , 2019, 9, e025578.	1.9	5

#	ARTICLE	IF	CITATIONS
37	Protocol for a mixed methods realist evaluation of regional District Health Board groupings in New Zealand. <i>BMJ Open</i> , 2019, 9, e030076.	1.9	8
38	Providing care to refugees through mainstream general practice in the southern health region of New Zealand: a qualitative study of primary healthcare professionals' perspectives. <i>BMJ Open</i> , 2019, 9, e034323.	1.9	9
39	Improving access to health care for people with severe chronic obstructive pulmonary disease (COPD) in Southern New Zealand: qualitative study of the views of health professional stakeholders and patients. <i>BMJ Open</i> , 2019, 9, e033524.	1.9	9
40	Creating sustainable health care systems. <i>Journal of Health Organization and Management</i> , 2019, 33, 18-34.	1.3	22
41	A scope of practice that works 'out here': exploring the effects of a changing medical regulatory environment on a rural New Zealand health service. <i>Rural and Remote Health</i> , 2019, 19, 5442.	0.5	4
42	The 'elephants in the room' for New Zealand's health system in its 80th anniversary year: general practice charges and ownership models. <i>New Zealand Medical Journal</i> , 2019, 132, 8-14.	0.5	2
43	Multimorbidity and multiple social disadvantage in a New Zealand high-needs free primary healthcare clinic population: a cross-sectional study. <i>New Zealand Medical Journal</i> , 2019, 132, 42-51.	0.5	2
44	Point-of-care troponin use in New Zealand rural hospitals: a national survey. <i>New Zealand Medical Journal</i> , 2019, 132, 25-37.	0.5	1
45	Local clinical pathways: from 'good ideas' to 'practicality' for general practitioners. <i>Journal of Primary Health Care</i> , 2018, 10, 215.	0.6	9
46	HealthPathways implementation in a New Zealand health region: a qualitative study using the Consolidated Framework for Implementation Research. <i>BMJ Open</i> , 2018, 8, e025094.	1.9	20
47	Multimorbidity in Māori and Pacific patients: cross-sectional study in a Dunedin general practice. <i>Journal of Primary Health Care</i> , 2018, 10, 39.	0.6	13
48	Multimorbidity and clinical guidelines: problem or opportunity?. <i>New Zealand Medical Journal</i> , 2018, 131, 7-9.	0.5	1
49	A systematic review of implementation strategies to deliver guidelines on obstetric care practice in low- and middle-income countries. <i>International Journal of Gynecology and Obstetrics</i> , 2017, 136, 19-28.	2.3	19
50	Multimorbidity, clinical decision making and health care delivery in New Zealand Primary care: a qualitative study. <i>BMC Family Practice</i> , 2017, 18, 51.	2.9	37
51	Breastfeeding peer support in rural New Zealand: the views of peer supporters. <i>Journal of Primary Health Care</i> , 2017, 9, 173.	0.6	2
52	Variations in achievement of evidence-based, high-impact quality indicators in general practice: An observational study. <i>PLoS ONE</i> , 2017, 12, e0177949.	2.5	24
53	Barriers and enablers to guideline implementation strategies to improve obstetric care practice in low- and middle-income countries: a systematic review of qualitative evidence. <i>Implementation Science</i> , 2016, 11, 144.	6.9	44
54	Population characteristics, mechanisms of primary care and premature mortality in England: a cross-sectional study. <i>BMJ Open</i> , 2016, 6, e009981.	1.9	21

#	ARTICLE	IF	CITATIONS
55	A mixedâ€methods study of barriers and facilitators to the implementation of postpartum hemorrhage guidelines in Uganda. <i>International Journal of Gynecology and Obstetrics</i> , 2016, 132, 89-93.	2.3	34
56	Practice-level quality improvement interventions in primary care: a review of systematic reviews. <i>Primary Health Care Research and Development</i> , 2015, 16, 556-577.	1.2	32
57	Developing â€high impactâ€™ guideline-based quality indicators for UK primary care: a multi-stage consensus process. <i>BMC Family Practice</i> , 2015, 16, 156.	2.9	30
58	Reporting standards for guideline-based performance measures. <i>Implementation Science</i> , 2015, 11, 6.	6.9	53
59	Managing Conflicts of Interest in the UK National Institute for Health and Care Excellence (NICE) Clinical Guidelines Programme: Qualitative Study. <i>PLoS ONE</i> , 2015, 10, e0122313.	2.5	24
60	A review of clinical practice guidelines found that they were often based on evidence of uncertain relevance to primary care patients. <i>Journal of Clinical Epidemiology</i> , 2014, 67, 1251-1257.	5.0	65
61	Primary care evidence in clinical guidelines: a mixed methods study of practitionersâ€™ views. <i>British Journal of General Practice</i> , 2014, 64, e719-e727.	1.4	14
62	NICE's role in further developing the Quality and Outcomes Framework is in question. <i>BMJ, The</i> , 2014, 348, g2720-g2720.	6.0	0
63	Assessing depression severity using the UK Quality and Outcomes Framework depression indicators: a systematic review. <i>British Journal of General Practice</i> , 2013, 63, e309-e317.	1.4	20
64	Response from NICE. <i>British Journal of General Practice</i> , 2011, 61, 606.2-607.	1.4	0
65	NICE calls for a register. <i>BMJ: British Medical Journal</i> , 2011, 342, d633-d633.	2.3	1
66	QOF. <i>British Journal of General Practice</i> , 2010, 60, 853.1-853.	1.4	0
67	Continuity and Trust in Primary Care: A Qualitative Study Informed by Game Theory. <i>Annals of Family Medicine</i> , 2010, 8, 440-446.	1.9	72
68	Use of qualitative research as evidence in the clinical guideline program of the National Institute for Health and Clinical Excellence. <i>International Journal of Evidence-Based Healthcare</i> , 2009, 7, 169-172.	0.5	23
69	Newer agents for blood glucose control in type 2 diabetes: summary of NICE guidance. <i>BMJ: British Medical Journal</i> , 2009, 338, b1668-b1668.	2.3	47
70	Recognition and assessment of coeliac disease in children and adults: summary of NICE guidance. <i>BMJ: British Medical Journal</i> , 2009, 338, b1684-b1684.	2.3	40
71	Rehabilitation after critical illness: summary of NICE guidance. <i>BMJ: British Medical Journal</i> , 2009, 338, b822-b822.	2.3	56
72	Prophylaxis against infective endocarditis: summary of NICE guidance. <i>BMJ: British Medical Journal</i> , 2008, 336, 770-771.	2.3	148

#	ARTICLE	IF	CITATIONS
73	Past experience, "shadow of the future"™, and patient trust: a cross-sectional survey. <i>British Journal of General Practice</i> , 2008, 58, 780-783.	1.4	29
74	Antibiotic prescribing for self limiting respiratory tract infections in primary care: summary of NICE guidance. <i>BMJ: British Medical Journal</i> , 2008, 337, a437-a437.	2.3	105
75	Self-management education for children with epilepsy. , 2007, , CD004724.		8
76	Self-management education for adults with epilepsy. , 2007, , CD004723.		21
77	Recognising and responding to acute illness in adults in hospital: summary of NICE guidance. <i>BMJ: British Medical Journal</i> , 2007, 335, 258-259.	2.3	40
78	Patients' accounts of the differences in nurses' and general practitioners' roles in primary care. <i>Journal of Advanced Nursing</i> , 2007, 57, 172-180.	3.3	58
79	The costs of epilepsy misdiagnosis in England and Wales. <i>Seizure: the Journal of the British Epilepsy Association</i> , 2006, 15, 598-605.	2.0	50
80	Breaking the ceremonial order: patients' and doctors' accounts of removal from a general practitioner's list. <i>Sociology of Health and Illness</i> , 2006, 28, 611-636.	2.1	22
81	Continuity of Care: Is the Personal Doctor Still Important? A Survey of General Practitioners and Family Physicians in England and Wales, the United States, and the Netherlands. <i>Annals of Family Medicine</i> , 2005, 3, 353-359.	1.9	101
82	Palliative care in the community for cancer and end-stage cardiorespiratory disease: the views of patients, lay-carers and health care professionals. <i>Palliative Medicine</i> , 2005, 19, 76-83.	3.1	76
83	Ending the doctor-patient relationship in general practice: a proposed model. <i>Family Practice</i> , 2004, 21, 507-514.	1.9	17
84	Breaking up is never easy: GPs' accounts of removing patients from their lists. <i>Family Practice</i> , 2003, 20, 628-634.	1.9	12
85	Evidence-based guidelines for the management of genital chlamydial infection in general practice. <i>Family Practice</i> , 1999, 16, 269-277.	1.9	5
86	A Survey of Contact Tracing Practice for Sexually Transmitted Diseases in GUM Clinics in England and Wales. <i>International Journal of STD and AIDS</i> , 1999, 10, 17-21.	1.1	12
