#	ARTICLE	IF	CITATIONS
1	Transitions in general practice training: quantifying epidemiological variation in trainees'™ experiences and clinical behaviours. BMC Medical Education, 2022, 22, 124.	2.4	5
2	Influence of rurality on general practitioner registrars' participation in their practice's after-hours roster: A cross-sectional study. Australian Journal of Rural Health, 2022, 30, 343-351.	1.5	3
3	Antibiotic prescribing for upper respiratory tract infections and acute bronchitis: a longitudinal analysis of general practitioner trainees. Family Practice, 2022, 39, 1063-1069.	1.9	4
4	Prevalence and associations of rural practice location in early-career general practitioners in Australia: a cross-sectional analysis. BMJ Open, 2022, 12, e058892.	1.9	1
5	"Low-value"™ clinical care in general practice: associations of low value care in GP trainees'™ practice, including formative and summative examination performance " protocol for cross-sectional and retrospective cohort study analyses using the Questionable In Training Clinical Activities (QUIT-CA) index. BMI Open, 2022, 12, e058989.	1.9	3
6	Antibiotic prescribing patterns of general practice registrars for infective conjunctivitis: a cross-sectional analysis. Journal of Primary Health Care, 2021, 13, 5-14.	0.6	9
7	Intrapartum antibiotic prophylaxis for women who are screened positive for group B streptococcal colonisation: Clinical compliance with the guideline. Australian and New Zealand Journal of Obstetrics and Gynaecology, 2021, 61, 870-875.	1.0	0
8	Deprescribing in older patients by early-career general practitioners: Prevalence and associations. International Journal of Clinical Practice, 2021, 75, e14325.	1.7	4
9	Management of a Chronic Skin Disease in Primary Care: An Analysis of Early-Career General Practitioners'™ Consultations Involving Psoriasis. Dermatology Practical and Conceptual, 2021, 11, 2021055.	0.9	0
10	Immediate and delayed antibiotic prescribing strategies used by Australian early-career GPs: a cross-sectional analysis. British Journal of General Practice, 2021, 71, e895-e903.	1.4	3
11	General Practice Registrars'™ Management of and Specialist Referral Patterns for Atopic Dermatitis. Dermatology Practical and Conceptual, 2021, 11, e2021118.	0.9	5
12	Prevalence and Associations of General Practice Registrars'™ Management of Atopic Dermatitis: A Cross-Sectional Analysis from the Registrar Clinical Encounters in Training Study. Dermatology Practical and Conceptual, 2021, 11, e2021128.	0.9	3
13	Associations of anticipated prescribing of long-acting reversible contraception by general practice registrars: A cross-sectional study. Australian Journal of General Practice, 2021, 50, 929-935.	0.8	1
14	A general practice workplace-based assessment instrument: Content and construct validity. Medical Teacher, 2020, 42, 204-212.	1.8	8
15	General practice registrars'™ experiences of antenatal care: A cross-sectional analysis. Australian and New Zealand Journal of Obstetrics and Gynaecology, 2020, 60, 188-195.	1.0	2
16	Australian general practice registrars and their experience with postpartum consultations: A cross-sectional analysis of prevalence and associations. Australian and New Zealand Journal of Obstetrics and Gynaecology, 2020, 60, 196-203.	1.0	4
17	Implementation of a multifaceted nurse-led intervention to reduce indwelling urinary catheter use in four Australian hospitals: A pre- and postintervention study. Journal of Clinical Nursing, 2020, 29, 872-886.	3.0	12
18	Management of urinary tract infection by early-career general practitioners in Australia. Journal of Evaluation in Clinical Practice, 2020, 26, 1703-1710.	1.8	4

#	ARTICLE	IF	CITATIONS
19	Where would acute care nurses prefer to receive end-of-life care? a cross-sectional survey. <i>International Journal of Nursing Studies</i> , 2020, 109, 103683.	5.6	1
20	Provision of registrar or undergraduate supervision in rural general practice by early-career general practitioners. <i>Australian Journal of Rural Health</i> , 2020, 28, 620-622.	1.5	2
21	Prevalence and associations of prescribing of long-acting reversible contraception by general practitioner registrars: a secondary analysis of ReCEnT data. <i>BMJ Sexual and Reproductive Health</i> , 2020, 46, 218-225.	1.7	6
22	Reducing surgical site infections post-caesarean section in an Australian hospital, using a bundled care approach. <i>Infection, Disease and Health</i> , 2020, 25, 158-167.	1.1	5
23	Prevalence and Associations of General Practice Registrars'™ Management of Impetigo: A Cross-Sectional Analysis From the Registrar Clinical Encounters in Training (ReCEnT) Study. <i>Dermatology Practical and Conceptual</i> , 2020, 10, e2020043.	0.9	2
24	Emergency department referral patterns of Australian general practitioner registrars: a cross-sectional analysis of prevalence, nature and associations. <i>Australian Health Review</i> , 2019, 43, 21.	1.1	4
25	Variations in indwelling urinary catheter use in four Australian acute care hospitals. <i>Journal of Clinical Nursing</i> , 2019, 28, 4572-4581.	3.0	6
26	Antibiotic stewardship in skin infections: a cross-sectional analysis of early-career GP's™ management of impetigo. <i>BMJ Open</i> , 2019, 9, e031527.	1.9	7
27	Early career GPs, mental health training and clinical complexity: a cross-sectional analysis. <i>Education for Primary Care</i> , 2019, 30, 62-69.	0.6	1
28	General practice registrars'™ use of dermoscopy: Prevalence, associations and influence on diagnosis and confidence. <i>Australian Journal of General Practice</i> , 2019, 48, 547-553.	0.8	4
29	Acne in primary care: A cross-sectional analysis. , 2019, 48, 781-788.		3
30	Management of transient ischemic attacks diagnosed by early-career general practitioners: A cross-sectional study. <i>International Journal of Stroke</i> , 2018, 13, 313-320.	5.9	1
31	Maintaining capacity for in-practice teaching and supervision of students and general practice trainees: a cross-sectional study of early career general practitioners. <i>Australian Health Review</i> , 2018, 42, 643.	1.1	9
32	General practice registrars'™ clinical exposure to dermatological procedures during general practice training: a cross-sectional analysis. <i>Education for Primary Care</i> , 2018, 29, 357-366.	0.6	2
33	Early predictors of summative assessment performance in general practice post-graduate training: A retrospective cohort study. <i>Medical Teacher</i> , 2018, 40, 1166-1174.	1.8	6
34	Knowledge of, and participation in, advance care planning: A cross-sectional study of acute and critical care nurses'™ perceptions. <i>International Journal of Nursing Studies</i> , 2018, 86, 74-81.	5.6	33
35	Changes in Australian Early-Career General Practitioners'™ Benzodiazepine Prescribing: a Longitudinal Analysis. <i>Journal of General Internal Medicine</i> , 2018, 33, 1676-1684.	2.6	9
36	Gender differences in Australian general practice trainees performing procedures related to women's™ reproductive health: A cross-sectional analysis. , 2018, 47, 721-726.		3

#	ARTICLE	IF	CITATIONS
37	The pattern of anxiolytic and hypnotic management by Australian general practice trainees. <i>Drug and Alcohol Review</i> , 2017, 36, 261-269.	2.1	8
38	General practice trainees'™ clinical experience of dermatology indicates a need for improved education: A cross-sectional analysis from the Registrar Clinical Encounters in Training Study. <i>Australasian Journal of Dermatology</i> , 2017, 58, e199-e206.	0.7	21
39	Antibiotic prescribing for acute otitis media and acute sinusitis: a cross-sectional analysis of the ReCEnT study exploring the habits of early career doctors in family practice. <i>Family Practice</i> , 2017, 34, 180-187.	1.9	14
40	Prevalence and associations of general practitioners'™ ordering of 'non-symptomatic' prostate-specific antigen tests: A cross-sectional analysis. <i>International Journal of Clinical Practice</i> , 2017, 71, e12998.	1.7	3
41	Older patients' consultations in an apprenticeship model-based general practice training program: A cross-sectional study. <i>Australasian Journal on Ageing</i> , 2017, 36, E1-E7.	0.9	8
42	Clinical encounters of Australian general practice registrars with paediatric patients. <i>Education for Primary Care</i> , 2017, 28, 75-80.	0.6	4
43	General practitioner trainees'™ in-consultation generation of clinical questions for later answering: prevalence and associations. <i>Family Practice</i> , 2017, 34, 599-605.	1.9	7
44	Home visits and nursing home visits by early-career GPs: a cross-sectional study. <i>Family Practice</i> , 2017, 34, 77-82.	1.9	11
45	Responses to clinical uncertainty in Australian general practice trainees: a cross-sectional analysis. <i>Medical Education</i> , 2017, 51, 1277-1288.	2.1	21
46	Changes in pathology test ordering by early career general practitioners: a longitudinal study. <i>Medical Journal of Australia</i> , 2017, 207, 70-74.	1.7	6
47	Prevalence and associations of general practice nurses'™ involvement in consultations of general practitioner registrars: a cross-sectional analysis. <i>Australian Health Review</i> , 2016, 40, 92.	1.1	0
48	Antibiotic prescribing for sore throat: a cross-sectional analysis of the ReCEnT study exploring the habits of early-career doctors in family practice. <i>Family Practice</i> , 2016, 33, 302-308.	1.9	20
49	Changes in early-career family physicians'™ antibiotic prescribing for upper respiratory tract infection and acute bronchitis: a multicentre longitudinal study. <i>Family Practice</i> , 2016, 33, 360-367.	1.9	13
50	The recording of Aboriginal and Torres Strait Islander status in general practice clinical records: a cross-sectional study. <i>Australian and New Zealand Journal of Public Health</i> , 2016, 40, S70-S74.	1.8	4
51	Clinical encounters of Australian general practice registrars with Aboriginal and Torres Strait Islander patients. <i>Australian and New Zealand Journal of Public Health</i> , 2016, 40, S75-S80.	1.8	2
52	In-consultation information and advice-seeking by Australian GP trainees from GP trainers ' a cross-sectional analysis. <i>Education for Primary Care</i> , 2015, 26, 155-165.	0.6	10
53	Pathology test-ordering behaviour of Australian general practice trainees: a cross-sectional analysis. <i>International Journal for Quality in Health Care</i> , 2015, 27, 528-535.	1.8	7
54	The Pattern of Opioid Management by Australian General Practice Trainees. <i>Pain Medicine</i> , 2015, 16, 1720-1731.	1.9	18

#	ARTICLE	IF	CITATIONS
55	GP traineesâ€™ in-consultation information-seeking: associations with human, paper and electronic sources. Family Practice, 2015, 32, 525-532.	1.9	16
56	Antibiotic prescribing for respiratory infections: a cross-sectional analysis of the ReCEnT study exploring the habits of early-career doctors in primary care. Family Practice, 2015, 32, 49-55.	1.9	41
57	Prevalence and associations of gender concordance in general practice consultations: a cross-sectional analysis.. European Journal for Person Centered Healthcare, 2015, 3, 470.	0.3	4
58	Impact of androgen suppression and zoledronic acid on bone mineral density and fractures in the Transâ€Tasman Radiation Oncology Group (<scp>TROG</scp>) 03.04 Randomised Androgen Deprivation and Radiotherapy (<scp>RADAR</scp>) randomized controlled trial for locally advanced prostate cancer. BJU International, 2014, 114, 344-353.	2.5	26
59	Data management: The building blocks of clean, accurate and reliable longitudinal datasets. International Journal of Multiple Research Approaches, 2007, 1, 156-174.	0.1	6
60	Effectiveness of the National Death Index for establishing the vital status of older women in the Australian Longitudinal Study on Women's Health. Australian and New Zealand Journal of Public Health, 2000, 24, 526-528.	1.8	90
