#	ARTICLE	IF	CITATIONS
1	Association between particulate matter air pollution and lung cancer. <i>Thorax</i> , 2020, 75, 85-87.	5.6	52
2	Hypertension, socioeconomic status and depressive symptoms in Chinese middle-aged and older adults: Findings from the China health and retirement longitudinal study. <i>Journal of Affective Disorders</i> , 2019, 252, 237-244.	4.1	38
3	Rational use of antibiotics in the context of China's health system reform. <i>BMJ: British Medical Journal</i> , 2019, 365, l4016.	2.3	37
4	“The biggest reform to China's health system” did the zero-markup drug policy achieve its goal at traditional Chinese medicines county hospitals?. <i>Health Policy and Planning</i> , 2019, 34, 483-491.	2.7	29
5	Depressive symptoms, health behaviors and risk of diabetes in Chinese mid-aged and older adults. <i>Journal of Affective Disorders</i> , 2019, 246, 783-788.	4.1	28
6	Hearing Aid Acquisition in Chinese Older Adults With Hearing Loss. <i>American Journal of Public Health</i> , 2018, 108, 241-247.	2.7	26
7	Long-term effects of prenatal exposure to earthquake on adult schizophrenia. <i>British Journal of Psychiatry</i> , 2019, 215, 730-735.	2.8	25
8	Long-term effect of prenatal exposure to malnutrition on risk of schizophrenia in adulthood: Evidence from the Chinese famine of 1959-1961. <i>European Psychiatry</i> , 2018, 51, 42-47.	0.2	24
9	Association of socioeconomic status with hearing loss in Chinese working-aged adults: A population-based study. <i>PLoS ONE</i> , 2018, 13, e0195227.	2.5	24
10	Social causation or social selection? The longitudinal interrelationship between poverty and depressive symptoms in China. <i>Social Science and Medicine</i> , 2020, 249, 112848.	3.8	24
11	Hearing loss and cognitive function among Chinese older adults: the role of participation in leisure activities. <i>BMC Geriatrics</i> , 2020, 20, 215.	2.7	22
12	Comorbidity in lung cancer patients and its association with medical service cost and treatment choice in China. <i>BMC Cancer</i> , 2020, 20, 250.	2.6	22
13	The Longitudinal Association Between Retirement and Depression: A Systematic Review and Meta-Analysis. <i>American Journal of Epidemiology</i> , 2021, 190, 2220-2230.	3.4	22
14	Prenatal malnutrition and adult cognitive impairment: a natural experiment from the 1959-1961 Chinese famine. <i>British Journal of Nutrition</i> , 2018, 120, 198-203.	2.3	20
15	Impact of China's healthcare price reforms on traditional Chinese medicine public hospitals in Beijing: an interrupted time-series study. <i>BMJ Open</i> , 2019, 9, e029646.	1.9	20
16	Associations between childhood adversities and late-life cognitive function: Potential mechanisms. <i>Social Science and Medicine</i> , 2021, 291, 114478.	3.8	20
17	Individual-level and area-level socioeconomic status (SES) and schizophrenia: cross-sectional analyses using the evidence from 1.9 million Chinese adults. <i>BMJ Open</i> , 2019, 9, e026532.	1.9	19
18	The association of hearing impairment and its severity with physical and mental health among Chinese middle-aged and older adults. <i>Health and Quality of Life Outcomes</i> , 2020, 18, 155.	2.4	19

#	ARTICLE	IF	CITATIONS
19	Estimated annual prevalence, medical service utilization and direct costs of lung cancer in urban China. <i>Cancer Medicine</i> , 2021, 10, 2914-2923.	2.8	17
20	Medical Service Utilization and Direct Medical Cost of Stroke in Urban China. <i>International Journal of Health Policy and Management</i> , 2020, , .	0.9	16
21	Risk of cognitive impairment in children after maternal exposure to the 1998 Yangtze River flood during pregnancy: analysis of data from China's second National Sample Survey on Disability. <i>Lancet Planetary Health</i> , The, 2020, 4, e522-e529.	11.4	14
22	Regional disparities in health care resources in traditional Chinese medicine county hospitals in China. <i>PLoS ONE</i> , 2020, 15, e0227956.	2.5	14
23	Comorbidity in lung cancer patients and its association with hospital readmission and fatality in China. <i>BMC Cancer</i> , 2021, 21, 557.	2.6	14
24	Different impacts of the zero-markup drug policy on county general and traditional Chinese medicine hospitals: evidence from Shandong province, China. <i>International Journal for Equity in Health</i> , 2020, 19, 219.	3.5	12
25	The Long-Term Impact of Adversity in Adolescence on Health in Middle and Older Adulthood: A Natural Experiment From the Chinese Send-Down Movement. <i>American Journal of Epidemiology</i> , 2021, 190, 1306-1315.	3.4	10
26	Education as a moderator in the effect of diabetes on depressive symptoms in Chinese middle-aged and older adults: A population-based longitudinal study. <i>Journal of Affective Disorders</i> , 2018, 240, 41-47.	4.1	9
27	Prenatal war exposure and schizophrenia in adulthood: evidence from the Sino-Japanese War of 1937-1945. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2019, 54, 313-320.	3.1	9
28	Association Between Childhood and Adolescent Sexual Abuse Experiences and High-Risk Sexual Behaviors Among Chinese Youth. <i>Sexual Medicine</i> , 2018, 6, 273-281.	1.6	8
29	Urban health advantage or urban health penalty? Urban-rural disparities in age trajectories of physiological health among Chinese middle-aged and older women and men. <i>Health and Place</i> , 2021, 69, 102559.	3.3	8
30	Direct and indirect associations between childhood socioeconomic status and cognitive function in the middle-aged and older adults in China. <i>Aging and Mental Health</i> , 2022, 26, 1730-1737.	2.8	8
31	Trends in Rehabilitation Services Use in Chinese Children and Adolescents With Intellectual Disabilities: 2007-2013. <i>Archives of Physical Medicine and Rehabilitation</i> , 2017, 98, 2408-2415.	0.9	7
32	Earlier migration, better cognition? The role of urbanization in bridging the urban-rural cognition gaps in middle and older age. <i>Aging and Mental Health</i> , 2022, 26, 477-485.	2.8	7
33	Antidepressant use and expenditure in the treatment of patients with depression: Evidence from China urban medical claims data. <i>Journal of Affective Disorders</i> , 2022, 296, 603-608.	4.1	7
34	Effects of providing free hearing aids on multiple health outcomes among middle-aged and older adults with hearing loss in rural China: a randomized controlled trial. <i>BMC Medicine</i> , 2022, 20, 124.	5.5	7
35	Adults with intellectual disabilities in China: comorbid psychiatric disorder and its association with health service utilisation. <i>Journal of Intellectual Disability Research</i> , 2018, 62, 106-114.	2.0	6
36	Season of birth and dementia: Findings from Chinese elderly based on a nationwide data. <i>American Journal of Human Biology</i> , 2020, 32, e23319.	1.6	5

#	ARTICLE	IF	CITATIONS
37	Is Traditional Chinese Medicine “Mainstream” in China? Trends in Traditional Chinese Medicine Health Resources and Their Utilization in Traditional Chinese Medicine Hospitals from 2004 to 2016. Evidence-based Complementary and Alternative Medicine, 2020, 2020, 1-8.	1.2	5
38	<p>Preferences for Hearing Aid Attributes Among People with Moderate or Greater Hearing Loss in Rural China: A Discrete Choice Experiment</p>. Patient Preference and Adherence, 2020, Volume 14, 643-652.	1.8	5
39	Cost-effectiveness analysis of quadrivalent seasonal influenza vaccines in Beijing: A modeling analysis. Vaccine, 2022, 40, 994-1000.	3.8	5
