#	ARTICLE	IF	CITATIONS
1	Association of Built Environmental Features with Rates of Infectious Diseases in Remote Indigenous Communities in the Northern Territory, Australia. <i>Healthcare (Switzerland)</i> , 2022, 10, 173.	1.0	2
2	Testosterone treatment to prevent or revert type 2 diabetes in men enrolled in a lifestyle programme (T4DM): a randomised, double-blind, placebo-controlled, 2-year, phase 3b trial. <i>Lancet Diabetes and Endocrinology</i> , 2021, 9, 32-45.	5.5	164
3	Associations between supermarket availability and body size in Australia: a cross-sectional observational study comparing state and territory capital cities. <i>BMC Public Health</i> , 2021, 21, 407.	1.2	8
4	Relative "greenness" and not availability of public open space buffers stressful life events and longitudinal trajectories of psychological distress. <i>Health and Place</i> , 2021, 68, 102501.	1.5	15
5	Identifying Environmental Determinants Relevant to Health and Wellbeing in Remote Australian Indigenous Communities: A Scoping Review of Grey Literature. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 4167.	1.2	10
6	Residential area and screening venue location features associated with spatial variation in breast cancer screening invitation response rates: an observational study in Greater Sydney, Australia. <i>BMJ Open</i> , 2021, 11, e043853.	0.8	4
7	Prioritizing Built Environmental Factors to Tackle Chronic and Infectious Diseases in Remote Northern Territory (NT) Communities of Australia: A Concept Mapping Study. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 5178.	1.2	2
8	Treatment of tungiasis using a tea tree oil-based gel formulation: protocol for a randomised controlled proof-of-principle trial. <i>BMJ Open</i> , 2021, 11, e047380.	0.8	1
9	Residential location, commute distance, and body size: Cross-sectional observational study of state and territory capital cities in Australia. <i>Journal of Transport and Health</i> , 2021, 22, 101122.	1.1	5
10	Associations between breast cancer screening participation and residential area sociodemographic features, geographic accessibility, and features of screening venue location in Greater Sydney, Australia. <i>Preventive Medicine</i> , 2021, 153, 106774.	1.6	2
11	Residential Area Sociodemographic and Breast Cancer Screening Venue Location Built Environmental Features Associated with Women's Use of Closest Venue in Greater Sydney, Australia. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 11277.	1.2	2
12	Estimating children's Active School Travel behaviour using the ROUTe Observation for Travelling to School (ROOTS) instrument. <i>Journal of Transport and Health</i> , 2021, 23, 101287.	1.1	0
13	Associations between area socioeconomic status, individual mental health, physical activity, diet and change in cardiometabolic risk amongst a cohort of Australian adults: A longitudinal path analysis. <i>PLoS ONE</i> , 2020, 15, e0233793.	1.1	13
14	Are changes in depressive symptoms, general health and residential area socio-economic status associated with trajectories of waist circumference and body mass index?. <i>PLoS ONE</i> , 2020, 15, e0227029.	1.1	5
15	Built Environments and Cardiometabolic Morbidity and Mortality in Remote Indigenous Communities in the Northern Territory, Australia. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 769.	1.2	6
16	Contributions of Multiple Built Environment Features to 10-Year Change in Body Mass Index and Waist Circumference in a South Australian Middle-Aged Cohort. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 870.	1.2	10
17	Methods for accounting for neighbourhood self-selection in physical activity and dietary behaviour research: a systematic review. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2020, 17, 45.	2.0	42
18	Place and health infrastructure in the Gulf Cooperation Council: A systematic scoping review of GIS applications in health. <i>Geospatial Health</i> , 2020, 15, .	0.3	0

#	ARTICLE	IF	CITATIONS
19	Effectiveness of discharge education strategies versus usual care on clinical outcomes in acute coronary syndrome patients: a systematic review. <i>JB Evidence Synthesis</i> , 2020, 18, 309-331.	0.6	12
20	Finite mixture models in neighbourhoods-to-health research: A systematic review. <i>Health and Place</i> , 2019, 59, 102140.	1.5	8
21	The prevalence and correlates of tobacco use among 7-9th grade students in Bangladesh. <i>Children and Youth Services Review</i> , 2019, 104, 104406.	1.0	4
22	The global effect of extreme weather events on nutrient supply: a superposed epoch analysis. <i>Lancet Planetary Health</i> , The, 2019, 3, e429-e438.	5.1	19
23	A high-volume, low-cost approach to participant screening and enrolment: Experiences from the T4DM diabetes prevention trial. <i>Clinical Trials</i> , 2019, 16, 589-598.	0.7	1
24	Associations between Community Environmental-Level Factors and Diet Quality in Geographically Isolated Australian Communities. <i>International Journal of Environmental Research and Public Health</i> , 2019, 16, 1943.	1.2	5
25	Telephone call reminders did not increase screening uptake more than SMS reminders: a recruitment study within a trial. <i>Journal of Clinical Epidemiology</i> , 2019, 112, 45-52.	2.4	4
26	The Keeping on Track Study: Exploring the Activity Levels and Utilization of Healthcare Services of Acute Coronary Syndrome (ACS) Patients in the First 30-Days after Discharge from Hospital. <i>Medical Sciences (Basel, Switzerland)</i> , 2019, 7, 61.	1.3	6
27	Correlates of Discordance between Perceived and Objective Distances to Local Fruit and Vegetable Retailers. <i>International Journal of Environmental Research and Public Health</i> , 2019, 16, 1262.	1.2	4
28	Climatic and community sociodemographic factors associated with remote Indigenous Australian smoking rates: an ecological study of health audit data. <i>BMJ Open</i> , 2019, 9, e032173.	0.8	6
29	Concurrent assessment of urban environment and cardiometabolic risk over 10 years in a middle-aged population-based cohort. <i>Geographical Research</i> , 2019, 57, 98-110.	0.9	10
30	Examining adherence to activity monitoring devices to improve physical activity in adults with cardiovascular disease: A systematic review. <i>European Journal of Preventive Cardiology</i> , 2019, 26, 382-397.	0.8	27
31	Testosterone therapy to prevent type 2 diabetes mellitus in at-risk men (T4DM): Design and implementation of a double-blind randomized controlled trial. <i>Diabetes, Obesity and Metabolism</i> , 2019, 21, 772-780.	2.2	25
32	Predictors of Quality of Life in Montreal, Canada: A Longitudinal Study. <i>Community Mental Health Journal</i> , 2019, 55, 189-201.	1.1	17
33	Effectiveness of discharge education on outcomes in acute coronary syndrome patients: a systematic review protocol. <i>JB Database of Systematic Reviews and Implementation Reports</i> , 2018, 16, 817-824.	1.7	3
34	Evaluation of data accuracies within a comprehensive geospatial-health data surveillance platform: SOMAARTH Demographic Development and Environmental Surveillance Site, Palwal, Haryana, India. <i>Global Health, Epidemiology and Genomics</i> , 2018, 3, e19.	0.2	1
35	Mis-placed inference: Circular logic in spatial prediction of obesity. <i>Obesity Research and Clinical Practice</i> , 2018, 12, 403-404.	0.8	1
36	Gender-specific associations between perceived and objective neighbourhood crime and metabolic syndrome. <i>PLoS ONE</i> , 2018, 13, e0201336.	1.1	12

#	ARTICLE	IF	CITATIONS
37	Are Perceived and Objective Distances to Fresh Food and Physical Activity Resources Associated with Cardiometabolic Risk?. <i>International Journal of Environmental Research and Public Health</i> , 2018, 15, 224.	1.2	14
38	Associations between local descriptive norms for overweight/obesity and insufficient fruit intake, individual-level diet, and 10-year change in body mass index and glycosylated haemoglobin in an Australian cohort. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , 2018, 15, 44.	2.0	5
39	Adherence to activity monitoring devices or smartphone applications for improving physical activity in adults with cardiovascular disease: a systematic review protocol. <i>JB Database of Systematic Reviews and Implementation Reports</i> , 2018, 16, 1634-1642.	1.7	4
40	Establishing a Demographic, Development and Environmental Geospatial Surveillance Platform in India: Planning and Implementation. <i>JMIR Public Health and Surveillance</i> , 2018, 4, e66.	1.2	6
41	Cohort Profile: The Interdisciplinary Study of Inequalities in Smoking (ISIS). <i>International Journal of Epidemiology</i> , 2017, 46, e4-e4.	0.9	14
42	The lifecourse of place: Looking past paradigms and metaphors to the just nature of place-health – A rejoinder to Andrews'. <i>Social Science and Medicine</i> , 2017, 175, 215-218.	1.8	1
43	Short-term injection drug use changes following hepatitis C virus (HCV) assessment and treatment among persons who inject drugs with acute HCV infection. <i>International Journal of Drug Policy</i> , 2017, 47, 239-243.	1.6	17
44	Local descriptive body weight and dietary norms, food availability, and 10-year change in glycosylated haemoglobin in an Australian population-based biomedical cohort. <i>BMC Public Health</i> , 2017, 17, 149.	1.2	12
45	Illuminating the lifecourse of place in the longitudinal study of neighbourhoods and health. <i>Social Science and Medicine</i> , 2017, 177, 239-247.	1.8	25
46	Does Physical Activity Mediate the Associations Between Local-Area Descriptive Norms, Built Environment Walkability, and Glycosylated Hemoglobin?. <i>International Journal of Environmental Research and Public Health</i> , 2017, 14, 953.	1.2	14
47	Policy, Research and Residents' Perspectives on Built Environments Implicated in Heart Disease: A Concept Mapping Approach. <i>International Journal of Environmental Research and Public Health</i> , 2017, 14, 170.	1.2	11
48	The food environment and diet quality of urban-dwelling older women and men: Assessing the moderating role of diet knowledge. <i>Canadian Journal of Public Health</i> , 2016, 107, eS34-eS41.	1.1	19
49	Geographic Clustering of Cardiometabolic Risk Factors in Metropolitan Centres in France and Australia. <i>International Journal of Environmental Research and Public Health</i> , 2016, 13, 519.	1.2	12
50	The role of living context in prescription opioid injection and the associated risk of hepatitis C infection. <i>Addiction</i> , 2016, 111, 1985-1996.	1.7	11
51	Residential proximity to urban centres, local-area walkability and change in waist circumference among Australian adults. <i>Preventive Medicine</i> , 2016, 93, 39-45.	1.6	22
52	Local descriptive norms for overweight/obesity and physical inactivity, features of the built environment, and 10-year change in glycosylated haemoglobin in an Australian population-based biomedical cohort. <i>Social Science and Medicine</i> , 2016, 166, 233-243.	1.8	11
53	Place and Posttraumatic Stress Disorder. <i>Journal of Traumatic Stress</i> , 2016, 29, 293-300.	1.0	15
54	Assessing change in perceived community leadership readiness in the Obesity Prevention and Lifestyle program. <i>Health Promotion Journal of Australia</i> , 2016, 27, 208-214.	0.6	12

#	ARTICLE	IF	CITATIONS
55	Clinical outcomes associated with albuminuria in central Australia: a cohort study. <i>BMC Nephrology</i> , 2016, 17, 113.	0.8	5
56	A workplace health promotion application of the Precede-Proceed model in a regional and remote mining company in Whyalla, South Australia. <i>International Journal of Workplace Health Management</i> , 2015, 8, 154-174.	0.8	5
57	Assessing community readiness online: a concurrent validation study. <i>BMC Public Health</i> , 2015, 15, 598.	1.2	9
58	The impacts of withdrawal and replacement of general practitioner services on aeromedical service trends: a 13-year interrupted time-series study in Tennant Creek, Northern Territory. <i>BMC Health Services Research</i> , 2015, 15, 456.	0.9	2
59	A Systematic Review of Community Readiness Tool Applications: Implications for Reporting. <i>International Journal of Environmental Research and Public Health</i> , 2015, 12, 3453-3468.	1.2	51
60	Conceptual and Operational Considerations in Identifying Socioenvironmental Factors Associated with Disability among Community-Dwelling Adults. <i>International Journal of Environmental Research and Public Health</i> , 2015, 12, 3814-3834.	1.2	10
61	Hepatitis C Virus seroconversion among persons who inject drugs in relation to primary care physician visiting: The potential role of primary healthcare in a combined approach to Hepatitis C prevention. <i>International Journal of Drug Policy</i> , 2015, 26, 970-975.	1.6	9
62	Unintended Messages in Online Advertising to Youth: Illicit Drug Imagery in a Canadian Sports Marketing Campaign. <i>Journal of Adolescent Health</i> , 2015, 56, 429-432.	1.2	0
63	Stillbirth in an Anglophone minority of Canada. <i>International Journal of Public Health</i> , 2015, 60, 353-362.	1.0	8
64	Transit use and walking as potential mediators of the association between accessibility to services and amenities and social participation among urban-dwelling older adults: Insights from the VoisiNuAge study. <i>Journal of Transport and Health</i> , 2015, 2, 35-43.	1.1	20
65	Differences in associations between active transportation and built environmental exposures when expressed using different components of individual activity spaces. <i>Health and Place</i> , 2015, 33, 195-202.	1.5	30
66	Neighborhood Deprivation and Maternal Psychological Distress During Pregnancy: A Multilevel Analysis. <i>Maternal and Child Health Journal</i> , 2015, 19, 1142-1151.	0.7	16
67	Do Relationships Between Environmental Attributes and Recreational Walking Vary According to Area-Level Socioeconomic Status?. <i>Journal of Urban Health</i> , 2015, 92, 253-264.	1.8	33
68	Predictors of Residential Mobility among Older Canadians and Impact on Analyses of Place and Health Relationships. <i>AIMS Public Health</i> , 2015, 2, 115-131.	1.1	6
69	Area-Level Socioeconomic Characteristics, Prevalence and Trajectories of Cardiometabolic Risk. <i>International Journal of Environmental Research and Public Health</i> , 2014, 11, 830-848.	1.2	8
70	Sex-specific correlates of adult physical activity in an Australian rural community. <i>Australian Journal of Rural Health</i> , 2014, 22, 15-22.	0.7	6
71	High folate levels in Aboriginal children after subsidised fruit and vegetables and mandatory folic acid fortification. <i>Australian and New Zealand Journal of Public Health</i> , 2014, 38, 241-246.	0.8	8
72	Sustained Drug Use Changes After Hepatitis C Screening and Counseling Among Recently Infected Persons Who Inject Drugs: A Longitudinal Study. <i>Clinical Infectious Diseases</i> , 2014, 58, 755-761.	2.9	65

#	ARTICLE	IF	CITATIONS
73	Total n-3 fatty acid and SFA intakes in relation to insulin resistance in a Canadian First Nation at risk for the development of type 2 diabetes. <i>Public Health Nutrition</i> , 2014, 17, 1337-1341.	1.1	9
74	Consumption patterns of sweetened food and drink products in a Catholic Middle Eastern Canadian community. <i>Public Health Nutrition</i> , 2014, 17, 471-478.	1.1	7
75	Public open spaces and walking for recreation: Moderation by attributes of pedestrian environments. <i>Preventive Medicine</i> , 2014, 62, 25-29.	1.6	26
76	Validation of continuous clinical indices of cardiometabolic risk in a cohort of Australian adults. <i>BMC Cardiovascular Disorders</i> , 2014, 14, 27.	0.7	23
77	Food environment, walkability, and public open spaces are associated with incident development of cardio-metabolic risk factors in a biomedical cohort. <i>Health and Place</i> , 2014, 28, 173-176.	1.5	119
78	Factors influencing health care utilisation among Aboriginal cardiac patients in central Australia: a qualitative study. <i>BMC Health Services Research</i> , 2013, 13, 83.	0.9	66
79	Relative residential property value as a socio-economic status indicator for health research. <i>International Journal of Health Geographics</i> , 2013, 12, 22.	1.2	48
80	Comparison of Two Indices of Availability of Fruits/Vegetable and Fast Food Outlets. <i>Journal of Urban Health</i> , 2013, 90, 240-245.	1.8	14
81	Residential proximity to gasoline service stations and preterm birth. <i>Environmental Science and Pollution Research</i> , 2013, 20, 7186-7193.	2.7	7
82	Response to the Letter by Kawada et al. regarding the manuscript entitled "The metabolic syndrome and CVD outcomes for a central Australian cohort". <i>Diabetes Research and Clinical Practice</i> , 2013, 102, e22-e23.	1.1	0
83	Is walkability associated with a lower cardiometabolic risk?. <i>Health and Place</i> , 2013, 21, 163-169.	1.5	66
84	Are accessibility and characteristics of public open spaces associated with a better cardiometabolic health?. <i>Landscape and Urban Planning</i> , 2013, 118, 70-78.	3.4	108
85	Area-level socioeconomic characteristics and incidence of metabolic syndrome: a prospective cohort study. <i>BMC Public Health</i> , 2013, 13, 681.	1.2	20
86	Hypertriglyceridemic waist and newly-diagnosed diabetes among remote-dwelling Indigenous Australians. <i>Annals of Human Biology</i> , 2013, 40, 496-504.	0.4	13
87	Contribution of local area deprivation to cultural-linguistic inequalities in foetal growth restriction: Trends over time in a Canadian metropolitan centre. <i>Health and Place</i> , 2013, 22, 38-47.	1.5	8
88	Associations between disability prevalence and local-area characteristics in a general community-living population. <i>Revue D'Epidemiologie Et De Sante Publique</i> , 2013, 61, 463-474.	0.3	6
89	The adaptive nature of implementation practice: Case study of a school-based nutrition education intervention. <i>Evaluation and Program Planning</i> , 2013, 39, 10-18.	0.9	21
90	The metabolic syndrome and CVD outcomes for a central Australian cohort. <i>Diabetes Research and Clinical Practice</i> , 2013, 100, e70-e73.	1.1	8

#	ARTICLE	IF	CITATIONS
91	Interactions between neighborhood characteristics and individual functional status in relation to disability among Québec urbanites. <i>Disability and Health Journal</i> , 2013, 6, 361-368.	1.6	11
92	Psychological distress mediates the association between daytime sleepiness and consumption of sweetened products: cross-sectional findings in a Catholic Middle-Eastern Canadian community. <i>BMJ Open</i> , 2013, 3, e002298.	0.8	12
93	Nutritional impacts of a fruit and vegetable subsidy programme for disadvantaged Australian Aboriginal children. <i>British Journal of Nutrition</i> , 2013, 110, 2309-2317.	1.2	35
94	Neighborhood Resources and Social Participation Among Older Adults. <i>Journal of Aging and Health</i> , 2013, 25, 296-318.	0.9	70
95	Identifying multi-level culturally appropriate smoking cessation strategies for Aboriginal health staff: a concept mapping approach. <i>Health Education Research</i> , 2013, 28, 31-45.	1.0	12
96	Impact Evaluation of a Public Bicycle Share Program on Cycling: A Case Example of BIXI in Montreal, Quebec. <i>American Journal of Public Health</i> , 2013, 103, e85-e92.	1.5	74
97	Investigating Individual- and Area-Level Socioeconomic Gradients of Pulse Pressure among Normotensive and Hypertensive Participants. <i>International Journal of Environmental Research and Public Health</i> , 2013, 10, 571-589.	1.2	6
98	Health outcomes of a subsidised fruit and vegetable program for Aboriginal children in northern New South Wales. <i>Medical Journal of Australia</i> , 2013, 199, 46-50.	0.8	37
99	Characterising the Smoking Status and Quit Smoking Behaviour of Aboriginal Health Workers in South Australia. <i>International Journal of Environmental Research and Public Health</i> , 2013, 10, 7193-7206.	1.2	5
100	Living in a Well-Serviced Urban Area Is Associated With Maintenance of Frequent Walking Among Seniors in the VoisiNuAge Study. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2012, 67B, 76-88.	2.4	50
101	Associations between Resident Perceptions of the Local Residential Environment and Metabolic Syndrome. <i>Journal of Environmental and Public Health</i> , 2012, 2012, 1-11.	0.4	27
102	Associations between residential food environment and dietary patterns in urban-dwelling older adults: results from the VoisiNuAge study. <i>Public Health Nutrition</i> , 2012, 15, 2026-2039.	1.1	42
103	Educational Inequalities in Preterm and Term Small-for-Gestational-Age Birth Over Time. <i>Annals of Epidemiology</i> , 2012, 22, 160-167.	0.9	11
104	“I know it’s bad for me and yet I do it” exploring the factors that perpetuate smoking in Aboriginal Health Workers - a qualitative study. <i>BMC Health Services Research</i> , 2012, 12, 102.	0.9	20
105	Aboriginal Health Workers experience multilevel barriers to quitting smoking: a qualitative study. <i>International Journal for Equity in Health</i> , 2012, 11, 27.	1.5	30
106	Prevalence of psychological distress and mental disorders, and use of mental health services in the epidemiological catchment area of Montreal South-West. <i>BMC Psychiatry</i> , 2012, 12, 183.	1.1	75
107	Describing the Situational Contexts of Sweetened Product Consumption in a Middle Eastern Canadian Community: Application of a Mixed Method Design. <i>PLoS ONE</i> , 2012, 7, e44738.	1.1	5
108	Local Context Influence, Activity Space, and Foodscape Exposure in Two Canadian Metropolitan Settings: Is Daily Mobility Exposure Associated with Overweight?. <i>Journal of Obesity</i> , 2012, 2012, 1-9.	1.1	28
