#	ARTICLE	IF	CITATIONS
1	Comparison of an Oral Factor Xa Inhibitor With Low Molecular Weight Heparin in Patients With Cancer With Venous Thromboembolism: Results of a Randomized Trial (SELECT-D). <i>Journal of Clinical Oncology</i> , 2018, 36, 2017-2023.	1.6	967
2	Patient expectations: What do primary care patients want from the GP and how far does meeting expectations affect patient satisfaction?. <i>Family Practice</i> , 1995, 12, 193-201.	1.9	235
3	The effectiveness of treatment for depression/depressive symptoms in adults with cancer: a systematic review. <i>British Journal of Cancer</i> , 2006, 94, 372-390.	6.4	219
4	Improving generalist end of life care: national consultation with practitioners, commissioners, academics, and service user groups. <i>BMJ: British Medical Journal</i> , 2008, 337, a1720-a1720.	2.3	174
5	Primary care in the accident and emergency department: I. Prospective identification of patients. <i>BMJ: British Medical Journal</i> , 1995, 311, 423-426.	2.3	139
6	Cost effectiveness of treating primary care patients in accident and emergency: a comparison between general practitioners, senior house officers, and registrars. <i>BMJ: British Medical Journal</i> , 1996, 312, 1340-1344.	2.3	115
7	Absence management and presenteeism: the pressures on employees to attend work and the impact of attendance on performance. <i>Human Resource Management Journal</i> , 2010, 20, 311-328.	5.7	107
8	Primary care in the accident and emergency department: II. comparison of general practitioners and hospital doctors. <i>BMJ: British Medical Journal</i> , 1995, 311, 427-430.	2.3	105
9	Telephone peer-delivered intervention for diabetes motivation and support: The telecare exploratory RCT. <i>Patient Education and Counseling</i> , 2009, 75, 91-98.	2.2	99
10	Exploring preferences for place of death with terminally ill patients: qualitative study of experiences of general practitioners and community nurses in England. <i>BMJ: British Medical Journal</i> , 2009, 339, b2391-b2391.	2.3	96
11	Senior house officers' work related stressors, psychological distress, and confidence in performing clinical tasks in accident and emergency: a questionnaire study. <i>BMJ: British Medical Journal</i> , 1997, 314, 713-713.	2.3	90
12	On-scene alternatives for emergency ambulance crews attending patients who do not need to travel to the accident and emergency department: a review of the literature. <i>Emergency Medicine Journal</i> , 2004, 21, 212-215.	1.0	83
13	Peer support telephone calls for improving health. <i>The Cochrane Library</i> , 2008, , CD006903.	2.8	80
14	Adolescent Desire for Cosmetic Surgery. <i>Plastic and Reconstructive Surgery</i> , 2017, 139, 1109-1118.	1.4	80
15	Interprofessional relationships and communication in primary palliative care: impact of the Gold Standards Framework. <i>British Journal of General Practice</i> , 2008, 58, 256-263.	1.4	78
16	Healthcare assistants in general practice: practical and conceptual issues of skill-mix change. <i>British Journal of General Practice</i> , 2008, 58, 118-124.	1.4	78
17	Providing end-of-life care in general practice: findings of a national GP questionnaire survey. <i>British Journal of General Practice</i> , 2016, 66, e647-e653.	1.4	74
18	Obstacles to adherence in living with type-2 diabetes: An international qualitative study using meta-ethnography (EUROBSTACLE). <i>Primary Care Diabetes</i> , 2007, 1, 25-33.	1.8	70

#	ARTICLE	IF	CITATIONS
19	Systematic review of communication technologies to promote access and engagement of young people with diabetes into healthcare. <i>BMC Endocrine Disorders</i> , 2011, 11, 1.	2.2	70
20	Effects of the Diabetes Manual 1:1 structured education in primary care. <i>Diabetic Medicine</i> , 2008, 25, 722-731.	2.3	69
21	“My body's falling apart.” Understanding the experiences of patients with advanced multimorbidity to improve care: serial interviews with patients and carers. <i>BMJ Supportive and Palliative Care</i> , 2016, 6, 60-65.	1.6	66
22	Computer assisted assessment and advice for "non-serious" 999 ambulance service callers: the potential impact on ambulance despatch. <i>Emergency Medicine Journal</i> , 2003, 20, 178-183.	1.0	64
23	GP retention in the UK: a worsening crisis. Findings from a cross-sectional survey. <i>BMJ Open</i> , 2019, 9, e026048.	1.9	64
24	Safety of telephone consultation for "non-serious" emergency ambulance service patients. <i>Quality and Safety in Health Care</i> , 2004, 13, 363-373.	2.5	63
25	Breaking bad news: consultants' experience, previous education and views on educational format and timing. <i>Medical Education</i> , 2007, 41, 947-956.	2.1	61
26	Towards primary care for non-serious 999 callers: results of a controlled study of "Treat and Refer" protocols for ambulance crews. <i>Quality and Safety in Health Care</i> , 2004, 13, 435-443.	2.5	58
27	The general practitioner workforce crisis in England: a qualitative study of how appraisal and revalidation are contributing to intentions to leave practice. <i>BMC Family Practice</i> , 2016, 17, 84.	2.9	57
28	Retaining the general practitioner workforce in England: what matters to GPs? A cross-sectional study. <i>BMC Family Practice</i> , 2015, 16, 140.	2.9	56
29	Primary care in accident and emergency and general practice: A comparison. <i>Social Science and Medicine</i> , 1992, 35, 987-995.	3.8	55
30	Gaps between policy, protocols and practice: a qualitative study of the views and practice of emergency ambulance staff concerning the care of patients with non-urgent needs. <i>Quality and Safety in Health Care</i> , 2005, 14, 251-257.	2.5	55
31	Insulin initiation in primary care for patients with type 2 diabetes: 3-Year follow-up study. <i>Primary Care Diabetes</i> , 2010, 4, 85-89.	1.8	54
32	Oral health awareness in adult patients with diabetes: a questionnaire study. <i>British Dental Journal</i> , 2011, 211, E12-E12.	0.6	54
33	Finding a pathway: Information and uncertainty along the prostate cancer patient journey. <i>British Journal of Health Psychology</i> , 2009, 14, 437-458.	3.5	53
34	Coordination of care for individuals with advanced progressive conditions: a multi-site ethnographic and serial interview study. <i>British Journal of General Practice</i> , 2013, 63, e580-e588.	1.4	51
35	Parental experiences of end of life care decision-making for children with life-limiting conditions in the paediatric intensive care unit: a qualitative interview study. <i>BMJ Open</i> , 2019, 9, e028548.	1.9	50
36	A Virtual Clinic for Diabetes Self-Management: Pilot Study. <i>Journal of Medical Internet Research</i> , 2009, 11, e10.	4.3	47

#	ARTICLE	IF	CITATIONS
37	Information needs and prostate cancer: the development of a systematic means of identification. <i>BJU International</i> , 2004, 94, 63-69.	2.5	46
38	Hospital consultants breaking bad news with simulated patients: An analysis of communication using the Roter Interaction Analysis System. <i>Patient Education and Counseling</i> , 2011, 83, 185-194.	2.2	46
39	Choice and place of death: individual preferences, uncertainty, and the availability of care. <i>Journal of the Royal Society of Medicine</i> , 2007, 100, 211-215.	2.0	44
40	Advance Care Planning in palliative care: A qualitative investigation into the perspective of Paediatric Intensive Care Unit staff. <i>Palliative Medicine</i> , 2015, 29, 371-379.	3.1	44
41	Emergency nurse practitioners and doctors consulting with patients in an emergency department: a comparison of communication skills and satisfaction. <i>Emergency Medicine Journal</i> , 2009, 26, 400-404.	1.0	41
42	Specialist paediatric palliative care services: what are the benefits?. <i>Archives of Disease in Childhood</i> , 2017, 102, 923-929.	1.9	41
43	Enhancing delivery of health behaviour change interventions in primary care: A meta-synthesis of views and experiences of primary care nurses. <i>Patient Education and Counseling</i> , 2011, 85, 315-322.	2.2	40
44	The impact of general practitioners working in or alongside emergency departments: a rapid realist review. <i>BMJ Open</i> , 2019, 9, e024501.	1.9	39
45	Community end-of-life care during the COVID-19 pandemic: findings of a UK primary care survey. <i>BJGP Open</i> , 2021, 5, BJGPO.2021.0095.	1.8	39
46	A national facilitation project to improve primary palliative care: impact of the Gold Standards Framework on process and self-ratings of quality. <i>Quality and Safety in Health Care</i> , 2009, 18, 174-180.	2.5	38
47	Support and Assessment for Fall Emergency Referrals (SAFER 1): Cluster Randomised Trial of Computerised Clinical Decision Support for Paramedics. <i>PLoS ONE</i> , 2014, 9, e106436.	2.5	38
48	Support and Assessment for Fall Emergency Referrals (SAFER) 2: a cluster randomised trial and systematic review of clinical effectiveness and cost-effectiveness of new protocols for emergency ambulance paramedics to assess older people following a fall with referral to community-based care when appropriate. <i>Health Technology Assessment</i> , 2017, 21, 1-218.	2.8	38
49	Effectiveness and impact of networked communication interventions in young people with mental health conditions: A systematic review. <i>Patient Education and Counseling</i> , 2011, 85, e108-e119.	2.2	35
50	Facilitating good process in primary palliative care: does the Gold Standards Framework enable quality performance?. <i>Family Practice</i> , 2007, 24, 486-494.	1.9	34
51	Patients telephoning A&E for advice: a comparison of expectations and outcomes.. <i>Emergency Medicine Journal</i> , 1997, 14, 21-23.	1.0	33
52	Patient satisfaction with out-of-hours services; how do GP co-operatives compare with deputizing and practice-based arrangements?. <i>Journal of Public Health</i> , 2000, 22, 149-154.	1.8	31
53	Paramedic Assessment of Older Adults After Falls, Including Community Care Referral Pathway: Cluster Randomized Trial. <i>Annals of Emergency Medicine</i> , 2017, 70, 495-505.e28.	0.6	31
54	Out-of-hours palliative care in the UK: perspectives from general practice and specialist services. <i>Journal of the Royal Society of Medicine</i> , 2002, 95, 28-30.	2.0	31

#	ARTICLE	IF	CITATIONS
55	“It don't make sense to worry too much”: the experience of prostate cancer in African-Caribbean men in the UK. <i>European Journal of Cancer Care</i> , 2011, 20, 62-71.	1.5	29
56	Access to and use of out-of-hours services by members of Vietnamese community groups in South London: a focus group study. <i>Family Practice</i> , 1999, 16, 369-374.	1.9	28
57	Intervening in primary care against childhood bullying: an increasingly pressing public health need. <i>Journal of the Royal Society of Medicine</i> , 2014, 107, 219-223.	2.0	28
58	A study of automated self-assessment in a primary care student health centre setting. <i>Journal of Telemedicine and Telecare</i> , 2014, 20, 123-127.	2.7	28
59	Factors influencing career intentions on completion of general practice vocational training in England: a cross-sectional study. <i>BMJ Open</i> , 2017, 7, e017143.	1.9	28
60	Effects and costs of implementing predictive risk stratification in primary care: a randomised stepped wedge trial. <i>BMJ Quality and Safety</i> , 2019, 28, 697-705.	3.7	28
61	Support and Assessment for Fall Emergency Referrals (SAFER 1) trial protocol. Computerised on-scene decision support for emergency ambulance staff to assess and plan care for older people who have fallen: evaluation of costs and benefits using a pragmatic cluster randomised trial. <i>BMC Emergency Medicine</i> , 2010, 10, 2.	1.9	27
62	Stakeholder Perspectives on the Development of a Virtual Clinic for Diabetes Care: Qualitative Study. <i>Journal of Medical Internet Research</i> , 2007, 9, e23.	4.3	26
63	Pilot study of a virtual diabetes clinic: satisfaction and usability. <i>Journal of Telemedicine and Telecare</i> , 2009, 15, 150-152.	2.7	25
64	Improving best practice for patients receiving hospital discharge letters: a realist review. <i>BMJ Open</i> , 2019, 9, e027588.	1.9	25
65	Telecare motivational interviewing for diabetes patient education and support: a randomised controlled trial based in primary care comparing nurse and peer supporter delivery. <i>Trials</i> , 2007, 8, 18.	1.6	24
66	The patient, the doctor and the emergency department: A cross-sectional study of patient-centredness in 1990 and 2005. <i>Patient Education and Counseling</i> , 2008, 72, 320-329.	2.2	24
67	Bullying and negative appearance feedback among adolescents: Is it objective or misperceived weight that matters?. <i>Journal of Adolescence</i> , 2018, 63, 118-128.	2.4	24
68	Ethics and patient and public involvement with children and young people. <i>Archives of Disease in Childhood: Education and Practice Edition</i> , 2019, 104, 195-200.	0.5	24
69	Health education and the inappropriate use of accident and emergency departments: the views of accident and emergency nurses. <i>Health Education Journal</i> , 1990, 49, 157-161.	1.2	23
70	Using out-of-hours services: general practice or A&E?. <i>Family Practice</i> , 1997, 14, 503-509.	1.9	23
71	Palliative care in the community. <i>BMJ: British Medical Journal</i> , 2007, 334, 809-810.	2.3	23
72	Development and validation of the Diabetes Obstacles Questionnaire (DOQ) to assess obstacles in living with Type 2 diabetes. <i>Diabetic Medicine</i> , 2007, 24, 878-882.	2.3	23
