#	ARTICLE	IF	CITATIONS
1	Using computer assisted qualitative data analysis software (CAQDAS; NVivo) to assist in the complex process of realist theory generation, refinement and testing. <i>International Journal of Social Research Methodology: Theory and Practice</i> , 2021, 24, 123-134.	4.4	67
2	Blurring the boundaries between synthesis and evaluation. A customized realist evaluative synthesis into adolescent risk behavior prevention. <i>Research Synthesis Methods</i> , 2020, 11, 457-470.	8.7	7
3	Information sharing challenges in end-of-life care: a qualitative study of patient, family and professional perspectives on the potential of an Electronic Palliative Care Co-ordination System. <i>BMJ Open</i> , 2020, 10, e037483.	1.9	4
4	Namaste care in the home setting: developing initial realist explanatory theories and uncovering unintended outcomes. <i>BMJ Open</i> , 2020, 10, e033046.	1.9	7
5	“Everything takes too long and nobody is listening”: Developing theory to understand the impact of advice on stress and the ability to cope. <i>PLoS ONE</i> , 2020, 15, e0231014.	2.5	3
6	The impact of precarious employment on the health and wellbeing of UK immigrants: a systematic review. <i>Journal of Poverty and Social Justice</i> , 2020, 28, 337-360.	0.9	10
7	The Year of Care approach: developing a model and delivery programme for care and support planning in long term conditions within general practice. <i>BMC Family Practice</i> , 2019, 20, 153.	2.9	13
8	Paramedic information needs in end-of-life care: a qualitative interview study exploring access to a shared electronic record as a potential solution. <i>BMC Palliative Care</i> , 2019, 18, 108.	1.8	23
9	Exposing the impact of intensive advice services on health: A realist evaluation. <i>Health and Social Care in the Community</i> , 2019, 27, 767-776.	1.6	9
10	Community care for severely frail older people: Developing explanations of how, why and for whom it works. <i>International Journal of Older People Nursing</i> , 2019, 14, e12217.	1.3	5
11	Adaptation to Loss of Visual Function: Implications for Rehabilitation on Subtle Nuances of Communication. <i>Activities, Adaptation and Aging</i> , 2019, 43, 169-185.	2.4	1
12	Internet use: Perceptions and experiences of visually impaired older adults. <i>Journal of Social Inclusion</i> , 2019, 6, 120.	0.1	17
13	Open communication strategies between a triad of “experts” facilitates death in usual place of residence: A realist evaluation. <i>Palliative Medicine</i> , 2018, 32, 980-989.	3.1	10
14	Exploring the use of Soft Systems Methodology with realist approaches: A novel way to map programme complexity and develop and refine programme theory. <i>Evaluation</i> , 2018, 24, 84-97.	1.8	30
15	Care Planning: What Works, for Whom, and in What Circumstances? A Rapid Realist Review. <i>Qualitative Health Research</i> , 2018, 28, 2250-2266.	2.1	18
16	Viewing dressing evaluation through a pragmatic lens: The application of Dewey's experimentalism in the development of evidence for dressing selection. <i>Journal of Evaluation in Clinical Practice</i> , 2018, 24, 988-994.	1.8	1
17	Protocol for a realist review of complex interventions to prevent adolescents from engaging in multiple risk behaviours. <i>BMJ Open</i> , 2017, 7, e015477.	1.9	26
18	Lay health advisers: scoping the role and intervention landscape. <i>Journal of Healthcare Leadership</i> , 2017, Volume 9, 59-67.	3.9	2

#	ARTICLE	IF	CITATIONS
19	Understanding communication pathways to foster community engagement for health improvement in North West Pakistan. BMC Public Health, 2016, 16, 591.	2.9	4
20	Exposing the impact of Citizens Advice Bureau services on health: a realist evaluation protocol. BMJ Open, 2016, 6, e009887.	1.9	6
21	Reducing inequalities in care for patients with non-malignant diseases: Insights from a realist evaluation of an integrated palliative care pathway. Palliative Medicine, 2016, 30, 690-697.	3.1	27
22	Increasing Awareness and Use of Iodised Salt in a Marginalised Community Setting in North-West Pakistan. Nutrients, 2015, 7, 9672-9682.	4.1	24
23	Care planning for long-term conditions – a concept mapping. Health Expectations, 2015, 18, 605-624.	2.6	21
24	What’s in a mechanism? Development of a key concept in realist evaluation. Implementation Science, 2015, 10, 49.	6.9	502
25	Looking after yourself: Clinical understandings of chronic-care self-management strategies in rural and urban contexts of the United Kingdom and Australia. SAGE Open Medicine, 2014, 2, 205031211453263.	1.8	7
26	Outreach programmes for health improvement of Traveller Communities: a synthesis of evidence. Public Health Research, 2014, 2, 1-168.	1.3	12
27	Cost-effectiveness of health-related lifestyle advice delivered by peer or lay advisors: synthesis of evidence from a systematic review. Cost Effectiveness and Resource Allocation, 2013, 11, 30.	1.5	16
28	Development and implementation of a nutrition intervention programme in North West Pakistan: a realist framework. Health Promotion International, 2012, 27, 453-462.	1.8	8
29	Understanding integrated care pathways in palliative care using realist evaluation: a mixed methods study protocol: Table 1. BMJ Open, 2012, 2, e001533.	1.9	22
30	Exploring and optimising maternal and infant nutrition in North West Pakistan. Midwifery, 2012, 28, 831-835.	2.3	19
31	The supervision of professional doctorates: Experiences of the processes and ways forward. Nurse Education Today, 2010, 30, 279-284.	3.3	17
32	Leadership for health improvement – implementation and evaluation. Journal of Health Organization and Management, 2009, 23, 200-215.	1.3	7
33	Sharing practice innovation experiences: The ‘flat-pack’ approach. Practice Development in Health Care, 2008, 7, 180-188.	0.3	1
34	Transferring palliative care knowledge, evaluating the use of a telephone advice line. International Journal of Palliative Nursing, 2008, 14, 303-308.	0.5	7
35	Empowerment evaluation applied to public health practice. Critical Public Health, 2008, 18, 161-174.	2.4	7
36	Health-related lifestyle advice: critical insights. Critical Public Health, 2008, 18, 299-309.	2.4	18

#	ARTICLE	IF	CITATIONS
37	Roles, relationships, perils and values: development of a pathway between practice development and evaluation research. <i>Quality in Primary Care</i> , 2008, 16, 157-64.	0.8	1
38	The evaluation of an end of life integrated care pathway. <i>International Journal of Palliative Nursing</i> , 2007, 13, 74-81.	0.5	23
39	The SEIQoL and functional status: how do they relate?. <i>Scandinavian Journal of Caring Sciences</i> , 2005, 19, 403-409.	2.1	15
40	Buying in specialist time or buying out generalist time for practice development. <i>Practice Development in Health Care</i> , 2005, 4, 171-179.	0.3	4
41	Paradoxes, locations and the need for social coherence: a qualitative study of living with a learning difficulty. <i>Disability and Society</i> , 2005, 20, 405-419.	2.2	14
42	An evidence and consensus based guideline for acute diarrhoea management. <i>Archives of Disease in Childhood</i> , 2002, 86, 138-138.	1.9	8
