#	ARTICLE	IF	CITATIONS
1	Micronutrient deficiencies in pregnancy worldwide: health effects and prevention. <i>Nature Reviews Endocrinology</i> , 2016, 12, 274-289.	9.6	413
2	Double blind, cluster randomised trial of low dose supplementation with vitamin A or beta β -carotene on mortality related to pregnancy in Nepal. <i>BMJ: British Medical Journal</i> , 1999, 318, 570-575.	2.3	410
3	Extent of Vitamin A Deficiency among Preschool Children and Women of Reproductive Age. <i>Journal of Nutrition</i> , 2002, 132, 2857S-2866S.	2.9	381
4	Effects of alternative maternal micronutrient supplements on low birth weight in rural Nepal: double blind randomised community trial. <i>BMJ: British Medical Journal</i> , 2003, 326, 571-571.	2.3	311
5	The role of vitamins in the prevention and control of anaemia. <i>Public Health Nutrition</i> , 2000, 3, 125-150.	2.2	247
6	Effect of vitamin A supplementation on morbidity due to <i>Plasmodium falciparum</i> in young children in Papua New Guinea: a randomised trial. <i>Lancet, The</i> , 1999, 354, 203-209.	13.7	243
7	Impact of neonatal vitamin A supplementation on infant morbidity and mortality. <i>Journal of Pediatrics</i> , 1996, 128, 489-496.	1.8	218
8	Effects of maternal micronutrient supplementation on fetal loss and infant mortality: a cluster-randomized trial in Nepal. <i>American Journal of Clinical Nutrition</i> , 2003, 78, 1194-1202.	4.7	173
9	Modifiers of the effect of maternal multiple micronutrient supplementation on stillbirth, birth outcomes, and infant mortality: a meta-analysis of individual patient data from 17 randomised trials in low-income and middle-income countries. <i>The Lancet Global Health</i> , 2017, 5, e1090-e1100.	6.3	162
10	Micronutrient Deficiencies in Early Pregnancy Are Common, Concurrent, and Vary by Season among Rural Nepali Pregnant Women. <i>Journal of Nutrition</i> , 2005, 135, 1106-1112.	2.9	159
11	Night blindness of pregnancy in rural Nepal—nutritional and health risks. <i>International Journal of Epidemiology</i> , 1998, 27, 231-237.	1.9	153
12	Statistical Inference from Multiple iTRAQ Experiments without Using Common Reference Standards. <i>Journal of Proteome Research</i> , 2013, 12, 594-604.	3.7	130
13	Effects of Vitamin A or Beta Carotene Supplementation on Pregnancy-Related Mortality and Infant Mortality in Rural Bangladesh. <i>JAMA - Journal of the American Medical Association</i> , 2011, 305, 1986-95.	7.4	122
14	Newborn Vitamin A Supplementation Reduced Infant Mortality in Rural Bangladesh. <i>Pediatrics</i> , 2008, 122, e242-e250.	2.1	121
15	Effect of Maternal Multiple Micronutrient vs Iron+ Folic Acid Supplementation on Infant Mortality and Adverse Birth Outcomes in Rural Bangladesh. <i>JAMA - Journal of the American Medical Association</i> , 2014, 312, 2649.	7.4	115
16	Maternal low-dose vitamin A or β -carotene supplementation has no effect on fetal loss and early infant mortality: a randomized cluster trial in Nepal. <i>American Journal of Clinical Nutrition</i> , 2000, 71, 1570-1576.	4.7	113
17	Effect of fortified complementary food supplementation on child growth in rural Bangladesh: a cluster-randomized trial. <i>International Journal of Epidemiology</i> , 2015, 44, 1862-1876.	1.9	112
18	Antenatal Micronutrient Supplementation Reduces Metabolic Syndrome in 6- to 8-Year-Old Children in Rural Nepal. <i>Journal of Nutrition</i> , 2009, 139, 1575-1581.	2.9	109

#	ARTICLE	IF	CITATIONS
19	Hepatitis E, a Vaccine-Preventable Cause of Maternal Deaths. <i>Emerging Infectious Diseases</i> , 2012, 18, 1401-1404.	4.3	102
20	Low Maternal Vitamin B-12 Status Is Associated with Offspring Insulin Resistance Regardless of Antenatal Micronutrient Supplementation in Rural Nepal. <i>Journal of Nutrition</i> , 2011, 141, 1912-1917.	2.9	100
21	Vitamin A Deficiency Disorders in Children and Women. <i>Food and Nutrition Bulletin</i> , 2003, 24, S78-S90.	1.4	97
22	Aflatoxin exposure during the first 1000 days of life in rural South Asia assessed by aflatoxin B1-lysine albumin biomarkers. <i>Food and Chemical Toxicology</i> , 2014, 74, 184-189.	3.6	97
23	Night Blindness Is Prevalent during Pregnancy and Lactation in Rural Nepal. <i>Journal of Nutrition</i> , 1995, 125, 2122-2127.	2.9	94
24	Vitamin A Deficiency. , 2008, , 377-433.		93
25	Antenatal supplementation with folic acid + iron + zinc improves linear growth and reduces peripheral adiposity in school-age children in rural Nepal. <i>American Journal of Clinical Nutrition</i> , 2009, 90, 132-140.	4.7	86
26	Antenatal and Postnatal Iron Supplementation and Childhood Mortality in Rural Nepal: A Prospective Follow-up in a Randomized, Controlled Community Trial. <i>American Journal of Epidemiology</i> , 2009, 170, 1127-1136.	3.4	82
27	Maternal Night Blindness Increases Risk of Mortality in the First 6 Months of Life among Infants in Nepal. <i>Journal of Nutrition</i> , 2001, 131, 1510-1512.	2.9	79
28	Iron Status of Women Is Associated with the Iron Concentration of Potable Groundwater in Rural Bangladesh. <i>Journal of Nutrition</i> , 2011, 141, 944-949.	2.9	72
29	Vitamin A or β -Carotene Supplementation Reduces but Does Not Eliminate Maternal Night Blindness in Nepal. <i>Journal of Nutrition</i> , 1998, 128, 1458-1463.	2.9	70
30	Vitamin A supplementation selectively improves the linear growth of Indonesian preschool children: results from a randomized controlled trial. <i>American Journal of Clinical Nutrition</i> , 2000, 71, 507-513.	4.7	69
31	Vitamin A or β -Carotene Supplementation Reduces Symptoms of Illness in Pregnant and Lactating Nepali Women. <i>Journal of Nutrition</i> , 2000, 130, 2675-2682.	2.9	68
32	A cluster-randomized, placebo-controlled, maternal vitamin a or beta-carotene supplementation trial in bangladesh: design and methods. <i>Trials</i> , 2011, 12, 102.	1.6	67
33	The use and interpretation of serum retinol distributions in evaluating the public health impact of vitamin A programmes. <i>Public Health Nutrition</i> , 2012, 15, 1201-1215.	2.2	67
34	Antenatal micronutrient supplements in Nepal. <i>Lancet</i> , The, 2005, 366, 711-712.	13.7	66
35	Constructing Indices of Rural Living Standards in Northwestern Bangladesh. <i>Journal of Health, Population and Nutrition</i> , 2010, 28, 509-19.	2.0	66
36	Effects of Vitamin A on Growth of Vitamin A-Deficient Children: Field Studies in Nepal , , <i>Journal of Nutrition</i> , 1997, 127, 1957-1965.	2.9	64

#	ARTICLE	IF	CITATIONS
37	Efficacy of a vitamin A–fortified wheat-flour bun on the vitamin A status of Filipino schoolchildren. <i>American Journal of Clinical Nutrition</i> , 2000, 72, 738-744.	4.7	64
38	Vitamin A Intake and Status in Populations Facing Economic Stress. <i>Journal of Nutrition</i> , 2010, 140, 201S-207S.	2.9	64
39	Maternal Dietary Diversity Decreases with Household Food Insecurity in Rural Bangladesh: A Longitudinal Analysis. <i>Journal of Nutrition</i> , 2016, 146, 2109-2116.	2.9	63
40	Vitamin A Deficiency Disorders in Children and Women. <i>Food and Nutrition Bulletin</i> , 2003, 24, S78-S90.	1.4	59
41	PREVALENCE AND SEVERITY OF XEROPHTHALMIA IN SOUTHERN MALAWI. <i>American Journal of Epidemiology</i> , 1986, 124, 561-568.	3.4	55
42	Risk factors for pregnancy-related mortality: A prospective study in rural Nepal. <i>Public Health</i> , 2008, 122, 161-172.	2.9	52
43	Micronutrient Deficiencies Are Common in 6- to 8-Year-Old Children of Rural Nepal, with Prevalence Estimates Modestly Affected by Inflammation. <i>Journal of Nutrition</i> , 2014, 144, 979-987.	2.9	52
44	Provitamin A–biofortified maize increases serum β -carotene, but not retinol, in marginally nourished children: a cluster-randomized trial in rural Zambia. <i>American Journal of Clinical Nutrition</i> , 2016, 104, 181-190.	4.7	52
45	Retinol Analysis in Dried Blood Spots by HPLC. <i>Journal of Nutrition</i> , 2000, 130, 882-885.	2.9	51
46	Biomarkers of Environmental Enteric Dysfunction Among Children in Rural Bangladesh. <i>Journal of Pediatric Gastroenterology and Nutrition</i> , 2017, 65, 40-46.	1.8	50
47	Analyzing the Mobile “Digital Divide”: Changing Determinants of Household Phone Ownership Over Time in Rural Bangladesh. <i>JMIR MHealth and UHealth</i> , 2015, 3, e24.	3.7	50
48	Provitamin A Carotenoid–Biofortified Maize Consumption Increases Pupillary Responsiveness among Zambian Children in a Randomized Controlled Trial. <i>Journal of Nutrition</i> , 2016, 146, 2551-2558.	2.9	45
49	Responsiveness of dark-adaptation threshold to vitamin A and β -carotene supplementation in pregnant and lactating women in Nepal. <i>American Journal of Clinical Nutrition</i> , 2000, 72, 1004-1009.	4.7	44
50	The Plasma Proteome Identifies Expected and Novel Proteins Correlated with Micronutrient Status in Undernourished Nepalese Children. <i>Journal of Nutrition</i> , 2013, 143, 1540-1548.	2.9	44
51	High prevalence of anemia with lack of iron deficiency among women in rural Bangladesh: a role for thalassemia and iron in groundwater. <i>Asia Pacific Journal of Clinical Nutrition</i> , 2012, 21, 416-24.	0.4	44
52	First-trimester plasma tocopherols are associated with risk of miscarriage in rural Bangladesh. <i>American Journal of Clinical Nutrition</i> , 2015, 101, 294-301.	4.7	43
53	Clustering of Xerophthalmia within Households and Villages. <i>International Journal of Epidemiology</i> , 1993, 22, 709-715.	1.9	42
54	Individual, household, and community level risk factors of stunting in children younger than 5 years: Findings from a national surveillance system in Nepal. <i>Maternal and Child Nutrition</i> , 2018, 14, .	3.0	42

#	ARTICLE	IF	CITATIONS
55	A 10-Food Group Dietary Diversity Score Outperforms a 7-Food Group Score in Characterizing Seasonal Variability and Micronutrient Adequacy in Rural Zambian Children. <i>Journal of Nutrition</i> , 2018, 148, 131-139.	2.9	40
56	Impact of Vitamin A Supplementation on the Incidence of Infection in Elderly Nursing-home Residents: A Randomized Controlled Trial. <i>Age and Ageing</i> , 1992, 21, 435-439.	1.6	39
57	Risk factors for reported obstetric complications and near misses in rural northwest Bangladesh: analysis from a prospective cohort study. <i>BMC Pregnancy and Childbirth</i> , 2014, 14, 347.	2.4	39
58	A Systematic Review Investigating the Relation Between Animal-Source Food Consumption and Stunting in Children Aged 6â€“60 Months in Low and Middle-Income Countries. <i>Advances in Nutrition</i> , 2019, 10, 827-847.	6.4	39
59	Association between stunting and early childhood development among children aged 36â€“59 months in South Asia. <i>Maternal and Child Nutrition</i> , 2018, 14, e12684.	3.0	38
60	Plasma zinc, vitamin B ₁₂ and Î±-tocopherol are positively and plasma Î³-tocopherol is negatively associated with Hb concentration in early pregnancy in north-west Bangladesh. <i>Public Health Nutrition</i> , 2013, 16, 1354-1361.	2.2	36
61	Educating and Training a Workforce for Nutrition in a Post-2015 World. <i>Advances in Nutrition</i> , 2015, 6, 639-647.	6.4	36
62	Vitamin A supplementation in preschool children and risk of hearing loss as adolescents and young adults in rural Nepal: randomised trial cohort follow-up study. <i>BMJ: British Medical Journal</i> , 2012, 344, d7962-d7962.	2.3	35
63	Development and acceptability testing of ready-to-use supplementary food made from locally available food ingredients in Bangladesh. <i>BMC Pediatrics</i> , 2014, 14, 164.	1.7	35
64	Seasonal dietary intakes and socioeconomic status among women in the Terai of Nepal. <i>Journal of Health, Population and Nutrition</i> , 2014, 32, 198-216.	2.0	35
65	The Role of Universal Distribution of Vitamin A Capsules in Combatting Vitamin A Deficiency in Bangladesh. <i>American Journal of Epidemiology</i> , 1995, 142, 843-855.	3.4	34
66	Effects of vitamin A and Î²-carotene supplementation on birth size and length of gestation in rural Bangladesh: a cluster-randomized trial. <i>American Journal of Clinical Nutrition</i> , 2013, 97, 188-194.	4.7	34
67	Patterns and determinants of care seeking for obstetric complications in rural northwest Bangladesh: analysis from a prospective cohort study. <i>BMC Health Services Research</i> , 2015, 15, 166.	2.2	34
68	Household food production is positively associated with dietary diversity and intake of nutrient-dense foods for older preschool children in poorer families: Results from a nationally-representative survey in Nepal. <i>PLoS ONE</i> , 2017, 12, e0186765.	2.5	34
69	Physiologic Indicators of Vitamin A Status. <i>Journal of Nutrition</i> , 2002, 132, 2889S-2894S.	2.9	33
70	Maternal Weight and Body Composition during Pregnancy Are Associated with Placental and Birth Weight in Rural Bangladesh. <i>Journal of Nutrition</i> , 2012, 142, 2010-2016.	2.9	33
71	Arsenic exposure and hepatitis E virus infection during pregnancy. <i>Environmental Research</i> , 2015, 142, 273-280.	7.5	33
72	Antenatal Multiple Micronutrient Supplementation Compared to Ironâ€“Folic Acid Affects Micronutrient Status but Does Not Eliminate Deficiencies in a Randomized Controlled Trial Among Pregnant Women of Rural Bangladesh. <i>Journal of Nutrition</i> , 2019, 149, 1260-1270.	2.9	33

#	ARTICLE	IF	CITATIONS
73	Gestational vitamin A deficiency: A novel cause of sensorineural hearing loss in the developing world?. <i>Medical Hypotheses</i> , 2014, 82, 6-10.	1.5	32
74	Effect of complementary food supplementation on breastfeeding and home diet in rural Bangladeshi children. <i>American Journal of Clinical Nutrition</i> , 2016, 104, 1450-1458.	4.7	31
75	Maternal vitamin A and β -carotene supplementation and risk of bacterial vaginosis: a randomized controlled trial in rural Bangladesh. <i>American Journal of Clinical Nutrition</i> , 2011, 94, 1643-1649.	4.7	30
76	Determinants of infant breastfeeding practices in Nepal: a national study. <i>International Breastfeeding Journal</i> , 2019, 14, 14.	2.6	30
77	Household food insecurity is associated with low dietary diversity among pregnant and lactating women in rural Malawi. <i>Public Health Nutrition</i> , 2019, 22, 697-705.	2.2	30
78	Vitamin A deficiency and anemia among micronesian children. <i>Nutrition Research</i> , 1989, 9, 1007-1016.	2.9	29
79	Early Neonatal Feeding Is Common and Associated with Subsequent Breastfeeding Behavior in Rural Bangladesh. <i>Journal of Nutrition</i> , 2013, 143, 1161-1167.	2.9	29
80	A home calendar and recall method of last menstrual period for estimating gestational age in rural Bangladesh: a validation study. <i>Journal of Health, Population and Nutrition</i> , 2016, 35, 34.	2.0	27
81	Canonical Correlation Analysis of Infant's Size at Birth and Maternal Factors: A Study in Rural Northwest Bangladesh. <i>PLoS ONE</i> , 2014, 9, e94243.	2.5	26
82	General intelligence is associated with subclinical inflammation in Nepalese children: A population-based plasma proteomics study. <i>Brain, Behavior, and Immunity</i> , 2016, 56, 253-263.	4.1	25
83	Risk factors and neonatal/infant mortality risk of small-for-gestational-age and preterm birth in rural Nepal. <i>Journal of Maternal-Fetal and Neonatal Medicine</i> , 2015, 28, 1019-1025.	1.5	24
84	Availability of emergency obstetric care (EmOC) among public and private health facilities in rural northwest Bangladesh. <i>BMC Public Health</i> , 2015, 15, 36.	2.9	24
85	Effect of maternal antenatal and newborn supplementation with vitamin A on cognitive development of school-aged children in rural Bangladesh: a follow-up of a placebo-controlled, randomized trial. <i>American Journal of Clinical Nutrition</i> , 2017, 106, 77-87.	4.7	24
86	Maternal determinants of timely vaccination coverage among infants in rural Bangladesh. <i>Vaccine</i> , 2014, 32, 5514-5519.	3.8	23
87	Nutritional status and risk factors for stunting in preschool children in Bhutan. <i>Maternal and Child Nutrition</i> , 2018, 14, e12653.	3.0	22
88	Plasma Proteome Biomarkers of Inflammation in School Aged Children in Nepal. <i>PLoS ONE</i> , 2015, 10, e0144279.	2.5	22
89	High Plasma Homocysteine Increases Risk of Metabolic Syndrome in 6 to 8 Year Old Children in Rural Nepal. <i>Nutrients</i> , 2014, 6, 1649-1661.	4.1	21
90	Low birthweight rates higher among Bangladeshi neonates measured during active birth surveillance compared to national survey data. <i>Maternal and Child Nutrition</i> , 2015, 11, 583-594.	3.0	21

#	ARTICLE	IF	CITATIONS
91	Commentary: Vitamin A policies need rethinking. <i>International Journal of Epidemiology</i> , 2015, 44, 292-294.	1.9	21
92	Short-Term Daily Consumption of Provitamin A Carotenoid Biofortified Maize Has Limited Impact on Breast Milk Retinol Concentrations in Zambian Women Enrolled in a Randomized Controlled Feeding Trial. <i>Journal of Nutrition</i> , 2016, 146, 1783-1792.	2.9	21
93	Child feeding and care behaviors are associated with xerophthalmia in rural Nepalese households. <i>Social Science and Medicine</i> , 1998, 47, 477-486.	3.8	20
94	Maternal vitamin A supplementation increases natural antibody concentrations of preadolescent offspring in rural Nepal. <i>Nutrition</i> , 2015, 31, 813-819.	2.4	20
95	Infant and young child feeding practices and nutritional status in Bhutan. <i>Maternal and Child Nutrition</i> , 2018, 14, e12580.	3.0	20
96	Vitamin a deficiency in micronesia: A statewide survey in chuuk. <i>Nutrition Research</i> , 1991, 11, 1101-1110.	2.9	19
97	Maternal Nutritional Status in Early Pregnancy Is Associated with Body Water and Plasma Volume Changes in a Pregnancy Cohort in Rural Bangladesh. <i>Journal of Nutrition</i> , 2012, 142, 1109-1115.	2.9	19
98	Validation of the food access survey tool to assess household food insecurity in rural Bangladesh. <i>BMC Public Health</i> , 2015, 15, 863.	2.9	19
99	A Plasma α -Tocopherol Can Be Identified from Proteins Associated with Vitamin E Status in School-Aged Children of Nepal. <i>Journal of Nutrition</i> , 2015, 145, 2646-2656.	2.9	19
100	Nutritional resilience in Nepal following the earthquake of 2015. <i>PLoS ONE</i> , 2018, 13, e0205438.	2.5	19
