#	ARTICLE	IF	CITATIONS
1	Two views of self-rated general health status. <i>Social Science and Medicine</i> , 2003, 56, 203-217.	1.8	371
2	Remaining Active in Later Life. <i>Journal of Aging and Health</i> , 1997, 9, 105-125.	0.9	137
3	Gender Differences in the Relationship Between Marital Status Transitions and Life Satisfaction in Later Life. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2001, 56, P176-P186.	2.4	125
4	Perceived control in relation to socioeconomic and behavioral resources for health. <i>Social Science and Medicine</i> , 2001, 52, 1661-1676.	1.8	122
5	Attributing illness to "old age": Consequences of a self-directed stereotype for health and mortality. <i>Psychology and Health</i> , 2012, 27, 881-897.	1.2	116
6	Attribution-Based Treatment Interventions in Some Achievement Settings. <i>Advances in Motivation and Achievement: A Research Annual</i> , 2014, , 1-35.	0.3	109
7	Causal beliefs, social participation, and loneliness among older adults: A longitudinal study. <i>Journal of Social and Personal Relationships</i> , 2009, 26, 273-290.	1.4	105
8	Perceived control and emotions: interactive effects on performance in achievement settings. <i>Social Psychology of Education</i> , 2008, 11, 161-180.	1.2	97
9	Perceived Academic Control and Failure in College students: A Three-Year Study of Scholastic Attainment. <i>Research in Higher Education</i> , 2005, 46, 535-569.	1.0	95
10	Consequences of loneliness on physical activity and mortality in older adults and the power of positive emotions.. <i>Health Psychology</i> , 2013, 32, 921-924.	1.3	85
11	Primary and secondary control in academic development: gender-specific implications for stress and health in college students1. <i>Anxiety, Stress and Coping</i> , 2006, 19, 189-210.	1.7	84
12	Control striving in older adults with serious health problems: A 9-year longitudinal study of survival, health, and well-being.. <i>Psychology and Aging</i> , 2010, 25, 432-445.	1.4	84
13	Bad Starts and Better Finishes: Attributional Retraining and Initial Performance in Competitive Achievement Settings. <i>Journal of Social and Clinical Psychology</i> , 2010, 29, 668-700.	0.2	78
14	Discrete Emotions in Later Life. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2003, 58, P23-P34.	2.4	74
15	Stability in Perceived Control. <i>Journal of Aging and Health</i> , 2004, 16, 116-147.	0.9	69
16	Enhancing Primary and Secondary Control in Achievement Settings Through Writing-Based Attributional Retraining. <i>Journal of Social and Clinical Psychology</i> , 2006, 25, 361-391.	0.2	67
17	Incongruence between Health Perceptions and Health Problems. <i>Journal of Aging and Health</i> , 1993, 5, 475-496.	0.9	65
18	Primary and Secondary Control-Enhancing Strategies. <i>Journal of Aging and Health</i> , 1999, 11, 517-539.	0.9	65

#	ARTICLE	IF	CITATIONS
19	Detrimental Effects of Falling on Health and Well-being in Later Life. <i>Journal of Health Psychology</i> , 2007, 12, 231-248.	1.3	54
20	Method and Description of the Aging in Manitoba Project: A 20-Year Longitudinal Study. <i>Canadian Journal on Aging</i> , 1997, 16, 606-625.	0.6	52
21	Academic optimistic bias: Implications for college student performance and well-being. <i>Social Psychology of Education</i> , 2007, 10, 115-137.	1.2	52
22	Perceived Barriers in Coping with Health Problems. <i>Journal of Aging and Health</i> , 1993, 5, 123-139.	0.9	50
23	Primary and Secondary Control Strategies: Implications for Health and Well-Being Among Older Adults. <i>Journal of Social and Clinical Psychology</i> , 2009, 28, 165-197.	0.2	50
24	A Prospective Analysis of the Relation Between Self-Rated Health and Health Care Use Among Elderly Canadians. <i>Canadian Journal on Aging</i> , 2001, 20, 293-306.	0.6	46
25	Predicting stability and change in loneliness in later life. <i>Journal of Social and Personal Relationships</i> , 2014, 31, 335-351.	1.4	46
26	Optimistic Social Comparisons of Older Adults Low in Primary Control: A Prospective Analysis of Hospitalization and Mortality.. <i>Health Psychology</i> , 2005, 24, 393-401.	1.3	45
27	Primary- and secondary-control strategies in later life: Predicting hospital outcomes in men and women.. <i>Health Psychology</i> , 2006, 25, 226-236.	1.3	43
28	Everyday Physical Activity as a Predictor of Late-Life Mortality. <i>Gerontologist</i> , The, 2008, 48, 349-357.	2.3	43
29	Sense of Control in Late Life. <i>Personality and Social Psychology Bulletin</i> , 2012, 38, 1081-1092.	1.9	43
30	Primary and Secondary Control in Achievement Settings: A Longitudinal Field Study of Academic Motivation, Emotions, and Performance1. <i>Journal of Applied Social Psychology</i> , 2006, 36, 1430-1470.	1.3	41
31	Attributional Retraining: reducing the likelihood of failure. <i>Social Psychology of Education</i> , 2011, 14, 75-92.	1.2	41
32	Gender differences in use of primary and secondary control strategies in older adults with major health problems. <i>Psychology and Health</i> , 2007, 22, 83-105.	1.2	38
33	Health incongruence in later life: Implications for subsequent well-being and health care.. <i>Health Psychology</i> , 2007, 26, 753-761.	1.3	37
34	Mental health service use among Canadian older adults with anxiety disorders and clinically significant anxiety symptoms. <i>Aging and Mental Health</i> , 2010, 14, 790-800.	1.5	34
35	Downward social comparison and subjective well-being in late life: The moderating role of perceived control. <i>Aging and Mental Health</i> , 2013, 17, 375-385.	1.5	34
36	Attributional Retraining: A Motivation Treatment With Differential Psychosocial and Performance Benefits for Failure Prone Individuals in Competitive Achievement Settings. <i>Basic and Applied Social Psychology</i> , 2014, 36, 221-237.	1.2	34

#	ARTICLE	IF	CITATIONS
37	Comparative Risk and Perceived Control: Implications for Psychological and Physical Well-Being Among Older Adults. <i>Journal of Social Psychology</i> , 2007, 147, 345-369.	1.0	33
38	A motivation perspective on achievement appraisals, emotions, and performance in an online learning environment. <i>International Journal of Educational Research</i> , 2021, 108, 101772.	1.2	30
39	Compensating for Losses in Perceived Personal Control Over Health: A Role for Collective Self-Esteem in Healthy Aging. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2002, 57, P531-P539.	2.4	29
40	Differential Determinants of Men's and Women's Everyday Physical Activity in Later Life. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2008, 63, S211-S218.	2.4	29
41	Enhancing the academic success of competitive student athletes using a motivation treatment intervention (Attributional Retraining). <i>Psychology of Sport and Exercise</i> , 2016, 26, 113-122.	1.1	28
42	Later life health optimism, pessimism and realism: Psychosocial contributors and health correlates. <i>Psychology and Health</i> , 2011, 26, 835-853.	1.2	26
43	Attributing heart attack and stroke to "Old Age": Implications for subsequent health outcomes among older adults. <i>Journal of Health Psychology</i> , 2016, 21, 40-49.	1.3	24
44	Reframing Achievement Setbacks: A Motivation Intervention to Improve 8-Year Graduation Rates for Students in Science, Technology, Engineering, and Mathematics (STEM) Fields. <i>Psychological Science</i> , 2020, 31, 623-633.	1.8	24
45	Age, Relative Autonomy and Change in Health Locus of Control Beliefs. <i>Journal of Health Psychology</i> , 2010, 15, 326-338.	1.3	23
46	Sustaining Primary Control Striving for Achievement Goals During Challenging Developmental Transitions: The Role of Secondary Control Strategies. <i>Basic and Applied Social Psychology</i> , 2013, 35, 286-297.	1.2	21
47	The Paradoxical Role of Perceived Control in Late Life Health Behavior. <i>PLoS ONE</i> , 2016, 11, e0148921.	1.1	19
48	An attribution-based motivation treatment for low control students who are bored in online learning environments.. <i>Motivation Science</i> , 2018, 4, 177-184.	1.2	19
49	A motivation treatment to enhance goal engagement in online learning environments: Assisting failure-prone college students with low optimism.. <i>Motivation Science</i> , 2019, 5, 116-134.	1.2	19
50	Regret in Later Life: Exploring Relationships between Regret Frequency, Secondary Interpretive Control Beliefs, and Health in Older Individuals. <i>International Journal of Aging and Human Development</i> , 2009, 68, 261-288.	1.0	18
51	A Longitudinal Analysis of Perceived Respect among Elders: Changing Perceptions for Some Ethnic Groups. <i>Canadian Journal on Aging</i> , 1992, 11, 15-30.	0.6	17
52	Attribution-based motivation treatment efficacy in an online learning environment for students who differ in cognitive elaboration. <i>Motivation and Emotion</i> , 2017, 41, 600-616.	0.8	16
53	Birth order and activity level in children.. <i>Developmental Psychology</i> , 1989, 25, 668-672.	1.2	15
54	Collective self-esteem and the onset of chronic conditions and reduced activity in a longitudinal study of aging. <i>Social Science and Medicine</i> , 2008, 66, 1817-1827.	1.8	15

#	ARTICLE	IF	CITATIONS
55	Perceived Control and Risk Characteristics as Predictors of Older Adults' Health Risk Estimates. <i>Journal of Social Psychology</i> , 2008, 148, 667-688.	1.0	15
56	A five-year study of older adults's health incongruence: Consistency, functional changes and subsequent survival. <i>Psychology and Health</i> , 2011, 26, 1463-1478.	1.2	15
57	A Longitudinal Analysis of Discrete Negative Emotions and Health-Services Use in Elderly Individuals. <i>Journal of Aging and Health</i> , 2004, 16, 204-227.	0.9	14
58	Perspectives on Studying Perceived Control in the Twenty-First Century. , 2017, , 215-233.		14
59	Perceived Adequacy of Instrumental Assistance. <i>Journal of Aging and Health</i> , 1996, 8, 72-95.	0.9	13
60	Emotional and self-evaluative effects of social comparison information in later life: How are they moderated by collective self-esteem?. <i>Psychology and Aging</i> , 2006, 21, 291-302.	1.4	13
61	Exploring the Commonalities Between Adaptive Resources and Self-Enhancement in Older Adults' Comparative Judgments of Physical Activity. <i>Journal of Aging and Health</i> , 2008, 20, 899-919.	0.9	12
62	A healthy dose of realism: The role of optimistic and pessimistic expectations when facing a downward spiral in health. <i>Social Science and Medicine</i> , 2019, 232, 444-452.	1.8	12
63	Attribution-based motivation treatment efficacy in high-stress student athletes: A moderated-mediation analysis of cognitive, affective, and achievement processes. <i>Psychology of Sport and Exercise</i> , 2018, 35, 189-197.	1.1	12
64	Leftovers, body weight and sex of eater. <i>Behaviour Research and Therapy</i> , 1985, 23, 217.	1.6	11
65	Gender differences in the adaptive influence of folk beliefs: A longitudinal study of life satisfaction in aging.. <i>Canadian Journal of Behavioural Science</i> , 2008, 40, 104-112.	0.5	11
66	Shifting positivity ratios: emotions and psychological health in later life. <i>Aging and Mental Health</i> , 2014, 18, 547-553.	1.5	11
67	A motivation-enhancing treatment to sustain goal engagement during life course transitions. <i>Motivation and Emotion</i> , 2016, 40, 814-829.	0.8	11
68	Is a Maturation Lag Associated with Left-Handedness? A Research Note. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 1996, 37, 613-617.	3.1	10
69	Conflicted Goal Engagement: Undermining Physical Activity and Health in Late Life. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2014, 69, 533-542.	2.4	9
70	Reported Causal Antecedents of Discrete Emotions in Late Life. <i>International Journal of Aging and Human Development</i> , 2009, 68, 215-241.	1.0	8
71	Seniors' Attributions for Task Performance Difficulties. <i>Journal of Aging and Health</i> , 1996, 8, 489-511.	0.9	7
72	Motivation-focused thinking: Buffering against stress-related physical symptoms and depressive symptomology. <i>Psychology and Health</i> , 2015, 30, 1326-1345.	1.2	7

#	ARTICLE	IF	CITATIONS
73	Tenacious self-reliance in health maintenance may jeopardize late life survival.. Psychology and Aging, 2017, 32, 628-635.	1.4	7
74	Secondary Control Belief Combinations (Adjustment and Acceptance) and Well-Being in Older Adults. Canadian Journal on Aging, 2013, 32, 349-359.	0.6	6
75	An attribution-based motivation treatment to assist first-generation college students reframe academic setbacks. Contemporary Educational Psychology, 2021, 64, 101938.	1.6	6
76	Paradoxical Effects of Perceived Control on Survival. Journals of Gerontology - Series B Psychological Sciences and Social Sciences, 2018, 73, 1166-1174.	2.4	5
77	The Detrimental Consequences of Overestimating Future Health in Late Life. Journals of Gerontology - Series B Psychological Sciences and Social Sciences, 2019, 74, 373-381.	2.4	5
78	Primary and secondary control strategies and psychological well-being among familial caregivers of older adults with dementia. Journal of Social Psychology, 2020, 160, 61-74.	1.0	5
79	The impact of student-athlete social identity on psychosocial adjustment during a challenging educational transition. Psychology of Sport and Exercise, 2021, 56, 101979.	1.1	5
80	Perceived Health Barriers and Health Value in Seniors: Implications for Well-Being and Mortality <sup>1</sup> . Journal of Applied Social Psychology, 1993, 23, 1619-1637.	1.3	4
81	Attributions for physical activity in very old adults: predicting everyday physical activity and mortality risk. Psychology and Health, 2019, 34, 216-231.	1.2	4
82	Reactivity and environmental stimulation as predictors of motor activity level in children. Personality and Individual Differences, 1992, 13, 591-601.	1.6	3
83	The Support Source Mix: A Comparison of Elderly Men and Women from Two Decades. Canadian Journal on Aging, 1994, 13, 434-453.	0.6	3
84	Cell phones and grades: examining mediation by perceived control and anxiety. Social Psychology of Education, 2020, 23, 1277-1301.	1.2	1
