#	ARTICLE	IF	CITATIONS
1	Response to a Letter to the Editor. Shock, 2021, Publish Ahead of Print, 1092-1093.	2.1	0
2	Presepsin values and prognostic nutritional index predict mortality in intensive care unit patients with sepsis: a pilot study. BMC Research Notes, 2021, 14, 245.	1.4	7
3	Presepsin and prognostic nutritional index are predictors of septic acute kidney injury, renal replacement therapy initiation in sepsis patients, and prognosis in septic acute kidney injury patients: a pilot study. BMC Nephrology, 2021, 22, 219.	1.8	11
4	Urinary neutrophil gelatinase-associated lipocalin was a predictor from the day after intensive care unit entry, but not on the day of intensive care unit entry. Clinica Chimica Acta, 2021, 517, 117-121.	1.1	0
5	Hyponatremia tends to be associated with mortality, but is not significantly associated with increased mortality risk in critically ill patients with sepsis. Journal of Clinical Anesthesia, 2021, 72, 110281.	1.6	2
6	Presepsin Values Predict Septic Acute Kidney Injury, Acute Respiratory Distress Syndrome, Disseminated Intravascular Coagulation, and Shock. Shock, 2021, 55, 501-506.	2.1	19
7	Evaluation of alveolar recruitment maneuver on respiratory resistance during general anesthesia: a prospective observational study. BMC Anesthesiology, 2020, 20, 264.	1.8	8
8	Urinary neutrophil gelatinase-associated lipocalin values alone and combined with Prognostic Index predict septic AKI, DIC, and shock: a pilot study. BMC Research Notes, 2020, 13, 387.	1.4	1
9	Efficacy of Goreisan in Preventing Transurethral Resection Syndrome in Transurethral Resection of the Prostate: A Randomized-Controlled Study. Journal of Alternative and Complementary Medicine, 2020, 26, 738-742.	2.1	2
10	A proposal for pediatric specific difficult airway management guideline. Journal of Clinical Anesthesia, 2020, 62, 109726.	1.6	0
11	Stiripentol alleviates neuropathic pain in L5 spinal nerve-transected mice. Journal of Anesthesia, 2020, 34, 373-381.	1.7	5
12	Mechanical allodynia in mice with tenascin-X deficiency associated with Ehlers-Danlos syndrome. Scientific Reports, 2020, 10, 6569.	3.3	14
13	Neutrophil gelatinase-associated lipocalin value immediately after initiating cardiopulmonary bypass in cardiac surgery predicts the onset of postoperative acute kidney injury. Journal of Clinical Anesthesia, 2020, 64, 109815.	1.6	0
14	Evaluation of the Fourth-Generation FloTrac/Vigileo System in Comparison With the Intermittent Bolus Thermodilution Method in Patients Undergoing Cardiac Surgery. Journal of Cardiothoracic and Vascular Anesthesia, 2019, 33, 953-960.	1.3	22
15	Successful tracheal intubation using videolaryngoscope in Shwachman-Diamond syndrome patient combined with congenital epidermolysis bullosa. Journal of Clinical Anesthesia, 2019, 56, 27.	1.6	1
16	Switching role scenario for simulation-based interprofessional education for operation room emergency. Journal of Clinical Anesthesia, 2019, 55, 108.	1.6	1
17	Yokukansan Alleviates Cancer Pain by Suppressing Matrix Metalloproteinase-9 in a Mouse Bone Metastasis Model. Evidence-based Complementary and Alternative Medicine, 2019, 2019, 1-11.	1.2	4
18	Comparison of size 3 and size 4 i-gel® in 50-60 kg female patients: A prospective randomized crossover trial. Journal of Clinical Anesthesia, 2019, 58, 75-76.	1.6	0

#	ARTICLE	IF	CITATIONS
19	A proposal for ultrasound-guided peripheral nerve block simulation training. <i>Journal of Clinical Anesthesia</i> , 2019, 58, 38.	1.6	2
20	Comparison of Quick Track [®] and Melker [®] for emergent invasive airway management in Simulated Obese Model. <i>American Journal of Emergency Medicine</i> , 2019, 37, 1388-1389.	1.6	0
21	A novel abdominal shift method to facilitate ultrasound-guided quadratus lumborum block in obese patients. <i>Journal of Clinical Anesthesia</i> , 2019, 55, 5-6.	1.6	3
22	Application of superior laryngeal nerve block and videolaryngoscope for awake intubation in a patient with severe acute epiglottitis. <i>Journal of Clinical Anesthesia</i> , 2019, 54, 143-144.	1.6	8
23	Subclavian artery and vein differentiation methods using ultrasound imaging among medical students. <i>Journal of Clinical Anesthesia</i> , 2019, 54, 154-155.	1.6	0
24	Successful rapid-sequence intubation utilizing the McGrath [®] MAC and tracheal tube introducer for airway management in a Patient with massive foamy sputum. <i>Journal of Clinical Anesthesia</i> , 2019, 54, 11-12.	1.6	0
25	Incorporating resilience competencies in simulation-based education to emergency response training. <i>Journal of Clinical Anesthesia</i> , 2019, 53, 4.	1.6	1
26	Need for In-hospital Simulation-based Sedation Training Course ¹ / ₄ Significance of Interprofessional Training for Medical Safety Improvement. <i>The Journal of Japan Society for Clinical Anesthesia</i> , 2019, 39, 216-221.	0.0	0
27	Factors Associated with Poor Satisfaction with Anesthesia in Patients Who Had Previous Surgery: A Retrospective Study. <i>Anesthesiology and Pain Medicine</i> , 2019, 9, e90915.	1.3	3
28	Combination of video and manikin hybrid simulation for rapid response emergency airway management training in medical students. <i>Journal of Clinical Anesthesia</i> , 2018, 46, 75-76.	1.6	3
29	Efficacy of ultrasound imaging for differential diagnosis of cervical swelling after brachial plexus block for shoulder arthroscopy. <i>Journal of Clinical Anesthesia</i> , 2018, 45, 75-76.	1.6	0
30	Adapting international simulation-based educational methods: Localization for medical culture and educational characteristics. <i>American Journal of Emergency Medicine</i> , 2018, 36, 1897.	1.6	1
31	Three-dimensional Computed Tomography Evaluation in a Right-sided Aorta with Kommerell [®] 's Diverticulum ¹ / ₄ Five Cases of Thoracic Aorta Replacement. <i>The Journal of Japan Society for Clinical Anesthesia</i> , 2018, 38, 148-152.	0.0	0
32	Significance of Multi-professional, Multi-department, and Multi-hospital Participation for Effective Interprofessional Training for Perioperative Team. <i>The Journal of Japan Society for Clinical Anesthesia</i> , 2018, 38, 78-82.	0.0	0
33	A method combining cricoid pressure and manual laryngeal fixation during chest compression to facilitate emergency tracheal intubation. <i>American Journal of Emergency Medicine</i> , 2018, 36, 1116.	1.6	0
34	Application of laryngeal mask Protector [®] Cuff Pilot [®] for safe recovery from general anesthesia in a patient with difficult mask ventilation. <i>Journal of Clinical Anesthesia</i> , 2018, 45, 2-3.	1.6	1
35	Problem-based learning for anesthesia resident operating room crisis management training. <i>PLoS ONE</i> , 2018, 13, e0207594.	2.5	12
36	A proposal for rapid response system education to excessive procedure sedation. <i>Journal of Clinical Anesthesia</i> , 2018, 49, 75.	1.6	1

#	ARTICLE	IF	CITATIONS
37	Preoperative Administration of Jidabokuippo, a Kampo Medicine, Alleviates Postoperative Pain after Tooth Extraction with Mandible Bone Removal under General Anesthesia: A Prospective, Single-Blind, Randomized Controlled Trial. <i>Journal of Alternative and Complementary Medicine</i> , 2018, 24, 1214-1218.	2.1	2
38	Efficacy of videolaryngoscope-guided glossopharyngeal nerve block in a patient with severe nasal bleeding. <i>Journal of Clinical Anesthesia</i> , 2018, 44, 18.	1.6	1
39	Comparison of sitting and standing position for central venous catheter insertion: A crossover simulation trial. <i>American Journal of Emergency Medicine</i> , 2018, 36, 1714-1715.	1.6	1
40	Development of a novel photoaffinity probe for labeling nocistatin receptor. <i>Biochemical and Biophysical Research Communications</i> , 2018, 501, 514-519.	2.1	3
41	Unanticipated restricted mouth opening after induction of general anesthesia in a patient with parotid gland swelling. <i>Journal of Clinical Anesthesia</i> , 2018, 49, 65-66.	1.6	0
42	Evaluation of Post-anesthetic Respiratory Resistance ^{1/4} Sevoflurane versus Desflurane. <i>The Journal of Japan Society for Clinical Anesthesia</i> , 2018, 38, 304-309.	0.0	0
43	Sudden cardiorespiratory collapse associated with Takotsubo cardiomyopathy upon transferring a patient to the operation bed. <i>Journal of Clinical Anesthesia</i> , 2017, 36, 12-13.	1.6	0
44	Rapid-sequence intubation of a patient with difficult airway using a double-lumen endotracheal tube with the Pentax-AWS Airwayscope and a soft-tipped tube exchanger. <i>Journal of Clinical Anesthesia</i> , 2017, 36, 14-15.	1.6	2
45	A proposal of an effective coping approach to esophageal intubation. <i>American Journal of Emergency Medicine</i> , 2017, 35, 787.	1.6	0
46	Comparison of cricoid pressure effect between McGRATH [®] MAC and Pentax-AWS Airwayscope [®] : A prospective randomized trials. <i>American Journal of Emergency Medicine</i> , 2017, 35, 576-578.	1.6	10
47	Evaluation of gum-elastic bougie combined with direct and indirect laryngoscopes in vomitus setting: A randomized simulation trial. <i>American Journal of Emergency Medicine</i> , 2017, 35, 584-588.	1.6	9
48	Effects of stylet use during tracheal intubation on postoperative pharyngeal pain in anesthetized patients: A prospective randomized controlled trial. <i>Journal of Clinical Anesthesia</i> , 2017, 38, 68-70.	1.6	9
49	Neck anteflexion method for facilitating videolaryngoscopic tracheal intubation while applying cricoid pressure. <i>American Journal of Emergency Medicine</i> , 2017, 35, 699-700.	1.6	1
50	Comparison of PaO ₂ and PaCO ₂ in arterial blood gas analysis between EcoLite [®] , [†] and conventional medium concentration face mask. <i>American Journal of Emergency Medicine</i> , 2017, 35, 795-796.	1.6	0
51	RNA editing enzyme ADAR2 is a mediator of neuropathic pain after peripheral nerve injury. <i>FASEB Journal</i> , 2017, 31, 1847-1855.	0.5	9
52	Effective nasal mask ventilation of a difficult airway in a patient with advanced salivary gland cancer. <i>Journal of Clinical Anesthesia</i> , 2017, 39, 108-109.	1.6	2
53	Head elevation and lateral head rotation effect on facemask ventilation efficiency: Randomized crossover trials. <i>American Journal of Emergency Medicine</i> , 2017, 35, 1709-1712.	1.6	2
54	Contribution of the nasal passage to face mask ventilation: a prospective blinded randomized crossover trial. <i>Canadian Journal of Anaesthesia</i> , 2017, 64, 935-939.	1.6	3

#	ARTICLE	IF	CITATIONS
55	Need for in-hospital simulation-based educational facilitation for practical patient safety improvement. <i>American Journal of Emergency Medicine</i> , 2017, 35, 1198.	1.6	3
56	Evaluation of ultrasound-guided posterior quadratus lumborum block for postoperative analgesia after laparoscopic gynecologic surgery. <i>Journal of Clinical Anesthesia</i> , 2017, 41, 1-4.	1.6	91
57	Evaluation of lip pulling method efficacy for direct laryngoscopy: A prospective crossover clinical pilot trial. <i>Journal of Clinical Anesthesia</i> , 2017, 38, 18-19.	1.6	1
58	Lip injury associated with i-gel placement during general anesthesia. <i>Journal of Clinical Anesthesia</i> , 2017, 38, 24-25.	1.6	2
59	Treatment of ventilation failure after tracheal intubation due to asthma attack with high concentration sevoflurane. <i>Journal of Clinical Anesthesia</i> , 2017, 38, 6.	1.6	1
60	Successful tracheal intubation with the McGrath MAC during chest compression in a difficult airway patient. <i>Journal of Clinical Anesthesia</i> , 2017, 39, 15-16.	1.6	10
61	Hybrid simulation utilizing problem-based learning and task trainer for central venous catheter insertion training. <i>American Journal of Emergency Medicine</i> , 2017, 35, 1379.	1.6	4
62	Reply to comments about LMA-ProSeal insertion by novice doctors as affected by a 90 degree bend created by an intubating stylet: A randomized clinical trial. <i>Journal of Clinical Anesthesia</i> , 2017, 38, 81.	1.6	0
63	A novel skin traction method to facilitate ultrasound-guided femoral nerve block in morbidly obese patients. <i>Journal of Clinical Anesthesia</i> , 2017, 39, 3.	1.6	2
64	Problem-based learning discussion on advanced life support training for perioperative interprofessional education. <i>American Journal of Emergency Medicine</i> , 2017, 35, 1017.	1.6	1
65	Manual laryngeal fixation facilitates tracheal intubation during chest compression: A randomized crossover manikin study. <i>American Journal of Emergency Medicine</i> , 2017, 35, 671-675.	1.6	2
66	Effect of Cricoid Pressure on the Insertion Efficacy of Six Supraglottic Devices: A Crossover Randomized Simulation Trial. <i>Journal of Emergency Medicine</i> , 2017, 53, 635-641.	0.7	3
67	Application of a skin traction method to facilitate ultrasound-guided brachial plexus block in obese patient with short neck. <i>Journal of Clinical Anesthesia</i> , 2017, 41, 56-57.	1.6	2
68	Sudden onset of artery dissection in a 32-year-old woman with vascular Ehlers-Danlos syndrome due to psychological stress of her mother's death: a case series. <i>JA Clinical Reports</i> , 2017, 3, 26.	0.7	1
69	An educational program for decreasing catheter-related bloodstream infections in intensive care units: a pre- and post-intervention observational study. <i>JA Clinical Reports</i> , 2017, 3, 23.	0.7	6
70	Bacillus cereus pneumonia in an immunocompetent patient: a case report. <i>JA Clinical Reports</i> , 2017, 3, 25.	0.7	18
71	A novel bimanual lip extraction and backward, upward, rightward pressure combination for improved laryngoscopy. <i>American Journal of Emergency Medicine</i> , 2017, 35, 177.	1.6	0
72	Changes in cardiac function and hemodynamics during robot-assisted laparoscopic prostatectomy with steep head-down tilt: a prospective observational study. <i>BMC Research Notes</i> , 2017, 10, 341.	1.4	10

#	ARTICLE	IF	CITATIONS
73	Neutrophil to lymphocyte ratio and platelet to lymphocyte ratio are superior to other inflammation-based prognostic scores in predicting the mortality of patients with gastrointestinal perforation. <i>JA Clinical Reports</i> , 2017, 3, 49.	0.7	24
74	Factors Causing Post-Anesthetic High Respiratory Resistance in Patients Undergoing Transurethral Resection of Bladder Tumors. <i>Anesthesiology and Pain Medicine</i> , 2017, 7, e44553.	1.3	1
75	Airway Management Training Should Include Advanced Life Support. <i>The Journal of Japan Society for Clinical Anesthesia</i> , 2016, 36, 230-235.	0.0	0
76	Clinical Application of a Simulation-based Sedation Training Course : Crucial Role of Anesthesiologists in Improving Safety in Sedation. <i>The Journal of Japan Society for Clinical Anesthesia</i> , 2016, 36, 334-338.	0.0	1
77	Preoperative Oral Administration of Kikyo-To, a Kampo Medicine, Alleviates Postoperative Sore Throat: A Prospective, Double-Blind, Randomized Study. <i>Journal of Alternative and Complementary Medicine</i> , 2016, 22, 294-297.	2.1	6
78	Role of c-Jun N-terminal kinase in late nerve regeneration monitored by <i>in vivo</i> imaging of thyl ¹ yellow fluorescent protein transgenic mice. <i>European Journal of Neuroscience</i> , 2016, 43, 548-560.	2.6	12
79	Evaluation of pH in Double-Lumen Tubes Removed After General Anesthesia: A Prospective Observational Study. <i>Journal of Cardiothoracic and Vascular Anesthesia</i> , 2016, 30, e46-e47.	1.3	0
80	Comparison of Cuff Pressure Increases by Transesophageal Echocardiography: A Simulation Analysis Using a Porcine Pharyngeal Model. <i>Journal of Cardiothoracic and Vascular Anesthesia</i> , 2016, 30, e17.	1.3	1
81	Significance of basic airway management simulation training for medical students. <i>Journal of Clinical Anesthesia</i> , 2016, 32, 29.	1.6	3
82	Evaluation of gum-elastic bougie with direct and indirect laryngoscope for infant difficult airway management: a Pierre Robin simulation model. <i>Journal of Clinical Anesthesia</i> , 2016, 30, 59-60.	1.6	2
83	Paraplegia caused by giant intradural herniation of a lumbar disk after combined spinal-epidural anesthesia in total hip arthroplasty. <i>Journal of Clinical Anesthesia</i> , 2016, 32, 169-171.	1.6	3
84	Use of a modified McGRATH MAC and tracheal tube introducer for difficult nasal intubation. <i>Journal of Clinical Anesthesia</i> , 2016, 34, 255-256.	1.6	3
85	Gum-Elastic Bougie Efficacy for Tracheal Intubation During Continuous Chest Compression in Infants A Crossover Simulation Trial. <i>Journal of Emergency Medicine</i> , 2016, 51, 19-24.	0.7	5
86	Possibility of lip pulling method not only for prevention of soft tissue injury but also for improved laryngoscopy and tracheal intubation. <i>American Journal of Emergency Medicine</i> , 2016, 34, 1694.	1.6	2
87	Muscle relaxant facilitates i-gel insertion by novice doctors: A prospective randomized controlled trial. <i>Journal of Clinical Anesthesia</i> , 2016, 33, 218-222.	1.6	17
88	Difficult airway management using Pentax-AWS Airwayscope with pediatric Intlock and tracheal tube introducer in Goldenhar syndrome patient. <i>Journal of Clinical Anesthesia</i> , 2016, 33, 223-224.	1.6	1
89	Needle guides for venous catheter insertion during chest compressions: a crossover simulation trial. <i>American Journal of Emergency Medicine</i> , 2016, 34, 989-992.	1.6	7
90	Ventilation failure due to recanalization of a tracheostomy orifice during the induction of anesthesia. <i>Journal of Clinical Anesthesia</i> , 2016, 31, 113-114.	1.6	1

#	ARTICLE	IF	CITATIONS
91	Use of a videolaryngoscope with a tube guide for metal stent placement to subglottic tracheal tumor. <i>Journal of Clinical Anesthesia</i> , 2016, 31, 229-230.	1.6	1
92	Cardiac arrest associated with takotsubo cardiomyopathy after tracheal intubation. <i>Journal of Clinical Anesthesia</i> , 2016, 34, 53-54.	1.6	1
93	Comparison of emergency physician and anesthesiologist attitudes toward difficult airway management. <i>American Journal of Emergency Medicine</i> , 2016, 34, 754-755.	1.6	1
94	Correlation between extraction force during tracheal intubation stylet removal and postoperative sore throat. <i>Journal of Clinical Anesthesia</i> , 2016, 33, 37-40.	1.6	12
95	Combination of videolaryngoscope and tracheal tube introducer for difficult infant airway management. <i>Journal of Clinical Anesthesia</i> , 2016, 33, 498-499.	1.6	1
96	Transversus abdominal plane and rectus sheath block combination for intractable anterior cutaneous nerve entrapment syndrome after severe cholecystitis. <i>Journal of Clinical Anesthesia</i> , 2016, 31, 119.	1.6	8
97	A rare cause of lower limb paralysis after epidural anesthesia. <i>Journal of Clinical Anesthesia</i> , 2016, 33, 166-167.	1.6	0
98	Impact of pillow height on double-lumen endotracheal tube intubation with McGRATH MAC: a prospective randomized clinical trial. <i>Journal of Clinical Anesthesia</i> , 2016, 34, 339-343.	1.6	14
99	Efficacy of the Pentax-AWS Airwayscope with a newly developed Intlock for a double-lumen tracheal tube. <i>Journal of Clinical Anesthesia</i> , 2016, 34, 373-374.	1.6	6
100	Comparison of polyvinyl chloride and elastic stannum stylet extraction forces with various lubricants: a simulation study. <i>SpringerPlus</i> , 2016, 5, 1309.	1.2	2
101	Rapid sequence intubation using a videolaryngoscope with a tracheal tube introducer in a patient with laryngeal deviation and intractable nasal bleeding. <i>Journal of Clinical Anesthesia</i> , 2016, 34, 312-313.	1.6	2
102	Anti-NMDA receptor encephalitis presenting as an acute psychotic episode misdiagnosed as dissociative disorder: a case report. <i>JA Clinical Reports</i> , 2016, 2, 22.	0.7	10
103	Evaluation of pH on removed tracheal tubes after general anesthesia: a prospective observational study. <i>Journal of Clinical Anesthesia</i> , 2016, 35, 346-349.	1.6	1
104	Necessity of Perioperative Advanced Cardiovascular Life Support in Pain Clinics. <i>The Journal of Japan Society for Clinical Anesthesia</i> , 2016, 36, 247-250.	0.0	0
105	Preoperative and Anesthetic Management of a Patient with Hypertrophic Obstructive Cardiomyopathy. <i>The Journal of Japan Society for Clinical Anesthesia</i> , 2016, 36, 152-157.	0.0	0
106	Anesthesiologist Training and Education at Osaka Medical College : Significance of Simulation Training Programs. <i>The Journal of Japan Society for Clinical Anesthesia</i> , 2016, 36, 219-223.	0.0	0
107	Simulation Education Should Be Tightly Linked with Clinical Training. <i>The Journal of Japan Society for Clinical Anesthesia</i> , 2016, 36, 599-603.	0.0	1
108	Sudden onset of severe pulmonary edema after emergency cesarean section. <i>JA Clinical Reports</i> , 2016, 2, 23.	0.7	1

#	ARTICLE	IF	CITATIONS
109	Unexpected hemorrhage during robot-assisted laparoscopic prostatectomy: a case report. <i>Journal of Medical Case Reports</i> , 2016, 10, 240.	0.8	7
110	A postoperative left ventricular-right atrial shunt due to infectious endocarditis after aortic repair with aortic valve replacement detected by transesophageal echocardiography. <i>JA Clinical Reports</i> , 2016, 2, 26.	0.7	1
111	Intrathecal administration of low-dose nociceptin/orphanin FQ induces allodynia via $\text{Jun N-terminal kinase}$ and monocyte chemoattractant protein-1. <i>European Journal of Neuroscience</i> , 2016, 43, 1499-1508.	2.6	5
112	Force and location between direct and indirect laryngoscopes. <i>Journal of Anesthesia</i> , 2016, 30, 362-362.	1.7	0
113	Pillow height for i-gel [®] insertion: a randomized clinical trial. <i>Journal of Anesthesia</i> , 2016, 30, 542-542.	1.7	0
114	Muscle relaxant effect on tracheal intubation with Pentax-AWS Airwayscope: a prospective randomized controlled trial. <i>American Journal of Emergency Medicine</i> , 2016, 34, 674-675.	1.6	2
115	Need for a new evaluation scale for the efficacy of ventilation with supraglottic devices. <i>Journal of Clinical Anesthesia</i> , 2016, 31, 201.	1.6	0
116	Comparison of O ₂ and EtCO ₂ achieved by the polypropylene and conventional polyvinyl chloride face mask in healthy individuals. <i>American Journal of Emergency Medicine</i> , 2016, 34, 1157-1159.	1.6	2
117	Evaluation of lifestyle changes before elective operation: a preliminary observational study. <i>Journal of Clinical Anesthesia</i> , 2016, 33, 173-175.	1.6	0
118	LMA-ProSeal insertion by novice doctors as affected by a 90° bend created by an intubating stylet: a randomized clinical trial. <i>Journal of Clinical Anesthesia</i> , 2016, 34, 145-150.	1.6	3
119	Involvement of NIPSNAP1, a neuropeptide nocistatin-interacting protein, in inflammatory pain. <i>Molecular Pain</i> , 2016, 12, 174480691663769.	2.1	6
120	Usefulness of evaluation with a forced oscillation technique during the perioperative period. <i>Paediatric Anaesthesia</i> , 2016, 26, 564-564.	1.1	0
121	Evaluation of pH in the removed i-gel after general anesthesia: a prospective observational study. <i>Journal of Clinical Anesthesia</i> , 2016, 30, 61-62.	1.6	2
122	Tracheal Tube Position Shift During Infant Resuscitation by Chest Compression: A Simulation Comparison by Fixation Method and With or Without Cuff. <i>Journal of Emergency Medicine</i> , 2016, 50, 601-606.	0.7	0
123	Utility of gum-elastic bougie for tracheal intubation during chest compressions in a manikin: a randomized crossover trial. <i>American Journal of Emergency Medicine</i> , 2016, 34, 54-56.	1.6	18
124	Air-Q intubating supraglottic device for tracheal tumor resection. <i>Journal of Clinical Anesthesia</i> , 2016, 28, 80-81.	1.6	1
125	Difficult airway management using the Pentax-AWS Airwayscope with a thin Intlock and bronchofiberscope in a patient with Coffin-Lowry syndrome. <i>Journal of Clinical Anesthesia</i> , 2016, 29, 1-2.	1.6	2
126	A rare case of accidental arterial local anesthetic injection under ultrasound-guided stellate ganglion block. <i>Journal of Clinical Anesthesia</i> , 2016, 29, 3-4.	1.6	7

#	ARTICLE	IF	CITATIONS
127	Right radial artery pulse loss after transesophageal echocardiography probe insertion in an infant with an aberrant right subclavian artery. <i>Journal of Clinical Anesthesia</i> , 2016, 28, 84.	1.6	1
128	Evaluation of double-lumen endotracheal tube extubation force by extraction angle: a prospective randomized clinical trial. <i>Journal of Clinical Anesthesia</i> , 2016, 29, 40-45.	1.6	3
129	Successful i-gel insertion combined with Macintosh laryngoscope with a swollen tonsil. <i>Journal of Clinical Anesthesia</i> , 2016, 28, 89-90.	1.6	0
130	A scale for evaluating the difficulty of tracheal tube passage though the glottis is needed; good laryngoscopy does not always ensure intubation success. <i>Journal of Clinical Anesthesia</i> , 2016, 28, 82-83.	1.6	0
131	Successful LMA-ProSeal insertion using a tracheal tube introducer in a patient with severe rheumatoid arthritis. <i>Journal of Clinical Anesthesia</i> , 2016, 33, 501-502.	1.6	2
