#	ARTICLE	IF	CITATIONS
1	Seasonal trends and maternal characteristics as predictors of maternal undernutrition and low birthweight in Eastern Maharashtra, India. <i>Maternal and Child Nutrition</i> , 2021, 17, e13087.	3.0	6
2	Association between multivitamin supplementation and mortality among patients with Ebola virus disease: An international multisite cohort study. <i>African Journal of Emergency Medicine</i> , 2020, 10, 23-29.	1.1	4
3	Combined infant and young child feeding with small-quantity lipid-based nutrient supplementation is associated with a reduction in anemia but no changes in anthropometric status of young children from Katanga Province of the Democratic Republic of Congo: a quasi-experimental effectiveness study. <i>American Journal of Clinical Nutrition</i> , 2020, 112, 683-694.	4.7	8
4	An Integrated Infant and Young Child Feeding and Small-Quantity Lipid-based Nutrient Supplementation Program Is Associated with Improved Gross Motor and Communication Scores of Children 6-18 Months in the Democratic Republic of Congo. <i>Journal of Pediatrics</i> , 2020, 222, 154-163.	1.8	4
5	Vitamin A Supplementation Was Associated with Reduced Mortality in Patients with Ebola Virus Disease during the West African Outbreak. <i>Journal of Nutrition</i> , 2019, 149, 1757-1765.	2.9	21
6	Predictors of micronutrient powder (<sc>MNP</sc>) knowledge, coverage, and consumption during the scale-up of an integrated infant and young child feeding (<sc>IYCFâ€MNP</sc>) programme in <sc>N</sc>epal. <i>Maternal and Child Nutrition</i> , 2019, 15, e12712.	3.0	5
7	An integrated infant and young child feeding and small-quantity lipid-based nutrient supplementation programme in the <sc>Democratic Republic of Congo</sc> is associated with improvements in breastfeeding and handwashing behaviours but not dietary diversity. <i>Maternal and Child Nutrition</i> , 2019, 15, e12784.	3.0	8
8	Early life risk factors of motor, cognitive and language development: a pooled analysis of studies from low/middle-income countries. <i>BMJ Open</i> , 2019, 9, e026449.	1.9	61
9	Changes in growth, anaemia, and iron deficiency among children aged 6â€23 months in two districts in Nepal that were part of the post-pilot scale-up of an integrated infant and young child feeding and micronutrient powder intervention. <i>Maternal and Child Nutrition</i> , 2019, 15, e12693.	3.0	7
10	Engagement in Agriculture Protects Against Food Insecurity and Malnutrition in Peri-Urban Nepal. <i>Current Developments in Nutrition</i> , 2019, 3, nzy078.	0.3	4
11	Nutritional, Socioeconomic, and Delivery Characteristics Are Associated with Neurodevelopment in Tanzanian Children. <i>Journal of Pediatrics</i> , 2019, 207, 71-79.e8.	1.8	10
12	Biomarkers of Systemic Inflammation and Growth in Early Infancy are Associated with Stunting in Young Tanzanian Children. <i>Nutrients</i> , 2018, 10, 1158.	4.1	23
13	Infant and Young Child Feeding (IYCF) Practices Improved in 2 Districts in Nepal during the Scale-Up of an Integrated IYCF and Micronutrient Powder Program. <i>Current Developments in Nutrition</i> , 2018, 2, nzy019.	0.3	12
14	Magnitude and determinants of inadequate third-trimester weight gain in rural Bangladesh. <i>PLoS ONE</i> , 2018, 13, e0196190.	2.5	14
15	The effect of daily zinc and/or multivitamin supplements on early childhood development in Tanzania: results from a randomized controlled trial. <i>Maternal and Child Nutrition</i> , 2017, 13, .	3.0	13
16	Infant Nutritional Status and Markers of Environmental Enteric Dysfunction are Associated with Midchildhood Anthropometry and Blood Pressure in Tanzania. <i>Journal of Pediatrics</i> , 2017, 187, 225-233.e1.	1.8	6
17	Delayed Breastfeeding Initiation Is Associated with Infant Morbidity. <i>Journal of Pediatrics</i> , 2017, 191, 57-62.e2.	1.8	34
18	High Burden of Morbidity and Mortality but Not Growth Failure in Infants Exposed to but Uninfected with Human Immunodeficiency Virus in Tanzania. <i>Journal of Pediatrics</i> , 2017, 180, 191-199.e2.	1.8	23

#	ARTICLE	IF	CITATIONS
19	The Impact of Integrated Infant and Young Child Feeding and Micronutrient Powder Intervention on Feeding Practices and Anemia in Children Aged 6â€“23 Months in Madagascar. <i>Nutrients</i> , 2017, 9, 581.	4.1	22
20	Infant nutritional status and markers of environmental enteric dysfunction are associated with midâ€“childhood anthropometry and blood pressure in Tanzania. <i>FASEB Journal</i> , 2017, 31, 639.4.	0.5	0
21	Interventions for Childhood Obesity in the First 1,000 Days A Systematic Review. <i>American Journal of Preventive Medicine</i> , 2016, 50, 780-789.	3.0	255
22	The prevalence of anemia and iron deficiency is more common in breastfed infants than their mothers in Bhaktapur, Nepal. <i>European Journal of Clinical Nutrition</i> , 2016, 70, 456-462.	2.9	37
23	Effect of zinc and multivitamin supplementation on the growth of Tanzanian children aged 6â€“84 wk: a randomized, placebo-controlled, double-blind trial. <i>American Journal of Clinical Nutrition</i> , 2016, 103, 910-918.	4.7	38
24	Risk Factors for Childhood Obesity in the First 1,000 Days. <i>American Journal of Preventive Medicine</i> , 2016, 50, 761-779.	3.0	651
25	Using formative research to design a contextâ€“specific behaviour change strategy to improve infant and young child feeding practices and nutrition in Nepal. <i>Maternal and Child Nutrition</i> , 2015, 11, 882-896.	3.0	39
26	Iron deficiency is uncommon among lactating women in urban Nepal, despite a high risk of inadequate dietary iron intake. <i>British Journal of Nutrition</i> , 2014, 112, 132-141.	2.3	19
