#	ARTICLE	IF	CITATIONS
1	Marital status and survival in cancer patients: A systematic review and meta-analysis. <i>Cancer Medicine</i> , 2023, 12, 1685-1708.	2.8	24
2	How did general practices organize care during the COVID-19 pandemic: the protocol of the cross-sectional PRICOV-19 study in 38 countries. , 2022, 23, 11.		39
3	Family history tools for primary care: A systematic review. <i>European Journal of General Practice</i> , 2022, 28, 75-86.	2.0	7
4	Psychometric properties of the Slovenian version of the Cancer Survivors'™ Unmet Needs (CaSUN-SL) measure in post-treatment cancer survivors. <i>BMC Psychology</i> , 2022, 10, .	2.1	3
5	Effectiveness of the Use of Augmented Reality in Teaching the Management of Anaphylactic Shock at the Primary Care Level: Protocol for a Randomized Controlled Trial. <i>JMIR Research Protocols</i> , 2021, 10, e22460.	1.0	2
6	Core Values of Family Medicine in Europe: Current State and Challenges. <i>Frontiers in Medicine</i> , 2021, 8, 646353.	2.6	13
7	Identification and Ranking of Core Values in Family Medicine: A Mixed Methods Study From Ukraine. <i>Frontiers in Medicine</i> , 2021, 8, 646276.	2.6	1
8	Scaling-up an integrated care for patients with non-communicable diseases: An analysis of healthcare barriers and facilitators in Slovenia and Belgium. <i>Zdravstveno Varstvo</i> , 2021, 60, 158-166.	0.9	8
9	The safety culture of the Ljubljana community health centres'™ employees. <i>Zdravstveno Varstvo</i> , 2021, 60, 145-151.	0.9	2
10	Mapping Users'™ Experience of a Family History and Genetic Risk Algorithm Tool in Primary Care. <i>Public Health Genomics</i> , 2021, , 1-10.	1.0	0
11	Implementation of Integrated Primary Care for Patients with Diabetes and Hypertension: A Case from Slovenia. <i>International Journal of Integrated Care</i> , 2021, 21, 15.	0.2	10
12	Factors that determine dependence in daily activities: A cross-sectional study of family practice non-attenders from Slovenia. <i>PLoS ONE</i> , 2021, 16, e0245465.	2.5	3
13	The Impact of Psychological Interventions with Elements of Mindfulness (PIM) on Empathy, Well-Being, and Reduction of Burnout in Physicians: A Systematic Review. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 11181.	2.6	17
14	Use of augmented reality in teaching management of anaphylactic shock to family doctors. , 2021, , .		0
15	Risk for malnutrition in family practice non-attenders living in the community: A cross-sectional study from Slovenia. <i>Nutrition</i> , 2020, 72, 110657.	2.4	5
16	An innovative approach to educating primary health care teams about medical emergencies. <i>Education for Primary Care</i> , 2020, 31, 44-47.	0.6	6
17	Scale-up integrated care for diabetes and hypertension in Cambodia, Slovenia and Belgium (SCUBY): a study design for a quasi-experimental multiple case study. <i>Global Health Action</i> , 2020, 13, 1824382.	1.9	20
18	Which positive view of general practice do medical students and trainees have? A systematic literature review. <i>Education for Primary Care</i> , 2020, 31, 104-111.	0.6	4

#	ARTICLE	IF	CITATIONS
19	Academic general practice/family medicine in times of COVID-19 – Perspective of WONCA Europe. <i>European Journal of General Practice</i> , 2020, 26, 182-188.	2.0	27
20	Genetics-Related Activities in Everyday Practice of Family Physicians in Slovenia. <i>Public Health Genomics</i> , 2020, 23, 230-236.	1.0	1
21	Development of an Algorithm for Determining of Genetic Risk at the Primary Healthcare Level – A New Tool for Primary Prevention: A Study Protocol. <i>Zdravstveno Varstvo</i> , 2020, 59, 27-32.	0.9	3
22	Safety Culture at Primary Healthcare Level: A Cross-Sectional Study among Employees with a Leadership Role. <i>Zdravstveno Varstvo</i> , 2020, 59, 42-46.	0.9	6
23	Successful implementation of integrated care in Slovenian primary care. <i>Zdravstveno Varstvo</i> , 2020, 60, 1-3.	0.9	5
24	Which positive factors give general practitioners job satisfaction and make general practice a rewarding career? A European multicentric qualitative research by the European general practice research network. <i>BMC Family Practice</i> , 2019, 20, 96.	2.9	35
25	A Slovenian Model of Comprehensive Care for Patients with Difficulties Accessing Healthcare: A Step Towards Health Equity. <i>Journal of Community Health Nursing</i> , 2019, 36, 139-146.	0.5	5
26	<p>Attitudes toward professionalism in medical students and its associations with personal characteristics and values: a national multicentre study from Slovenia raising the question of the need to rethink professionalism</p>. <i>Advances in Medical Education and Practice</i> , 2019, Volume 10, 437-446.	1.5	9
27	<p>Attitudes toward professionalism in medical students and its associations with personal characteristics and values: what actually makes a difference? [Response to Letter]</p>. <i>Advances in Medical Education and Practice</i> , 2019, Volume 10, 689-692.	1.5	1
28	Prevalence and factors associated with unmet needs in post-treatment cancer survivors: A systematic review. <i>European Journal of Cancer Care</i> , 2019, 28, e13060.	1.5	63
29	The 14-item Resilience scale as a potential screening tool for depression/anxiety and quality of life assessment: a systematic review of current research. <i>Family Practice</i> , 2019, 36, 262-268.	1.9	21
30	Transition from a traditional to a comprehensive quality assurance system in Slovenian family medicine practices. <i>International Journal for Quality in Health Care</i> , 2019, 31, 319-322.	1.8	6
31	Measuring quality in primary healthcare – opportunities and weaknesses. <i>Zdravstveno Varstvo</i> , 2019, 58, 101-103.	0.9	9
32	Strength of primary care service delivery: a comparative study of European countries, Australia, New Zealand, and Canada. <i>Primary Health Care Research and Development</i> , 2018, 19, 277-287.	1.2	11
33	Safety culture in the primary health care settings based on workers with a leadership role: the psychometric properties of the Slovenian-language version of the safety attitudes questionnaire – short form. <i>BMC Health Services Research</i> , 2018, 18, 767.	2.2	10
34	Evaluating the Difference between Virtual and Paper-Based Clinical Cases in Family Medicine Undergraduate Education. <i>Advances in Medicine</i> , 2018, 2018, 1-7.	0.8	3
35	The development and validation of a new interprofessional team approach evaluation scale. <i>PLoS ONE</i> , 2018, 13, e0201385.	2.5	4
36	Association of circadian rhythm genes ARNTL/BMAL1 and CLOCK with multiple sclerosis. <i>PLoS ONE</i> , 2018, 13, e0190601.	2.5	34

#	ARTICLE	IF	CITATIONS
37	Family history as an important factor for stratifying participants in genetic studies of major depression. <i>Balkan Journal of Medical Genetics</i> , 2018, 21, 5-12.	0.5	10
38	Medical students' attitudes towards the use of virtual patients. <i>Journal of Computer Assisted Learning</i> , 2017, 33, 393-402.	5.1	6
39	The safety attitudes questionnaire – ambulatory version: psychometric properties of the Slovenian version for the out-of-hours primary care setting. <i>BMC Health Services Research</i> , 2017, 17, 36.	2.2	22
40	Implementing quality indicators for diabetes and hypertension in family medicine in Slovenia. <i>Zdravstveno Varstvo</i> , 2017, 56, 211-219.	0.9	12
41	Are characteristics of team members important for quality management of chronic patients at primary care level?. <i>Journal of Clinical Nursing</i> , 2017, 26, 5025-5032.	3.0	5
42	Patient safety culture in Slovenian out-of-hours primary care clinics. <i>Zdravstveno Varstvo</i> , 2017, 56, 203-210.	0.9	10
43	European General Practice Research Network (EGPRN). <i>European Journal of General Practice</i> , 2017, 23, 227-240.	2.0	1
44	Variations in patient safety climate and perceived quality of collaboration between professions in out-of-hours care. <i>Journal of Multidisciplinary Healthcare</i> , 2017, Volume 10, 417-423.	2.7	13
45	Using movies in family medicine teaching: A reference to EURACT Educational Agenda. <i>Zdravstveno Varstvo</i> , 2017, 56, 99-106.	0.9	10
46	Patients' use of and attitudes towards self-medication in rural and remote Slovenian family medicine practices: a cross-sectional multicentre study. <i>Rural and Remote Health</i> , 2017, 17, 3893.	0.5	3
47	The Role of the Psychosocial Dimension in the Improvement of Quality of Care: A Systematic Review. <i>Zdravstveno Varstvo</i> , 2016, 55, 86-95.	0.9	10
48	Enhancing primary care clerkships with virtual patients. <i>Education for Primary Care</i> , 2016, 27, 451-454.	0.6	6
49	Which positive factors determine the GP satisfaction in clinical practice? A systematic literature review. <i>BMC Family Practice</i> , 2016, 17, 133.	2.9	29
50	Twenty-five years of the international Bled course for teachers of family medicine in Europe: Glancing back and looking forward. <i>European Journal of General Practice</i> , 2016, 22, 262-266.	2.0	4
51	Regional coordinators: a new teaching opportunity in family medicine training. <i>BMC Medical Education</i> , 2016, 16, 141.	2.4	1
52	Medication Adherence in Elderly with Polypharmacy Living at Home: a Systematic Review of Existing Studies. <i>Materia Socio-medica</i> , 2016, 28, 129.	0.7	74
53	The Effects of a Web Application and Medical Monitoring on the Quality of Medication, Adverse Drug Events and Adherence in the Elderly Living at Home: a Protocol of the Study. <i>Materia Socio-medica</i> , 2016, 28, 432.	0.7	7
54	Alcohol Drinking Among the Students of the University of Maribor, Slovenia. <i>Zdravstveno Varstvo</i> , 2015, 54, 259-266.	0.9	7

#	ARTICLE	IF	CITATIONS
55	Process quality indicators in family medicine: results of an international comparison. <i>BMC Family Practice</i> , 2015, 16, 172.	2.9	24
56	Role of nurse practitioners in reducing cardiovascular risk factors: a retrospective cohort study. <i>Journal of Clinical Nursing</i> , 2015, 24, 3077-3083.	3.0	12
57	Attitudes of the Prekmurje Roma towards health and healthcare. <i>Wiener Klinische Wochenschrift</i> , 2015, 127, 220-227.	1.9	5
58	Focus points in prevention actions against legal substances' abuse. <i>Wiener Klinische Wochenschrift</i> , 2015, 127, 241-246.	1.9	1
59	Why does teaching research skills to family medicine trainees make sense?. <i>European Journal of General Practice</i> , 2015, 21, 253-256.	2.0	2
60	Is a practice-based rural research network feasible in Europe?. <i>European Journal of General Practice</i> , 2015, 21, 203-209.	2.0	8
61	Family Medicine Education with Virtual Patients: a Qualitative Study. <i>Acta Informatica Medica</i> , 2015, 23, 202.	1.1	5
62	Family history based approach in risk prediction for Parkinson's disease: Additional contribution of familial associated disorders. <i>Genetika</i> , 2015, 47, 303-310.	0.4	0
63	Development and validation of a questionnaire for evaluation of students' attitudes towards family medicine. <i>Collegium Antropologicum</i> , 2015, 39, 1-10.	0.2	31
64	Deficiency areas in decision making in undergraduate medical students. <i>Advances in Medical Education and Practice</i> , 2014, 5, 223.	1.5	6
65	Family Physicians' Management of Genetic Aspects of a Cardiac Disease: A Scenario-Based Study from Slovenia. <i>Balkan Journal of Medical Genetics</i> , 2014, 17, 15-22.	0.5	6
66	On a European collaboration to identify organizational models, potential shortcomings and improvement options in out-of-hours primary health care. <i>European Journal of General Practice</i> , 2014, 20, 233-237.	2.0	15
67	New tool for patient evaluation of nurse practitioner in primary care settings. <i>Journal of Clinical Nursing</i> , 2014, 23, 1323-1331.	3.0	15
68	Importance of international networking in academic family medicine. <i>Acta Medica Academica</i> , 2014, 43, 63-68.	0.8	1
69	Self-assessment questionnaire for family doctors' assessment of quality improvement competencies: a cross-cultural adaptation in Slovenia. <i>Zdravstveno Varstvo</i> , 2014, 53, 34-41.	0.9	3
70	Development and validation of a professionalism assessment scale for medical students. <i>International Journal of Medical Education</i> , 2014, 5, 205-211.	1.2	26
71	The Perceptions of Professionalism by 1st and 5th Grade Medical Students. <i>Acta Informatica Medica</i> , 2014, 22, 292.	1.1	8
72	Family physicians' self-perceived importance of providing genetic test information to patients: A cross-sectional study from Slovenia. <i>Medical Science Monitor</i> , 2014, 20, 434-437.	1.1	3

#	ARTICLE	IF	CITATIONS
73	Automated external defibrillator skills among lay people in the region of Koroska: a pilot study. <i>Signa Vitae</i> , 2014, 9, 47.	0.3	1
74	Prevalence of Disease Symptoms in Slovenian Adult Population and Factors Associated with their Prevalence. <i>Zdravstveno Varstvo</i> , 2014, 53, 262-269.	0.9	1
75	Health seeking behaviour in general population with psychological symptoms. <i>Psychiatria Danubina</i> , 2014, 26, 181-6.	0.4	4
76	Predictors of high prescribing rates in family practice during actual consultation: a cross-sectional study from Slovenia. <i>Collegium Antropologicum</i> , 2014, 38, 841-5.	0.2	2
