|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1  | Clinical Features and Outcome of SARS-CoV-2 Infection in Children: A Systematic Review and Meta-analysis. <i>Indian Pediatrics</i> , 2020, 57, 820-826.                                                                   | 0.4 | 78        |
| 2  | Clinical Features and Outcome of SARS-CoV-2 Infection in Neonates: A Systematic Review. <i>Journal of Tropical Pediatrics</i> , 2021, 67, .                                                                               | 1.5 | 59        |
| 3  | Platelet Transfusion for PDA Closure in Preterm Infants: A Randomized Controlled Trial. <i>Pediatrics</i> , 2019, 143, .                                                                                                  | 2.1 | 55        |
| 4  | Demystifying BCG Vaccine and COVID-19 Relationship. <i>Indian Pediatrics</i> , 2020, 57, 588-589.                                                                                                                         | 0.4 | 29        |
| 5  | SARS-CoV-2 detection in human milk: a systematic review. <i>Journal of Maternal-Fetal and Neonatal Medicine</i> , 2022, 35, 5456-5463.                                                                                    | 1.5 | 27        |
| 6  | COVID-19 pandemic and health-care disruptions: count the most vulnerable. <i>The Lancet Global Health</i> , 2021, 9, e722-e723.                                                                                           | 6.3 | 24        |
| 7  | Radiological Findings of COVID-19 in Children: A Systematic Review and Meta-Analysis. <i>Journal of Tropical Pediatrics</i> , 2021, 67, .                                                                                 | 1.5 | 23        |
| 8  | Prevalence and Predictors of Invasive Fungal Infections in Children with Persistent Febrile Neutropenia Treated for Acute Leukemia – A Prospective Study. <i>Indian Journal of Pediatrics</i> , 2018, 85, 1090-1095.      | 0.8 | 22        |
| 9  | Oral Paracetamol vs Oral Ibuprofen in Patent Ductus Arteriosus: A Randomized, Controlled, Noninferiority Trial. <i>Journal of Pediatrics</i> , 2020, 222, 79-84.e2.                                                       | 1.8 | 21        |
| 10 | Vitamin D supplementation as an adjunct to standard treatment of asthma in children: A randomized controlled trial (ViDASTA Trial). <i>Pediatric Pulmonology</i> , 2021, 56, 1427-1433.                                   | 2.0 | 18        |
| 11 | Efficacy and safety of hydroxychloroquine/chloroquine against SARS-CoV-2 infection: A systematic review and meta-analysis. <i>Journal of Infection and Chemotherapy</i> , 2021, 27, 882-889.                              | 1.7 | 18        |
| 12 | BCG Vaccination Policy and Protection Against COVID-19. <i>Indian Journal of Pediatrics</i> , 2020, 87, 749-749.                                                                                                          | 0.8 | 16        |
| 13 | Vitamin D supplementation in childhood asthma: a systematic review and meta-analysis of randomised controlled trials. <i>ERJ Open Research</i> , 2022, 8, 00662-2021.                                                     | 2.6 | 14        |
| 14 | Oral Application of Colostrum and Mother's Own Milk in Preterm Infants – A Randomized, Controlled Trial. <i>Indian Journal of Pediatrics</i> , 2022, 89, 579-586.                                                         | 0.8 | 11        |
| 15 | Non-antibiotic interventions for prevention of urinary tract infections in children: a systematic review and meta-analysis of randomized controlled trials. <i>European Journal of Pediatrics</i> , 2021, 180, 3535-3545. | 2.7 | 10        |
| 16 | Adjuvant corticosteroids for prevention of kidney scarring in children with acute pyelonephritis: a systematic review and meta-analysis. <i>Archives of Disease in Childhood</i> , 2021, 106, 1081-1086.                  | 1.9 | 9         |
| 17 | Efficacy and Safety of Phenobarbitone as First-Line Treatment for Neonatal Seizure: A Systematic Review and Meta-Analysis. <i>Journal of Tropical Pediatrics</i> , 2021, 67, .                                            | 1.5 | 9         |
| 18 | Adverse events following blood exchange transfusion for neonatal hyperbilirubinemia: A prospective study. <i>Journal of Clinical Neonatology</i> , 2019, 8, 79.                                                           | 0.2 | 9         |

| #  | ARTICLE                                                                                                                                                                                                                                       | IF  | CITATIONS |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 19 | Routine prefeed gastric aspiration in preterm infants: a systematic review and meta-analysis. <i>European Journal of Pediatrics</i> , 2021, 180, 2367-2377.                                                                                   | 2.7 | 8         |
| 20 | Diagnostic accuracy of renal angina index alone or in combination with biomarkers for predicting acute kidney injury in children. <i>Pediatric Nephrology</i> , 2022, 37, 1263-1275.                                                          | 1.7 | 8         |
| 21 | Successful percutaneous drainage of pneumatoceles in an extremely low-birthweight infant. <i>BMJ Case Reports</i> , 2018, 2018, bcr-2017-222630.                                                                                              | 0.5 | 6         |
| 22 | Intramuscular Followed by Oral Vitamin A Supplementation in Neonates with Birth Weight from 750 to 1250g: A Randomized Controlled Trial. <i>Indian Journal of Clinical Biochemistry</i> , 2020, 35, 197-204.                                  | 1.9 | 6         |
| 23 | A misplaced peripherally inserted central catheter presenting as contralateral pleural effusion. <i>BMJ Case Reports</i> , 2018, 2018, bcr-2018-224471.                                                                                       | 0.5 | 5         |
| 24 | Dissemination of Best Practices in Preterm Care Through a Novel Mobile Phone-Based Interactive e-Learning Platform. <i>Indian Journal of Pediatrics</i> , 2021, 88, 1068-1074.                                                                | 0.8 | 5         |
| 25 | Microorganisms Profile and Antimicrobial Resistance Pattern in Outborn Neonates in Northern India: A Hospital-Based Observational Study. <i>Journal of Tropical Pediatrics</i> , 2021, 67, .                                                  | 1.5 | 5         |
| 26 | Rationalising oxygen usage in a level II special newborn care unit in Madhya Pradesh, India. <i>BMJ Open Quality</i> , 2021, 10, e001386.                                                                                                     | 1.1 | 5         |
| 27 | Cognitive, Language, and Visuomotor Abilities of Very Low Birthweight Infants at Corrected Age of Two Years. <i>Indian Pediatrics</i> , 2020, 57, 296-300.                                                                                    | 0.4 | 4         |
| 28 | Fecal Shedding of SARS CoV-2: Implications for Disease Spread and Quarantine. <i>Indian Pediatrics</i> , 2020, 57, 479-479.                                                                                                                   | 0.4 | 4         |
| 29 | Effect of COVID-19 on maternal and neonatal services. <i>The Lancet Global Health</i> , 2021, 9, e113.                                                                                                                                        | 6.3 | 4         |
| 30 | Portal vein thrombosis, livedo reticularis, polymicrobial sepsis and high antiphospholipid antibody titers in a newborn: A clinicopathological conference of antiphospholipid-associated neonatal syndrome. <i>Lupus</i> , 2021, 30, 141-148. | 1.6 | 4         |
| 31 | COVID-19 Vaccine in Children: Where Do We Stand?. <i>Indian Pediatrics</i> , 2021, 58, 194-195.                                                                                                                                               | 0.4 | 4         |
| 32 | Three-hourly versus two-hourly feeding interval in stable preterm infants: an updated systematic review and meta-analysis of randomized controlled trials. <i>European Journal of Pediatrics</i> , 2022, 181, 2075-2086.                      | 2.7 | 4         |
| 33 | Prevalence & spectrum of congenital anomalies at a tertiary care centre in north India over 20 years (1998-2017). <i>Indian Journal of Medical Research</i> , 2021, 154, 483.                                                                 | 1.0 | 4         |
| 34 | A Comparative Evaluation of Presepsin with Procalcitonin and CRP in Diagnosing Neonatal Sepsis: Correspondence. <i>Indian Journal of Pediatrics</i> , 2019, 86, 313-314.                                                                      | 0.8 | 3         |
| 35 | Screening for Language Delay between 6 Months and 3 Years of Corrected Age in Very Low Birth Weight Children. <i>Indian Pediatrics</i> , 2019, 56, 481-484.                                                                                   | 0.4 | 3         |
| 36 | Spontaneous resolution of pneumopericardium in a preterm infant. <i>BMJ Case Reports</i> , 2019, 12, e230339.                                                                                                                                 | 0.5 | 3         |

| #  | ARTICLE                                                                                                                                                                                                                                                 | IF  | CITATIONS |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 37 | Efficacy and safety of hydroxychloroquine/chloroquine against SARS-CoV-2 infection: A systematic review and meta-analysis – Authors reply. <i>Journal of Infection and Chemotherapy</i> , 2021, 27, 1539-1540.                                          | 1.7 | 3         |
| 38 | Bilateral persistent fetal vasculature: mimicker of retinoblastoma. <i>BMJ Case Reports</i> , 2017, 2017, bcr-2017-220879.                                                                                                                              | 0.5 | 3         |
| 39 | Colistin disposition in the cerebrospinal fluid when administered either intravenously alone or with intraventricular/intrathecal in neonates/pediatric patients with culture-proven meningitis. <i>Pediatrics and Neonatology</i> , 2022, 63, 190-191. | 0.9 | 3         |
| 40 | Pericallosal lipoma in children: a rare case. <i>BMJ Case Reports</i> , 2018, 2018, bcr-2017-223989.                                                                                                                                                    | 0.5 | 2         |
| 41 | Research Letters. <i>Indian Pediatrics</i> , 2018, 55, 257-259.                                                                                                                                                                                         | 0.4 | 2         |
| 42 | Longitudinal Growth of Extremely Low Birth Weight Infants at 5 Years. <i>Indian Journal of Pediatrics</i> , 2019, 86, 1139-1141.                                                                                                                        | 0.8 | 2         |
| 43 | Umbilical cord milking in preterm infants: time to act. <i>Journal of Perinatology</i> , 2019, 39, 889-890.                                                                                                                                             | 2.0 | 2         |
| 44 | Febrile encephalopathy and diarrhoea in infancy: do not forget this culprit. <i>BMJ Case Reports</i> , 2019, 12, e231195.                                                                                                                               | 0.5 | 2         |
| 45 | Vitamin D Deficiency: Definition Matters!. <i>Indian Pediatrics</i> , 2020, 57, 1083-1084.                                                                                                                                                              | 0.4 | 2         |
| 46 | An Infant with Severe Anemia and Hypoalbuminemia. <i>Indian Pediatrics</i> , 2020, 57, 349-355.                                                                                                                                                         | 0.4 | 2         |
| 47 | Congenital Syphilis Resurgences and Penicillin Shortage. <i>Indian Journal of Pediatrics</i> , 2020, 87, 959-960.                                                                                                                                       | 0.8 | 2         |
