#	Article	IF	CITATIONS
1	Screening and referral for brief intervention of alcohol-misusing patients in an emergency department: a pragmatic randomised controlled trial. Lancet, The, 2004, 364, 1334-1339.	13.7	252
2	The Effectiveness of Electronic Screening and Brief Intervention for Reducing Levels of Alcohol Consumption: A Systematic Review and Meta-Analysis. Journal of Medical Internet Research, 2014, 16, e142.	4.3	139
3	The half-life of the â€~teachable moment' for alcohol misusing patients in the emergency department. Drug and Alcohol Dependence, 2005, 77, 205-208.	3.2	94
4	Alcohol Screening and Brief Intervention for Adolescents: The How, What and Where of Reducing Alcohol Consumption and Related Harm Among Young People. Alcohol and Alcoholism, 2014, 49, 207-212.	1.6	92
5	The Effectiveness of Alcohol Screening and Brief Intervention in Emergency Departments: A Multicentre Pragmatic Cluster Randomized Controlled Trial. PLoS ONE, 2014, 9, e99463.	2.5	89
6	Cost-effectiveness of screening and referral to an alcohol health worker in alcohol misusing patients attending an accident and emergency department: A decision-making approach. Drug and Alcohol Dependence, 2006, 81, 47-54.	3.2	84
7	Alcohol Screening and Brief Interventions for Offenders in the Probation Setting (SIPS Trial): a Pragmatic Multicentre Cluster Randomized Controlled Trial. Alcohol and Alcoholism, 2014, 49, 540-548.	1.6	48
8	THE PADDINGTON ALCOHOL TEST: A SHORT REPORT. Alcohol and Alcoholism, 2004, 39, 266-268.	1.6	38
9	Alcohol Consumption, Early-Onset Drinking, and Health-Related Consequences in Adolescents Presenting at Emergency Departments in England. Journal of Adolescent Health, 2017, 60, 438-446.	2.5	37
10	Attitudes towards alcohol of emergency department doctors trained in the detection of alcohol misuse. Annals of the Royal College of Surgeons of England, 2004, 86, 329-333.	0.6	27
11	The association between shame and substance use in young people: a systematic review. PeerJ, 2015, 3, e737.	2.0	24
12	Linked randomised controlled trials of face-to-face and electronic brief intervention methods to prevent alcohol related harm in young people aged 14–17 years presenting to Emergency Departments (SIPS junior). BMC Public Health, 2015, 15, 345.	2.9	18
13	Hazardous drinkers in the accident and emergency departmentWho accepts advice?. Emergency Medicine Journal, 2004, 21, 491-492.	1.0	17
14	Alcohol: a missed opportunity. A survey of all accident and emergency departments in England. Emergency Medicine Journal, 2007, 24, 529-531.	1.0	17
15	Opportunistic screening for alcohol use problems in adolescents attending emergency departments: an evaluation of screening tools. Journal of Public Health, 2019, 41, e53-e60.	1.8	14
16	Impact of health consequences feedback on patients acceptance of advice about alcohol consumption. Emergency Medicine Journal, 2003, 20, 451-452.	1.0	13
17	Alcohol: signs of improvement. The 2nd national Emergency Department survey of alcohol identification and intervention activity. Emergency Medicine Journal, 2013, 30, 492-495.	1.0	13
18	Alcohol identification and intervention in English emergency departments. Emergency Medicine Journal, 2018, 35, 75-78.	1.0	13

ROBERT PATTON

#	Article	IF	CITATIONS
19	Screening for At-Risk Alcohol Consumption in Primary Care: A Randomized Evaluation of Screening Approaches. Alcohol and Alcoholism, 2017, 52, 312-317.	1.6	12
20	The impact of multiple chemical sensitivity on people's social and occupational functioning; a systematic review of qualitative research studies. Journal of Psychosomatic Research, 2020, 132, 109964.	2.6	12
21	Hazardous drinkers in the accident and emergency department - who attends an appointment with the alcohol health worker?. Emergency Medicine Journal, 2005, 22, 722-723.	1.0	11
22	Drugs, alcohol and sexual health: opportunities to influence risk behaviour. BMC Research Notes, 2008, 1, 27.	1.4	10
23	Same clinic, different conceptions: Drug users' and healthcare professionals' perceptions of how stigma may affect clinical care. Journal of Applied Social Psychology, 2019, 49, 534-545.	2.0	7
24	Khat and neurobehavioral functions: A systematic review. PLoS ONE, 2021, 16, e0252900.	2.5	7
25	Screening and brief interventions for adolescent alcohol use disorders presenting through emergency departments: a research programme including two RCTs. Programme Grants for Applied Research, 2020, 8, 1-144.	1.0	7
26	Fitting a quart in a pint pot: a comparison of selected alcoholic drinks produced in Nigeria and the UK. Drugs: Education, Prevention and Policy, 2021, 28, 278-285.	1.3	5
27	Alcohol Labeling Regulations and Industry Compliance in Nigeria: Evidence to Guide Policy Implementation. Journal of Studies on Alcohol and Drugs, 2021, 82, 60-65.	1.0	5
28	Brief interventions to prevent excessive alcohol use in adolescents at low-risk presenting to Emergency Departments: Three-arm, randomised trial of effectiveness and cost-effectiveness. International Journal of Drug Policy, 2021, 93, 103113.	3.3	5
29	Substance use among patients attending an accident and emergency department. Emergency Medicine Journal, 2007, 24, 146-147.	1.0	4
30	Prevalence of Hazardous Drinking Among UK 18–35 Year Olds; the Impact of a Revision to the AUDIT Cut Score: TableÂ1 Alcohol and Alcoholism, 2016, 51, 281-282.	1.6	4
31	Adolescent perspectives about their participation in alcohol intervention research in emergency care: A qualitative exploration using ethical principles as an analytical framework. PLoS ONE, 2019, 14, e0217855.	2.5	4
32	Exploring the role of psychological need fulfilment on stress, job satisfaction and turnover intention in support staff working in inpatient mental health hospitals in the NHS: a self-determination theory perspective. Journal of Mental Health, 2022, 31, 692-698.	1.9	4
33	General practitioner screening for excessive alcohol use. BMJ: British Medical Journal, 2003, 326, 336-336.	2.3	4
34	Hazardous drinking among patients attending a minor injuries unit: a pilot study: Table 1. Emergency Medicine Journal, 2013, 30, 72-73.	1.0	3
35	A National Survey of Assertive Outreach Treatment Services for People Who Frequently Attend Hospital due to Alcohol-Related Reasons in England. Alcohol and Alcoholism, 2018, 53, 277-281.	1.6	3
36	Efficacy of alcohol screening in the accident and emergency department managed by reception staff: a pilot study. Emergency Medicine Journal, 2009, 26, 424-425.	1.0	2
