#	ARTICLE	IF	CITATIONS
1	A Consensus-Based Checklist for Reporting of Survey Studies (CROSS). <i>Journal of General Internal Medicine</i> , 2021, 36, 3179-3187.	2.6	575
2	Evaluation of Systems-Oriented Public Health Interventions: Alternative Research Designs. <i>Annual Review of Public Health</i> , 2014, 35, 9-27.	17.4	122
3	The social context of smoking: A qualitative study comparing smokers of high versus low socioeconomic position. <i>BMC Public Health</i> , 2010, 10, 211.	2.9	93
4	Prevalence of electronic nicotine delivery systems (ENDS) use among youth globally: a systematic review and meta-analysis of country level data. <i>Australian and New Zealand Journal of Public Health</i> , 2018, 42, 303-308.	1.8	64
5	Barriers to diabetic self-care: A qualitative study of patients' and healthcare providers' perspectives. <i>Journal of Clinical Nursing</i> , 2019, 28, 2296-2308.	3.0	62
6	Anywhere, anytime: Retail access to tobacco in New South Wales and its potential impact on consumption and quitting. <i>Social Science and Medicine</i> , 2010, 71, 799-806.	3.8	60
7	A systematic review of barriers to optimal outpatient specialist services for individuals with prevalent chronic diseases: what are the unique and common barriers experienced by patients in high income countries?. <i>International Journal for Equity in Health</i> , 2015, 14, 52.	3.5	59
8	Proactive Telephone Counseling for Smoking Cessation: Meta-analyses by Recruitment Channel and Methodological Quality. <i>Journal of the National Cancer Institute</i> , 2011, 103, 922-941.	6.3	58
9	Adherence to and factors associated with self-care behaviours in type 2 diabetes patients in Ghana. <i>BMC Endocrine Disorders</i> , 2017, 17, 20.	2.2	58
10	How can we improve stroke thrombolysis rates? A review of health system factors and approaches associated with thrombolysis administration rates in acute stroke care. <i>Implementation Science</i> , 2015, 11, 51.	6.9	54
11	A systematic review of adherence to diabetes self-care behaviours: Evidence from low- and middle-income countries. <i>Journal of Advanced Nursing</i> , 2019, 75, 3374-3389.	3.3	50
12	Effect of Cytisine vs Varenicline on Smoking Cessation. <i>JAMA - Journal of the American Medical Association</i> , 2021, 326, 56.	7.4	50
13	Stigma-related experiences in non-communicable respiratory diseases: A systematic review. <i>Chronic Respiratory Disease</i> , 2017, 14, 199-216.	2.4	50
14	Being Sorry Is Not Enough. <i>American Journal of Preventive Medicine</i> , 2010, 38, 566-568.	3.0	49
15	A randomised controlled trial of proactive telephone counselling on cold-called smokers' cessation rates. <i>Tobacco Control</i> , 2011, 20, 40-46.	3.2	47
16	The impact of web-based approaches on psychosocial health in chronic physical and mental health conditions. <i>Health Education Research</i> , 2013, 28, 450-471.	1.9	46
17	Has the investment in public cancer education delivered observable changes in knowledge over the past 10 years?. <i>Cancer</i> , 2003, 97, 2931-2939.	4.1	44
18	The vocational education setting for health promotion: a survey of students' health risk behaviours and preferences for help. <i>Health Promotion Journal of Australia</i> , 2013, 24, 185-191.	1.2	38

#	ARTICLE	IF	CITATIONS
19	Access to Care and Impacts of Cancer on Daily Life: Do They Differ for Metropolitan Versus Regional Hematological Cancer Survivors?. <i>Journal of Rural Health</i> , 2013, 29, s43-50.	2.9	33
20	Trends in Incidence of ESKD in People With Type 1 and Type 2 Diabetes in Australia, 2002-2013. <i>American Journal of Kidney Diseases</i> , 2019, 73, 300-308.	1.9	33
21	Prevalence of electronic nicotine delivery systems and electronic non-nicotine delivery systems in children and adolescents: a systematic review and meta-analysis. <i>Lancet Public Health</i> , The, 2021, 6, e661-e673.	10.0	33
22	The impact of cancer diagnosis and treatment on employment, income, treatment decisions and financial assistance and their relationship to socioeconomic and disease factors. <i>Supportive Care in Cancer</i> , 2016, 24, 4739-4746.	2.2	32
23	Telephone Recruitment into a Randomized Controlled Trial of Quitline Support. <i>American Journal of Preventive Medicine</i> , 2009, 37, 324-329.	3.0	29
24	Do cancer helplines deliver benefits to people affected by cancer? A systematic review. <i>Patient Education and Counseling</i> , 2014, 97, 302-309.	2.2	29
25	Nicotine replacement therapy products over the counter: real-life use in the Australian community. <i>Australian and New Zealand Journal of Public Health</i> , 2003, 27, 491-495.	1.8	28
26	Continued smoking after a cancer diagnosis: a longitudinal study of intentions and attempts to quit. <i>Journal of Cancer Survivorship</i> , 2019, 13, 687-694.	2.9	27
27	Effectiveness of Individual Real-Time Video Counseling on Smoking, Nutrition, Alcohol, Physical Activity, and Obesity Health Risks: Systematic Review. <i>Journal of Medical Internet Research</i> , 2020, 22, e18621.	4.3	27
28	Thrombolysis Implementation in Stroke (TIPS): evaluating the effectiveness of a strategy to increase the adoption of best evidence practice “ protocol for a cluster randomised controlled trial in acute stroke care. <i>Implementation Science</i> , 2014, 9, 38.	6.9	26
29	Financial Stress and Smoking within a Large Sample of Socially Disadvantaged Australians. <i>International Journal of Environmental Research and Public Health</i> , 2017, 14, 231.	2.6	25
30	Australian Experiences of Out-of-Pocket Costs and Financial Burden Following a Cancer Diagnosis: A Systematic Review. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 2422.	2.6	25
31	Tailored and Integrated Web-Based Tools for Improving Psychosocial Outcomes of Cancer Patients: The DoTTI Development Framework. <i>Journal of Medical Internet Research</i> , 2014, 16, e76.	4.3	25
32	Access to chronic disease care in general practice: the acceptability of implementing systematic waiting-room screening using computer-based patient-reported risk status. <i>British Journal of General Practice</i> , 2013, 63, e620-e626.	1.4	23
33	Comparison of a single self-assessment item with the PHQ-9 for detecting depression in general practice. <i>Family Practice</i> , 2014, 31, 483-489.	1.9	23
34	A cross-sectional audit of current practices and areas for improvement of distress screening and management in Australian cancer services: is there a will and a way to improve?. <i>Supportive Care in Cancer</i> , 2020, 28, 249-259.	2.2	22
35	Real-time video counselling for smoking cessation. <i>The Cochrane Library</i> , 2019, 2019, .	2.8	22
36	Improving Access to Information and Support for Patients With Less Common Cancers: Hematologic Cancer Patients’s™ Views About Web-Based Approaches. <i>Journal of Medical Internet Research</i> , 2011, 13, e112.	4.3	21

#	ARTICLE	IF	CITATIONS
37	How can hospitals change practice to better implement smoking cessation interventions? A systematic review. <i>Ca-A Cancer Journal for Clinicians</i> , 2022, 72, 266-286.	329.8	21
38	A multi-center randomized controlled trial to reduce unmet needs, depression, and anxiety among hematological cancer patients and their support persons. <i>Journal of Psychosocial Oncology</i> , 2020, 38, 272-292.	1.2	20
39	A monetary incentive increases postal survey response rates for pharmacists. <i>Journal of Epidemiology and Community Health</i> , 2005, 59, 1099-1101.	3.7	19
40	Under the radar: a cross-sectional study of the challenge of identifying at-risk alcohol consumption in the general practice setting. <i>BMC Family Practice</i> , 2014, 15, 74.	2.9	18
41	Cluster-Randomized Trial of Thrombolysis Implementation Support in Metropolitan and Regional Australian Stroke Centers: Lessons for Individual and Systems Behavior Change. <i>Journal of the American Heart Association</i> , 2020, 9, e012732.	3.7	18
42	Cost Per Participant Recruited From Rural and Remote Areas Into a Smoking Cessation Trial Via Online or Traditional Strategies: Observational Study. <i>Journal of Medical Internet Research</i> , 2019, 21, e14911.	4.3	18
43	Tobacco health warning messages on plain cigarette packs and in television campaigns: a qualitative study with Australian socioeconomically disadvantaged smokers. <i>Health Education Research</i> , 2015, 30, 57-66.	1.9	17
44	Protocol of a multi-centre randomised controlled trial of a web-based information intervention with nurse-delivered telephone support for haematological cancer patients and their support persons. <i>BMC Cancer</i> , 2015, 15, 295.	2.6	17
45	Factors Associated With Concurrent Tobacco Smoking and Heavy Alcohol Consumption Within a Socioeconomically Disadvantaged Australian Sample. <i>Substance Use and Misuse</i> , 2016, 51, 459-470.	1.4	17
46	Signs, Fines and Compliance Officers: A Systematic Review of Strategies for Enforcing Smoke-Free Policy. <i>International Journal of Environmental Research and Public Health</i> , 2018, 15, 1386.	2.6	17
47	&lt;p&gt;General practitioners and management of chronic noncancer pain: a cross-sectional survey of influences on opioid deprescribing&lt;/p&gt;. <i>Journal of Pain Research</i> , 2019, Volume 12, 467-475.	2.0	17
48	What are the sources of distress in a range of cancer caregivers? A qualitative study. <i>Supportive Care in Cancer</i> , 2021, 29, 2443-2453.	2.2	17
49	Multiple Health Risk Factors in Vocational Education Students: A Systematic Review. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 637.	2.6	17
50	Diabetes in rural towns: effectiveness of continuing education and feedback for healthcare providers in altering diabetes outcomes at a population level: protocol for a cluster randomised controlled trial. <i>Implementation Science</i> , 2013, 8, 30.	6.9	16
51	Australians' use of fake tanning lotions: another piece of the puzzle. <i>Australian and New Zealand Journal of Public Health</i> , 2003, 27, 529-532.	1.8	15
52	Harm minimization in tan seekers: An exploration of tanning behaviour and the potential for substitutional use of sunless tanning products. <i>Journal of Health Psychology</i> , 2011, 16, 929-937.	2.3	15
53	Oncologist provision of smoking cessation support: A national survey of Australian medical and radiation oncologists. <i>Asia-Pacific Journal of Clinical Oncology</i> , 2018, 14, 431-438.	1.1	15
54	Interventions targeted at reducing diagnostic error: systematic review. <i>BMJ Quality and Safety</i> , 2022, 31, 297-307.	3.7	15

#	ARTICLE	IF	CITATIONS
55	A cross-sectional survey and latent class analysis of the prevalence and clustering of health risk factors among people attending an Aboriginal Community Controlled Health Service. <i>BMC Public Health</i> , 2015, 15, 666.	2.9	14
56	The dynamic relationship between cancer and employment-related financial toxicity: an in-depth qualitative study of 21 Australian cancer survivor experiences and preferences for support. <i>Supportive Care in Cancer</i> , 2022, 30, 3093-3103.	2.2	14
57	How to improve adolescents' sun protection behavior? Age and gender issues. <i>American Journal of Health Behavior</i> , 2008, 32, 387-98.	1.4	14
58	Psychometric properties of leadership scales for health professionals: a systematic review. <i>Implementation Science</i> , 2021, 16, 85.	6.9	13
59	Preventive health behaviours among parents of infants aged four months. <i>Australian Journal of Public Health</i> , 1992, 16, 175-181.	0.2	12
60	Poor uptake of an online intervention in a cluster randomised controlled trial of online diabetes education for rural general practitioners. <i>Trials</i> , 2017, 18, 137.	1.6	12
61	Real-time video counselling for smoking cessation. <i>The Cochrane Library</i> , 0, , .	2.8	12
62	Smoking cessation intervention delivered by social service organisations for a diverse population of Australian disadvantaged smokers: A pragmatic randomised controlled trial. <i>Preventive Medicine</i> , 2018, 112, 38-44.	3.4	12
63	Help-seeking behaviour in newly diagnosed lung cancer patients: Assessing the role of perceived stigma. <i>Psycho-Oncology</i> , 2018, 27, 2141-2147.	2.3	12
64	Not seeing the forest for the trees: a systematic review of comprehensive distress management programs and implementation strategies. <i>Current Opinion in Supportive and Palliative Care</i> , 2020, 14, 220-231.	1.3	12
65	Consumer Participation in Quality Improvements for Chronic Disease Care: Development and Evaluation of an Interactive Patient-Centered Survey to Identify Preferred Service Initiatives. <i>Journal of Medical Internet Research</i> , 2014, 16, e292.	4.3	12
66	Protocol for a Randomized Controlled Trial of Proactive Web-Based Versus Telephone-Based Information and Support: Can Electronic Platforms Deliver Effective Care for Lung Cancer Patients?. <i>JMIR Research Protocols</i> , 2016, 5, e202.	1.0	12
67	A randomised trial assessing the acceptability and effectiveness of providing generic versus tailored feedback about health risks for a high need primary care sample. <i>BMC Family Practice</i> , 2015, 16, 95.	2.9	11
68	Attitudes towards, facilitators and barriers to the provision of diabetes self-care support: A qualitative study among healthcare providers in Ghana. <i>Diabetes and Metabolic Syndrome: Clinical Research and Reviews</i> , 2019, 13, 1745-1751.	3.6	11
69	The effectiveness, safety and cost-effectiveness of cytosine versus varenicline for smoking cessation in an Australian population: a study protocol for a randomized controlled non-inferiority trial. <i>Addiction</i> , 2019, 114, 923-933.	3.3	11
70	Solaria use by minors in Australia: Is there a cause for concern?. <i>Australian and New Zealand Journal of Public Health</i> , 2004, 28, 90.	1.8	10
71	Getting right to the point: identifying Australian outpatients' priorities and preferences for patient-centred quality improvement in chronic disease care. <i>International Journal for Quality in Health Care</i> , 2016, 28, 470-477.	1.8	10
72	Adherence to self-care behaviours and associated barriers in type 2 diabetes patients of low-and middle-income countries: a systematic review protocol. <i>Systematic Reviews</i> , 2017, 6, 39.	5.3	10

#	ARTICLE	IF	CITATIONS
73	Acceptability of real-time video counselling compared to other behavioural interventions for smoking cessation in rural and remote areas. <i>Drug and Alcohol Dependence</i> , 2020, 217, 108296.	3.2	10
74	Door-to-needle time for thrombolysis: a secondary analysis of the TIPS cluster randomised controlled trial. <i>BMJ Open</i> , 2019, 9, e032482.	1.9	10
75	A cross-sectional survey of experts'™ opinions about the relative effectiveness of tobacco control strategies for the general population versus disadvantaged groups: what do we choose in the absence of evidence?. <i>BMC Public Health</i> , 2013, 13, 1144.	2.9	9
76	Ready, set, go: a cross-sectional survey to understand priorities and preferences for multiple health behaviour change in a highly disadvantaged group. <i>BMC Health Services Research</i> , 2016, 16, 488.	2.2	9
77	Effect of increasing the delivery of smoking cessation care in alcohol and other drug treatment centres: a cluster-randomized controlled trial. <i>Addiction</i> , 2020, 115, 1345-1355.	3.3	9
78	The short-term effectiveness of real-time video counselling on smoking cessation among residents in rural and remote areas: An interim analysis of a randomised trial. <i>Journal of Substance Abuse Treatment</i> , 2021, 131, 108448.	2.8	9
79	A randomized controlled trial of the effectiveness of a pre-recruitment primer letter to increase participation in a study of colorectal screening and surveillance. <i>BMC Medical Research Methodology</i> , 2014, 14, 44.	3.1	8
80	Agreement with evidence for tissue Plasminogen Activator use among emergency physicians: a cross-sectional survey. <i>BMC Research Notes</i> , 2015, 8, 267.	1.4	8
81	Just how high-risk are ongoing smokers? Exploring clusters of health risk behaviours among current and ex-smokers. <i>Preventive Medicine</i> , 2016, 93, 70-75.	3.4	8
82	Dyadic interdependence of psychosocial outcomes among haematological cancer survivors and their support persons. <i>Supportive Care in Cancer</i> , 2017, 25, 3339-3346.	2.2	8
83	Quality of Patient-Centered Care Provided to Patients Attending Hematological Cancer Treatment Centers. <i>International Journal of Environmental Research and Public Health</i> , 2018, 15, 549.	2.6	8
84	A cross sectional survey of internet use among a highly socially disadvantaged population of tobacco smokers. <i>Addiction Science &amp; Clinical Practice</i> , 2019, 14, 38.	2.6	8
85	Effectiveness of interventions to improve rates of intravenous thrombolysis using behaviour change wheel functions: a systematic review and meta-analysis. <i>Implementation Science</i> , 2020, 15, 98.	6.9	8
86	Improving implementation of smoking cessation guidelines in pregnancy care: development of an intervention to address system, maternity service leader and clinician factors. <i>Implementation Science Communications</i> , 2021, 2, 128.	2.2	8
87	Self-Exempting Beliefs and Intention to Quit Smoking within a Socially Disadvantaged Australian Sample of Smokers. <i>International Journal of Environmental Research and Public Health</i> , 2016, 13, 118.	2.6	7
88	The 'price signal'™ for health care is loud and clear: A cross-sectional study of self-reported access to health care by disadvantaged Australians. <i>Australian and New Zealand Journal of Public Health</i> , 2016, 40, 132-137.	1.8	7
89	Psychological morbidity among Australian rural and urban support persons of haematological cancer survivors: Results of a national study. <i>Psycho-Oncology</i> , 2017, 26, 1952-1958.	2.3	7
90	Staff perspectives from Australian hospitals seeking to improve implementation of thrombolysis care for acute stroke. <i>SAGE Open Medicine</i> , 2019, 7, 205031211986565.	1.8	7

#	ARTICLE	IF	CITATIONS
91	Taking the pulse of the health services research community: a cross-sectional survey of research impact, barriers and support. <i>Australian Health Review</i> , 2020, 44, 160.	1.1	7
92	Changes in cancer preventive behaviours, screening and diagnosis during COVID-19. <i>Psycho-Oncology</i> , 2021, 30, 271-273.	2.3	7
93	Improving the quality of healthcare: a cross-sectional study of the features of successful clinical networks. <i>Public Health Research and Practice</i> , 2018, 28, .	1.5	7
94	Development and Pilot Implementation of TACTICS VR: A Virtual Reality-Based Stroke Management Workflow Training Application and Training Framework. <i>Frontiers in Neurology</i> , 2021, 12, 665808.	2.4	7
95	On-line information and support for supporters and carers of haematological cancer patients: is access an issue?. <i>Supportive Care in Cancer</i> , 2012, 20, 2687-2695.	2.2	6
96	Increasing the use of preventative health services to promote healthy eating, physical activity and weight management: the acceptability and potential effectiveness of a proactive telemarketing approach. <i>BMC Public Health</i> , 2012, 12, 953.	2.9	6
97	Examining uptake of online education on obstructive sleep apnoea in general practitioners: a randomised trial. <i>BMC Research Notes</i> , 2016, 9, 350.	1.4	6
98	Patterns of type 2 diabetes monitoring in rural towns: How does frequency of HbA1c and lipid testing compare with existing guidelines?. <i>Australian Journal of Rural Health</i> , 2016, 24, 371-377.	1.5	6
99	A randomised trial of real-time video counselling for smoking cessation in regional and remote locations: study protocol. <i>Contemporary Clinical Trials</i> , 2018, 74, 70-75.	1.8	6
100	Psychometric evaluation of the summary of diabetes self-care activities measure in Ghanaian adults living with type 2 diabetes. <i>Diabetes Research and Clinical Practice</i> , 2019, 149, 98-106.	2.8	6
101	Distress screening and supportive care referrals used by telephone-based health services: a systematic review. <i>Supportive Care in Cancer</i> , 2020, 28, 2059-2069.	2.2	6
102	Barriers to self-care and their association with poor adherence to self-care behaviours in people with type 2 diabetes in Ghana: A cross sectional study. <i>Obesity Medicine</i> , 2020, 18, 100222.	0.9	6
103	Lung cancer stigma is a predictor for psychological distress: A longitudinal study. <i>Psycho-Oncology</i> , 2021, 30, 1137-1144.	2.3	6
104	Implementing Systematic Screening and Structured Care for Distressed Callers Using Cancer Council's Telephone Services: Protocol for a Randomized Stepped-Wedge Trial. <i>JMIR Research Protocols</i> , 2019, 8, e12473.	1.0	6
105	Acceptability of proactive telephone recruitment to a telephone support service to encourage healthy eating, physical activity and weight loss. <i>Australian and New Zealand Journal of Public Health</i> , 2012, 36, 295-296.	1.8	5
106	Relationships between nutritional knowledge, obesity, and sleep disorder severity. <i>Journal of Sleep Research</i> , 2016, 25, 350-355.	3.2	5
107	Collaborative Patient-Centered Quality Improvement. <i>Evaluation and the Health Professions</i> , 2016, 39, 475-495.	1.9	5
108	Examining variation across treatment clinics in cancer patients' psychological outcomes: results of a cross sectional survey. <i>Supportive Care in Cancer</i> , 2018, 26, 3201-3208.	2.2	5
