#	ARTICLE	IF	CITATIONS
1	Application of "Gesture Analogy Method" in postoperative nursing care of patients with breast cancer. Asian Journal of Surgery, 2022, 45, 629-630.	0.2	2
2	The "Hand as Foot" teaching method in anatomy of the pterygoid plexus. Asian Journal of Surgery, 2022, 45, 609-610.	0.2	4
3	The "Hand as Foot" teaching method in the anatomy of the ankle joint. Asian Journal of Surgery, 2022, 45, 678-679.	0.2	6
4	The "Hand as Foot" teaching method in femoral neck fracture. Asian Journal of Surgery, 2022, , .	0.2	6
5	The "Hand as Foot" teaching method in thyroid anatomy. Asian Journal of Surgery, 2022, 45, 898-898.	0.2	1
6	The "Hand as Foot" teaching method in typical vertebral anatomy. Asian Journal of Surgery, 2022, 45, 945-945.	0.2	0
7	The "Gesture" teaching method in bronchial anatomy. Asian Journal of Surgery, 2022, 45, 877-878.	0.2	2
8	Application of the "Hand as Foot" teaching method in the anatomy of the calcaneus. Asian Journal of Surgery, 2022, 45, 834-835.	0.2	4
9	The application of the "Hand as Foot" teaching method in the anal canal anatomy. Asian Journal of Surgery, 2022, 45, 818-819.	0.2	4
10	How to improve the effect of online teaching of hip-related knowledge during the COVID-19 pandemics?. Asian Journal of Surgery, 2022, 45, 729-730.	0.2	3
11	The "Hand as Foot" teaching method in the spinous process of vertebral body. Asian Journal of Surgery, 2022, 45, 795-796.	0.2	3
12	The "Hand as Foot" teaching method in dislocation of the elbow. Asian Journal of Surgery, 2022, , .	0.2	1
13	The "Hand-as-Foot" teaching method in cervical cancer staging. Asian Journal of Surgery, 2022, 45, 1177-1179.	0.2	2
14	The "Hand as Foot" teaching method in the anterior cervical surgery positioning. Asian Journal of Surgery, 2022, , .	0.2	1
15	The "Hand as Foot" teaching method in the respiratory membrane. Asian Journal of Surgery, 2022, 45, 1640-1641.	0.2	3
16	The "Hand as Foot" teaching method in anatomy of the neck dissection. Asian Journal of Surgery, 2022, , .	0.2	1
17	Application of the "Hand as Foot" analogy teaching method in parathyroid position variation. Asian Journal of Surgery, 2022, 45, 1031-1032.	0.2	2
18	The "Hand as foot" teaching method in the orthopaedic puncture. Asian Journal of Surgery, 2022, , .	0.2	0

#	ARTICLE	IF	CITATIONS
19	The "Hand as Foot" teaching method in the typing of lumbar-disc herniation. Asian Journal of Surgery, 2022, 45, 1778-1779.	0.2	2
20	The exploration of "Hand as Foot" teaching method in the teaching of stomatology. Asian Journal of Surgery, 2022, , .	0.2	3
21	The "Hand as Foot" teaching method in the nasal cavity. Asian Journal of Surgery, 2022, , .	0.2	0
22	Taking the teaching of uterine anatomic position as an example to discuss "Hand as Foot" teaching method in Obstetrics and Gynecology. Asian Journal of Surgery, 2022, 45, 1923-1924.	0.2	0
23	The guiding significance of the "Hands as Foot" teaching method in nursing anatomy. Asian Journal of Surgery, 2022, , .	0.2	0
24	The "Hand as Foot" teaching method in laryngoscopy. Asian Journal of Surgery, 2022, 45, 1931-1932.	0.2	6
25	The "Hand as Foot" teaching method in the grouping of axillary lymph nodes. Asian Journal of Surgery, 2022, , .	0.2	0
26	The "Hand as Foot" teaching method in the patellar dislocation. Asian Journal of Surgery, 2022, , .	0.2	0
27	The "Hand as Foot" teaching method in anatomy of the Lisfranc joint. Asian Journal of Surgery, 2022, 45, 2052-2053.	0.2	4
28	The "Hand as Foot" teaching method in lumbar anatomy and the pedicle screw-rod system. Asian Journal of Surgery, 2022, 45, 2136-2137.	0.2	1
29	Application of finger simulation movement in clinical rehabilitation teaching of pelvic floor dysfunction. Asian Journal of Surgery, 2022, , .	0.2	0
30	The "Hand as Foot" teaching method in explaining O-type congenital vascular ring. Asian Journal of Surgery, 2022, 45, 2441-2442.	0.2	0
31	The "Hand as Foot" teaching method in the hallux valgus. Asian Journal of Surgery, 2022, 45, 1978-1979.	0.2	1
32	The "Hand as Foot" teaching method in femoroacetabular impingement. Asian Journal of Surgery, 2022, , .	0.2	0
33	The "Hand as Foot" teaching method in tracheal intubation. Asian Journal of Surgery, 2022, 45, 2951-2952.	0.2	3
34	The "Hand as Foot" teaching method in the labor mechanism. Asian Journal of Surgery, 2022, 45, 2894-2895.	0.2	1
35	Application of "Hand as Foot" teaching method in lumbar spondylolisthesis: An ingenious memory method. Asian Journal of Surgery, 2021, 44, 418-420.	0.2	17
36	How to effectively improve the clinical teaching effect of delivery mechanism. Asian Journal of Surgery, 2021, 44, 402-403.	0.2	8

#	ARTICLE	IF	CITATIONS
37	Application of "Cobra position of upper limb" in memory of typical displacement characteristics of femoral shaft fracture. Asian Journal of Surgery, 2021, 44, 496-497.	0.2	0
38	Peripartum pubic symphysis separation: A sharing of teaching experience. Asian Journal of Surgery, 2021, 44, 521-522.	0.2	2
39	The "hand and foot teaching" in clinical teaching of olecranon fracture and patellar fracture of ulna. Asian Journal of Surgery, 2021, 44, 481-484.	0.2	7
40	The application of "home-made Achilles tendon teaching aids combined adhesive tape" in explaining Achilles tendon teaching. Asian Journal of Surgery, 2021, 44, 494-495.	0.2	10
41	Application of "hand as foot" in the teaching of the radial nerve and the common peroneal nerve. Asian Journal of Surgery, 2021, 44, 502-505.	0.2	25
42	"Hand As Foot" teaching method in the extrahepatic biliary duct and congenital biliary diseases. Asian Journal of Surgery, 2021, 44, 594-596.	0.2	2
43	Application of "hand as foot" teaching method in spinal surgery teaching. Asian Journal of Surgery, 2021, 44, 587-589.	0.2	6
44	"Hand As Foot" teaching method in pelvic organ prolapse. Asian Journal of Surgery, 2021, 44, 585-586.	0.2	9
45	The application of "hand as foot" in the teaching of the axillary lymph node. Asian Journal of Surgery, 2021, 44, 600-602.	0.2	5
46	"Hand as foot" teaching method in the education of diet and exercise for diabetic patients. Asian Journal of Surgery, 2021, 44, 574-576.	0.2	4
47	How to effectively improve the clinical teaching effect of uterine ligament. Asian Journal of Surgery, 2021, 44, 603-604.	0.2	0
48	"Hand As Foot" teaching method in uterine ligament anatomy. Asian Journal of Surgery, 2021, 44, 566-567.	0.2	8
49	Application of "hand as foot" teaching method in temporomandibular joint movement teaching. Asian Journal of Surgery, 2021, 44, 605-606.	0.2	1
50	Application of "hand as foot teaching method" in rehabilitation medicine of venous thrombosis after orthopedic surgery. Asian Journal of Surgery, 2021, 44, 572-573.	0.2	3
51	Application of "Hand as foot" in teaching of the uterus and its accessories. Asian Journal of Surgery, 2021, 44, 711-713.	0.2	18
52	Improving the quality of teaching for clinical nursing students under the guidance of "Hand as Foot" teaching method. Asian Journal of Surgery, 2021, 44, 673-674.	0.2	1
53	"Hand as foot" teaching method in neurogenic cervical spondylosis and lumbar disc herniation. Asian Journal of Surgery, 2021, 44, 689-691.	0.2	5
54	"Hand As Foot" teaching method in anal anatomy: A surgeon's teaching experience. Asian Journal of Surgery, 2021, 44, 704-705.	0.2	9

#	ARTICLE	IF	CITATIONS
55	Application of teaching method of "hand as foot" in orthopedic rehabilitation education: An ingenious method of education. Asian Journal of Surgery, 2021, 44, 662-664.	0.2	1
56	Application of the "lifting and half-clenched fist simulation" gesture method in bedside teaching of Schatzker's staging of tibial plateau fractures. Asian Journal of Surgery, 2021, 44, 684-686.	0.2	2
57	"Hand as foot" teaching method in clinical teaching of neonatal esophageal atresia and esophagotracheal fistula. Asian Journal of Surgery, 2021, 44, 694-695.	0.2	3
58	"Hand as foot" figural teaching method in breast anatomy. Asian Journal of Surgery, 2021, 44, 680-681.	0.2	5
59	Application of "Hand As Foot" teaching method in the socket joint and congenital developmental dysplasia of hip. Asian Journal of Surgery, 2021, 44, 670-671.	0.2	6
60	"Hand As Foot" teaching method in clinical practice teaching of lumbar puncture. Asian Journal of Surgery, 2021, 44, 698-699.	0.2	9
61	"Hand As Foot" teaching method in fracture displacement: From types of fracture displacement to reduction standards. Asian Journal of Surgery, 2021, 44, 798-799.	0.2	8
62	Application of "hand as foot" in vertebral body teaching. Asian Journal of Surgery, 2021, 44, 803-805.	0.2	1
63	"Hand As Foot" teaching method in developmental dislocation of the hip: From hip anatomy to Tonnis classification. Asian Journal of Surgery, 2021, 44, 768-770.	0.2	10
64	Efficient application of the "Hand As Foot" teaching method in the clinical teaching of ectopic pregnancy. Asian Journal of Surgery, 2021, 44, 871-872.	0.2	2
65	Application of the "Hand as Foot" analogy teaching method in great saphenous vein anatomy. Asian Journal of Surgery, 2021, 44, 1410-1411.	0.2	2
66	"Hand as foot" teaching method in placenta previa. Asian Journal of Surgery, 2021, 44, 974-975.	0.2	5
67	The "Hand as Foot" teaching method in lymph nodes staging of non-small cell lung cancer: A clinical experience. Asian Journal of Surgery, 2021, 44, 1440-1442.	0.2	4
68	The "Hand as Foot" teaching method in coarctation of aorta. Asian Journal of Surgery, 2021, 44, 1414-1415.	0.2	3
69	The "Hand as Foot" teaching method in the clinical practice of transcavernous sinus cranial nerve. Asian Journal of Surgery, 2021, 44, 1457-1458.	0.2	3
70	Application of "Hand as foot" in clinical teaching of axillary anatomy. Asian Journal of Surgery, 2021, 44, 1073-1075.	0.2	3
71	Application of "Hand as Foot" teaching method in the anatomy of blood vessels and nerves around thyroid. Asian Journal of Surgery, 2021, 44, 1102-1103.	0.2	4
72	The "Hand as Foot" analogy teaching method in anatomy of the appendix. Asian Journal of Surgery, 2021, 44, 1474-1475.	0.2	7

#	ARTICLE	IF	CITATIONS
73	“Hands”-figural teaching method in percutaneous transforaminal endoscopic discectomy: A surgeon's experience. Asian Journal of Surgery, 2021, 44, 1099-1101.	0.2	5
74	Application and exploration of “finger simulating movement” in clinical teaching of acute appendicitis. Asian Journal of Surgery, 2021, 44, 1418-1420.	0.2	0
75	“Hand as Foot”-teaching innovation in the pediatric urinary system. Asian Journal of Surgery, 2021, 44, 1107-1109.	0.2	4
76	The application of hand-foot teaching method on perineal laceration. Asian Journal of Surgery, 2021, 44, 1179-1181.	0.2	1
77	“Hand as Foot”-teaching method for anatomy of the Henle trunk: A surgeon's experience. Asian Journal of Surgery, 2021, 44, 1210-1211.	0.2	2
78	The “Hand as Foot”-figural teaching method in kidney anatomy: A Urologist's teaching experience. Asian Journal of Surgery, 2021, 44, 1556-1557.	0.2	7
79	“Hand as Foot”-figural teaching method for the natural variation of recurrent laryngeal nerve in thyroid anatomy. Asian Journal of Surgery, 2021, 44, 1201-1203.	0.2	2
80	Application of the “Hand as Foot”-analogy teaching method in breast ducts. Asian Journal of Surgery, 2021, 44, 1216-1217.	0.2	7
81	The “Hand as Foot”-teaching method in the anatomy and injury mechanism of ligaments around knee joint. Asian Journal of Surgery, 2021, 44, 1326-1327.	0.2	7
82	The “Hand as Foot”-teaching method in anatomy of the inguinal region: A surgeon's experience. Asian Journal of Surgery, 2021, 44, 1338-1340.	0.2	6
83	Application of the “Gesture teaching method” in explaining rotator cuff injury. Asian Journal of Surgery, 2021, 44, 1352-1353.	0.2	1
84	Application of the “Hand as Foot”-teaching method to medial cortical support for the femoral intertrochanteric fractures. Asian Journal of Surgery, 2021, 44, 1312-1313.	0.2	3
85	Application of “wrist flexion and extension simulation movement” in explaining the classification of supracondylar fracture of humerus. Asian Journal of Surgery, 2021, 44, 416-417.	0.2	4
86	Application of the “Hand as Foot”-teaching method in superior mesenteric artery syndrome. Asian Journal of Surgery, 2021, 44, 1562-1563.	0.2	3
87	The application of “Hand As Foot”-teaching method in the hypothalamic and pituitary. Asian Journal of Surgery, 2021, 45, 531-531.	0.2	3
88	Application of “Hand as foot”-teaching method in explaining pulmonary artery sling. Asian Journal of Surgery, 2021, 45, 525-525.	0.2	1
89	The innovation and practice of “Hand as Foot teaching method” in the teaching of motion system injury course. BMC Medical Education, 2021, 21, 553.	1.0	9
90	How to learn the cardiac anatomy efficiently and interestingly. Asian Journal of Surgery, 2021, 45, 637-637.	0.2	2

#	ARTICLE	IF	CITATIONS
91	“Hand As Foot” teaching method in the distal humerus: From functional anatomy to surgical anatomy. Asian Journal of Surgery, 2020, 43, 1196-1197.	0.2	33
92	Application of “home-made femoral teaching aids combined magnetic track” in explaining femoral neck fracture: An orthopedics teaching experience. Asian Journal of Surgery, 2020, 43, 1216-1218.	0.2	8
93	Teaching method of “Simulated Wrist Exercise in Hyperextension Position” in Lauge-Hansen classification of ankle fractures: An orthopedics teaching experience. Asian Journal of Surgery, 2020, 43, 1200-1202.	0.2	23
94	"Hand As Foot" teaching method in brachial plexus anatomy: An orthopedics teaching experience. Asian Journal of Surgery, 2020, 43, 1113-1114.	0.2	45
95	“Hands and feet”-figural teaching method in portal vein traffic branch: A surgeon's teaching experience. Asian Journal of Surgery, 2019, 42, 782-783.	0.2	28
96	“Hands”-figural teaching method in hepatic anatomy: A surgeon's teaching experience. Asian Journal of Surgery, 2019, 42, 577-579.	0.2	35
