#	ARTICLE	IF	CITATIONS
1	â€˜I didnâ€™t feel safe insideâ€™: navigating public health advice, housing and living with bushfire smoke. <i>Critical Public Health</i> , 2023, 33, 230-240.	2.4	6
2	Strengthening national capacities for pandemic preparedness: a cross-country analysis of COVID-19 cases and deaths. <i>Health Policy and Planning</i> , 2022, 37, 55-64.	2.7	12
3	Intertwined like a double helix: A meta-synthesis of the qualitative literature examining the experiences of living with someone with multiple sclerosis. <i>Health Expectations</i> , 2022, 25, 803-822.	2.6	3
4	Outside Front Cover: Volume 25 Issue 1. <i>Health Expectations</i> , 2022, 25, .	2.6	0
5	Bushfire Smoke in Our Eyes: Community Perceptions and Responses to an Intense Smoke Event in Canberra, Australia. <i>Frontiers in Public Health</i> , 2022, 10, 793312.	2.7	6
6	Communicating Endometriosis Pain in France and Australia: An Interview Study. <i>Frontiers in Global Women S Health</i> , 2022, 3, 765762.	2.3	2
7	A framework for involving coproduction partners in research about young people with type 1 diabetes. <i>Health Expectations</i> , 2022, 25, 430-442.	2.6	4
8	Understanding factors affecting 30-day unplanned readmissions for patients undergoing total knee arthroplasty (TKA): the ACT Transition from Hospital to Home Orthopaedics Survey. <i>BMJ Open</i> , 2022, 12, e053831.	1.9	2
9	ACT Transition from Hospital to Home Orthopaedic Survey: a cross-sectional survey of unplanned 30-day readmissions for patients having total hip arthroplasty. <i>BMJ Open</i> , 2022, 12, e055576.	1.9	0
10	Funeral and interment practices of rural residents: A mixed methods study. <i>Death Studies</i> , 2021, 45, 101-109.	2.7	5
11	Towards resilient health systems for increasing climate extremes: insights from the 2019â€™20 Australian bushfire season. <i>International Journal of Wildland Fire</i> , 2021, 30, 1.	2.4	14
12	Strengthening advance care planning in rural residential aged care through multidisciplinary educational case conferences: A hybrid implementation-effectiveness study. <i>Progress in Palliative Care</i> , 2021, 29, 199-208.	1.2	3
13	COVID-19 and the moral imagination. <i>Lancet, The</i> , 2021, 397, 648-650.	13.7	9
14	Experiences of Young People and Their Caregivers of Using Technology to Manage Type 1 Diabetes Mellitus: Systematic Literature Review and Narrative Synthesis. <i>JMIR Diabetes</i> , 2021, 6, e20973.	1.9	36
15	Lessons for the global primary care response to COVID-19: a rapid review of evidence from past epidemics. <i>Family Practice</i> , 2021, 38, 811-825.	1.9	46
16	â€˜Traversing difficult terrainâ€™. Advance care planning in residential aged care through multidisciplinary case conferences: A qualitative interview study exploring the experiences of families, staff and health professionals. <i>Palliative Medicine</i> , 2021, 35, 1148-1157.	3.1	6
17	â€˜They're getting a taste of our worldâ€™: A qualitative study of people with multiple sclerosis' experiences of accessing health care during the COVIDâ€™19 pandemic in the Australian Capital Territory. <i>Health Expectations</i> , 2021, 24, 1607-1617.	2.6	12
18	Personalizing Medicine and Technologies to Address the Experiences and Needs of People with Multiple Sclerosis. <i>Journal of Personalized Medicine</i> , 2021, 11, 791.	2.5	4

#	ARTICLE	IF	CITATIONS
19	Effectiveness of telehealth palliative care Needs Rounds in rural residential aged care during the COVID-19 pandemic: A hybrid effectiveness-implementation study. Australian Journal of Rural Health, 2021, , .	1.5	4
20	Managing type 1 diabetes during the COVID-19 pandemic is a team effort: a qualitative study of the experiences of young people and their parents. Integrated Healthcare Journal, 2021, 3, .	0.4	0
21	Should professional interpreters be able to conscientiously object in healthcare settings?. Journal of Medical Ethics, 2020, 46, 700-704.	1.8	1
22	â€œIt struck at the heart of who I thought I wasâ€™: A meta-synthesis of the qualitative literature examining the experiences of people with multiple sclerosis. Health Expectations, 2020, 23, 1007-1027.	2.6	34
23	The Sydney Statement 2019: normalising global health security online. Lancet, The, 2020, 395, 28-29.	13.7	1
24	With the best will in the world: How benevolent sexism shapes medical careers. Medical Education, 2020, 54, 94-97.	2.1	5
25	Sexual assault and harassment of doctors, by doctors: a qualitative study. Medical Education, 2019, 53, 833-843.	2.1	31
26	Living Guidelines for Absolute Cardiovascular Disease Risk Assessment and Management. Heart Lung and Circulation, 2019, 28, 829-832.	0.4	7
27	Dangerous sadness: nervoza among first and second generation Macedonian immigrants to Australia. Ethnicity and Health, 2019, 24, 301-311.	2.5	1
28	Opportunities and tools when meeting migrant patients. , 2019, , 225-239.		1
29	Place of death in the Snowy Monaro region of New South Wales: A study of residents who died of a condition amenable to palliative care. Australian Journal of Rural Health, 2018, 26, 126-133.	1.5	7
30	Developing a positive patient experience with nurses in general practice: An integrated model of patient satisfaction and enablement. Journal of Advanced Nursing, 2018, 74, 564-578.	3.3	20
31	Rural residents' perspectives on the rural â€œgood deathâ€™: a scoping review. Health and Social Care in the Community, 2018, 26, 273-294.	1.6	18
32	A survey of the experiences of families with bereavement support services following a perinatal loss. Australian and New Zealand Journal of Obstetrics and Gynaecology, 2018, 58, 54-63.	1.0	20
33	Creating a Safe Place to Die Within a Rural Culture: An Ethnographic Study Exploring the Meaning of Place from the Experiences of Patients with a Life-limiting Illness, and their Family Caregivers. Journal of Pain and Symptom Management, 2018, 56, e138-e139.	1.2	0
34	The â€œsafe deathâ€™: An ethnographic study exploring the perspectives of rural palliative care patients and family caregivers. Palliative Medicine, 2018, 32, 1575-1583.	3.1	38
35	Dying at home in rural residential aged care: A mixed-methods study in the Snowy Monaro region, Australia. Health and Social Care in the Community, 2018, 26, 705-713.	1.6	3
36	People-centred integration in a refugee primary care service. Journal of Integrated Care, 2017, 25, 26-38.	0.5	6

#	ARTICLE	IF	CITATIONS
37	Rural end-of-life care from the experiences and perspectives of patients and family caregivers: A systematic literature review. <i>Palliative Medicine</i> , 2017, 31, 895-912.	3.1	44
38	The process of patient enablement in general practice nurse consultations: a grounded theory study. <i>Journal of Advanced Nursing</i> , 2017, 73, 1085-1096.	3.3	21
39	Improving health outcomes for linguistically diverse patients. <i>Medical Journal of Australia</i> , 2016, 204, 209-210.	1.7	6
40	Building social capital with interprofessional student teams in rural settings: A service-learning model. <i>Australian Journal of Rural Health</i> , 2016, 24, 271-277.	1.5	13
41	The impact of general practice nursing care on patient satisfaction and enablement in Australia: A mixed methods study. <i>International Journal of Nursing Studies</i> , 2016, 64, 108-119.	5.6	38
42	Impact of interprofessional education about psychological and medical comorbidities on practitioners' knowledge and collaborative practice: mixed method evaluation of a national program. <i>BMC Health Services Research</i> , 2016, 16, 465.	2.2	14
43	Using the Freeth/Kirkpatrick model to evaluate interprofessional learning outcomes in a rural setting. <i>Focus on Health Professional Education</i> , 2016, 17, 84.	0.8	5
44	Impact of nursing care in Australian general practice on the quality of care: A pilot of the Patient Enablement and Satisfaction Survey (PESS). <i>Collegian</i> , 2015, 22, 207-214.	1.3	9
45	Health security and political and economic determinants of Ebola. <i>Lancet, The</i> , 2015, 386, 737-738.	13.7	8
46	Using qualitative mixed methods to study small health care organizations while maximising trustworthiness and authenticity. <i>BMC Health Services Research</i> , 2014, 14, 559.	2.2	16
47	Beyond resettlement: long-term care for people who have had refugee-like experiences. <i>Australian Family Physician</i> , 2014, 43, 764-7.	0.5	5
48	Nurses and the wise organisation: <i>techne</i> and <i>phronesis</i> in Australian general practice. <i>Nursing Inquiry</i> , 2013, 20, 121-132.	2.1	7
49	Bearing Witness Through Medicine: An Exploratory Study of Attitudes to Service Among Australian Evangelical Christian Doctors. <i>Journal of Religion and Health</i> , 2013, 52, 1177-1187.	1.7	7
50	Remote Telephone Interpretation in Medical Consultations with Refugees: Meta-communications about Care, Survival and Selfhood. <i>Journal of Refugee Studies</i> , 2013, 26, 505-523.	1.7	17
51	Low Vitamin B12 Levels among Newly-Arrived Refugees from Bhutan, Iran and Afghanistan: A Multicentre Australian Study. <i>PLoS ONE</i> , 2013, 8, e57998.	2.5	31
52	The Computerized Medical Record as a Tool for Clinical Governance in Australian Primary Care. <i>Interactive Journal of Medical Research</i> , 2013, 2, e26.	1.4	15
53	The many faces of the computer: An analysis of clinical software in the primary care consultation. <i>International Journal of Medical Informatics</i> , 2012, 81, 475-484.	3.3	22
54	A spatial analysis of the expanding roles of nurses in general practice. <i>BMC Nursing</i> , 2012, 11, 13.	2.5	5

#	ARTICLE	IF	CITATIONS
55	Where there is no gold standard: Mixed method research in a cluster randomised trial of a tool for safe prioritising of patients by medical receptionists. <i>International Journal of Multiple Research Approaches</i> , 2011, 5, 25-39.	0.1	5
56	Resilience among doctors who work in challenging areas: a qualitative study. <i>British Journal of General Practice</i> , 2011, 61, e404-e410.	1.4	62
57	Views of GPs and practice nurses on support needed to respond to pandemic influenza: a qualitative study. <i>Australian Health Review</i> , 2011, 35, 111.	1.1	7
58	Following the funding trail: Financing, nurses and teamwork in Australian general practice. <i>BMC Health Services Research</i> , 2011, 11, 38.	2.2	39
59	The patient and the computer in the primary care consultation. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2011, 18, 138-142.	4.4	128
60	Intern culture, internal resistance: uptake of peer review in two Australian hospital internship programs. <i>Australian Health Review</i> , 2011, 35, 430.	1.1	4
61	Low levels of uptake of free interpreters by Australian doctors in private practice: secondary analysis of national data. <i>Australian Health Review</i> , 2011, 35, 475.	1.1	44
62	The Refugee Health Network of Australia: towards national collaboration on health care for refugees. <i>Medical Journal of Australia</i> , 2011, 195, 185-186.	1.7	8
63	General practice as a career: insights for workforce policy. <i>Medical Journal of Australia</i> , 2010, 193, 99-100.	1.7	4
64	Immigration detention and health. <i>Medical Journal of Australia</i> , 2010, 192, 61-62.	1.7	4
65	Can clinical governance deliver quality improvement in Australian general practice and primary care? A systematic review of the evidence. <i>Medical Journal of Australia</i> , 2010, 193, 602-607.	1.7	43
66	When Policy Meets the Personal: General Practice Nurses in Australia. <i>Journal of Health Services Research and Policy</i> , 2010, 15, 26-34.	1.7	15
67	Speaking to the yet unknowing world: Hamlet, Horatio and the problem of imperfect witness. <i>Medical Humanities</i> , 2010, 36, 97-100.	1.2	2
68	Methodological considerations of digital video observation: Beyond conversation analysis. <i>International Journal of Multiple Research Approaches</i> , 2010, 4, 90-99.	0.1	17
69	Using interpreters - a guide for GPs. <i>Australian Family Physician</i> , 2010, 39, 188-95.	0.5	21
70	Proof of age required--estimating age in adults without birth records. <i>Australian Family Physician</i> , 2010, 39, 518-21.	0.5	1
71	Enhancing care, improving quality: the six roles of the general practice nurse. <i>Medical Journal of Australia</i> , 2009, 191, 92-97.	1.7	55
72	Potential scope and impact of a transboundary model of nurse practitioners in aged care. <i>Australian Journal of Primary Health</i> , 2009, 15, 232.	0.9	9

#	ARTICLE	IF	CITATIONS
73	Strengthening field-based training in low and middle-income countries to build public health capacity: Lessons from Australia's Master of Applied Epidemiology program. Australia and New Zealand Health Policy, 2009, 6, 5.	2.2	14
74	Performing the good death: the medieval Ars moriendi and contemporary doctors. Medical Humanities, 2009, 35, 94-97.	1.2	9
75	Doctor, patient and computerâ€”A framework for the new consultation. International Journal of Medical Informatics, 2009, 78, 32-38.	3.3	70
76	Reporting a research project on the potential of aged care nurse practitioners in the Australian Capital Territory. Journal of Clinical Nursing, 2009, 18, 255-262.	3.0	20
77	Student portfolios and the hidden curriculum on gender: mapping exclusion. Medical Education, 2009, 43, 847-853.	2.1	25
78	Contributions from the lifeworld: quality, caring and the general practice nurse. Quality in Primary Care, 2009, 17, 5-13.	0.8	11
79	Telephone interpreters in general practice - Bridging the barriers to their use. Australian Family Physician, 2009, 38, 443-6.	0.5	18
80	Critical health infrastructure for refugee resettlement in rural Australia: Case study of four rural towns. Australian Journal of Rural Health, 2008, 16, 349-354.	1.5	42
81	Computers in the new consultation: within the first minute. Family Practice, 2008, 25, 202-208.	1.9	46
82	Trends in medication use for asthma among children. Current Opinion in Allergy and Clinical Immunology, 2008, 8, 232-237.	2.3	4
83	General Practice and Pandemic Influenza: A Framework for Planning and Comparison of Plans in Five Countries. PLoS ONE, 2008, 3, e2269.	2.5	41
84	Time to talk, time to see: Changing microeconomies of professional practice among nurses and doctors in Australian general practice. Contemporary Nurse, 2007, 26, 136-144.	1.0	21
85	Trends in medication use for asthma in schoolâ€”entry children in the Australian Capital Territory, 2000â€”2005. Medical Journal of Australia, 2007, 187, 10-13.	1.7	17
86	Australian general practice and pandemic influenza: models of clinical practice in an established pandemic. Medical Journal of Australia, 2007, 186, 355-358.	1.7	9
87	Better primary health care for refugees - catch up immunisation. Australian Family Physician, 2007, 36, 440-2, 444.	0.5	10
88	The switch to new conjugated vaccines may compromise immunisation coverage for refugees. Medical Journal of Australia, 2006, 184, 473-473.	1.7	4
89	Medicine Goes to School: Teachers as Sickness Brokers for ADHD. PLoS Medicine, 2006, 3, e182.	8.4	78
90	Analysing the doctor_patient_computer relationship: the use of video data. Journal of Innovation in Health Informatics, 2006, 14, 221-226.	0.9	5

#	ARTICLE	IF	CITATIONS
91	Analysing the doctor-patient-computer relationship: the use of video data. <i>Informatics in Primary Care</i> , 2006, 14, 221-6.	1.1	8
92	Improving response rates to primary and supplementary questionnaires by changing response and instruction burden: cluster randomised trial. <i>Australian and New Zealand Journal of Public Health</i> , 2005, 29, 457-460.	1.8	9
93	Temporary protection visas and child refugees. <i>Medical Journal of Australia</i> , 2004, 181, 171-172.	1.7	2
94	Iron, but not folic acid, combined with effective antimalarial therapy promotes haematological recovery in African children after acute falciparum malaria. <i>Transactions of the Royal Society of Tropical Medicine and Hygiene</i> , 1995, 89, 672-676.	1.8	129
95	High mortality from renal disease and infection in Aboriginal central Australians with diabetes. <i>Australian Journal of Public Health</i> , 1995, 19, 482-486.	0.2	17
96	Utilisation of health services by Aboriginal Australians with diabetes. <i>Diabetes Research and Clinical Practice</i> , 1993, 20, 231-239.	2.8	5
97	Frequent hospital admissions for bacterial infections among Aboriginal people with diabetes in central Australia. <i>Medical Journal of Australia</i> , 1991, 155, 218-222.	1.7	18
98	Diabetes among Aboriginal people in central Australia: a high prevalence based on health service attendance. <i>Medical Journal of Australia</i> , 1990, 153, 314-318.	1.7	12
