#	ARTICLE	IF	CITATIONS
1	The Impact of the Presence of Intellectual Disabilities on Sensory Processing and Behavioral Outcomes Among Individuals with Autism Spectrum Disorders: a Systematic Review. <i>Review Journal of Autism and Developmental Disorders</i> , 2023, 10, 422-440.	2.2	5
2	The effects of an intradialytic resistance training on lower extremity muscle functions. <i>Disability and Rehabilitation</i> , 2022, 44, 275-281.	0.9	7
3	Adolescents' mental health problems increase after parental divorce, not before, and persist until adulthood: a longitudinal TRAILS study. <i>European Child and Adolescent Psychiatry</i> , 2022, 31, 969-978.	2.8	21
4	An Individual Participant Data Meta-analysis: Behavioral Treatments for Children and Adolescents With Attention-Deficit/Hyperactivity Disorder. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2022, 61, 144-158.	0.3	26
5	A longitudinal qualitative study to explore and optimize self-management in mild to end stage chronic kidney disease patients with limited health literacy: Perspectives of patients and health care professionals. <i>Patient Education and Counseling</i> , 2022, 105, 88-104.	1.0	9
6	The timing and duration of depressive symptoms from adolescence to young adulthood and young adults' NEET status: the role of educational attainment. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2022, 57, 83-93.	1.6	8
7	Multiple health risk behaviors and mental health from a life course perspective: The Dutch TRAILS study. <i>Preventive Medicine</i> , 2022, 154, 106870.	1.6	4
8	Interactions between Genetic, Prenatal, Cortisol, and Parenting Influences on Adolescent Substance Use and Frequency: A TRAILS Study. <i>European Addiction Research</i> , 2022, 28, 176-185.	1.3	4
9	Multimorbidity prevalence and patterns and their associations with health literacy among chronic kidney disease patients. <i>Journal of Nephrology</i> , 2022, 35, 1709-1719.	0.9	6
10	Neural correlates of compassion – An integrative systematic review. <i>International Journal of Psychophysiology</i> , 2022, 172, 46-59.	0.5	3
11	Health Literacy and Change in Health-Related Quality of Life in Dialysed Patients. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 620.	1.2	0
12	Criterion Validity and Applicability of Motor Screening Instruments in Children Aged 5–6 Years: A Systematic Review. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 781.	1.2	3
13	Validity of data collection methods for time spent, professional involvement and treatment volume for the purpose of cost-effectiveness studies in dentistry. <i>Acta Odontologica Scandinavica</i> , 2022, 80, 396-400.	0.9	0
14	How to make healthy early childhood development more likely in marginalized Roma communities: a concept mapping approach. <i>International Journal for Equity in Health</i> , 2022, 21, 43.	1.5	2
15	Body image, body composition and environment: do they affect adolescents' physical activity?. <i>European Journal of Public Health</i> , 2022, 32, 341-346.	0.1	3
16	Family Socioeconomic Status and Adolescent School Satisfaction: Does Schoolwork Support Affect This Association?. <i>Frontiers in Psychology</i> , 2022, 13, 841499.	1.1	3
17	Toward tailored care for families with multiple problems: A quasi-experimental study on effective elements of care. <i>Family Process</i> , 2022, 61, 571-590.	1.4	3
18	Jehovah's Witnesses and Their Compliance with Regulations on Smoking and Blood Treatment. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 387.	1.2	2

#	ARTICLE	IF	CITATIONS
19	Course of Stress during the Neonatal Intensive Care Unit Stay in Preterm Infants. <i>Neonatology</i> , 2022, 119, 84-92.	0.9	7
20	The Strengths and Difficulties Questionnaire Parent Form: Dutch norms and validity. <i>BMC Pediatrics</i> , 2022, 22, 202.	0.7	1
21	A Guideline for Contextual Adaptation of Community-Based Health Interventions. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 5790.	1.2	4
22	Investigating the use of support in secondary school: the role of self-reliance and stigma towards help-seeking. <i>Journal of Mental Health</i> , 2022, , 1-9.	1.0	1
23	Supporting Adolescents with Mental Health Problems in Secondary Education: Feasibility of a Supported Education Intervention. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 6754.	1.2	0
24	Validation of the Early Language Scale. <i>European Journal of Pediatrics</i> , 2021, 180, 63-71.	1.3	5
25	Childhood Socioeconomic Status and Depressive Symptom Trajectories in the Transition to Adulthood in the United States and Canada. <i>Journal of Adolescent Health</i> , 2021, 68, 161-168.	1.2	10
26	Sleep characteristics across the lifespan in 1.1â€‰million people from the Netherlands, United Kingdom and United States: a systematic review and meta-analysis. <i>Nature Human Behaviour</i> , 2021, 5, 113-122.	6.2	193
27	Use of dementia care mapping in the care for older people with intellectual disabilities: A mixedâ€‰method study. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2021, 34, 149-163.	1.3	3
28	Validity Aspects of the Strengths and Difficulties Questionnaire (SDQ) Adolescent Self-Report and Parent-Report Versions Among Dutch Adolescents. <i>Assessment</i> , 2021, 28, 601-616.	1.9	39
29	Regional splanchnic oxygen saturation for preterm infants in the first week after birth: reference values. <i>Pediatric Research</i> , 2021, 90, 882-887.	1.1	12
30	Alternative pediatric metabolic syndrome definitions impact prevalence estimates and socioeconomic gradients. <i>Pediatric Research</i> , 2021, 90, 694-700.	1.1	5
31	Organization and activities of school health services among EU countries. <i>European Journal of Public Health</i> , 2021, 31, 502-508.	0.1	10
32	Attainment of smiling and walking in infancy associates with developmental delays at school entry in moderately-late preterm children: a community-based cohort study. <i>BMC Pediatrics</i> , 2021, 21, 84.	0.7	2
33	The Association of Family-Related Adversity With Fighting in Adolescents: Does Hopelessness Mediate This Association?. <i>International Journal of Public Health</i> , 2021, 66, 607199.	1.0	3
34	Lifelines COVID-19 cohort: investigating COVID-19 infection and its health and societal impacts in a Dutch population-based cohort. <i>BMJ Open</i> , 2021, 11, e044474.	0.8	49
35	Low Health Literacy is Associated with the Onset of CKD during the Life Course. <i>Journal of the American Society of Nephrology: JASN</i> , 2021, 32, 1436-1443.	3.0	8
36	Depressive Symptom Trajectories and Early Adult Education and Employment: Comparing Longitudinal Cohorts in Canada and the United States. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 4279.	1.2	5

#	ARTICLE	IF	CITATIONS
37	Stability of Executive Functioning of Moderately-Late Preterm and Full-Term Born Children at Ages 11 and 19: The TRAILS Cohort Study. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 4161.	1.2	0
38	Multi-domain cognitive impairments at school age in very preterm-born children compared to term-born peers. <i>BMC Pediatrics</i> , 2021, 21, 169.	0.7	2
39	Health-Related Quality of Life Profiles in Dialyzed Patients With Varying Health Literacy. A Cross-Sectional Study on Slovak Haemodialyzed Population. <i>International Journal of Public Health</i> , 2021, 66, 585801.	1.0	4
40	The Impact of Pandemic Management on the Quality of Life of Slovak Dentists. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 5484.	1.2	14
41	Care improves self-reported daily functioning of adolescents with emotional and behavioural problems. <i>European Child and Adolescent Psychiatry</i> , 2021, , 1.	2.8	0
42	Predictors of persistent and changing developmental problems of preterm children. <i>Early Human Development</i> , 2021, 156, 105350.	0.8	1
43	Improving Health Literacy Responsiveness: A Randomized Study on the Uptake of Brochures on Doctor-Patient Communication in Primary Health Care Waiting Rooms. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 5025.	1.2	6
44	Using photos of basic facial expressions as a new approach to measuring implicit attitudes. <i>PLoS ONE</i> , 2021, 16, e0250922.	1.1	0
45	Self-reported sensitivity to pain in early and moderately-late preterm-born adolescents: A community-based cohort study. <i>Paediatric and Neonatal Pain</i> , 2021, 3, 59-67.	0.6	2
46	Do Uncontrolled Hypertension, Diabetes, Dyslipidemia, and Obesity Mediate the Relationship Between Health Literacy and Chronic Kidney Disease Complications?. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 5235.	1.2	2
47	Postpartum depression and anxiety: a community-based study on risk factors before, during and after pregnancy. <i>Journal of Affective Disorders</i> , 2021, 286, 158-165.	2.0	51
48	Maternal Anxiety, Infant Stress, and the Role of Live-Performed Music Therapy during NICU Stay in The Netherlands. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 7077.	1.2	11
49	Socioeconomic Health Inequalities in Adolescent Metabolic Syndrome and Depression: No Mediation by Parental Depression and Parenting Style. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 7716.	1.2	3
50	1240Socioeconomic Inequalities in Adolescent Metabolic Syndrome and Depression: no mediation by parental depression and parenting. <i>International Journal of Epidemiology</i> , 2021, 50, .	0.9	0
51	The Abbreviated Overall Anxiety Severity and Impairment Scale (OASIS) and the Abbreviated Overall Depression Severity and Impairment Scale (ODSIS): Psychometric Properties and Evaluation of the Czech Versions. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 10337.	1.2	7
52	1225Symptoms of depression and anxiety in Dutch adults during and before the COVID-19 pandemic. <i>International Journal of Epidemiology</i> , 2021, 50, .	0.9	0
53	How to tackle health literacy problems in chronic kidney disease patients? A systematic review to identify promising intervention targets and strategies. <i>Nephrology Dialysis Transplantation</i> , 2021, 36, 1207-1221.	0.4	35
54	Core health-components, contextual factors and program elements of community-based interventions in Southeast Asia – a realist synthesis regarding hypertension and diabetes. <i>BMC Public Health</i> , 2021, 21, 1917.	1.2	2

#	ARTICLE	IF	CITATIONS
55	Does Resilience Mediate the Association of Adverse Early Childhood Experiences With Emotional and Behavioural Problems?. <i>International Journal of Public Health</i> , 2021, 66, 1604006.	1.0	6
56	Outcomes and Critical Factors for Successful Implementation of Organizational Health Literacy Interventions: A Scoping Review. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 11906.	1.2	20
57	Co-Creation of a Multi-Component Health Literacy Intervention Targeting Both Patients with Mild to Severe Chronic Kidney Disease and Health Care Professionals. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 13354.	1.2	3
58	Does Schoolmate and Teacher Support Buffer against the Effect of Adverse Childhood Experiences on Emotional and Behavioural Problems?. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 13009.	1.2	3
59	Suicidal ideation in patients with obstructive sleep apnoea and its relationship with disease severity, sleep-related problems and social support. <i>Journal of Health Psychology</i> , 2020, 25, 1450-1461.	1.3	6
60	Multimorbidity and the Transition Out of Full-Time Paid Employment: A Longitudinal Analysis of the Health and Retirement Study. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2020, 75, 705-715.	2.4	28
61	Psychological distress in patients with obstructive sleep apnoea: The role of hostility and coping self-efficacy. <i>Journal of Health Psychology</i> , 2020, 25, 2244-2259.	1.3	10
62	Identifying Milestones in Language Development for Young Children Ages 1 to 6 Years. <i>Academic Pediatrics</i> , 2020, 20, 421-429.	1.0	19
63	Quality of life of obstructive sleep apnoea patients receiving continuous positive airway pressure treatment: A systematic review and meta-analysis. <i>Heart and Lung: Journal of Acute and Critical Care</i> , 2020, 49, 10-24.	0.8	19
64	Trajectories of care for children and adolescents with psychosocial problems: a 3â€­year prospective cohort study. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2020, 61, 556-564.	3.1	0
65	Why don't health care frontline professionals do more for segregated Roma? Exploring mechanisms supporting unequal care practices. <i>Social Science and Medicine</i> , 2020, 246, 112739.	1.8	8
66	Developmental Pathways from Genetic, Prenatal, Parenting and Emotional/Behavioral Risk to Cortisol Reactivity and Adolescent Substance Use: A TRAILS Study. <i>Journal of Youth and Adolescence</i> , 2020, 49, 17-31.	1.9	9
67	Access to cancer medication in public hospitals in a middle-income country: The view of stakeholder. <i>Research in Social and Administrative Pharmacy</i> , 2020, 16, 1255-1263.	1.5	1
68	Effectiveness of a Comprehensive Health Literacy Consultation Skills Training for Undergraduate Medical Students: A Randomized Controlled Trial. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 81.	1.2	26
69	Compliance with the Framework Convention on Tobacco Control in Slovakia and in Finland: Two Different Worlds. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 6661.	1.2	1
70	MicroRNA molecules as predictive biomarkers of adaptive responses to strength training and physical inactivity in haemodialysis patients. <i>Scientific Reports</i> , 2020, 10, 15597.	1.6	7
71	Adolescent Enrollment in Psychosocial Care: Do Parents Make a Difference?. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 7066.	1.2	4
72	The Framework Convention on Tobacco Control in Slovakia and in Finland: one law, two different practices?. <i>BMC International Health and Human Rights</i> , 2020, 20, 26.	2.5	0

#	ARTICLE	IF	CITATIONS
73	Novel loci for childhood body mass index and shared heritability with adult cardiometabolic traits. PLoS Genetics, 2020, 16, e1008718.	1.5	95
74	The combined self- and parent-rated SDQ score profile predicts care use and psychiatric diagnoses. European Child and Adolescent Psychiatry, 2020, 30, 1983-1994.	2.8	6
75	Feasibility of Live-Performed Music Therapy for Extremely and Very Preterm Infants in a Tertiary NICU. Frontiers in Pediatrics, 2020, 8, 581372.	0.9	18
76	Development of a Prediction Model to Identify Children at Risk of Future Developmental Delay at Age 4 in a Population-Based Setting. International Journal of Environmental Research and Public Health, 2020, 17, 8341.	1.2	1
77	Variance constraints strongly influenced model performance in growth mixture modeling: a simulation and empirical study. BMC Medical Research Methodology, 2020, 20, 276.	1.4	13
78	The Effects of Urbanization on the Infant Gut Microbiota and Health Outcomes. Frontiers in Pediatrics, 2020, 8, 408.	0.9	10
79	Does Depression and Anxiety Mediate the Relation between Limited Health Literacy and Diet Non-Adherence?. International Journal of Environmental Research and Public Health, 2020, 17, 7913.	1.2	10
80	Resident co-created urban redesign to improve health in post-war neighbourhoods: an exploration. European Journal of Public Health, 2020, 30, .	0.1	0
81	Availability and accessibility of primary mental health services for adolescents: an overview of national recommendations and services in EU. European Journal of Public Health, 2020, 30, 1127-1133.	0.1	6
82	Vitamin Status and Diet in Elderly with Low and High Socioeconomic Status: The Lifelines-MINUTHE Study. Nutrients, 2020, 12, 2659.	1.7	9
83	Teacher and classmate support may keep adolescents satisfied with school and education. Does gender matter?. International Journal of Public Health, 2020, 65, 1423-1429.	1.0	7
84	Adolescents exposed to discrimination: are they more prone to excessive internet use?. BMC Pediatrics, 2020, 20, 402.	0.7	7
85	A renewed call for transdisciplinary action on NCDs. BMC International Health and Human Rights, 2020, 20, 22.	2.5	2
86	School is (not) calling: the associations of gender, family affluence, disruptions in the social context and learning difficulties with school satisfaction among adolescents in Slovakia. International Journal of Public Health, 2020, 65, 1413-1421.	1.0	5
87	Does family communication moderate the association between adverse childhood experiences and emotional and behavioural problems?. BMC Public Health, 2020, 20, 1264.	1.2	13
88	Childhood Trauma and Experience in Close Relationships Are Associated with the God Image: Does Religiosity Make a Difference?. International Journal of Environmental Research and Public Health, 2020, 17, 8841.	1.2	5
89	Social Structure in a Roma Settlement: Comparison over Time. International Journal of Environmental Research and Public Health, 2020, 17, 7311.	1.2	4
90	Test-Retest Reliability of a Questionnaire on Motives for Physical Activity among Adolescents. International Journal of Environmental Research and Public Health, 2020, 17, 7551.	1.2	0

#	ARTICLE	IF	CITATIONS
91	Roma Health: An Overview of Communicable Diseases in Eastern and Central Europe. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 7632.	1.2	14
92	Care use and its intensity in children with complex problems are related to varying child and family factors: A follow-up study. <i>PLoS ONE</i> , 2020, 15, e0231620.	1.1	2
93	Availability, prices, and affordability of selected essential cancer medicines in a middle-income country – the case of Mexico. <i>BMC Health Services Research</i> , 2020, 20, 424.	0.9	13
94	Effectiveness of a short web-based film targeting parental oral health knowledge in a well-child care setting. <i>European Journal of Oral Sciences</i> , 2020, 128, 226-232.	0.7	6
95	The role of functional health literacy in long-term treatment outcomes in psychosocial care for adolescents. <i>European Child and Adolescent Psychiatry</i> , 2020, 29, 1547-1554.	2.8	1
96	Computerized adaptive testing to screen children for emotional and behavioral problems by preventive child healthcare. <i>BMC Pediatrics</i> , 2020, 20, 119.	0.7	3
97	Is BMI a Valid Indicator of Overweight and Obesity for Adolescents?. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 4815.	1.2	33
98	Prevalence of non-motor symptoms and their association with quality of life in cervical dystonia. <i>Acta Neurologica Scandinavica</i> , 2020, 142, 613-622.	1.0	22
99	Assessing quality of life in psychosocial and mental health disorders in children: a comprehensive overview and appraisal of generic health related quality of life measures. <i>BMC Pediatrics</i> , 2020, 20, 329.	0.7	15
