#	ARTICLE	IF	CITATIONS
1	Exploring the transition of undergraduate medical students into a clinical clerkship using organizational socialization theory. Perspectives on Medical Education, 2022, 5, 78-87.	3.5	47
2	A Combined Theory of Change-Group Model Building Approach to Evaluating “Farm to Fork” Models for School Feeding in the Caribbean. Frontiers in Sustainable Food Systems, 2022, 6, .	3.9	3
3	Perspectives on strengthening local food systems in Small Island Developing States. Food Security, 2022, 14, 1227-1240.	5.3	9
4	Exploring ways to respond to rising obesity and diabetes in the Caribbean using a system dynamics model. PLOS Global Public Health, 2022, 2, e0000436.	1.6	0
5	Dietary Patterns, Food Insecurity, and Their Relationships with Food Sources and Social Determinants in Two Small Island Developing States. Nutrients, 2022, 14, 2891.	4.1	4
6	Ultra-processed food consumption in Barbados: evidence from a nationally representative, cross-sectional study. Journal of Nutritional Science, 2021, 10, e29.	1.9	7
7	A systematic scoping review of the impacts of community food production initiatives in Kenya, Cameroon, and South Africa. Journal of Global Health Reports, 2021, 5, .	1.0	3
8	Evidence for factors associated with diet and physical activity in African and Caribbean countries. Bulletin of the World Health Organization, 2021, 99, 464-472l.	3.3	2
9	Impacts of COVID-19 on agriculture and food systems in Pacific Island countries (PICs): Evidence from communities in Fiji and Solomon Islands. Agricultural Systems, 2021, 190, 103099.	6.1	41
10	REPRINT OF: CLASSIFICATION OF DIABETES MELLITUS. Diabetes Research and Clinical Practice, 2021, , 108972.	2.8	24
11	Evidence of a health risk “signalling effect”™ following the introduction of a sugar-sweetened beverage tax. Food Policy, 2021, 102, 102104.	6.0	10
12	Anthropometric cut-offs to identify hyperglycemia in an Afro-Caribbean population: a cross-sectional population-based study from Barbados. BMJ Open Diabetes Research and Care, 2021, 9, e002246.	2.8	5
13	“We used to get food from the garden.” Understanding changing practices of local food production and consumption in small island states. Social Science and Medicine, 2021, 284, 114214.	3.8	18
14	Systems science for developing policy to improve physical activity, the Caribbean. Bulletin of the World Health Organization, 2021, 99, 722-729.	3.3	10
15	Inducing remission of Type 2 diabetes in the Caribbean: findings from a mixed methods feasibility study of a low-calorie liquid diet-based intervention in Barbados. Diabetic Medicine, 2020, 37, 1816-1824.	2.3	19
16	The global diet and activity research (GDAR) network: a global public health partnership to address upstream NCD risk factors in urban low and middle-income contexts. Globalization and Health, 2020, 16, 100.	4.9	20
17	Food Sources and Dietary Quality in Small Island Developing States: Development of Methods and Policy Relevant Novel Survey Data from the Pacific and Caribbean. Nutrients, 2020, 12, 3350.	4.1	18
18	The Lancet Commission on diabetes: using data to transform diabetes care and patient lives. Lancet, The, 2020, 396, 2019-2082.	13.7	327

#	ARTICLE	IF	CITATIONS
19	Addressing the triple burden of malnutrition in the time of COVID-19 and climate change in Small Island Developing States: what role for improved local food production?. Food Security, 2020, 12, 831-835.	5.3	33
20	Implications of COVID-19 control measures for diet and physical activity, and lessons for addressing other pandemics facing rapidly urbanising countries. Global Health Action, 2020, 13, 1810415.	1.9	28
21	Using nutritional survey data to inform the design of sugar-sweetened beverage taxes in low-resource contexts: a cross-sectional analysis based on data from an adult Caribbean population. BMJ Open, 2020, 10, e035981.	1.9	2
22	Nutritional adequacy and dietary disparities in an adult Caribbean population of African descent with a high burden of diabetes and cardiovascular disease. Food Science and Nutrition, 2020, 8, 1335-1344.	3.4	9
23	Mortality attributable to diabetes in 2019 years old adults, 2019 estimates: Results from the International Diabetes Federation Diabetes Atlas, 9th edition. Diabetes Research and Clinical Practice, 2020, 162, 108086.	2.8	364
24	Using Group Model Building to Describe the System Driving Unhealthy Eating and Identify Intervention Points: A Participatory, Stakeholder Engagement Approach in the Caribbean. Nutrients, 2020, 12, 384.	4.1	26
25	Air travel for global health: flying in the face of sustainable development?. Lancet, The, 2019, 394, 1786-1788.	13.7	9
26	Global and regional diabetes prevalence estimates for 2019 and projections for 2030 and 2045: Results from the International Diabetes Federation Diabetes Atlas, 9th edition. Diabetes Research and Clinical Practice, 2019, 157, 107843.	2.8	5,764
27	Implications of the growing burden of diabetes for premature cardiovascular disease mortality and the attainment of the Sustainable Development Goal target 3.4. Cardiovascular Diagnosis and Therapy, 2019, 9, 140-149.	1.7	29
28	The prevalence of peripheral neuropathy severe enough to cause a loss of protective sensation in a population-based sample of people with known and newly detected diabetes in Barbados: a cross-sectional study. Diabetic Medicine, 2019, 36, 1629-1636.	2.3	12
29	Adverse risk factor trends limit gains in coronary heart disease mortality in Barbados: 1990-2012. PLoS ONE, 2019, 14, e0215392.	2.5	7
30	Assessing the impact of the Barbados sugar-sweetened beverage tax on beverage sales: an observational study. International Journal of Behavioral Nutrition and Physical Activity, 2019, 16, 13.	4.6	75
31	Global diet and health: old questions, fresh evidence, and new horizons. Lancet, The, 2019, 393, 1916-1918.	13.7	50
32	Are there gender differences in acute management and secondary prevention of acute coronary syndromes in Barbados? A cohort study. BMJ Open, 2019, 9, e025977.	1.9	5
33	P16...An interdisciplinary study of historical and epidemiological transitions in urban caribbean foodscapes: understanding the past to enhance future nutrition strategies. , 2019, , .		0
34	Tuberculosis and diabetes: bidirectional association in a UK primary care data set. Journal of Epidemiology and Community Health, 2019, 73, 142-147.	3.7	17
35	Deriving an optimal threshold of waist circumference for detecting cardiometabolic risk in sub-Saharan Africa. International Journal of Obesity, 2018, 42, 487-494.	3.4	49
36	OP4...Assessing the impact of the barbados sugar sweetened beverage tax on grocery store beverage sales and national imports: an interrupted time series analysis. , 2018, , .		0

#	ARTICLE	IF	CITATIONS
37	Social determinants of prostate cancer in the Caribbean: a systematic review and meta-analysis. BMC Public Health, 2018, 18, 900.	2.9	13
38	Sodium and potassium excretion in an adult Caribbean population of African descent with a high burden of cardiovascular disease. BMC Public Health, 2018, 18, 998.	2.9	17
39	An updated systematic review and meta-analysis on the social determinants of diabetes and related risk factors in the Caribbean. Revista Panamericana De Salud Publica/Pan American Journal of Public Health, 2018, 42, 1-11.	1.1	13
40	Evaluating policy responses to noncommunicable diseases in seven Caribbean countries: challenges to addressing unhealthy diets and physical inactivity. Revista Panamericana De Salud Publica/Pan American Journal of Public Health, 2018, 42, 1-8.	1.1	13
41	Health and other impacts of community food production in Small Island Developing States: a systematic scoping review. Revista Panamericana De Salud Publica/Pan American Journal of Public Health, 2018, 42, 1-9.	1.1	11
42	Premature mortality from cardiovascular disease and diabetes in the Caribbean and associations with health care expenditure, 2001 â 2011. Revista Panamericana De Salud Publica/Pan American Journal of Public Health, 2018, 42, 1-8.	1.1	2
43	Regulatory measures to fight obesity in Small Island Developing States of the Caribbean and Pacific, 2015 â 2017. Revista Panamericana De Salud Publica/Pan American Journal of Public Health, 2018, 42, 1-7.	1.1	14
44	The 2007 Caribbean Community Port-of-Spain Declaration on noncommunicable diseases: an overview of a multidisciplinary evaluation. Revista Panamericana De Salud Publica/Pan American Journal of Public Health, 2018, 42, 1-11.	1.1	4
45	Validating the self-reported annual monitoring grid for the 2007 Caribbean Community Declaration of Port-of-Spain on noncommunicable diseases. Revista Panamericana De Salud Publica/Pan American Journal of Public Health, 2018, 42, 1-12.	1.1	0
46	Barbados Insulin Matters (BIM) study: Perceptions on insulin initiation by primary care doctors in the Caribbean island of Barbados. Primary Care Diabetes, 2017, 11, 140-147.	1.8	7
47	Social determinants of breast cancer in the Caribbean: a systematic review. International Journal for Equity in Health, 2017, 16, 60.	3.5	15
48	The Barbados Insulin Matters (BIM) study: Barriers to insulin therapy among a population-based sample of people with type 2 diabetes in the Caribbean island of Barbados. Journal of Clinical and Translational Endocrinology, 2017, 8, 49-53.	1.4	8
49	Essential medicines and access to insulin. Lancet Diabetes and Endocrinology, the, 2017, 5, 324-325.	11.4	3
50	Trends in beverage prices following the introduction of a tax on sugar-sweetened beverages in Barbados. Preventive Medicine, 2017, 105, S23-S25.	3.4	40
51	Do cardiometabolic, behavioural and socioeconomic factors explain the âhealthy migrant effectâ™ in the UK? Linked mortality follow-up of South Asians compared with white Europeans in the Newcastle Heart Project. Journal of Epidemiology and Community Health, 2017, 71, 863-869.	3.7	5
52	Social determinants of depression and suicidal behaviour in the Caribbean: a systematic review. BMC Public Health, 2017, 17, 577.	2.9	43
53	P88â...Developing robust methods for a large scale, multi-site qualitative policy evaluation. , 2017, , .		0
54	Prevalence and phenotype of diabetes and prediabetes using fasting glucose vs HbA1c in a Caribbean population. Journal of Global Health, 2017, 7, 020407.	2.7	19

#	ARTICLE	IF	CITATIONS
55	The Development of Public Policies to Address Non-communicable Diseases in the Caribbean Country of Barbados: The Importance of Problem Framing and Policy Entrepreneurs. <i>International Journal of Health Policy and Management</i> , 2017, 6, 71-82.	0.9	27
56	OP52â€¦Exploring the association between tuberculosis and diabetes in a UK primary care dataset. <i>Journal of Epidemiology and Community Health</i> , 2016, 70, A31.2-A32.	3.7	3
57	A cross-sectional study of physical activity and sedentary behaviours in a Caribbean population: combining objective and questionnaire data to guide future interventions. <i>BMC Public Health</i> , 2016, 16, 1036.	2.9	16
58	Systems Science for Caribbean Health: the development and piloting of a model for guiding policy on diabetes in the Caribbean. <i>Health Research Policy and Systems</i> , 2016, 14, 79.	2.8	14
59	A checklist that enhances the provision of education during insulin initiation simulation: a randomized controlled trial. <i>Diabetic Medicine</i> , 2016, 33, 1204-1210.	2.3	1
60	Neighbourhood of residence and the risk of type 2 diabetes. <i>Lancet Diabetes and Endocrinology</i> , the, 2016, 4, 475-476.	11.4	1
61	An epidemiological study of rates of illness in passengers and crew at a busy Caribbean cruise port. <i>BMC Public Health</i> , 2016, 16, 314.	2.9	21
62	Contrasting cardiovascular mortality trends in Eastern Mediterranean populations: Contributions from risk factor changes and treatments. <i>International Journal of Cardiology</i> , 2016, 208, 150-161.	1.7	11
63	Ethnic and Gender Disparities in Premature Adult Mortality in Belize 2008-2010. <i>PLoS ONE</i> , 2016, 11, e0163172.	2.5	2
64	Global trends in dietary quality. <i>The Lancet Global Health</i> , 2015, 3, e593.	6.3	2
65	Social distribution of diabetes, hypertension and related risk factors in Barbados: a cross-sectional study. <i>BMJ Open</i> , 2015, 5, e008869.	1.9	45
66	Incorporating uncertainty measurement in the International Diabetes Federation Diabetes Atlas methodology for estimating global and national prevalence of diabetes in adults. <i>Archives of Public Health</i> , 2015, 73, .	2.4	6
67	Barriers to diabetic foot care in a developing country with a high incidence of diabetes related amputations: an exploratory qualitative interview study. <i>BMC Health Services Research</i> , 2015, 15, 377.	2.2	41
68	Female Gender Is a Social Determinant of Diabetes in the Caribbean: A Systematic Review and Meta-Analysis. <i>PLoS ONE</i> , 2015, 10, e0126799.	2.5	45
69	Why the communicable/non-communicable disease dichotomy is problematic for public health control strategies: implications of multimorbidity for health systems in an era of health transition. <i>International Health</i> , 2015, 7, ihv040.	2.0	77
70	Cardiovascular and Vascular Disease in the Tropics Including Stroke, Hypertension and Ischaemic Heart Disease. , 2014, , 854-872.e2.		1
71	OP53â€¦Contrasting cardiovascular mortality trends in Eastern Mediterranean populations â€œ contributions from risk factor changes and treatments: modelling study. <i>Journal of Epidemiology and Community Health</i> , 2014, 68, A28.1-A28.	3.7	1
72	An assessment of diabetes care in Palestinian refugee camps in Syria. <i>Avicenna Journal of Medicine</i> , 2014, 04, 66-70.	0.8	7
