#	ARTICLE	IF	CITATIONS
1	Trust in government, intention to vaccinate and COVID-19 vaccine hesitancy: A comparative survey of five large cities in the United States, United Kingdom, and Australia. <i>Vaccine</i> , 2022, 40, 2498-2505.	3.8	153
2	Examining pulmonary TB patient management and healthcare workers exposures in two public tertiary care hospitals, Bangladesh. <i>PLOS Global Public Health</i> , 2022, 2, e0000064.	1.6	0
3	Preparedness of tertiary care hospitals to implement the national TB infection prevention and control guidelines in Bangladesh: A qualitative exploration. <i>PLoS ONE</i> , 2022, 17, e0263115.	2.5	3
4	How have governments supported citizens stranded abroad due to COVID-19 travel restrictions? A comparative analysis of the financial and health support in eleven countries. <i>BMC Infectious Diseases</i> , 2022, 22, 161.	2.9	7
5	Recommendations related to occupational infection prevention and control training to protect healthcare workers from infectious diseases: a scoping review of infection prevention and control guidelines. <i>BMC Health Services Research</i> , 2022, 22, 272.	2.2	9
6	Qualitative exploration of intentions, concerns and information needs of vaccine-hesitant adults initially prioritised to receive COVID-19 vaccines in Australia. <i>Australian and New Zealand Journal of Public Health</i> , 2022, 46, 16-24.	1.8	36
7	Factors Influencing Australian Healthcare Workers' COVID-19 Vaccine Intentions across Settings: A Cross-Sectional Survey. <i>Vaccines</i> , 2022, 10, 3.	4.4	16
8	Engaging with ethnic minority consumers to improve safety in cancer services: A national stakeholder analysis. <i>Patient Education and Counseling</i> , 2022, 105, 2778-2784.	2.2	4
9	The role of community leaders and other information intermediaries during the COVID-19 pandemic: insights from the multicultural sector in Australia. <i>Humanities and Social Sciences Communications</i> , 2022, 9, .	2.9	12
10	Examining the psychological and financial impact of travel restrictions on citizens and permanent residents stranded abroad during the COVID-19 pandemic: international cross-sectional study. <i>BMJ Open</i> , 2022, 12, e059922.	1.9	9
11	Supporting the Delivery of Infection Prevention and Control Training to Healthcare Workers: Insights from the Sector. <i>Healthcare (Switzerland)</i> , 2022, 10, 936.	2.0	4
12	COVID-19 Vaccine Misperceptions in a Community Sample of Adults Aged 18-49 Years in Australia. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 6883.	2.6	6
13	Cross-sectional survey of changes in knowledge, attitudes and practice of mask use in Sydney and Melbourne during the 2020 COVID-19 pandemic. <i>BMJ Open</i> , 2022, 12, e057860.	1.9	4
14	Variation in ovarian cancer care in Australia: An analysis of patterns of care in diagnosis and initial treatment in New South Wales. <i>European Journal of Cancer Care</i> , 2022, 31, .	1.5	2
15	A review of hospital-based interventions to improve inpatient influenza vaccination uptake for high-risk adults. <i>Vaccine</i> , 2021, 39, 658-666.	3.8	12
16	Knowledge, beliefs and attitudes of general practitioners and general practice nurses regarding influenza vaccination for young children. <i>Australian Journal of Primary Health</i> , 2021, 27, 276.	0.9	0
17	Vaccine coverage in children born to migrant mothers in Australia: A population-based cohort study. <i>Vaccine</i> , 2021, 39, 984-993.	3.8	8
18	COVID-19 vaccine rumors and conspiracy theories: The need for cognitive inoculation against misinformation to improve vaccine adherence. <i>PLoS ONE</i> , 2021, 16, e0251605.	2.5	291

#	ARTICLE	IF	CITATIONS
19	The Collaboration for Increasing Influenza Vaccination in Children (CIIVIC): a meeting report. Australian and New Zealand Journal of Public Health, 2021, 45, 193-196.	1.8	2
20	Context matters: Examining the factors impacting the implementation of tuberculosis infection prevention and control guidelines in health settings in seven high tuberculosis burden countries. Journal of Infection and Public Health, 2021, 14, 588-597.	4.1	9
21	Mask use, risk-mitigation behaviours and pandemic fatigue during the COVID-19 pandemic in five cities in Australia, the UK and USA: A cross-sectional survey. International Journal of Infectious Diseases, 2021, 106, 199-207.	3.3	135
22	The COVID-19 pandemic momentum: can it be used to support improvements in healthcare worker influenza vaccination?. Expert Review of Vaccines, 2021, 20, 919-920.	4.4	5
23	Minimising missed opportunities to promote and deliver immunization services to middle and older age adults: Can hospital-based programs be a solution?. Vaccine, 2021, 39, 3467-3472.	3.8	4
24	How do health services engage culturally and linguistically diverse consumers? An analysis of consumer engagement frameworks in Australia. Health Expectations, 2021, 24, 1747-1762.	2.6	20
25	Codesigning consumer engagement strategies with ethnic minority consumers in Australian cancer services: the CanEngage Project protocol. BMJ Open, 2021, 11, e048389.	1.9	8
26	Do patient engagement interventions work for all patients? A systematic review and realist synthesis of interventions to enhance patient safety. Health Expectations, 2021, 24, 1905-1923.	2.6	26
27	Seroprevalence of hepatitis B antibodies among international and domestic university students. Journal of Viral Hepatitis, 2021, 28, 1400-1412.	2.0	1
28	Adverse Health Effects in People with and without Preexisting Respiratory Conditions during Bushfire Smoke Exposure in the 2019/2020 Australian Summer. American Journal of Respiratory and Critical Care Medicine, 2021, 204, 368-371.	5.6	10
29	Policy considerations for mandatory COVID-19 vaccination from the Collaboration on Social Science and Immunisation. Medical Journal of Australia, 2021, 215, 499-503.	1.7	24
30	Influenza vaccinations for high-risk adult populations: How well is general practice doing?. Australian Journal of General Practice, 2021, 50, 681-686.	0.8	0
31	Key policy and programmatic factors to improve influenza vaccination rates based on the experience from four high-performing countries. Drugs in Context, 2021, 9, 1-13.	2.2	11
32	Examining Australian public perceptions and behaviors towards a future COVID-19 vaccine. BMC Infectious Diseases, 2021, 21, 120.	2.9	121
33	COVID-19 vaccine intentions in Australia. Lancet Infectious Diseases, The, 2021, 21, 1627-1628.	9.1	7
34	The Pendulum Has Swung: How Do We Ensure a Life Course Approach to Immunisation in Australia?. Frontiers in Public Health, 2021, 9, 801176.	2.7	4
35	Uptake of funded influenza vaccines in young Australian children in 2018; parental characteristics, information seeking and attitudes. Vaccine, 2020, 38, 180-186.	3.8	8
36	Contamination and washing of cloth masks and risk of infection among hospital health workers in Vietnam: a post hoc analysis of a randomised controlled trial. BMJ Open, 2020, 10, e042045.	1.9	32

#	ARTICLE	IF	CITATIONS
37	Evaluating the health literacy demand and cultural appropriateness of online immunisation information available to refugee and migrant communities in Australia. <i>Vaccine</i> , 2020, 38, 6410-6417.	3.8	22
38	Why is influenza vaccine uptake so low among Aboriginal adults?. <i>Australian and New Zealand Journal of Public Health</i> , 2020, 44, 279-283.	1.8	8
39	Effectiveness of Cloth Masks for Protection Against Severe Acute Respiratory Syndrome Coronavirus 2. <i>Emerging Infectious Diseases</i> , 2020, 26, .	4.3	104
40	Improving the impact of non-pharmaceutical interventions during COVID-19: examining the factors that influence engagement and the impact on individuals. <i>BMC Infectious Diseases</i> , 2020, 20, 607.	2.9	94
41	Current knowledge of COVID-19 and infection prevention and control strategies in healthcare settings: A global analysis. <i>Infection Control and Hospital Epidemiology</i> , 2020, 41, 1196-1206.	1.8	128
42	Ten considerations for effectively managing the COVID-19 transition. <i>Nature Human Behaviour</i> , 2020, 4, 677-687.	12.0	234
43	Human coronavirus data from four clinical trials of masks and respirators. <i>International Journal of Infectious Diseases</i> , 2020, 96, 631-633.	3.3	12
44	Selection and Use of Respiratory Protection by Healthcare Workers to Protect from Infectious Diseases in Hospital Settings. <i>Annals of Work Exposures and Health</i> , 2020, 64, 368-377.	1.4	39
45	Policies on the use of respiratory protection for hospital health workers to protect from coronavirus disease (COVID-19). <i>International Journal of Nursing Studies</i> , 2020, 105, 103567.	5.6	84
46	COVID-19 is rapidly changing: Examining public perceptions and behaviors in response to this evolving pandemic. <i>PLoS ONE</i> , 2020, 15, e0235112.	2.5	184
47	The safety of health care for ethnic minority patients: a systematic review. <i>International Journal for Equity in Health</i> , 2020, 19, 118.	3.5	99
48	Examining the inclusion of patients and their family members in infection prevention and control policies and guidelines across Bangladesh, Indonesia, and South Korea. <i>American Journal of Infection Control</i> , 2020, 48, 599-608.	2.3	14
49	Reflecting on the updates to the World Health Organisation 2019 Tuberculosis Infection Control Guidelines through the lens of a low-income/high TB burden country. <i>Journal of Infection and Public Health</i> , 2020, 13, 1057-1060.	4.1	1
50	What factors shape doctors' trustworthiness? Patients' perspectives in the context of hypertension care in rural Tanzania. <i>Rural and Remote Health</i> , 2020, 20, 5826.	0.5	4
51	COVID-19â€™Related Infodemic and Its Impact on Public Health: A Global Social Media Analysis. <i>American Journal of Tropical Medicine and Hygiene</i> , 2020, 103, 1621-1629.	1.4	642
52	A tuberculin skin test survey among healthcare workers in two public tertiary care hospitals in Bangladesh. <i>PLoS ONE</i> , 2020, 15, e0243951.	2.5	6
53	Exploring the factors impacting on access and acceptance of sexual and reproductive health services provided by adolescent-friendly health services in Nepal. <i>PLoS ONE</i> , 2019, 14, e0220855.	2.5	41
54	Long term follow up of persistence of immunity following quadrivalent Human Papillomavirus (HPV) vaccine in immunocompromised children. <i>Vaccine</i> , 2019, 37, 5630-5636.	3.8	11

#	ARTICLE	IF	CITATIONS
55	Vaccination uptake among Australian early childhood education staff: assessing perceptions, behaviours and workplace practices. <i>BMC Infectious Diseases</i> , 2019, 19, 805.	2.9	3
56	Barriers and facilitators of immunisation in refugees and migrants in Australia: an east-African case study. <i>Vaccine</i> , 2019, 37, 6724-6729.	3.8	23
57	A scoping review examining the availability of dialogue-based resources to support healthcare providers engagement with vaccine hesitant individuals. <i>Vaccine</i> , 2019, 37, 6594-6600.	3.8	22
58	Religious and community leaders' acceptance of rotavirus vaccine introduction in Yogyakarta, Indonesia: a qualitative study. <i>BMC Public Health</i> , 2019, 19, 368.	2.9	39
59	Enhancing ovarian cancer care: a systematic review of guideline adherence and clinical variation. <i>BMC Public Health</i> , 2019, 19, 296.	2.9	14
60	Caregiver's attitudes, beliefs, and experiences for influenza vaccination in Australian children with medical comorbidities. <i>Vaccine</i> , 2019, 37, 2244-2248.	3.8	21
61	Exploring strategies to promote influenza vaccination of children with medical comorbidities: the perceptions and practices of hospital healthcare workers. <i>BMC Health Services Research</i> , 2019, 19, 911.	2.2	10
62	The views of key stakeholders around mandatory influenza vaccination of hospital and aged care staff: Examining the current climate in Australia. <i>Vaccine</i> , 2019, 37, 705-710.	3.8	9
63	The importance of involving midwives before and during the implementation of an antenatal pertussis vaccination program in New South Wales, Australia. <i>Women and Birth</i> , 2018, 31, 463-468.	2.0	5
64	The effectiveness of an online module for midwives conducting antenatal pertussis vaccinations. <i>British Journal of Midwifery</i> , 2018, 26, 516-522.	0.4	0
65	The role of pneumonia and secondary bacterial infection in fatal and serious outcomes of pandemic influenza a(H1N1)pdm09. <i>BMC Infectious Diseases</i> , 2018, 18, 637.	2.9	237
66	Don't forget healthcare workers are required to have other mandatory immunizations, so why isn't the influenza vaccination included?. <i>Expert Review of Respiratory Medicine</i> , 2018, 12, 805-807.	2.5	1
67	Exploring the use of entertainment-education YouTube videos focused on infection prevention and control. <i>American Journal of Infection Control</i> , 2018, 46, 1218-1223.	2.3	22
68	Measles high school vaccination program, 2014-2015: online survey of parents in NSW, Australia. <i>Public Health Research and Practice</i> , 2018, 28, .	1.5	1
69	Setting the right foundations: improving the approach used to teach concepts of hand hygiene to medical students. <i>Journal of Hospital Infection</i> , 2017, 95, 355-358.	2.9	8
70	Immunisation for refugees in Australia: a policy review and analysis across all States and Territories. <i>Australian and New Zealand Journal of Public Health</i> , 2017, 41, 635-640.	1.8	45
71	The efficacy of medical masks and respirators against respiratory infection in healthcare workers. <i>Influenza and Other Respiratory Viruses</i> , 2017, 11, 511-517.	3.4	93
72	Challenges in immunisation service delivery for refugees in Australia: A health system perspective. <i>Vaccine</i> , 2017, 35, 5148-5155.	3.8	21

#	ARTICLE	IF	CITATIONS
73	Paediatrician beliefs and practices around influenza vaccination. <i>Journal of Paediatrics and Child Health</i> , 2017, 53, 711-714.	0.8	11
74	Risk activities and pre-travel health seeking practices of notified cases of imported infectious diseases in Australia. <i>Journal of Travel Medicine</i> , 2017, 24, .	3.0	21
75	Cost-effectiveness analysis of N95 respirators and medical masks to protect healthcare workers in China from respiratory infections. <i>BMC Infectious Diseases</i> , 2017, 17, 464.	2.9	29
76	Viral and bacterial upper respiratory tract infection in hospital health care workers over time and association with symptoms. <i>BMC Infectious Diseases</i> , 2017, 17, 553.	2.9	14
77	Examining the online approaches used by hospitals in Sydney, Australia to inform patients about healthcare associated infections and infection prevention strategies. <i>BMC Infectious Diseases</i> , 2017, 17, 788.	2.9	8
78	Improving the uptake of pre-travel health advice amongst migrant Australians: exploring the attitudes of primary care providers and migrant community groups. <i>BMC Infectious Diseases</i> , 2016, 16, 213.	2.9	19
79	The contribution of travellers visiting friends and relatives to notified infectious diseases in Australia: state-based enhanced surveillance. <i>Epidemiology and Infection</i> , 2016, 144, 3554-3563.	2.1	23
80	Compliance with the Use of Medical and Cloth Masks Among Healthcare Workers in Vietnam. <i>Annals of Occupational Hygiene</i> , 2016, 60, 619-630.	1.9	35
81	Immunogenicity and persistence of immunity of a quadrivalent Human Papillomavirus (HPV) vaccine in immunocompromised children. <i>Vaccine</i> , 2016, 34, 4343-4350.	3.8	23
82	Cluster randomised controlled trial to examine medical mask use as source control for people with respiratory illness. <i>BMJ Open</i> , 2016, 6, e012330.	1.9	60
83	Development and appraisal of a hand hygiene teaching approach for medical students: a qualitative study. <i>Journal of Infection Prevention</i> , 2016, 17, 162-168.	0.9	3
84	Examining the role of a decision aid in reducing decisional conflict amongst hospital healthcare workers towards receiving the influenza vaccine. <i>BMC Health Services Research</i> , 2016, 16, 84.	2.2	4
85	A Systematic Review of the Comparative Epidemiology of Avian and Human Influenza A H5N1 and H7N9 - Lessons and Unanswered Questions. <i>Transboundary and Emerging Diseases</i> , 2016, 63, 602-620.	3.0	66
86	Assessing Interventions To Improve Influenza Vaccine Uptake Among Health Care Workers. <i>Health Affairs</i> , 2016, 35, 284-292.	5.2	47
87	Empowering patients in the hospital as a new approach to reducing the burden of health care-associated infections: The attitudes of hospital health care workers. <i>American Journal of Infection Control</i> , 2016, 44, 263-268.	2.3	21
88	Measles prevention in adolescents: lessons learnt from implementing a high school catch-up vaccination programme in New South Wales, Australia, 2014-2015. <i>Western Pacific Surveillance and Response Journal: WPSAR</i> , 2016, 7, 29-35.	0.6	0
89	Nutrition among men and household food security in an internally displaced persons camp in Kenya. <i>Public Health Nutrition</i> , 2015, 19, 723-731.	2.2	13
90	Stigma as a barrier to diagnosis of lung cancer: patient and general practitioner perspectives. <i>Primary Health Care Research and Development</i> , 2015, 16, 618-622.	1.2	58

#	ARTICLE	IF	CITATIONS
91	Knowledge and attitudes towards rotavirus diarrhea and the vaccine amongst healthcare providers in Yogyakarta Indonesia. <i>BMC Health Services Research</i> , 2015, 15, 528.	2.2	18
92	Exploring the approaches used to teach concepts of hand hygiene to Australian medical students. <i>Journal of Infection Prevention</i> , 2015, 16, 162-166.	0.9	7
93	"I don't want to cause any trouble": the attitudes of hospital patients towards patient empowerment strategies to reduce healthcare-acquired infections. <i>Journal of Infection Prevention</i> , 2015, 16, 167-173.	0.9	21
94	A cluster randomised trial of cloth masks compared with medical masks in healthcare workers. <i>BMJ Open</i> , 2015, 5, e006577-e006577.	1.9	349
95	Long term population impact of seven-valent pneumococcal conjugate vaccine with a 3+0 schedule—How do 2+1 and 3+1 schedules compare?. <i>Vaccine</i> , 2015, 33, 3234-3241.	3.8	7
96	Examining the policies and guidelines around the use of masks and respirators by healthcare workers in China, Pakistan and Vietnam. <i>Journal of Infection Prevention</i> , 2015, 16, 68-74.	0.9	13
97	General Practitioners' Perception of Risk for Travelers Visiting Friends and Relatives. <i>Journal of Travel Medicine</i> , 2015, 22, 368-374.	3.0	22
98	Current practices and barriers to the use of facemasks and respirators among hospital-based health care workers in Vietnam. <i>American Journal of Infection Control</i> , 2015, 43, 72-77.	2.3	43
99	Cytomegalovirus seropositivity is associated with herpes zoster. <i>Human Vaccines and Immunotherapeutics</i> , 2015, 11, 1394-1399.	3.3	9
100	Uncertainty, risk analysis and change for Ebola personal protective equipment guidelines. <i>International Journal of Nursing Studies</i> , 2015, 52, 899-903.	5.6	44
101	Ask, speak up, and be proactive: Empowering patient infection control to prevent health care-acquired infections. <i>American Journal of Infection Control</i> , 2015, 43, 447-453.	2.3	24
102	Practices around the use of masks and respirators among hospital health care workers in 3 diverse populations. <i>American Journal of Infection Control</i> , 2015, 43, 1116-1118.	2.3	16
103	Health literacy in Beijing: an assessment of adults' knowledge and skills regarding communicable diseases. <i>BMC Public Health</i> , 2015, 15, 799.	2.9	14
104	Examining Hospital Patients' Knowledge and Attitudes Toward Hospital-Acquired Infections and Their Participation in Infection Control. <i>Infection Control and Hospital Epidemiology</i> , 2015, 36, 461-463.	1.8	9
105	Responding to a measles outbreak in a Pacific island community in western Sydney: community interviews led to church-based immunization clinics. <i>Western Pacific Surveillance and Response Journal: WPSAR</i> , 2015, 6, 51-57.	0.6	4
106	A Case-Control Study of the Role of Human Papillomavirus in Oesophageal Squamous Cell Carcinoma in Australia. <i>Journal of Oncology</i> , 2014, 2014, 1-7.	1.3	6
107	Airport arrivals screening during pandemic (H1N1) 2009 influenza in New South Wales, Australia. <i>Medical Journal of Australia</i> , 2014, 200, 290-292.	1.7	19
108	Response to Martin-Moreno et al. (2014) Surgical mask or no mask for health workers not a defensible position for Ebola. <i>International Journal of Nursing Studies</i> , 2014, 51, 1694-1695.	5.6	8
