#	ARTICLE	IF	CITATIONS
1	Remotely Delivered Interventions to Support Women With Symptoms of Anxiety in Pregnancy: Mixed Methods Systematic Review and Meta-analysis. <i>Journal of Medical Internet Research</i> , 2022, 24, e28093.	4.3	13
2	The importance of face to face, group antenatal education classes for first time mothers: A qualitative study. <i>Midwifery</i> , 2022, 109, 103295.	2.3	10
3	Birth environments for women with complex pregnancies: A mixed-methods systematic review. <i>Women and Birth</i> , 2022, , .	2.0	0
4	Midwifery studentsâ€™ views and experiences of birth on mainstream factual television. <i>Midwifery</i> , 2021, 92, 102859.	2.3	1
5	Establishing information needs and research priorities in response to the Covid-19 pandemic in the local maternity setting. <i>Midwifery</i> , 2021, 95, 102922.	2.3	9
6	A systematic review of supportive interventions to promote women's comfort and well-being during induction of labour. <i>Journal of Advanced Nursing</i> , 2021, 77, 2185-2196.	3.3	4
7	An analysis of media reporting on the closure of freestanding midwifery units in England. <i>Women and Birth</i> , 2020, 33, e79-e87.	2.0	5
8	Non-pharmacological interventions to reduce the symptoms of mild to moderate anxiety in pregnant women. A systematic review and narrative synthesis of womenâ€™s views on the acceptability of and satisfaction with interventions. <i>Archives of Women's Mental Health</i> , 2020, 23, 11-28.	2.6	34
9	Women's information needs, decision-making and experiences of membrane sweeping to promote spontaneous labour. <i>Midwifery</i> , 2020, 83, 102626.	2.3	8
10	â€˜The calm before the stormâ€™: A qualitative study of fathersâ€™ experiences of early labour. <i>Women and Birth</i> , 2020, 33, 490-495.	2.0	3
11	Mixedâ€‘methods systematic review: Childbearing women's views, experiences, and decisionâ€‘making related to epidural analgesia in labour. <i>Journal of Advanced Nursing</i> , 2020, 76, 3273-3292.	3.3	9
12	Factors influencing the utilisation of free-standing and alongside midwifery units in England: a qualitative research study. <i>BMJ Open</i> , 2020, 10, e033895.	1.9	13
13	Authors' reply re: Workâ€‘related postâ€‘traumatic stress symptoms in obstetricians and gynaecologists: findings from INDIGO, a mixedâ€‘methods study with a crossâ€‘sectional survey and inâ€‘depth interviews. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2020, 127, 909-910.	2.3	0
14	Authors' reply re: Workâ€‘related postâ€‘traumatic stress symptoms in obstetricians and gynaecologists: findings from INDIGO, a mixedâ€‘methods study with a crossâ€‘sectional survey and inâ€‘depth interviews. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2020, 127, 911-911.	2.3	0
15	Sustaining quality midwifery care in a pandemic and beyond. <i>Midwifery</i> , 2020, 88, 102759.	2.3	88
16	Factors influencing utilisation of â€‘free-standingâ€™ and â€‘alongsideâ€™ midwifery units for low-risk births in England: a mixed-methods study. <i>Health Services and Delivery Research</i> , 2020, 8, 1-106.	1.4	4
17	A qualitative study of midwivesâ€™ perceptions on using videoâ€‘calling in early labor. <i>Birth</i> , 2019, 46, 105-112.	2.2	10
18	Online forums for data collection: ethical challenges from a study exploring womenâ€™s views of birth plans. <i>Nurse Researcher</i> , 2019, 27, 26-30.	0.5	0

#	ARTICLE	IF	CITATIONS
19	The concept of compassion within <sc>UK</sc> media-generated discourse: A corpus-informed analysis. <i>Journal of Clinical Nursing</i> , 2018, 27, 3081-3090.	3.0	9
20	Mapping midwifery and obstetric units in England. <i>Midwifery</i> , 2018, 56, 9-16.	2.3	36
21	Systematic review and meta-analysis of non-pharmacological interventions to reduce the symptoms of mild to moderate anxiety in pregnant women. <i>Journal of Advanced Nursing</i> , 2018, 74, 289-309.	3.3	22
22	Preparing midwifery students for traumatic workplace events: Findings from the POPPY (programme) Today, 2018, 71, 226-232.	3.3	13
23	A programme for the prevention of post-traumatic stress disorder in midwifery (POPPY): indications of effectiveness from a feasibility study. <i>HÅgre Utbildning</i> , 2018, 9, 1518069.	3.0	18
24	First-time mothers' expectations of the unknown territory of childbirth: Uncertainties, coping strategies and 'going with the flow'. <i>Midwifery</i> , 2018, 63, 39-45.	2.3	37
25	Evaluation of trained volunteer doula services for disadvantaged women in five areas in England: women's experiences. <i>Health and Social Care in the Community</i> , 2017, 25, 466-477.	1.6	27
26	First-time mothers' choice of birthplace: influencing factors, expectations of the midwife's role and perceived safety. <i>Journal of Advanced Nursing</i> , 2017, 73, 1937-1946.	3.3	19
27	Women's expectations and experiences of rupture of membranes and views of the potential use of reagent pads for detecting amniotic fluid. <i>Journal of Advanced Nursing</i> , 2017, 73, 3041-3049.	3.3	0
28	Plans, preferences or going with the flow: An online exploration of women's views and experiences of birth plans. <i>Midwifery</i> , 2017, 54, 29-34.	2.3	24
29	Experiences of early labour management from perspectives of women, labour companions and health professionals: A systematic review of qualitative evidence. <i>Midwifery</i> , 2017, 57, 69-84.	2.3	24
30	Women's views on anxiety in pregnancy and the use of anxiety instruments: a qualitative study. <i>Journal of Reproductive and Infant Psychology</i> , 2017, 35, 77-90.	1.8	16
31	Randomized controlled trial and economic evaluation of nurse-led group support for young mothers during pregnancy and the first year postpartum versus usual care. <i>Trials</i> , 2017, 18, 508.	1.6	17
32	Results of the First Steps study: a randomised controlled trial and economic evaluation of the Group Family Nurse Partnership (gFNP) programme compared with usual care in improving outcomes for high-risk mothers and their children and preventing abuse. <i>Public Health Research</i> , 2017, 5, 1-152.	1.3	5
33	The processes of implementing and sustaining an intensive volunteer one-to-one support (doula) service for disadvantaged pregnant women. <i>Voluntary Sector Review</i> , 2016, 7, 149-167.	0.4	6
34	'The greatest feeling you get, knowing you have made a big difference': survey findings on the motivation and experiences of trained volunteer doulas in England. <i>BMC Pregnancy and Childbirth</i> , 2016, 16, 289.	2.4	13
35	The kaleidoscopic midwife: A conceptual metaphor illustrating first-time mothers' perspectives of a good midwife during childbirth. A grounded theory study. <i>Midwifery</i> , 2016, 39, 103-111.	2.3	34
36	What are the characteristics of perinatal events perceived to be traumatic by midwives?. <i>Midwifery</i> , 2016, 40, 55-61.	2.3	17

#	ARTICLE	IF	CITATIONS
37	The experience and impact of traumatic perinatal event experiences in midwives: A qualitative investigation. <i>International Journal of Nursing Studies</i> , 2016, 53, 61-72.	5.6	53
38	Diagnosing onset of labor: a systematic review of definitions in the research literature. <i>BMC Pregnancy and Childbirth</i> , 2016, 16, 71.	2.4	144
39	Birth Plans: A Narrative Review of the Literature. <i>International Journal of Childbirth</i> , 2016, 6, 157-172.	0.3	8
40	A systematic review, evidence synthesis and meta-analysis of quantitative and qualitative studies evaluating the clinical effectiveness, the cost-effectiveness, safety and acceptability of interventions to prevent postnatal depression. <i>Health Technology Assessment</i> , 2016, 20, 1-414.	2.8	78
41	Unexpected consequences: women's experiences of a self-hypnosis intervention to help with pain relief during labour. <i>BMC Pregnancy and Childbirth</i> , 2015, 15, 229.	2.4	23
42	A psychometric systematic review of self-report instruments to identify anxiety in pregnancy. <i>Journal of Advanced Nursing</i> , 2015, 71, 1986-2001.	3.3	53
43	Understanding barriers to involving community midwives in identifying research participants; experience of the first steps randomised controlled trial. <i>Midwifery</i> , 2015, 31, 779-786.	2.3	13
44	Exposure to traumatic perinatal experiences and posttraumatic stress symptoms in midwives: Prevalence and association with burnout. <i>International Journal of Nursing Studies</i> , 2015, 52, 578-587.	5.6	118
45	A longitudinal study exploring the role of adult attachment in relation to perceptions of pain in labour, childbirth memory and acute traumatic stress responses. <i>Journal of Reproductive and Infant Psychology</i> , 2015, 33, 256-267.	1.8	19
46	Multisite implementation of trained volunteer doula support for disadvantaged childbearing women: a mixed-methods evaluation. <i>Health Services and Delivery Research</i> , 2015, 3, 1-332.	1.4	18
47	An integrative review of the impact of indirect trauma exposure in health professionals and potential issues of salience for midwives. <i>Journal of Advanced Nursing</i> , 2014, 70, 729-743.	3.3	69
48	Midwives' beliefs and concerns about telephone conversations with women in early labour. <i>Midwifery</i> , 2014, 30, 1036-1042.	2.3	19
49	First steps: study protocol for a randomized controlled trial of the effectiveness of the Group Family Nurse Partnership (gFNP) program compared to routine care in improving outcomes for high-risk mothers and their children and preventing abuse. <i>Trials</i> , 2013, 14, 285.	1.6	14
50	Early labour services: Changes, triggers, monitoring and evaluation. <i>Midwifery</i> , 2013, 29, 277-283.	2.3	11
51	Early labour series. <i>Midwifery</i> , 2013, 29, 1-2.	2.3	11
52	Converting policy into care: women's satisfaction with the early labour telephone component of the All Wales Clinical Pathway for Normal Labour. <i>Journal of Advanced Nursing</i> , 2012, 68, 2218-2228.	3.3	27
53	Roundtable Discussion: Early Labor: What's the Problem?. <i>Birth</i> , 2009, 36, 332-339.	2.2	28
54	Preparation for pain management during childbirth: The psychological aspects of coping strategy development in antenatal education. <i>Clinical Psychology Review</i> , 2009, 29, 617-622.	11.4	63

#	ARTICLE	IF	CITATIONS
55	Developing evidence-based recommendations in public health – incorporating the views of practitioners, service users and user representatives. <i>Health Expectations</i> , 2008, 11, 3-15.	2.6	29
56	The range of coping strategies women use to manage pain and anxiety prior to and during first experience of labour. <i>Midwifery</i> , 2004, 20, 144-156.	2.3	49
57	Selected Coping Strategies in Labor: An Investigation of Women's Experiences. <i>Birth</i> , 2003, 30, 189-194.	2.2	45
