#	ARTICLE	IF	CITATIONS
1	Emergency department consultations for respiratory symptoms revisited: exploratory investigation of longitudinal trends in patientsâ€™ perspective on care, health care utilization, and general and mental health, from a multicenter study in Berlin, Germany. BMC Health Services Research, 2022, 22, 169.	2.2	1
2	Healthcare Utilization and Costs in Sepsis Survivors in Germanyâ€“Secondary Analysis of a Prospective Cohort Study. Journal of Clinical Medicine, 2022, 11, 1142.	2.4	6
3	Shedding light on silica biomineralization by comparative analysis of the silicaâ€“associated proteomes from three diatom species. Plant Journal, 2022, 110, 1700-1716.	5.7	12
4	Redirecting emergency medical services patients with unmet primary care needs: the perspective of paramedics on feasibility and acceptance of an alternative care path in a qualitative investigation from Berlin, Germany. BMC Emergency Medicine, 2022, 22, .	1.9	2
5	General practitionersâ€™ views and experiences in caring for patients after sepsis: a qualitative interview study. BMJ Open, 2021, 11, e040533.	1.9	6
6	Diverting less urgent utilizers of emergency medical services to primary care: is it feasible? Patient and morbidity characteristics from a cross-sectional multicenter study of self-referring respiratory emergency department consulters. BMC Research Notes, 2021, 14, 113.	1.4	6
7	Precision of fiducial marker alignment for correlative superâ€“resolution fluorescence and transmission electron microscopy. Discover Materials, 2021, 1, 1.	2.8	1
8	REDuction of Antibiotic RESistance (REDARES) in urinary tract infections using treatments according to national clinical guidelines: study protocol for a pragmatic randomized controlled trial with a multimodal intervention in primary care. BMC Infectious Diseases, 2021, 21, 990.	2.9	4
9	Collaboration amongst general practitioners and gynaecologists working in primary health care in Germany: a cross-sectional study. Primary Health Care Research and Development, 2021, 22, e42.	1.2	0
10	Long-Term Courses of Sepsis Survivors: Effects of a Primary Care Management Intervention. American Journal of Medicine, 2020, 133, 381-385.e5.	1.5	16
11	Health care utilisation and medication one year after myocardial infarction in Germany â€“ a claims data analysis. International Journal of Cardiology, 2020, 300, 20-26.	1.7	6
12	Self-referred walk-in patients in the emergency department â€“ who and why? Consultation determinants in a multicenter study of respiratory patients in Berlin, Germany. BMC Health Services Research, 2020, 20, 848.	2.2	20
13	Implications for post critical illness trial design: sub-phenotyping trajectories of functional recovery among sepsis survivors. Critical Care, 2020, 24, 577.	5.8	27
14	Is time running out? The urgent need for appropriate global health curricula in Germany. BMJ Global Health, 2020, 5, e003362.	4.7	4
15	What role does the GP play for emergency department utilizers? A qualitative exploration of respiratory patientsâ€™ perspectives in Berlin, Germany. BMC Family Practice, 2020, 21, 154.	2.9	6
16	An intimate view into the silica deposition vesicles of diatoms. BMC Materials, 2020, 2, .	6.8	25
17	Prescribing and medical non-adherence after myocardial infarction: qualitative interviews with general practitioners in Germany. BMC Family Practice, 2020, 21, 81.	2.9	4
18	Train the trainer course for general practice trainers in ambulatory care: the Berlin model. GMS Journal for Medical Education, 2020, 37, Doc28.	0.1	3

#	ARTICLE	IF	CITATIONS
19	How to decide adequately? Qualitative study of GPs'™ view on decision-making in self-referred and physician-referred emergency department consultations in Berlin, Germany. <i>BMJ Open</i> , 2019, 9, e026786.	1.9	14
20	â€˜Managing scarcityâ€™™â€˜ a qualitative study on volunteer-based healthcare for chronically ill, uninsured migrants in Berlin, Germany. <i>BMJ Open</i> , 2019, 9, e025018.	1.9	9
21	Coordination of care for multimorbid patients from the perspective of general practitioners â€˜ a qualitative study. <i>BMC Family Practice</i> , 2019, 20, 160.	2.9	27
22	Experiencing and designing community-based medicine - development and evaluation of an elective based on explorative learning. <i>GMS Journal for Medical Education</i> , 2019, 36, Doc74.	0.1	1
23	Treatment Changes in General Practice Patients With Chronic Mental Disorders Following a Psychiatricâ€˜Psychosomatic Consultation. <i>Health Services Research and Managerial Epidemiology</i> , 2018, 5, 233339281875852.	0.9	7
24	Antibiotic prescribing behavior among general practitioners â€˜ a questionnaire-based study in Germany. <i>BMC Infectious Diseases</i> , 2018, 18, 208.	2.9	26
25	Improving long-term adherence to statin therapy: a qualitative study of GPsâ€™™ experiences in primary care. <i>British Journal of General Practice</i> , 2018, 68, e401-e407.	1.4	15
26	Effect of a combined brief narrative exposure therapy with case management versus treatment as usual in primary care for patients with traumatic stress sequelae following intensive care medicine: study protocol for a multicenter randomized controlled trial (PICTURE). <i>Trials</i> , 2018, 19, 480.	1.6	8
27	Reconstituting the formation of hierarchically porous silica patterns using diatom biomolecules. <i>Journal of Structural Biology</i> , 2018, 204, 64-74.	2.8	34
28	Online Platform as a Tool to Support Postgraduate Training in General Practice - A Case Report. <i>GMS Journal for Medical Education</i> , 2017, 34, Doc59.	0.1	4
29	The specific needs of patients following sepsis: a nested qualitative interview study. <i>BJGP Open</i> , 2017, 1, bjgpopen17X100725.	1.8	4
30	â€˜Parallel universesâ€™™? The interface between GPs and dentists in primary care: a qualitative study. <i>Family Practice</i> , 2016, 33, 557-561.	1.9	14
31	Patientsâ€™™ views of adverse events in primary and ambulatory care: a systematic review to assess methods and the content of what patients consider to be adverse events. <i>BMC Family Practice</i> , 2016, 17, 6.	2.9	39
32	The Diagnosis and Treatment of Acute Cough in Adults. <i>Deutsches A&#x0308;rztblatt International</i> , 2014, 111, 356-63.	0.9	30
33	Primary prevention in general practice â€˜ views of German general practitioners: a mixed-methods study. <i>BMC Family Practice</i> , 2014, 15, 103.	2.9	24
34	A qualitative study on patients' and physicians' visions for the future management of overweight or obesity. <i>Family Practice</i> , 2012, 29, 103-109.	1.9	25
35	German GPs' willingness to expand roles of physician assistants: a regional survey of perceptions and informal practices influencing uptake of health reforms in primary health care. <i>Family Practice</i> , 2012, 29, 448-454.	1.9	28
36	GPsâ€™™ attitudes, objectives and barriers in counselling for obesityâ€™™ a qualitative study. <i>European Journal of General Practice</i> , 2012, 18, 9-14.	2.0	28

#	ARTICLE	IF	CITATIONS
37	Motivational interviewing and shared decision making in primary care. <i>Patient Education and Counseling</i> , 2012, 87, 62-66.	2.2	27
38	Home Visit Delegation in Primary Care. <i>Deutsches A&#x0308;rztblatt International</i> , 2012, 109, 795-801.	0.9	10
39	Innovative strategy for implementing chronic heart failure guidelines among family physicians in different healthcare settings in Berlin. <i>European Journal of Heart Failure</i> , 2011, 13, 93-99.	7.1	18
40	Cardiovascular Disease and Obesity Prevention in Germany: An Investigation into a Heterogeneous Engineering Project. <i>Science Technology and Human Values</i> , 2011, 36, 723-751.	3.1	12
41	Counseling overweight in primary care: An analysis of patientâ€physician encounters. <i>Patient Education and Counseling</i> , 2010, 80, 71-75.	2.2	31
42	Perception of stress and quality of life in overweight and obese peopleâimplications for preventive consultancies in primary care. <i>Medical Science Monitor</i> , 2009, 15, PH1-6.	1.1	11
43	Patientsâ€™ and GPsâ€™ duties and responsibilities in long-term care after myocardial infarction: a qualitative study of patientsâ€™ perspectives. <i>Family Practice</i> , 0, , .	1.9	0
