#	ARTICLE	IF	CITATIONS
1	Toward terminological, conceptual, and statistical clarity in the study of mediators and moderators: Examples from the child-clinical and pediatric psychology literatures.. Journal of Consulting and Clinical Psychology, 1997, 65, 599-610.	2.0	2,200
2	Post-hoc Probing of Significant Moderational and Mediational Effects in Studies of Pediatric Populations. Journal of Pediatric Psychology, 2002, 27, 87-96.	2.1	1,437
3	Spina bifida. Nature Reviews Disease Primers, 2015, 1, 15007.	30.5	427
4	Observed and perceived parental overprotection in relation to psychosocial adjustment in preadolescents with a physical disability: The mediational role of behavioral autonomy.. Journal of Consulting and Clinical Psychology, 2002, 70, 96-110.	2.0	272
5	Collecting and Managing Multisource and Multimethod Data in Studies of Pediatric Populations. Journal of Pediatric Psychology, 2002, 27, 5-18.	2.1	250
6	Adolescent health psychology.. Journal of Consulting and Clinical Psychology, 2002, 70, 828-842.	2.0	239
7	Evidence-based Assessment in Pediatric Psychology: Family Measures. Journal of Pediatric Psychology, 2008, 33, 1046-1061.	2.1	208
8	Mediator and Moderator Effects in Developmental and Behavioral Pediatric Research. Journal of Developmental and Behavioral Pediatrics, 2004, 25, 58-67.	1.1	169
9	A multimethod, multi-informant, and multidimensional perspective on psychosocial adjustment in preadolescents with spina bifida.. Journal of Consulting and Clinical Psychology, 2003, 71, 782-796.	2.0	152
10	Introduction to Special Issue: Evidence-based Assessment in Pediatric Psychology. Journal of Pediatric Psychology, 2008, 33, 911-915.	2.1	151
11	Collaborative Involvement of Primary and Secondary Caregivers: Associations with Youths' Diabetes Outcomes. Journal of Pediatric Psychology, 2009, 34, 869-881.	2.1	132
12	A Developmental Perspective on Adolescent Health and Illness: An Introduction to the Special Issues. Journal of Pediatric Psychology, 2002, 27, 409-416.	2.1	127
13	Observed and perceived parental overprotection in relation to psychosocial adjustment in preadolescents with a physical disability: The mediational role of behavioral autonomy.. Journal of Consulting and Clinical Psychology, 2002, 70, 96-110.	2.0	126
14	Intelligence and Achievement in Children with Myelomeningocele. Journal of Pediatric Psychology, 1990, 15, 161-176.	2.1	119
15	Menarcheal status and parent-child relations in families of seventh-grade girls. Journal of Youth and Adolescence, 1985, 14, 301-316.	3.5	108
16	Adolescent Predictors of Emerging Adulthood Milestones in Youth with Spina Bifida. Journal of Pediatric Psychology, 2011, 36, 265-276.	2.1	108
17	Maternal, Paternal, and Marital Functioning in Families of Preadolescents with Spina Bifida. Journal of Pediatric Psychology, 1997, 22, 167-181.	2.1	106
18	Individual and relational predictors of adjustment in first-year college students.. Journal of Counseling Psychology, 1993, 40, 73-78.	2.0	104

#	ARTICLE	IF	CITATIONS
19	A Closer Look at Self-Esteem, Perceived Social Support, and Coping Strategy: A Prospective Study of Depressive Symptomatology Across the Transition to College. <i>Journal of Social and Clinical Psychology</i> , 2014, 33, 560-585.	0.5	103
20	A Longitudinal Study of Pubertal Timing, Parent-Child Conflict, and Cohesion in Families of Young Adolescents With Spina Bifida. <i>Journal of Pediatric Psychology</i> , 2002, 27, 461-473.	2.1	102
21	Editorial: An Author's Checklist for Measure Development and Validation Manuscripts. <i>Journal of Pediatric Psychology</i> , 2009, 34, 691-696.	2.1	102
22	Evidence-based Assessment in Pediatric Psychology: Measures of Psychosocial Adjustment and Psychopathology. <i>Journal of Pediatric Psychology</i> , 2008, 33, 958-980.	2.1	101
23	A Contextual-Moderator Analysis of Emotional Autonomy and Adjustment in Adolescence. <i>Child Development</i> , 1995, 66, 793-811.	3.0	97
24	Psychosocial and family functioning in spina bifida. <i>Developmental Disabilities Research Reviews</i> , 2010, 16, 40-46.	2.9	94
25	Attention and Executive Functions in Adolescents with Spina Bifida. <i>Journal of Pediatric Psychology</i> , 2007, 32, 983-994.	2.1	90
26	Pubertal Status and Parent-Child Relations in Families of Seventh-Grade Boys. <i>Journal of Early Adolescence</i> , 1985, 5, 31-44.	1.9	86
27	Individual and familial influences on the onset of sexual intercourse among urban African American adolescents.. <i>Journal of Consulting and Clinical Psychology</i> , 2003, 71, 159-167.	2.0	86
28	Executive Functions and Parenting Behaviors in Association With Medical Adherence and Autonomy Among Youth With Spina Bifida. <i>Journal of Pediatric Psychology</i> , 2013, 38, 675-687.	2.1	86
29	Adolescent health psychology. <i>Journal of Consulting and Clinical Psychology</i> , 2002, 70, 828-42.	2.0	77
30	Observed and Perceived Dyadic and Systemic Functioning in Families of Preadolescents With Spina Bifida. <i>Journal of Pediatric Psychology</i> , 2002, 27, 177-189.	2.1	76
31	A Contextual-Moderator Analysis of Emotional Autonomy and Adjustment in Adolescence. <i>Child Development</i> , 1995, 66, 793.	3.0	73
32	A longitudinal examination of familial risk factors for depression among inner-city African American adolescents.. <i>Journal of Family Psychology</i> , 2003, 17, 108-120.	1.3	73
33	Measuring Beliefs About Adolescent Personality and Behavior. <i>Journal of Youth and Adolescence</i> , 1998, 27, 607-627.	3.5	67
34	Parent Functioning in Families of Preadolescents With Spina Bifida: Longitudinal Implications for Child Adjustment.. <i>Journal of Family Psychology</i> , 2004, 18, 609-619.	1.3	65
35	Discrepancies between perceptions of decision making and behavioral autonomy. <i>New Directions for Child and Adolescent Development</i> , 1991, 1991, 51-69.	2.2	63
36	Trajectories of autonomy development across the adolescent transition in children with spina bifida.. <i>Rehabilitation Psychology</i> , 2009, 54, 16-27.	1.3	63

#	ARTICLE	IF	CITATIONS
37	Trajectories of psychosocial adjustment in adolescents with spina bifida: A 6-year, four-wave longitudinal follow-up.. <i>Journal of Consulting and Clinical Psychology</i> , 2010, 78, 511-525.	2.0	61
38	Effects of interparental aggression on children's adjustment: The moderating role of cognitive appraisal and coping.. <i>Journal of Family Psychology</i> , 1997, 11, 125-130.	1.3	60
39	Conflictive Engagement, Positive Affect, and Menarche in Families with Seventh-Grade Girls. <i>Child Development</i> , 1991, 62, 1030-1048.	3.0	59
40	Conflictive Engagement, Positive Affect, and Menarche in Families with Seventh-Grade Girls. <i>Child Development</i> , 1991, 62, 1030.	3.0	57
41	Suppressor effects in coping research with African American adolescents from low-income communities.. <i>Journal of Consulting and Clinical Psychology</i> , 2010, 78, 843-855.	2.0	53
42	Family Functioning in Children and Adolescents with Spina Bifida. <i>Journal of Developmental and Behavioral Pediatrics</i> , 2006, 27, 249-277.	1.1	51
43	A multisite trial of a clinic-integrated intervention for promoting family management of pediatric type 1 diabetes: feasibility and design. <i>Pediatric Diabetes</i> , 2009, 10, 105-115.	2.9	49
44	Individual and familial influences on the onset of sexual intercourse among urban African American adolescents.. <i>Journal of Consulting and Clinical Psychology</i> , 2003, 71, 159-167.	2.0	48
45	Storm and stress beliefs about adolescence: Prevalence, self-reported antecedents, and effects of an undergraduate course. <i>Journal of Youth and Adolescence</i> , 1988, 17, 285-306.	3.5	47
46	Friendships of Children and Adolescents With Spina Bifida: Social Adjustment, Social Performance, and Social Skills. <i>Journal of Pediatric Psychology</i> , 2012, 37, 220-231.	2.1	46
47	Disagreements about rules in families with seventh-grade girls and boys. <i>Journal of Youth and Adolescence</i> , 1987, 16, 221-246.	3.5	45
48	Longitudinal Association Between Parenting Practices and Early Sexual Risk Behaviors among Urban African American Adolescents: The Moderating Role of Gender. <i>Journal of Youth and Adolescence</i> , 2006, 35, 783-794.	3.5	44
49	Condition Self-Management in Pediatric Spina Bifida: A Longitudinal Investigation of Medical Adherence, Responsibility-Sharing, and Independence Skills. <i>Journal of Pediatric Psychology</i> , 2015, 40, 790-803.	2.1	44
50	Parenting, parent-child relationships, and sexual possibility situations among urban African American preadolescents: Preliminary findings and implications for HIV prevention.. <i>Journal of Family Psychology</i> , 1997, 11, 11-22.	1.3	42
51	Distinguishing between Perceived Closeness and Parental Warmth in Families with Seventh-Grade Boys and Girls. <i>Journal of Early Adolescence</i> , 1991, 11, 276-293.	1.9	41
52	Patterns of PRN Analgesic Drug Administration in Children Following Elective Surgery. <i>Journal of Pediatric Psychology</i> , 1989, 14, 433-448.	2.1	40
53	Spinal Lesion Level, Shunt Status, Family Relationships, and Psychosocial Adjustment in Children and Adolescents with Spina Bifida Myelomeningocele. <i>Journal of Pediatric Psychology</i> , 1995, 20, 817-832.	2.1	40
54	Separation-Individuation, Family Functioning, and Psychological Adjustment in College Students: A Construct Validity Study of the Separation-Individuation Test of Adolescence. <i>Journal of Personality Assessment</i> , 1992, 59, 468-485.	2.1	38

#	ARTICLE	IF	CITATIONS
55	A Longitudinal Examination of Health-Related Quality of Life in Children and Adolescents With Spina Bifida. <i>Journal of Pediatric Psychology</i> , 2015, 40, 419-430.	2.1	38
56	Considerations and Future Directions for Conducting Clinical Research With Pediatric Populations During the COVID-19 Pandemic. <i>Journal of Pediatric Psychology</i> , 2020, 45, 720-724.	2.1	38
