#	ARTICLE	IF	CITATIONS
1	Folic acid supplementation and malaria susceptibility and severity among people taking antifolate antimalarial drugs in endemic areas. The Cochrane Library, 2022, 2022, .	2.8	6
2	“One feels anger to know there is no one to help us!” Perceptions of mothers of children with Zika virus-associated microcephaly in Caribbean Colombia: A qualitative study. PLoS Neglected Tropical Diseases, 2022, 16, e0010328.	3.0	5
3	The epidemiology of severe malaria at Manhica District Hospital, Mozambique: a retrospective analysis of 20 years of malaria admissions surveillance data. The Lancet Global Health, 2022, 10, e873-e881.	6.3	10
4	Trust, community health workers and delivery of intermittent preventive treatment of malaria in pregnancy: a comparative qualitative analysis of four sub-Saharan countries. Global Public Health, 2021, 16, 1889-1903.	2.0	12
5	Performance of the Xpert MTB/RIF Ultra Assay for Determining Cause of Death by TB in Tissue Samples Obtained by Minimally Invasive Autopsies. Chest, 2021, 159, 103-107.	0.8	5
6	Minimally Invasive Tissue Sampling Findings in 12 Patients With Coronavirus Disease 2019. Clinical Infectious Diseases, 2021, 73, S454-S464.	5.8	1
7	Minimally Invasive Tissue Sampling: A Tool to Guide Efforts to Reduce AIDS-Related Mortality in Resource-Limited Settings. Clinical Infectious Diseases, 2021, 73, S343-S350.	5.8	11
8	Birth weight, growth, nutritional status and mortality of infants from Lambaré and Fougamou in Gabon in their first year of life. PLoS ONE, 2021, 16, e0246694.	2.5	9
9	Pathophysiology of Anemia in HIV-Infected Children Exposed to Malaria. American Journal of Tropical Medicine and Hygiene, 2021, 104, 1003-1012.	1.4	0
10	Reduced Placental Transfer of Antibodies Against a Wide Range of Microbial and Vaccine Antigens in HIV-Infected Women in Mozambique. Frontiers in Immunology, 2021, 12, 614246.	4.8	11
11	Zika virus infection in pregnant travellers and impact on childhood neurodevelopment in the first two years of life: A prospective observational study. Travel Medicine and Infectious Disease, 2021, 40, 101985.	3.0	9
12	Adolescent, Pregnant, and HIV-Infected: Risk of Adverse Pregnancy and Perinatal Outcomes in Young Women from Southern Mozambique. Journal of Clinical Medicine, 2021, 10, 1564.	2.4	4
13	HIV infection and placental malaria reduce maternal transfer of multiple antimalarial antibodies in Mozambican women. Journal of Infection, 2021, 82, 45-57.	3.3	7
14	High prevalence and mortality due to Histoplasma capsulatum in the Brazilian Amazon: An autopsy study. PLoS Neglected Tropical Diseases, 2021, 15, e0009286.	3.0	6
15	Minimally Invasive Autopsy Practice in COVID-19 Cases: Biosafety and Findings. Pathogens, 2021, 10, 412.	2.8	23
16	The need for a global COVID-19 maternal immunisation research plan. Lancet, The, 2021, 397, e17-e18.	13.7	18
17	High within-host diversity found from direct genotyping on post-mortem tuberculosis specimens in a high-burden setting. Clinical Microbiology and Infection, 2021, 27, 1518.e5-1518.e9.	6.0	0
18	Accuracy of verbal autopsy, clinical data and minimally invasive autopsy in the evaluation of malaria-specific mortality: an observational study. BMJ Global Health, 2021, 6, e005218.	4.7	3

#	ARTICLE	IF	CITATIONS
19	Minimally Invasive Tissue Sampling as an Alternative to Complete Diagnostic Autopsies in the Context of Epidemic Outbreaks and Pandemics: The Example of Coronavirus Disease 2019 (COVID-19). <i>Clinical Infectious Diseases</i> , 2021, 73, S472-S479.	5.8	6
20	Acceptability of Clinical Trials on COVID-19 during Pregnancy among Pregnant Women and Healthcare Providers: A Qualitative Study. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 10717.	2.6	14
21	Eliminating malaria in southeast Asia requires more attention on adolescent girls. <i>The Lancet Child and Adolescent Health</i> , 2021, 5, 841-843.	5.6	1
22	Coverage of intermittent preventive treatment of malaria in pregnancy in four sub-Saharan countries: findings from household surveys. <i>International Journal of Epidemiology</i> , 2021, 50, 550-559.	1.9	15
23	Consent to minimally invasive tissue sampling procedures in children in Mozambique: A mixed-methods study. <i>PLoS ONE</i> , 2021, 16, e0259621.	2.5	6
24	Community delivery of malaria intermittent preventive treatment in pregnancy: protocol of a quasi-experimental evaluation through multistage cluster sampling household surveys in four sub-Saharan African countries. <i>BMJ Open</i> , 2021, 11, e044680.	1.9	1
25	Evaluation of the safety and efficacy of dihydroartemisininâ€“piperaquine for intermittent preventive treatment of malaria in HIV-infected pregnant women: protocol of a multicentre, two-arm, randomised, placebo-controlled, superiority clinical trial (MAMAH project). <i>BMJ Open</i> , 2021, 11, e053197.	1.9	9
26	Blood cytokine, chemokine and growth factor profiling in a cohort of pregnant women from tropical countries. <i>Cytokine</i> , 2020, 125, 154818.	3.2	4
27	Safety of oral ivermectin during pregnancy: a systematic review and meta-analysis. <i>The Lancet Global Health</i> , 2020, 8, e92-e100.	6.3	71
28	Uncertainties, Fear and Stigma: Perceptions of Zika Virus among Pregnant Women in Spain. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 6643.	2.6	15
29	Initial findings from a novel population-based child mortality surveillance approach: a descriptive study. <i>The Lancet Global Health</i> , 2020, 8, e909-e919.	6.3	89
30	Association of Maternal Factors and HIV Infection With Innate Cytokine Responses of Delivering Mothers and Newborns in Mozambique. <i>Frontiers in Microbiology</i> , 2020, 11, 1452.	3.5	6
31	Quality of care and maternal mortality in a tertiary-level hospital in Mozambique: a retrospective study of clinicopathological discrepancies. <i>The Lancet Global Health</i> , 2020, 8, e965-e972.	6.3	12
32	A multiphase program for malaria elimination in southern Mozambique (the Magude project): A before-after study. <i>PLoS Medicine</i> , 2020, 17, e1003227.	8.4	38
33	High Seroprevalence of Antibodies against Arboviruses among Pregnant Women in Rural Caribbean Colombia in the Context of the Zika Virus Epidemic. <i>Antibodies</i> , 2020, 9, 56.	2.5	6
34	The evolution of minimally invasive tissue sampling in postmortem examination: a narrative review. <i>Global Health Action</i> , 2020, 13, 1792682.	1.9	37
35	Lay knowledge of cervical cancer in ManhÃ­sa district, Mozambique: a qualitative study. <i>Reproductive Health</i> , 2020, 17, 130.	3.1	2
36	Acceptability of a Hypothetical Zika Vaccine among Women from Colombia and Spain Exposed to ZIKV: A Qualitative Study. <i>Vaccines</i> , 2020, 8, 580.	4.4	8

#	ARTICLE	IF	CITATIONS
37	Cytokine signatures ofÂPlasmodium vivax infection during pregnancy and delivery outcomes. PLoS Neglected Tropical Diseases, 2020, 14, e0008155.	3.0	8
38	Avoiding indirect effects of COVID-19 on maternal and child health. The Lancet Global Health, 2020, 8, e863-e864.	6.3	71
39	Post-malarial anemia in Mozambican children treated with quinine or artesunate: A retrospective observational study. International Journal of Infectious Diseases, 2020, 96, 655-662.	3.3	3
40	Systematic review of artemisinin embryotoxicity in animals: Implications for malaria control in human pregnancy. Toxicology and Applied Pharmacology, 2020, 402, 115127.	2.8	10
41	Hydroxychloroquine efficacy and safety in preventing SARS-CoV-2 infection and COVID-19 disease severity during pregnancy (COVID-Preg): a structured summary of a study protocol for a randomised placebo controlled trial. Trials, 2020, 21, 607.	1.6	11
42	The duration of chemoprophylaxis against malaria after treatment with artesunate-amodiaquine and artemether-lumefantrine and the effects of pfmdr1 86Y and pfcr1 76T: a meta-analysis of individual patient data. BMC Medicine, 2020, 18, 47.	5.5	22
43	Quantification of malaria antigens PfHRP2 and pLDH by quantitative suspension array technology in whole blood, dried blood spot and plasma. Malaria Journal, 2020, 19, 12.	2.3	25
44	Limitations to current methods to estimate cause of death: a validation study of a verbal autopsy model. Gates Open Research, 2020, 4, 55.	1.1	18
45	Limitations to current methods to estimate cause of death: a validation study of a verbal autopsy model. Gates Open Research, 2020, 4, 55.	1.1	21
46	Conceptual frameworks for understanding the acceptability and feasibility of the minimally invasive autopsy to determine cause of death: Findings from the CADMIA Study in western Kenya. PLoS ONE, 2020, 15, e0242574.	2.5	1
47	Title is missing!., 2020, 15, e0242574.		0
48	Title is missing!., 2020, 15, e0242574.		0
49	Title is missing!., 2020, 15, e0242574.		0
50	Title is missing!., 2020, 15, e0242574.		0
51	Costs associated with delivering HPV vaccination in the context of the first year demonstration programme in southern Mozambique. BMC Public Health, 2019, 19, 1031.	2.9	9
52	Targeting Pregnant Women for Malaria Surveillance. Trends in Parasitology, 2019, 35, 677-686.	3.3	20
53	Predictors of personal exposure to black carbon among women in southern semi-rural Mozambique. Environment International, 2019, 131, 104962.	10.0	22
54	Standardization of Minimally Invasive Tissue Sampling Specimen Collection and Pathology Training for the Child Health and Mortality Prevention Surveillance Network. Clinical Infectious Diseases, 2019, 69, S302-S310.	5.8	32

#	ARTICLE	IF	CITATIONS
55	Counter-Selection of Antimalarial Resistance Polymorphisms by Intermittent Preventive Treatment in Pregnancy. <i>Journal of Infectious Diseases</i> , 2019, 221, 293-303.	4.0	6
56	Clinico-pathological discrepancies in the diagnosis of causes of death in adults in Mozambique: A retrospective observational study. <i>PLoS ONE</i> , 2019, 14, e0220657.	2.5	17
57	VAR2CSA Serology to Detect <i>Plasmodium falciparum</i> Transmission Patterns in Pregnancy. <i>Emerging Infectious Diseases</i> , 2019, 25, 1851-1860.	4.3	8
58	Fatal multi-drug-resistant <i>Acinetobacter baumannii</i> pneumonia in Maputo, Mozambique: A case report. <i>Enfermedades Infecciosas Y Microbiologia Clínica (English Ed )</i> , 2019, 37, 485-487.	0.3	0
59	Inequalities in sub-Saharan African women's and girls' health opportunities and outcomes: evidence from the Demographic and Health Surveys. <i>Journal of Global Health</i> , 2019, 9, 010410.	2.7	17
60	Setting the scene and generating evidence for malaria elimination in Southern Mozambique. <i>Malaria Journal</i> , 2019, 18, 190.	2.3	35
61	Performance of the minimally invasive autopsy tool for cause of death determination in adult deaths from the Brazilian Amazon: an observational study. <i>Virchows Archiv Fur Pathologische Anatomie Und Physiologie Und Fur Klinische Medizin</i> , 2019, 475, 649-658.	2.8	17
62	Mortality due to <i>Cryptococcus neoformans</i> and <i>Cryptococcus gattii</i> in low-income settings: an autopsy study. <i>Scientific Reports</i> , 2019, 9, 7493.	3.3	42
63	Socio-anthropological methods to study the feasibility and acceptability of the minimally invasive autopsy from the perspective of local communities: lessons learnt from a large multi-centre study. <i>Global Health Action</i> , 2019, 12, 1559496.	1.9	11
64	Unmasking the hidden tuberculosis mortality burden in a large <i>post mortem</i> study in Maputo Central Hospital, Mozambique. <i>European Respiratory Journal</i> , 2019, 54, 1900312.	6.7	31
65	Population Pharmacokinetics of Mefloquine Intermittent Preventive Treatment for Malaria in Pregnancy in Gabon. <i>Antimicrobial Agents and Chemotherapy</i> , 2019, 63, .	3.2	3
66	Fatal multi-drug-resistant <i>Acinetobacter baumannii</i> pneumonia in Maputo, Mozambique: A case report. <i>Enfermedades Infecciosas Y Microbiología Clínica</i> , 2019, 37, 485-487.	0.5	1
67	Malaria vaccine trials in pregnant women: An imperative without precedent. <i>Vaccine</i> , 2019, 37, 763-770.	3.8	22
68	Postdischarge Mortality Prediction in Sub-Saharan Africa. <i>Pediatrics</i> , 2019, 143, .	2.1	33
69	Contribution of the clinical information to the accuracy of the minimally invasive and the complete diagnostic autopsy. <i>Human Pathology</i> , 2019, 85, 184-193.	2.0	10
70	Awareness of cervical cancer and willingness to be vaccinated against human papillomavirus in Mozambican adolescent girls. <i>Papillomavirus Research (Amsterdam, Netherlands)</i> , 2018, 5, 156-162.	4.5	17
71	Weak surveillance and policy attention to cancer in global health: the example of Mozambique. <i>BMJ Global Health</i> , 2018, 3, e000654.	4.7	12
72	Mefloquine for preventing malaria in pregnant women. <i>The Cochrane Library</i> , 2018, 3, CD011444.	2.8	15

#	ARTICLE	IF	CITATIONS
73	Maternal Carriage of Group B Streptococcus and Escherichia coli in a District Hospital in Mozambique. <i>Pediatric Infectious Disease Journal</i> , 2018, 37, 1145-1153.	2.0	10
74	Dynamics of Afebrile Plasmodium falciparum Infections in Mozambican Men. <i>Clinical Infectious Diseases</i> , 2018, 67, 1045-1052.	5.8	8
75	Identifying Immune Correlates of Protection Against Plasmodium falciparum Through a Novel Approach to Account for Heterogeneity in Malaria Exposure. <i>Clinical Infectious Diseases</i> , 2018, 66, 586-593.	5.8	18
76	Postmortem Interval and Diagnostic Performance of the Autopsy Methods. <i>Scientific Reports</i> , 2018, 8, 16112.	3.3	13
77	Mefloquine for preventing malaria in pregnant women. <i>The Cochrane Library</i> , 2018, 11, CD011444.	2.8	10
78	Healthcare providers' views and perceptions on post-mortem procedures for cause of death determination in Southern Mozambique. <i>PLoS ONE</i> , 2018, 13, e0200058.	2.5	23
79	Multiple morbidities in pregnancy: Time for research, innovation, and action. <i>PLoS Medicine</i> , 2018, 15, e1002665.	8.4	24
80	Short Communication: Reduced Nevirapine Concentrations Among HIV-Positive Women Receiving Mefloquine for Intermittent Preventive Treatment for Malaria Control During Pregnancy. <i>AIDS Research and Human Retroviruses</i> , 2018, 34, 912-915.	1.1	9
81	Concordance of three alternative gestational age assessments for pregnant women from four African countries: A secondary analysis of the MIPPAD trial. <i>PLoS ONE</i> , 2018, 13, e0199243.	2.5	4
82	Factors influencing access of pregnant women and their infants to their local healthcare system: a prospective, multi-centre, observational study. <i>BMC Pregnancy and Childbirth</i> , 2018, 18, 29.	2.4	3
83	IgM and IgG against Plasmodium falciparum lysate as surrogates of malaria exposure and protection during pregnancy. <i>Malaria Journal</i> , 2018, 17, 182.	2.3	6
84	Patientsâ€™ costs, socio-economic and health system aspects associated with malaria in pregnancy in an endemic area of Colombia. <i>PLoS Neglected Tropical Diseases</i> , 2018, 12, e0006431.	3.0	13
85	Congenital cytomegalovirus, parvovirus and enterovirus infection in Mozambican newborns at birth: A cross-sectional survey. <i>PLoS ONE</i> , 2018, 13, e0194186.	2.5	9
86	Invasive bacterial disease trends and characterization of group B streptococcal isolates among young infants in southern Mozambique, 2001â€“2015. <i>PLoS ONE</i> , 2018, 13, e0191193.	2.5	30
87	HIV drug resistance patterns in pregnant women using next generation sequence in Mozambique. <i>PLoS ONE</i> , 2018, 13, e0196451.	2.5	8
88	Are Infants Less than 6 Months of Age a Neglected Group for Anemia Prevention in Low-Income Countries?. <i>American Journal of Tropical Medicine and Hygiene</i> , 2018, 98, 647-649.	1.4	6
89	Dihydroartemisinin-piperaquine: if it works for control, can we use it for elimination?. <i>Lancet Infectious Diseases</i> , The, 2017, 17, 121-122.	9.1	3
90	Urogenital schistosomiasis during pregnancy is associated with low birth weight delivery: analysis of a prospective cohort of pregnant women and their offspring in Gabon. <i>International Journal for Parasitology</i> , 2017, 47, 69-74.	3.1	43

#	ARTICLE	IF	CITATIONS
91	Zika virus infection in pregnancy: a systematic review of disease course and complications. <i>Reproductive Health</i> , 2017, 14, 28.	3.1	79
92	In-Vivo Efficacy of Chloroquine to Clear Asymptomatic Infections in Mozambican Adults: A Randomized, Placebo-controlled Trial with Implications for Elimination Strategies. <i>Scientific Reports</i> , 2017, 7, 1356.	3.3	21
93	The Challenge of Assessing Microcephaly in the Context of the Zika Virus Epidemic. <i>Journal of Tropical Pediatrics</i> , 2017, 63, 495-498.	1.5	2
94	Anaemia in hospitalised preschool children from a rural area in Mozambique: a case control study in search for aetiological agents. <i>BMC Pediatrics</i> , 2017, 17, 63.	1.7	24
95	Heterogeneity of G6PD deficiency prevalence in Mozambique: a school-based cross-sectional survey in three different regions. <i>Malaria Journal</i> , 2017, 16, 36.	2.3	10
96	Maternal HIV infection is an important health determinant in non-HIV-infected infants. <i>Aids</i> , 2017, 31, 1545-1553.	2.2	27
97	Stillbirth With Group B Streptococcus Disease Worldwide: Systematic Review and Meta-analyses. <i>Clinical Infectious Diseases</i> , 2017, 65, S125-S132.	5.8	111
98	Naturally Acquired Binding-Inhibitory Antibodies to Plasmodium vivax Duffy Binding Protein in Pregnant Women Are Associated with Higher Birth Weight in a Multicenter Study. <i>Frontiers in Immunology</i> , 2017, 8, 163.	4.8	11
99	Chronic Exposure to Malaria Is Associated with Inhibitory and Activation Markers on Atypical Memory B Cells and Marginal Zone-Like B Cells. <i>Frontiers in Immunology</i> , 2017, 8, 966.	4.8	45
100	Effects of HIV infection on maternal and neonatal health in southern Mozambique: A prospective cohort study after a decade of antiretroviral drugs roll out. <i>PLoS ONE</i> , 2017, 12, e0178134.	2.5	38
101	Multiplexing detection of IgG against Plasmodium falciparum pregnancy-specific antigens. <i>PLoS ONE</i> , 2017, 12, e0181150.	2.5	14
