#	ARTICLE	IF	CITATIONS
1	Cultural Adaptation of the Mothers and Babies Intervention for Use in Tribal Communities. <i>Frontiers in Psychiatry</i> , 2022, 13, 807432.	2.6	3
2	Geographic Differences in Prepregnancy Cardiometabolic Health in the United States, 2016 Through 2019. <i>Circulation</i> , 2022, 145, 549-551.	1.6	8
3	Predicting the Next-Day Perceived and Physiological Stress of Pregnant Women by Using Machine Learning and Explainability: Algorithm Development and Validation. <i>JMIR MHealth and UHealth</i> , 2022, 10, e33850.	3.7	7
4	Depression prevalence based on the Edinburgh Postnatal Depression Scale compared to Structured Clinical Interview for DSM Disorders classification: Systematic review and individual participant data meta-analysis. <i>International Journal of Methods in Psychiatric Research</i> , 2021, 30, e1860.	2.1	30
5	Moving the dial on prenatal stress mechanisms of neurodevelopmental vulnerability to mental health problems: A personalized prevention proof of concept. <i>Developmental Psychobiology</i> , 2021, 63, 622-640.	1.6	12
6	Maternal Support and Physical Dating Violence Perpetration among Disconnected Young Women. <i>Journal of Child and Family Studies</i> , 2021, 30, 611-619.	1.3	0
7	It should not require a pandemic to make community engagement in research leadership essential, not optional. <i>Journal of Clinical and Translational Science</i> , 2021, 5, e95.	0.6	13
8	Comparing the effectiveness of home visiting paraprofessionals and mental health professionals delivering a postpartum depression preventive intervention: a cluster-randomized non-inferiority clinical trial. <i>Archives of Women's Mental Health</i> , 2021, 24, 629-640.	2.6	13
9	Evaluating performance of covariate-constrained randomization (CCR) techniques under misspecification of cluster-level variables in cluster-randomized trials. <i>Contemporary Clinical Trials Communications</i> , 2021, 22, 100754.	1.1	1
10	Testing the effects of a prenatal depression preventive intervention on parenting and young children's self-regulation and functioning (EPIC): protocol for a longitudinal observational study. <i>BMC Public Health</i> , 2021, 21, 1368.	2.9	1
11	Examining the Effectiveness of the Fathers and Babies Intervention: A Pilot Study. <i>Frontiers in Psychology</i> , 2021, 12, 668284.	2.1	2
12	A Social Media Group Cognitive Behavioral Therapy Intervention to Prevent Depression in Perinatal Youth: Stakeholder Interviews and Intervention Design. <i>JMIR Mental Health</i> , 2021, 8, e26188.	3.3	6
13	The Development and Pilot of a Technology-Based Intervention in the United States for Father's Mental Health in the Perinatal Period. <i>American Journal of Men's Health</i> , 2021, 15, 155798832110443.	1.6	8
14	Integrating SMS Text Messages Into a Preventive Intervention for Postpartum Depression Delivered via In-Home Visitation Programs: Feasibility and Acceptability Study. <i>JMIR Formative Research</i> , 2021, 5, e30995.	1.4	5
15	Developing a Model to Address Mental Health, Substance Use, and Intimate Partner Violence Among Home Visiting Clients. <i>Health Promotion Practice</i> , 2020, 21, 156-159.	1.6	2
16	Neighborhood Profiles and Associations with Coping Behaviors among Low-Income Youth. <i>Journal of Youth and Adolescence</i> , 2020, 49, 494-505.	3.5	18
17	Overestimation of Postpartum Depression Prevalence Based on a 5-item Version of the EPDS: Systematic Review and Individual Participant Data Meta-analysis. <i>Canadian Journal of Psychiatry</i> , 2020, 65, 835-844.	1.9	9
18	Acceptability and appropriateness of a perinatal depression preventive group intervention: a qualitative analysis. <i>BMC Health Services Research</i> , 2020, 20, 189.	2.2	0

#	ARTICLE	IF	CITATIONS
19	Comparing Fidelity Outcomes of Paraprofessional and Professional Delivery of a Perinatal Depression Preventive Intervention. <i>Administration and Policy in Mental Health and Mental Health Services Research</i> , 2020, 47, 597-605.	2.1	13
20	Addressing maternal depression in home visiting: Findings from the home visiting collaborative improvement and innovation network. <i>PLoS ONE</i> , 2020, 15, e0230211.	2.5	32
21	Comparison of major depression diagnostic classification probability using the SCID, CIDI, and MINI diagnostic interviews among women in pregnancy or postpartum: An individual participant data meta-analysis. <i>International Journal of Methods in Psychiatric Research</i> , 2019, 28, e1803.	2.1	34
22	Choosing an imbalance metric for covariate-constrained randomization in multiple-arm cluster-randomized trials. <i>Trials</i> , 2019, 20, 293.	1.6	8
23	Attention to Prevention—Can We Stop Perinatal Depression Before It Starts?. <i>JAMA Psychiatry</i> , 2019, 76, 355.	11.0	24
24	You can have your breastmilk and safe sleep too: a preliminary analysis of infant safe sleep data in a Midwestern home visiting program. <i>Injury Epidemiology</i> , 2018, 5, 14.	1.8	4
25	Measuring fine-grained heart-rate using a flexible wearable sensor in the presence of noise. , 2018, , .		8
26	Adaptation of an evidence-based postpartum depression intervention: feasibility and acceptability of mothers and babies 1-on-1. <i>BMC Pregnancy and Childbirth</i> , 2018, 18, 93.	2.4	17
27	Perinatal depression prevention through home visitation: a cluster randomized trial of mothers and babies 1-on-1. <i>Journal of Behavioral Medicine</i> , 2018, 41, 641-652.	2.1	38
28	A Culturally Tailored Community Health Worker Intervention Leads to Improvement in Patient-Centered Outcomes for Immigrant Patients With Type 2 Diabetes. <i>Clinical Diabetes</i> , 2018, 36, 100-111.	2.2	40
29	A community health worker intervention to improve blood pressure among Filipino Americans with hypertension: A randomized controlled trial. <i>Preventive Medicine Reports</i> , 2018, 11, 42-48.	1.8	29
30	Comparing the Effectiveness of Clinicians and Paraprofessionals to Reduce Disparities in Perinatal Depression via the Mothers and Babies Course: Protocol for a Cluster-Randomized Controlled Trial. <i>JMIR Research Protocols</i> , 2018, 7, e11624.	1.0	13
31	NICU-based Interventions To Reduce Maternal Depressive and Anxiety Symptoms: A Meta-analysis. <i>Pediatrics</i> , 2017, 139, .	2.1	88
32	Outcomes of a Randomized Trial of a Cognitive Behavioral Enhancement to Address Maternal Distress in Home Visited Mothers. <i>Maternal and Child Health Journal</i> , 2017, 21, 475-484.	1.5	46
33	Prevention of Depression in Childhood and Adolescence. <i>Child and Adolescent Psychiatric Clinics of North America</i> , 2016, 25, 201-218.	1.9	47
34	Depression Outcomes Associated With an Intervention Implemented in Employment Training Programs for Low-Income Adolescents and Young Adults. <i>JAMA Psychiatry</i> , 2015, 72, 31.	11.0	12
35	Preventing Perinatal Depression in High Risk Women: Moving the Mothers and Babies Course from Clinical Trials to Community Implementation. <i>Maternal and Child Health Journal</i> , 2015, 19, 2102-2110.	1.5	39
36	Parenting Needs of Urban, African American Fathers. <i>American Journal of Men's Health</i> , 2015, 9, 317-331.	1.6	13

#	ARTICLE	IF	CITATIONS
37	Brief report: Moving prevention into schools: The impact of a trauma-informed school-based intervention. <i>Journal of Adolescence</i> , 2015, 43, 142-147.	2.4	66
38	Preventing Postpartum Depression in a Pediatric Primary Care Clinic. <i>Clinical Pediatrics</i> , 2015, 54, 487-490.	0.8	4
39	Six-Month Outcomes from a Randomized Controlled Trial to Prevent Perinatal Depression in Low-Income Home Visiting Clients. <i>Maternal and Child Health Journal</i> , 2014, 18, 873-881.	1.5	94
40	Maternal Relationship Insecurity and Depressive Symptoms as Moderators of Home Visiting Impacts on Child Outcomes. <i>Journal of Child and Family Studies</i> , 2014, 23, 1430-1443.	1.3	18
41	Coping, Stress, and Social Support Associations With Internalizing and Externalizing Behavior Among Urban Adolescents and Young Adults: Revelations From a Cluster Analysis. <i>Journal of Adolescent Health</i> , 2013, 52, 627-633.	2.5	33
42	Improved Adequacy of Prenatal Care and Healthcare Utilization Among Low-Income Latinas Receiving Group Prenatal Care. <i>Journal of Women's Health</i> , 2013, 22, 1056-1061.	3.3	42
43	A comparison of three screening tools to identify perinatal depression among low-income African American women. <i>Journal of Affective Disorders</i> , 2012, 136, 155-162.	4.1	129
44	The mental health needs of out-of-school adolescents and young adults: an intervention conducted in employment training programs, Baltimore, Maryland, 2007-2008. <i>Preventing Chronic Disease</i> , 2012, 9, E69.	3.4	0
45	Perceptions of Mental Health Services among Low-Income, Perinatal African-American Women. <i>Women's Health Issues</i> , 2011, 21, 314-319.	2.0	31
46	Preventing perinatal depression in low-income home visiting clients: A randomized controlled trial. <i>Journal of Consulting and Clinical Psychology</i> , 2011, 79, 707-712.	2.0	92
47	Acceptability and preliminary outcomes of a peer-led depression prevention intervention for African American adolescents and young adults in employment training programs. <i>Journal of Community Psychology</i> , 2011, 39, 621-628.	1.8	4
48	Association of home visitors' and mothers' attachment style with family engagement. <i>Journal of Community Psychology</i> , 2010, 38, 541-556.	1.8	26
49	Violence exposure and depressive symptoms among adolescents and young adults disconnected from school and work. <i>Journal of Community Psychology</i> , 2010, 38, 607-621.	1.8	40
50	Home Visitor Relationship Security: Association With Perceptions of Work, Satisfaction, and Turnover. <i>Journal of Human Behavior in the Social Environment</i> , 2009, 19, 592-610.	1.9	22
51	Examining maternal depression and attachment insecurity as moderators of the impacts of home visiting for at-risk mothers and infants. <i>Journal of Consulting and Clinical Psychology</i> , 2009, 77, 788-799.	2.0	70
52	Health Access and Status of Adolescents and Young Adults Using Youth Employment and Training Programs in an Urban Environment. <i>Journal of Adolescent Health</i> , 2008, 43, 30-37.	2.5	20
53	Engagement in Paraprofessional Home Visitation. <i>Women's Health Issues</i> , 2008, 18, 118-129.	2.0	27
54	A Vision for Progress in Community Health Partnerships. <i>Progress in Community Health Partnerships: Research, Education, and Action</i> , 2007, 1, 11-30.	0.3	37

#	ARTICLE	IF	CITATIONS
55	Hispanic Women's Perceptions of Patient-Centeredness During Prenatal Care: A Mixed-Method Study. Birth, 2005, 32, 312-317.	2.2	48
56	Formative Evaluation of Home Visitors' Role in Addressing Poor Mental Health, Domestic Violence, and Substance Abuse Among Low-Income Pregnant and Parenting Women. Maternal and Child Health Journal, 2005, 9, 273-283.	1.5	59
57	Employment and Training Programs. , 2005, , 441-457.		1
