#	ARTICLE	IF	CITATIONS
1	Living through interminable adversity: the mental health of the Afghan people. <i>World Psychiatry</i> , 2022, 21, 55-56.	10.4	11
2	Examining implementation of an intervention to reduce psychological distress and intimate partner violence in a refugee camp setting. <i>Global Public Health</i> , 2022, 17, 2868-2882.	2.0	7
3	Effectiveness of a brief group behavioral intervention for common mental disorders in Syrian refugees in Jordan: A randomized controlled trial. <i>PLoS Medicine</i> , 2022, 19, e1003949.	8.4	31
4	Translating, contextually adapting, and pilot testing of psychosocial and mental health assessment instruments for Congolese refugees in Rwanda and Uganda. <i>Conflict and Health</i> , 2022, 16, 17.	2.7	7
5	Scalable psychological interventions for Syrian refugees in Europe and the Middle East: STRENGTHS study protocol for a prospective individual participant data meta-analysis. <i>BMJ Open</i> , 2022, 12, e058101.	1.9	7
6	Ten years of tracking mental health in refugee primary health care settings: an updated analysis of data from UNHCR's Health Information System (2009-2018). <i>BMC Medicine</i> , 2022, 20, 183.	5.5	10
7	Prevalence and predictors of common mental disorders among Syrian refugees in Istanbul, Turkey: a cross-sectional study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2021, 56, 475-484.	3.1	39
8	From exception to the norm: how mental health interventions have become part and parcel of the humanitarian response. <i>World Psychiatry</i> , 2021, 20, 2-3.	10.4	14
9	Evaluation of an integrated intervention to reduce psychological distress and intimate partner violence in refugees: Results from the Nguvu cluster randomized feasibility trial. <i>PLoS ONE</i> , 2021, 16, e0252982.	2.5	11
10	A Naturalistic Evaluation of Group Integrative Adapt Therapy (IAT-G) with Rohingya Refugees During the Emergency Phase of a Mass Humanitarian Crisis in Cox's Bazar, Bangladesh. <i>EClinicalMedicine</i> , 2021, 38, 100999.	7.1	7
11	Priorities for addressing substance use disorder in humanitarian settings. <i>Conflict and Health</i> , 2021, 15, 71.	2.7	11
12	Multilevel Determinants of Integrated Service Delivery for Intimate Partner Violence and Mental Health in Humanitarian Settings. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 12484.	2.6	1
13	Displaced, Dispossessed and Silenced: The Need for Suicide Prevention and Response for Conflict-affected Populations. <i>Intervention</i> , 2021, 19, 145.	0.9	2
14	Exploring the mental health and psychosocial problems of Congolese refugees living in refugee settings in Rwanda and Uganda: a rapid qualitative study. <i>Conflict and Health</i> , 2020, 14, 77.	2.7	22
15	Mental Health and Psychosocial Support in Humanitarian Settings. , 2020, , 373-388.		1
16	Planning the scale up of brief psychological interventions using theory of change. <i>BMC Health Services Research</i> , 2020, 20, 801.	2.2	21
17	Pathways towards scaling up Problem Management Plus in Turkey: a theory of change workshop. <i>Conflict and Health</i> , 2020, 14, 22.	2.7	11
18	Protocol for a randomized controlled trial: peer-to-peer Group Problem Management Plus (PM+) for adult Syrian refugees in Turkey. <i>Trials</i> , 2020, 21, 283.	1.6	18

#	ARTICLE	IF	CITATIONS
19	Structural and socio-cultural barriers to accessing mental healthcare among Syrian refugees and asylum seekers in Switzerland. <i>HÅrgre Utbildning</i> , 2020, 11, 1717825.	3.0	75
20	Guided self-help to reduce psychological distress in South Sudanese female refugees in Uganda: a cluster randomised trial. <i>The Lancet Global Health</i> , 2020, 8, e254-e263.	6.3	135
21	Effectiveness of a peer-refugee delivered psychological intervention to reduce psychological distress among adult Syrian refugees in the Netherlands: study protocol. <i>HÅrgre Utbildning</i> , 2020, 11, 1694347.	3.0	37
22	An Integrative Adapt Therapy for common mental health symptoms and adaptive stress amongst Rohingya, Chin, and Kachin refugees living in Malaysia: A randomized controlled trial. <i>PLoS Medicine</i> , 2020, 17, e1003073.	8.4	30
23	Depression and Anxiety in Refugee Children. , 2020, , 165-178.		3
24	Bridging the Humanitarian, Academic, and Clinical Fields Toward the Mental Health of Child and Adolescent Refugees. , 2020, , 3-15.		1
25	Evidence for suicide prevention strategies with populations in displacement: a systematic review. <i>Intervention</i> , 2020, 18, 37-44.	0.9	10
26	Integrative Mental Health and Psychosocial Support Interventions for Refugees in Humanitarian Crisis Settings. , 2019, , 117-153.		26
27	Protecting and assisting refugee children: how child neurologists can help. <i>Developmental Medicine and Child Neurology</i> , 2019, 61, 1247-1248.	2.1	0
28	Developing an integrated intervention to address intimate partner violence and psychological distress in Congolese refugee women in Tanzania. <i>Conflict and Health</i> , 2019, 13, 38.	2.7	32
29	Considering culture, context and community in mhGAP implementation and training: challenges and recommendations from the field. <i>International Journal of Mental Health Systems</i> , 2019, 13, 58.	2.7	46
30	The culture, mental health and psychosocial wellbeing of Rohingya refugees: a systematic review. <i>Epidemiology and Psychiatric Sciences</i> , 2019, 28, 489-494.	3.9	93
31	Substance use services for refugees. <i>Bulletin of the World Health Organization</i> , 2019, 97, 246-246A.	3.3	18
32	Integrating mental health into primary health care in Rohingya refugee settings in Bangladesh: experiences of UNHCR. <i>Intervention</i> , 2019, 17, 130.	0.9	21
33	Contextual adaptation and piloting of Group Integrative Adapt Therapy (IAT-G) amongst Rohingya refugees living in Bangladesh. <i>Intervention</i> , 2019, 17, 149.	0.9	17
34	Challenges and opportunities for Rohingya mental health and psychosocial support programming. <i>Intervention</i> , 2019, 17, 197.	0.9	8
35	From the editors: introducing <i>Intervention</i> ™s special issue on the mental health and psychosocial wellbeing of Rohingya refugees. <i>Intervention</i> , 2019, 17, 117.	0.9	5
36	Capturing the essential: Revising the mental health categories in UNHCR™s Refugee Health Information System. <i>Intervention</i> , 2019, 17, 13.	0.9	8

#	ARTICLE	IF	CITATIONS
