#	ARTICLE	IF	CITATIONS
1	Which factors influence the quality of end-of-life care in interstitial lung disease? A systematic review with narrative synthesis. <i>Palliative Medicine</i> , 2022, 36, 237-253.	3.1	6
2	Patient Priorities in Autoimmune Hepatitis: The Need for Better Treatments, More Education and Challenging Stigma. <i>Digestive Diseases and Sciences</i> , 2022, , .	2.3	3
3	Improving emergency treatment for patients with acute stroke: the PEARS research programme, including the PASTA cluster RCT. <i>Programme Grants for Applied Research</i> , 2022, 10, 1-96.	1.0	0
4	Enhancing shared and surrogate decision making for people living with dementia: A systematic review of the effectiveness of interventions. <i>Health Expectations</i> , 2021, 24, 19-32.	2.6	24
5	Disentangling a web of causation: An ethnographic study of interlinked patient barriers to planned dental visiting, and strategies to overcome them. <i>Community Dentistry and Oral Epidemiology</i> , 2021, 49, 144-157.	1.9	16
6	How do we provide good mealtime care for people with dementia living in care homes? A systematic review of carerâ€™resident interactions. <i>Dementia</i> , 2021, 20, 3006-3031.	2.0	13
7	â€œYou canâ€™t start a car when thereâ€™s no petrol leftâ€™: a qualitative study of patient, family and clinician perspectives on implantable cardioverter defibrillator deactivation. <i>BMJ Open</i> , 2021, 11, e048024.	1.9	2
8	A critical exploration of professional jurisdictions and role boundaries in inter-professional end-of-life care in the community. <i>Social Science and Medicine</i> , 2020, 266, 113300.	3.8	5
9	Information sharing challenges in end-of-life care: a qualitative study of patient, family and professional perspectives on the potential of an Electronic Palliative Care Co-ordination System. <i>BMJ Open</i> , 2020, 10, e037483.	1.9	4
10	Care priorities for stroke patients developing cognitive difficulties: a Delphi survey of UK professional views. <i>BMC Health Services Research</i> , 2020, 20, 717.	2.2	0
11	Impact of a health marketing campaign on sugars intake by children aged 5â€™11â€™years and parental views on reducing childrenâ€™s consumption. <i>BMC Public Health</i> , 2020, 20, 331.	2.9	17
12	Impact of Memory Problems Post-stroke on Patients and Their Family Carers: A Qualitative Study. <i>Frontiers in Medicine</i> , 2020, 7, 267.	2.6	16
13	Assessing the Predictive Validity of Simple Dementia Risk Models in Harmonized Stroke Cohorts. <i>Stroke</i> , 2020, 51, 2095-2102.	2.0	8
14	Paramedic experiences of using an enhanced stroke assessment during a cluster randomised trial: a qualitative thematic analysis. <i>Emergency Medicine Journal</i> , 2020, 37, emermed-2019-209392.	1.0	2
15	Effect of an Enhanced Paramedic Acute Stroke Treatment Assessment on Thrombolysis Delivery During Emergency Stroke Care. <i>JAMA Neurology</i> , 2020, 77, 840.	9.0	23
16	Supporting good quality, community-based end-of-life care for people living with dementia: the SEED research programme including feasibility RCT. <i>Programme Grants for Applied Research</i> , 2020, 8, 1-254.	1.0	4
17	The annual dementia review: exploring current practice in primary care. <i>British Journal of General Practice</i> , 2020, 70, bjgp20X711029.	1.4	2
18	The views of public and clinician stakeholders on risk assessment tools for post-stroke dementia: a qualitative study. <i>BMJ Open</i> , 2019, 9, e025586.	1.9	9

#	ARTICLE	IF	CITATIONS
19	Paramedic Acute Stroke Treatment Assessment (PASTA): study protocol for a randomised controlled trial. <i>Trials</i> , 2019, 20, 121.	1.6	10
20	How does priority setting for resource allocation happen in commissioning dental services in a nationally led, regionally delivered system: a qualitative study using semistructured interviews with NHS England dental commissioners. <i>BMJ Open</i> , 2019, 9, e024995.	1.9	4
21	Paramedic information needs in end-of-life care: a qualitative interview study exploring access to a shared electronic record as a potential solution. <i>BMC Palliative Care</i> , 2019, 18, 108.	1.8	23
22	Post-stroke memory deficits and barriers to seeking help: views of patients and carers. <i>Family Practice</i> , 2019, 36, 506-510.	1.9	12
23	“We’re like a gang, we stick together”: experiences of ventricular assist device communities. <i>European Journal of Cardiovascular Nursing</i> , 2018, 17, 399-407.	0.9	3
24	End-of-life care: A qualitative study comparing the views of people with dementia and family carers. <i>Palliative Medicine</i> , 2018, 32, 631-642.	3.1	73
25	What enables good end of life care for people with dementia? A multi-method qualitative study with key stakeholders. <i>BMC Geriatrics</i> , 2018, 18, 302.	2.7	66
26	GPs’ experiences and perceptions of early detection of liver disease: a qualitative study in primary care. <i>British Journal of General Practice</i> , 2018, 68, e743-e749.	1.4	36
27	Resource allocation in NHS dentistry: recognition of societal preferences (RAINDROP): study protocol. <i>BMC Health Services Research</i> , 2018, 18, 487.	2.2	6
28	Lifestyle Behavior Change in Patients With Nonalcoholic Fatty Liver Disease: A Qualitative Study of Clinical Practice. <i>Clinical Gastroenterology and Hepatology</i> , 2017, 15, 1968-1971.	4.4	37
29	“Being” a ventricular assist device recipient: A liminal existence. <i>Social Science and Medicine</i> , 2017, 190, 141-148.	3.8	21
30	How can primary care enhance end-of-life care for liver disease? Qualitative study of general practitioners’ perceptions and experiences. <i>BMJ Open</i> , 2017, 7, e017106.	1.9	20
31	Gaps in care for patients with memory deficits after stroke: views of healthcare providers. <i>BMC Health Services Research</i> , 2017, 17, 634.	2.2	30
32	End of life care for people with dementia: The views of health professionals, social care service managers and frontline staff on key requirements for good practice. <i>PLoS ONE</i> , 2017, 12, e0179355.	2.5	34
33	An observational study of Donor Ex Vivo Lung Perfusion in UK lung transplantation: DEVELOP-UK. <i>Health Technology Assessment</i> , 2016, 20, 1-276.	2.8	102
34	Learning from contract change in primary care dentistry: A qualitative study of stakeholders in the north of England. <i>Health Policy</i> , 2015, 119, 1218-1225.	3.0	9
35	Expert views on the factors enabling good end of life care for people with dementia: a qualitative study. <i>BMC Palliative Care</i> , 2015, 14, 32.	1.8	16
36	Introducing high-cost health care to patients: dentists’ accounts of offering dental implant treatment. <i>Community Dentistry and Oral Epidemiology</i> , 2015, 43, 75-85.	1.9	12

#	ARTICLE	IF	CITATIONS
37	"Your whole life is lived through your teeth": biographical disruption and experiences of tooth loss and replacement. <i>Sociology of Health and Illness</i> , 2014, 36, 462-476.	2.1	48
38	Pain relief in labour: a qualitative study to determine how to support women to make decisions about pain relief in labour. <i>BMC Pregnancy and Childbirth</i> , 2014, 14, 6.	2.4	41
39	Developing Effective and Efficient care pathways in chronic Pain: DEEP study protocol. <i>BMC Oral Health</i> , 2014, 14, 6.	2.3	17
40	A qualitative interview study exploring pregnant women's and health professionals' attitudes to external cephalic version. <i>BMC Pregnancy and Childbirth</i> , 2013, 13, 4.	2.4	21
41	Planning for tomorrow whilst living for today: the views of people with dementia and their families on advance care planning. <i>International Psychogeriatrics</i> , 2013, 25, 2011-2021.	1.0	100
42	A qualitative study: Professionals' experiences of advance care planning in dementia and palliative care, "a good idea in theory but not in practice". <i>Palliative Medicine</i> , 2013, 27, 401-408.	3.1	175
43	Persistent Dentoalveolar Pain: The Patient's Experience. <i>Journal of Orofacial Pain</i> , 2013, 27, 6-13.	1.7	26
44	A systematic review of the effectiveness of advance care planning interventions for people with cognitive impairment and dementia. <i>Age and Ageing</i> , 2012, 41, 263-269.	1.6	190
45	Beyond price: individuals' accounts of deciding to pay for private healthcare treatment in the UK. <i>BMC Health Services Research</i> , 2012, 12, 53.	2.2	19
46	Temporomandibular disorder patients' journey through care. <i>Community Dentistry and Oral Epidemiology</i> , 2011, 39, 532-541.	1.9	38
47	Integrating telecare for chronic disease management in the community: What needs to be done?. <i>BMC Health Services Research</i> , 2011, 11, 131.	2.2	166
48	"Done more for me in a fortnight than anybody done in all me life." How welfare rights advice can help people with cancer. <i>BMC Health Services Research</i> , 2010, 10, 259.	2.2	31
49	Patient preferences for future care - how can Advance Care Planning become embedded into dementia care: a study protocol. <i>BMC Geriatrics</i> , 2010, 10, 2.	2.7	18
50	Tracheostomy in the acute setting: Patient experience and information needs. <i>Journal of Critical Care</i> , 2009, 24, 501-507.	2.2	39
51	Bridging a gap: the (lack of a) sociology of oral health and healthcare. <i>Sociology of Health and Illness</i> , 2009, 31, 1093-1108.	2.1	58
52	Mandibular two implant-supported overdentures as the first choice standard of care for edentulous patients - the York Consensus Statement. <i>British Dental Journal</i> , 2009, 207, 185-186.	0.6	361
53	A Pilot Study Exploring the Factors that Influence the Decision to have PEG Feeding in Patients with Progressive Conditions. <i>Dysphagia</i> , 2008, 23, 310-316.	1.8	19
54	A critical examination of home care: End of life care as an illustrative case. <i>Social Science and Medicine</i> , 2007, 65, 2317-2327.	3.8	86

#	ARTICLE	IF	CITATIONS
55	Receiving care at home at end of life: characteristics of patients receiving Hospice at Home care. <i>Family Practice</i> , 2005, 22, 644-646.	1.9	6
56	Bereaved carers' views of a hospice at home service. <i>International Journal of Palliative Nursing</i> , 2005, 11, 242-246.	0.5	24
57	Palliative care in the community for cancer and end-stage cardiorespiratory disease: the views of patients, lay-carers and health care professionals. <i>Palliative Medicine</i> , 2005, 19, 76-83.	3.1	76
58	Care of people dying with malignant and cardiorespiratory disease in general practice. <i>British Journal of General Practice</i> , 2004, 54, 909-13.	1.4	47
59	Managing a Disrupted Lifecourse: Issues of Identity and Emotion Work. <i>Health (United Kingdom)</i> , 2001, 5, 112-132.	1.5	105
60	Testaments and memories: Negotiating after-death identities. <i>Mortality</i> , 1999, 4, 249-267.	0.5	19
61	Attitudes and beliefs within the Sikh community regarding organ donation: A pilot study. <i>Social Science and Medicine</i> , 1996, 43, 23-28.	3.8	79
62	When should palliative care be introduced for people with progressive fibrotic interstitial lung disease? A meta-ethnography of the experiences of people with end-stage interstitial lung disease and their family carers. <i>Palliative Medicine</i> , 0, , 026921632211017.	3.1	0
