#	ARTICLE	IF	CITATIONS
1	Addressing the burden of mental, neurological, and substance use disorders: key messages from Disease Control Priorities, 3rd edition. Lancet, The, 2016, 387, 1672-1685.	13.7	586
2	PRIME: A Programme to Reduce the Treatment Gap for Mental Disorders in Five Low- and Middle-Income Countries. PLoS Medicine, 2012, 9, e1001359.	8.4	436
3	Acceptability and feasibility of using non-specialist health workers to deliver mental health care: Stakeholder perceptions from the PRIME district sites in Ethiopia, India, Nepal, South Africa, and Uganda. Social Science and Medicine, 2014, 118, 33-42.	3.8	259
4	Challenges and Opportunities for Implementing Integrated Mental Health Care: A District Level Situation Analysis from Five Low- and Middle-Income Countries. PLoS ONE, 2014, 9, e88437.	2.5	255
5	Strengthening mental health systems in low- and middle-income countries: the Emerald programme. BMC Medicine, 2015, 13, 79.	5.5	190
6	The VUKA family program: Piloting a family-based psychosocial intervention to promote health and mental health among HIV infected early adolescents in South Africa. AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV, 2014, 26, 1-11.	1.2	165
7	Psychosocial challenges and protective influences for socio-emotional coping of HIV+ adolescents in South Africa: a qualitative investigation. AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV, 2010, 22, 970-978.	1.2	164
8	Collaboration Between Traditional Practitioners and Primary Health Care Staff in South Africa: Developing a Workable Partnership for Community Mental Health Services. Transcultural Psychiatry, 2010, 47, 610-628.	1.6	159
9	The validity of the Patient Health Questionnaire for screening depression in chronic care patients in primary health care in South Africa. BMC Psychiatry, 2015, 15, 118.	2.6	127
10	Strengthening mental health system governance in six low- and middle-income countries in Africa and South Asia: challenges, needs and potential strategies. Health Policy and Planning, 2017, 32, 699-709.	2.7	127
11	A task shifting approach to primary mental health care for adults in South Africa: human resource requirements and costs for rural settings. Health Policy and Planning, 2012, 27, 42-51.	2.7	125
12	Building Protective Factors to Offset Sexually Risky Behaviors among Black Youths: A Randomized Control Trial. Journal of the National Medical Association, 2008, 100, 936-944.	0.8	123
13	A group-based counselling intervention for depression comorbid with HIV/AIDS using a task shifting approach in South Africa: A randomized controlled pilot study. Journal of Affective Disorders, 2014, 158, 78-84.	4.1	120
14	Mental Health Policy Development and Implementation in Four African Countries. Journal of Health Psychology, 2007, 12, 505-516.	2.3	116
15	Patient Health Questionnaire-9 scores do not accurately estimate depression prevalence: individual participant data meta-analysis. Journal of Clinical Epidemiology, 2020, 122, 115-128.e1.	5.0	113
16	Maternal mental health in primary care in five low- and middle-income countries: a situational analysis. BMC Health Services Research, 2016, 16, 53.	2.2	110
17	Sexual violence and youth in South Africa: The need for community-based prevention interventions. Child Abuse and Neglect, 2005, 29, 1233-1248.	2.6	95
18	Optimizing mental health services in low-income and middle-income countries. Current Opinion in Psychiatry, 2011, 24, 318-323.	6.3	92

#	ARTICLE	IF	CITATIONS
19	Evaluation of district mental healthcare plans: The PRIME consortium methodology. <i>British Journal of Psychiatry</i> , 2016, 208, s63-s70.	2.8	92
20	Lessons from case studies of integrating mental health into primary health care in South Africa and Uganda. <i>International Journal of Mental Health Systems</i> , 2011, 5, 8.	2.7	90
21	Integrating mental health into chronic care in South Africa: The development of a district mental healthcare plan. <i>British Journal of Psychiatry</i> , 2016, 208, s29-s39.	2.8	87
22	Suicidal ideation and behaviour among community and health care seeking populations in five low- and middle-income countries: a cross-sectional study. <i>Epidemiology and Psychiatric Sciences</i> , 2018, 27, 393-402.	3.9	87
23	The Feasibility of Adapted Group-Based Interpersonal Therapy (IPT) for the Treatment of Depression by Community Health Workers Within the Context of Task Shifting in South Africa. <i>Community Mental Health Journal</i> , 2012, 48, 336-341.	2.0	86
24	Planning for district mental health services in South Africa: a situational analysis of a rural district site. <i>Health Policy and Planning</i> , 2009, 24, 140-150.	2.7	84
25	Mental health service delivery in South Africa from 2000 to 2010: one step forward, one step back. <i>South African Medical Journal</i> , 2011, 101, 751-7.	0.6	84
26	Prevalence of minor psychiatric disorders in an adult African rural community in South Africa. <i>Psychological Medicine</i> , 1998, 28, 1137-1147.	4.5	83
27	Health system governance to support integrated mental health care in South Africa: challenges and opportunities. <i>International Journal of Mental Health Systems</i> , 2015, 9, 14.	2.7	83
28	Generating evidence to narrow the treatment gap for mental disorders in sub-Saharan Africa: rationale, overview and methods of AFFIRM. <i>Epidemiology and Psychiatric Sciences</i> , 2015, 24, 233-240.	3.9	77
29	Closing the mental health treatment gap in South Africa: a review of costs and cost-effectiveness. <i>Global Health Action</i> , 2014, 7, 23431.	1.9	75
30	Comprehensive integrated primary mental health care for South Africa. Pipedream or possibility?. <i>Social Science and Medicine</i> , 2000, 51, 321-334.	3.8	74
31	District mental healthcare plans for five low-and middle-income countries: Commonalities, variations and evidence gaps. <i>British Journal of Psychiatry</i> , 2016, 208, s47-s54.	2.8	73
32	Integrated care for people with long-term mental and physical health conditions in low-income and middle-income countries. <i>Lancet Psychiatry</i> , 2019, 6, 174-186.	7.4	72
33	Psychiatric stigma and discrimination in South Africa: perspectives from key stakeholders. <i>BMC Psychiatry</i> , 2014, 14, 191.	2.6	71
34	Correlates of psychological functioning of homeless youth in Accra, Ghana: a cross-sectional study. <i>International Journal of Mental Health Systems</i> , 2015, 9, 1.	2.7	71
35	Planning and evaluating mental health services in low- and middle-income countries using theory of change. <i>British Journal of Psychiatry</i> , 2016, 208, s55-s62.	2.8	69
36	Promotion, prevention and protection: interventions at the population- and community-levels for mental, neurological and substance use disorders in low- and middle-income countries. <i>International Journal of Mental Health Systems</i> , 2016, 10, 30.	2.7	68

#	ARTICLE	IF	CITATIONS
37	Resilience in perinatal HIV+ adolescents in South Africa. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2016, 28, 49-59.	1.2	64
38	Systematic review of feasibility and acceptability of psychosocial interventions for schizophrenia in low and middle income countries. <i>BMC Psychiatry</i> , 2015, 15, 19.	2.6	62
39	Using workshops to develop theories of change in five low and middle income countries: lessons from the programme for improving mental health care (PRIME). <i>International Journal of Mental Health Systems</i> , 2014, 8, 15.	2.7	60
40	Family-based HIV prevention and intervention services for youth living in poverty-affected contexts: the CHAMP model of collaborative, evidence-informed programme development. <i>Journal of the International AIDS Society</i> , 2010, 13, S8.	3.0	57
41	Mental Health Services in South Africa: Taking stock. <i>African Journal of Psychiatry</i> , 2012, 15, 402-5.	0.1	57
42	Children and youth at risk: adaptation and pilot study of the CHAMP (Amaqhawe) programme in South Africa. <i>African Journal of AIDS Research</i> , 2004, 3, 33-41.	0.9	55
43	Substance use and risky sexual behaviours among street connected children and youth in Accra, Ghana. <i>Substance Abuse Treatment, Prevention, and Policy</i> , 2014, 9, 45.	2.2	55
44	Health systems context(s) for integrating mental health into primary health care in six Emerald countries: a situation analysis. <i>International Journal of Mental Health Systems</i> , 2017, 11, 7.	2.7	55
45	Implementing the World Health Report 2001 recommendations for integrating mental health into primary health care: A situation analysis of three African countries: Ghana, South Africa and Uganda. <i>International Review of Psychiatry</i> , 2010, 22, 599-610.	2.8	51
46	Scaling up integrated primary mental health in six low- and middle-income countries: obstacles, synergies and implications for systems reform. <i>BJPsych Open</i> , 2019, 5, e69.	0.7	51
47	Community Collaborative Youth-Focused HIV/AIDS Prevention in South Africa and Trinidad: Preliminary Findings. <i>Journal of Pediatric Psychology</i> , 2006, 31, 905-916.	2.1	50
48	Comorbidities between tuberculosis and common mental disorders: a scoping review of epidemiological patterns and person-centred care interventions from low-to-middle income and BRICS countries. <i>Infectious Diseases of Poverty</i> , 2020, 9, 4.	3.7	50
49	Developing capacity-building activities for mental health system strengthening in low- and middle-income countries for service users and caregivers, service planners, and researchers. <i>Epidemiology and Psychiatric Sciences</i> , 2018, 27, 11-21.	3.9	50
50	Perceptions of postnatal depression and health care needs in a South African sample: the 'emmental' in maternal health care. <i>BMC Women's Health</i> , 2014, 14, 140.	2.0	48
51	Understanding the benefits and challenges of community engagement in the development of community mental health services for common mental disorders: Lessons from a case study in a rural South African subdistrict site. <i>Transcultural Psychiatry</i> , 2012, 49, 418-437.	1.6	46
52	Social interventions: a new era for global mental health?. <i>Lancet Psychiatry</i> , 2020, 7, 118-119.	7.4	46
53	The effects of chronic violence on preschool children living in South African townships. <i>Child Abuse and Neglect</i> , 1993, 17, 795-803.	2.6	45
54	Detection and treatment initiation for depression and alcohol use disorders: facility-based cross-sectional studies in five low-income and middle-income country districts. <i>BMJ Open</i> , 2018, 8, e023421.	1.9	45

#	ARTICLE	IF	CITATIONS
55	Evaluation of a collaborative care model for integrated primary care of common mental disorders comorbid with chronic conditions in South Africa. <i>BMC Psychiatry</i> , 2019, 19, 107.	2.6	45
56	Task-sharing of psychological treatment for antenatal depression in Khayelitsha, South Africa: Effects on antenatal and postnatal outcomes in an individual randomised controlled trial. <i>Behaviour Research and Therapy</i> , 2020, 130, 103466.	3.1	43
57	“Mental health is everybody’s business”™: Roles for an intersectoral approach in South Africa. <i>International Review of Psychiatry</i> , 2010, 22, 611-623.	2.8	42
58	Supervision of Task-Shared Mental Health Care in Low-Resource Settings: A Commentary on Programmatic Experience. <i>Global Health, Science and Practice</i> , 2019, 7, 150-159.	1.7	41
59	Estimating the cost of implementing district mental healthcare plans in five low- and middle-income countries: The PRIME study. <i>British Journal of Psychiatry</i> , 2016, 208, s71-s78.	2.8	40
60	Type 2 diabetes mellitus in people with severe mental illness: inequalities by ethnicity and age. Cross-sectional analysis of 588 408 records from the UK. <i>Diabetic Medicine</i> , 2017, 34, 916-924.	2.3	40
61	Optimizing lay counsellor services for chronic care in South Africa: A qualitative systematic review. <i>Patient Education and Counseling</i> , 2014, 95, 201-210.	2.2	39
62	Adapting Evidence-Based Interventions to Meet the Needs of Adolescents Growing Up with HIV in South Africa: The VUKA Case Example. <i>Global Social Welfare</i> , 2014, 1, 97-110.	1.9	38
