<u> CLAHDIA CATANI</u>

#	Article	lF	CITATIONS
1	Family violence, war, and natural disasters: A study of the effect of extreme stress on children's mental health in Sri Lanka. BMC Psychiatry, 2008, 8, 33.	2.6	299
2	Treating children traumatized by war and Tsunami: A comparison between exposure therapy and meditation-relaxation in North-East Sri Lanka. BMC Psychiatry, 2009, 9, 22.	2.6	204
3	Narrative exposure therapy for 7―to 16â€yearâ€olds: A randomized controlled trial with traumatized refugee children. Journal of Traumatic Stress, 2010, 23, 437-445.	1.8	181
4	Does war contribute to family violence against children? Findings from a two-generational multi-informant study in Northern Uganda. Child Abuse and Neglect, 2014, 38, 135-146.	2.6	171
5	Post-tsunami stress: A study of posttraumatic stress disorder in children living in three severely affected regions in Sri Lanka. Journal of Traumatic Stress, 2006, 19, 339-347.	1.8	163
6	Substantial reduction of naÃ <sup>-</sup> ve and regulatory T cells following traumatic stress. Brain, Behavior, and Immunity, 2009, 23, 1117-1124.	4.1	159
7	The validity of Posttraumatic Stress Disorder Checklist for DSM-5 (PCL-5) as screening instrument with Kurdish and Arab displaced populations living in the Kurdistan region of Iraq. BMC Psychiatry, 2018, 18, 259.	2.6	143
8	Beyond Individual War Trauma: Domestic Violence Against Children in Afghanistan and Sri Lanka. Journal of Marital and Family Therapy, 2008, 34, 165-176.	1.1	131
9	Narrative Exposure Therapy for the Treatment of Traumatized Children and Adolescents (KidNET): From Neurocognitive Theory to Field Intervention. Child and Adolescent Psychiatric Clinics of North America, 2008, 17, 641-664.	1.9	113
10	War trauma, child labor, and family violence: Life adversities and PTSD in a sample of school children in Kabul. Journal of Traumatic Stress, 2009, 22, 163-171.	1.8	111
11	Prevalence and predictors of partner violence against women in the aftermath of war: A survey among couples in Northern Uganda. Social Science and Medicine, 2013, 86, 17-25.	3.8	105
12	Treating PTSD in refugees and asylum seekers within the general health care system. A randomized controlled multicenter study. Behaviour Research and Therapy, 2013, 51, 641-647.	3.1	102
13	Narrative exposure therapy for PTSD increases top-down processing of aversive stimuli - evidence from a randomized controlled treatment trial. BMC Neuroscience, 2011, 12, 127.	1.9	85
14	Tsunami, War, and Cumulative Risk in the Lives of Sri Lankan Schoolchildren. Child Development, 2010, 81, 1176-1191.	3.0	80
15	Krieg im Zuhause – ein Überblick zum Zusammenhang zwischen Kriegstraumatisierung und familiär Gewalt. Verhaltenstherapie, 2010, 20, 19-27.	0.4	63
16	Early Processing of Threat Cues in Posttraumatic Stress Disorder—Evidence for a Cortical Vigilance-Avoidance Reaction. Biological Psychiatry, 2010, 68, 451-458.	1.3	61
17	Drinking to ease the burden: a cross-sectional study on trauma, alcohol abuse and psychopathology in a post-conflict context. BMC Psychiatry, 2016, 16, 202.	2.6	58
18	The effect of trauma-focused therapy on the altered T cell distribution in individuals with PTSD: Evidence from a randomized controlled trial. Journal of Psychiatric Research, 2014, 54, 1-10.	3.1	57

CLAUDIA CATANI

#	Article	IF	CITATIONS
19	Predictors of violence against children in Tamil families in northern SriÂLanka. Social Science and Medicine, 2015, 146, 257-265.	3.8	57
20	Pattern of cortical activation during processing of aversive stimuli in traumatized survivors of war and torture. European Archives of Psychiatry and Clinical Neuroscience, 2009, 259, 340-351.	3.2	50
21	Rapid heartbeat, but dry palms: reactions of heart rate and skin conductance levels to social rejection. Frontiers in Psychology, 2014, 5, 956.	2.1	46
22	Mental health of children living in war zones: a risk and protection perspective. World Psychiatry, 2018, 17, 104-105.	10.4	44
23	Emotional but not physical maltreatment is independently related to psychopathology in subjects with various degrees of social anxiety: a web-based internet survey. BMC Psychiatry, 2012, 12, 49.	2.6	43
24	The Hidden Effects of Child Maltreatment in a War Region: Correlates of Psychopathology in Two Generations Living in Northern Uganda. Journal of Traumatic Stress, 2014, 27, 35-41.	1.8	43
25	Trauma and perceived social rejection among Yazidi women and girls who survived enslavement and genocide. BMC Medicine, 2018, 16, 154.	5.5	43
26	Parental care protects traumatized Sri Lankan children from internalizing behavior problems. BMC Psychiatry, 2015, 15, 203.	2.6	39
27	The Trauma of Peer Abuse: Effects of Relational Peer Victimization and Social Anxiety Disorder on Physiological and Affective Reactions to Social Exclusion. Frontiers in Psychiatry, 2014, 5, 26.	2.6	38
28	Assessing the Feasibility of Providing a Parenting Intervention for War-Affected Families in Northern Uganda. Family and Community Health, 2015, 38, 252-267.	1.1	33
29	The contribution of emotional maltreatment to alcohol dependence in a treatment-seeking sample. Addictive Behaviors, 2014, 39, 949-958.	3.0	32
30	Child abuse predicts adult PTSD symptoms among individuals diagnosed with intellectual disabilities. Frontiers in Psychology, 2015, 6, 1600.	2.1	28
31	Preparing the Field for Feasibility Testing of a Parenting Intervention for Warâ€Affected Mothers in Northern Uganda. Family Process, 2017, 56, 376-392.	2.6	26
32	Children of the postwar years: A two-generational multilevel risk assessment of child psychopathology in northern Uganda. Development and Psychopathology, 2016, 28, 607-620.	2.3	22
33	Dimensional Structure and Cultural Invariance of DSM V Post-traumatic Stress Disorder Among Iraqi and Syrian Displaced People. Frontiers in Psychology, 2019, 10, 1505.	2.1	19
34	The efficacy of Narrative Exposure Therapy for Children (KIDNET) as a treatment for traumatized young refugees versus treatment as usual: study protocol for a multi-center randomized controlled trial (YOURTREAT). Trials, 2020, 21, 185.	1.6	10
35	When abuse primes addiction — Automatic activation of alcohol concepts by child maltreatment related cues in emotionally abused alcoholics. Addictive Behaviors, 2015, 48, 62-70.	3.0	7
36	Adolescent Life Perspectives After War: Evaluation and Adaptation of the Future Expectation Scale in Uganda. Frontiers in Psychology, 2019, 10, 1527.	2.1	4

CLAUDIA CATANI

#	Article	IF	CITATIONS
37	Understanding the link between child maltreatment and adolescent future expectations in Northern Uganda: A serial mediation analysis. Child Abuse and Neglect, 2020, 106, 104511.	2.6	4
38	Imaging cortical activity following affective stimulation with a high temporal and spatial resolution. BMC Neuroscience, 2009, 10, 83.	1.9	3
39	Explaining the accumulation of victimization in vulnerable children: Interpersonal violence among children traumatized by war and disaster in a children's home in Sri Lanka. Development and Psychopathology, 2022, 34, 147-156.	2.3	3
40	The posttraumatic stress interview for children (KID-PIN): development and validation of a semi-structured interview of PTSD symptoms among displaced children in the Middle East. PeerJ, 2021, 9, e12403.	2.0	3
41	The efficacy of Narrative Exposure Therapy for Children (KIDNET) as a treatment for traumatized young refugees versus treatment as usual: update to the study protocol for the multi-center randomized controlled trial YOURTREAT. Trials, 2022, 23, 360.	1.6	3
42	Automatic activation of alcohol cues by child maltreatment related words: a replication attempt in a different treatment setting. BMC Research Notes, 2017, 10, 17.	1.4	2
43	Behavioral Observations in Northern UGANDA: Development of a Coding System to Assess Mother–Child Interactions in a Post-war Society. Frontiers in Psychology, 2019, 10, 2519.	2.1	2
44	Exposure to family and organized violence and associated mental health in north Korean refugee youth compared to south Korean youth. Conflict and Health, 2019, 13, 46.	2.7	2
45	Traumatische Ereignisse. , 2009, , 283-290.		2
46	Sex differences in PTSD risk: evidence from post-conflict populations challenges the general assumption of increased vulnerability in females. Högre Utbildning, 2021, 12, 1930702.	3.0	1
47	Mass Trauma: Psychopathological Effects across the Life Span. , 2015, , 747-751.		Ο
48	Traumatische Ereignisse. Psychotherapie: Praxis, 2021, , 377-387.	0.1	0
