#	ARTICLE	IF	CITATIONS
1	Restrictive Transfusion Strategy and Clinical Decision Support Practices for Reducing RBC Transfusion Overuse. American Journal of Clinical Pathology, 2019, 152, 544-557.	0.7	11
2	Reducing red blood cell transfusion in orthopedic and cardiac surgeries with Antifibrinolytics: A laboratory medicine best practice systematic review and meta-analysis. Clinical Biochemistry, 2019, 71, 1-13.	1.9	3
3	Anemia Management and Audit Feedback Practices for Reducing Overuse of RBC Transfusion. American Journal of Clinical Pathology, 2019, 151, 18-28.	0.7	7
4	Risk Factors for Antisocial Behavior in Low- and Middle-Income Countries: A Systematic Review of Longitudinal Studies. Crime and Justice, 2018, 47, 255-364.	1.9	30
5	Challenges, Opportunities, and Methods for Large-Scale Evaluations. Evaluation and the Health Professions, 2018, 41, 321-345.	1.9	5
6	Profile of Justice-Involved Marijuana and Other Substance Users: Demographics, Health and Health Care, Family, and Justice System Experiences. Substance Abuse: Research and Treatment, 2017, 11, 117822181772938.	0.9	3
7	Lipoprotein Biomarkers and Risk of Cardiovascular Disease: A Laboratory Medicine Best Practices (LMBP) Systematic Review. Journal of Applied Laboratory Medicine, The, 2016, 1, 214-229.	1.3	38
8	Effectiveness of Practices To Increase Timeliness of Providing Targeted Therapy for Inpatients with Bloodstream Infections: a Laboratory Medicine Best Practices Systematic Review and Meta-analysis. Clinical Microbiology Reviews, 2016, 29, 59-103.	13.6	210
9	The dissemination and (lack of) adoption of evidence-based practices.. , 2015, , 511-525.		1
10	A Synthetic Comparator Approach to Local Evaluation of School-Based Substance Use Prevention Programming. Evaluation and the Health Professions, 2014, 37, 258-282.	1.9	2
11	Differences-in-Differences in Approaches. , 2014, , 1054-1064.		5
12	Family Features and Violent Behavior. , 2014, , 2174-2180.		0
13	Critical result communication response to Piva and Plebani: Best practices for communicating critical values. Clinical Biochemistry, 2013, 46, 185-186.	1.9	2
14	Effectiveness of practices to reduce blood culture contamination: A Laboratory Medicine Best Practices systematic review and meta-analysis. Clinical Biochemistry, 2012, 45, 999-1011.	1.9	112
15	Effectiveness of barcoding for reducing patient specimen and laboratory testing identification errors: A Laboratory Medicine Best Practices systematic review and meta-analysis. Clinical Biochemistry, 2012, 45, 988-998.	1.9	53
16	Effectiveness of automated notification and customer service call centers for timely and accurate reporting of critical values: A laboratory medicine best practices systematic review and meta-analysis. Clinical Biochemistry, 2012, 45, 979-987.	1.9	34
17	Effectiveness of practices to reduce blood sample hemolysis in EDs: A laboratory medicine best practices systematic review and meta-analysis. Clinical Biochemistry, 2012, 45, 1012-1032.	1.9	81
18	A national evaluation of Safe Schools/Healthy Students: Outcomes and influences. Evaluation and Program Planning, 2012, 35, 293-302.	1.6	15

#	ARTICLE	IF	CITATIONS
19	Exact method for computing absolute percent change in a dichotomous outcome from meta-analytic effect size: Improving impact and cost-outcome estimates. <i>Value in Health</i> , 2011, 14, 144-151.	0.3	3
20	The Use of One- Versus Two-Tailed Tests to Evaluate Prevention Programs. <i>Evaluation and the Health Professions</i> , 2011, 34, 135-150.	1.9	14
21	Postdisaster Course of Alcohol Use Disorders in Systematically Studied Survivors of 10 Disasters. <i>Archives of General Psychiatry</i> , 2011, 68, 173.	12.3	166
22	Laboratory Medicine Best Practices: Systematic Evidence Review and Evaluation Methods for Quality Improvement. <i>Clinical Chemistry</i> , 2011, 57, 816-825.	3.2	53
23	The correspondence of family features with problem, aggressive, criminal, and violent behavior: a meta-analysis. <i>Journal of Experimental Criminology</i> , 2010, 6, 263-292.	2.9	116
24	A Preliminary Study of the Population-Adjusted Effectiveness of Substance Abuse Prevention Programming: Towards Making IOM Program Types Comparable. <i>Journal of Primary Prevention</i> , 2009, 30, 89-107.	1.6	30
25	Using Correlational Evidence to Select Youth for Prevention Programming. <i>Journal of Primary Prevention</i> , 2007, 28, 421-447.	1.6	14
26	Substance abuse prevention program content: systematizing the classification of what programs target for change. <i>Health Education Research</i> , 2006, 22, 351-360.	1.9	38
27	Estimating Intervention Effectiveness: Synthetic Projection of Field Evaluation Results. <i>Journal of Primary Prevention</i> , 2005, 26, 321-343.	1.6	65
28	The effects of school-based intervention programs on aggressive behavior: A meta-analysis.. <i>Journal of Consulting and Clinical Psychology</i> , 2003, 71, 136-149.	2.0	480
29	The effects of school-based intervention programs on aggressive behavior: a meta-analysis. <i>Journal of Consulting and Clinical Psychology</i> , 2003, 71, 136-49.	2.0	97
30	Behavioral traits and marijuana use and abuse: a meta-analysis of longitudinal studies. <i>Addictive Behaviors</i> , 2002, 27, 193-206.	3.0	27
31	Antisocial behavior and the prediction of violence: A meta-analysis. <i>Psychology in the Schools</i> , 2001, 38, 93-106.	1.8	24
32	What Good Predictors of Marijuana Use are Good for. <i>School Psychology International</i> , 1999, 20, 69-85.	1.9	16
33	A Synthesis of the Relationship of Marijuana Use with Delinquent and Problem Behaviors. <i>School Psychology International</i> , 1999, 20, 57-68.	1.9	35
34	Predicting tobacco use to age 18: a synthesis of longitudinal research. <i>Addiction</i> , 1999, 94, 995-1006.	3.3	96
35	Some visual displays of two-by-two data: Predicting later violent behavior. <i>New Directions for Evaluation</i> , 1997, 1997, 77-84.	0.7	0
