| #  | ARTICLE                                                                                                                                                                                                       | IF  | CITATIONS |
|----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1  | Translating Violence Prevention Programs from Research to Practice: SafERteens Implementation in an Urban Emergency Department. <i>Journal of Emergency Medicine</i> , 2022, 62, 109-124.                     | 0.7 | 10        |
| 2  | Implementation of a youth violence prevention programme in primary care. <i>Injury Prevention</i> , 2022, 28, 231-237.                                                                                        | 2.4 | 2         |
| 3  | Classroom-Based Strategies to Reduce Disparities in Physical Activity Among Children with Asthma. <i>Prevention Science</i> , 2022, 23, 587-597.                                                              | 2.6 | 5         |
| 4  | Longitudinal effects of Youth Empowerment Solutions: Preventing youth aggression and increasing prosocial behavior. <i>American Journal of Community Psychology</i> , 2022, 70, 75-88.                        | 2.5 | 10        |
| 5  | Understanding key implementation determinants for a school-based universal prevention intervention: a qualitative study. <i>Translational Behavioral Medicine</i> , 2022, 12, 411-422.                        | 2.4 | 4         |
| 6  | Adapting an evidence-based positive youth development intervention to prevent sexual and teen dating violence. <i>Translational Behavioral Medicine</i> , 2021, 11, 74-86.                                    | 2.4 | 3         |
| 7  | The Longitudinal Association Between Exposure to Violence and Patterns of Health Risk Behaviors Among African American Youth. <i>American Journal of Health Promotion</i> , 2021, 35, 794-802.                | 1.7 | 3         |
| 8  | Implementation science issues in understanding, collecting, and using cost estimates: a multi-stakeholder perspective. <i>Implementation Science</i> , 2021, 16, 75.                                          | 6.9 | 40        |
| 9  | Adapting the InPACT Intervention to Enhance Implementation Fidelity and Flexibility. <i>Prevention Science</i> , 2021, 22, 324-333.                                                                           | 2.6 | 8         |
| 10 | Economic evaluation in implementation science: Making the business case for implementation strategies. <i>Psychiatry Research</i> , 2020, 283, 112433.                                                        | 3.3 | 93        |
| 11 | E-Cigarette Use, Polytobacco Use, and Longitudinal Changes in Tobacco and Substance Use Disorder Symptoms Among U.S. Adolescents. <i>Journal of Adolescent Health</i> , 2020, 66, 18-26.                      | 2.5 | 16        |
| 12 | Latent class trajectories: U.S. adolescents' nicotine use and its association with nicotine dependence. <i>Addictive Behaviors Reports</i> , 2020, 12, 100303.                                                | 1.9 | 3         |
| 13 | Cost-effectiveness of the Adaptive Implementation of Effective Programs Trial (ADEPT): approaches to adopting implementation strategies. <i>Implementation Science</i> , 2020, 15, 109.                       | 6.9 | 15        |
| 14 | Implementing a State-Adopted High School Health Curriculum: A Case Study. <i>Journal of School Health</i> , 2020, 90, 447-456.                                                                                | 1.6 | 6         |
| 15 | Comprehensive approaches to addressing mental health needs and enhancing school security: a hybrid type II cluster randomized trial. <i>Health and Justice</i> , 2020, 8, 2.                                  | 2.1 | 5         |
| 16 | The User-Program Interaction: How Teacher Experience Shapes the Relationship Between Intervention Packaging and Fidelity to a State-Adopted Health Curriculum. <i>Prevention Science</i> , 2020, 21, 820-829. | 2.6 | 13        |
| 17 | Why Are National Estimates So Different? A Comparison of Youth E-Cigarette Use and Cigarette Smoking in the MTF and PATH Surveys. <i>Journal of Studies on Alcohol and Drugs</i> , 2020, 81, 497-504.         | 1.0 | 13        |
| 18 | Socioeconomic disadvantage and psychological deficits: Pathways from early cumulative risk to late-adolescent criminal conviction. <i>Journal of Adolescence</i> , 2018, 65, 16-24.                           | 2.4 | 17        |

| #  | ARTICLE                                                                                                                                                                                                     | IF  | CITATIONS |
|----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 19 | Measuring the Implementation of Youth Empowerment Solutions. <i>Health Promotion Practice</i> , 2018, 19, 581-589.                                                                                          | 1.6 | 5         |
| 20 | Sexual Violence Victimization Among Youth Presenting to an Urban Emergency Department: The Role of Violence Exposure in Predicting Risk. <i>Health Education and Behavior</i> , 2018, 45, 625-634.          | 2.5 | 6         |
| 21 | More Than Just Keeping Busy: The Protective Effects of Organized Activity Participation on Violence and Substance Use Among Urban Youth. <i>Journal of Youth and Adolescence</i> , 2018, 47, 2231-2242.     | 3.5 | 16        |
| 22 | Racial discrimination and cortisol in African American emerging adults: The role of neighborhood racial composition.. <i>Cultural Diversity and Ethnic Minority Psychology</i> , 2018, 24, 521-529.         | 2.0 | 14        |
| 23 | Youth Empowerment Solutions: Evaluation of an After-School Program to Engage Middle School Students in Community Change. <i>Health Education and Behavior</i> , 2018, 45, 20-31.                            | 2.5 | 58        |
| 24 | Organized Activity Participation and Relational Aggression: The Role of Positive Youth Development. <i>Violence and Victims</i> , 2018, 33, 91-108.                                                         | 0.7 | 0         |
| 25 | Organized Activity Participation and Relational Aggression: The Role of Positive Youth Development. <i>Violence and Victims</i> , 2018, 33, 91-108.                                                         | 0.7 | 0         |
| 26 | Trajectories of organized activity participation among urban adolescents: Associations with young adult outcomes. <i>Journal of Community Psychology</i> , 2017, 45, 513-527.                               | 1.8 | 8         |
| 27 | Exposure to violence during adolescence as a predictor of perceived stress trajectories in emerging adulthood. <i>Journal of Applied Developmental Psychology</i> , 2017, 49, 31-38.                        | 1.7 | 34        |
| 28 | More Than Just Keeping Busy: The Protective Effects of Organized Activity Participation on Substance Use and Violent Behavior Among Urban Youth. <i>Journal of Adolescent Health</i> , 2017, 60, S121-S122. | 2.5 | 0         |
| 29 | Effects of a brief ED-based alcohol and violence intervention on depressive symptoms. <i>General Hospital Psychiatry</i> , 2017, 46, 44-48.                                                                 | 2.4 | 19        |
| 30 | Psychological Empowerment Among Urban Youth: Measurement Model and Associations with Youth Outcomes. <i>American Journal of Community Psychology</i> , 2016, 58, 410-421.                                   | 2.5 | 35        |
| 31 | PREDICTORS OF CIVIC ENGAGEMENT AMONG HIGHLY INVOLVED YOUNG ADULTS: EXPLORING THE RELATIONSHIP BETWEEN AGENCY AND SYSTEMS WORLDVIEW. <i>Journal of Community Psychology</i> , 2016, 44, 888-903.             | 1.8 | 17        |
| 32 | Alcohol and Cigarette Use Among Warsaw Adolescents: Factors Associated With Risk and Resilience. <i>Substance Use and Misuse</i> , 2016, 51, 1283-1296.                                                     | 1.4 | 11        |
| 33 | Trajectories of Organized Activity Participation Among Urban Adolescents: An Analysis of Predisposing Factors. <i>Journal of Youth and Adolescence</i> , 2016, 45, 225-238.                                 | 3.5 | 17        |
| 34 | Depressive symptoms, social support, and violence exposure among urban youth: A longitudinal study of resilience.. <i>Developmental Psychology</i> , 2015, 51, 1307-1316.                                   | 1.6 | 93        |
| 35 | Adolescent Resilience: Promotive Factors That Inform Prevention. <i>Child Development Perspectives</i> , 2013, 7, 215-220.                                                                                  | 3.9 | 278       |
| 36 | The transition from adolescence to adulthood and associated substance use/abuse. <i>Adolescent Medicine: State of the Art Reviews</i> , 2013, 24, 611-20.                                                   | 0.2 | 1         |

| #  | ARTICLE                                                                                                                              | IF  | CITATIONS |
|----|--------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 37 | Youth empowerment solutions for violence prevention. <i>Adolescent Medicine: State of the Art Reviews</i> , 2011, 22, 581-600, xiii. | 0.2 | 31        |
