#	ARTICLE	IF	CITATIONS
1	Interventions to reduce acute paediatric hospital admissions: a systematic review. Archives of Disease in Childhood, 2022, 107, 234-243.	1.0	5
2	Universal language development screening: comparative performance of two questionnaires. BMJ Paediatrics Open, 2022, 6, e001324.	0.6	4
3	Mental well-being during stages of COVID-19 lockdown among pregnant women and new mothers. BMC Pregnancy and Childbirth, 2022, 22, 92.	0.9	4
4	Public Health, 2022, 2, e0000245.	0.5	23
5	Understanding recruitment and retention of doctors in rural Scotland: Stakeholder perspectives. Geographical Journal, 2022, 188, 261-276.	1.6	3
6	Public Health, 2022, 2, e0000426.	0.5	11
7	The New Patterns study: coordinated measures to combat child poverty. Scandinavian Journal of Public Health, 2021, 49, 571-579.	1.2	5
8	What factors are most important for the development of the maternal-fetal relationship? A prospective study among pregnant women in Danish general practice. BMC Psychology, 2021, 9, 2.	0.9	17
9	Training novice users to assess stroke aetiology in remote settings using transcranial ultrasound: pilot study. Rural and Remote Health, 2021, 21, 5618.	0.4	0
10	Depression and anxiety symptoms in pregnant women in Denmark during COVID-19. Scandinavian Journal of Public Health, 2021, 49, 140349482110132.	1.2	9
11	“Missingness” in health care: Associations between hospital utilization and missed appointments in general practice. A retrospective cohort study. PLoS ONE, 2021, 16, e0253163.	1.1	9
12	The use of telemedicine to assess a paediatric patient with arrhythmia presenting to a remote community coronavirus assessment centre. Rural and Remote Health, 2021, 21, 6166.	0.4	1
13	The role of transport and telecommunications technology in the development of the Scottish Highlands and Islands Medical Service: a historical perspective. Rural and Remote Health, 2021, 21, 6560.	0.4	0
14	Educational associations with missed GP appointments for patients under 35 years old: administrative data linkage study. BMC Medicine, 2021, 19, 219.	2.3	5
15	Variation in referrals from primary care to scheduled paediatric services in North and East Scotland -a cross-sectional study. BMC Health Services Research, 2021, 21, 989.	0.9	0
16	Patient satisfaction with general practice in urban and rural areas of Scotland. Rural and Remote Health, 2021, 21, 6634.	0.4	2
17	Dealing with parental concerns: A study of GPs' practice. Patient Education and Counseling, 2020, 103, 2430-2436.	1.0	2
18	Selection bias in general practice research: analysis in a cohort of pregnant Danish women. Scandinavian Journal of Primary Health Care, 2020, 38, 464-472.	0.6	6

#	ARTICLE	IF	CITATIONS
19	Colon capsule endoscopy: an innovative method for detecting colorectal pathology during the COVID-19 pandemic?. <i>Colorectal Disease</i> , 2020, 22, 621-624.	0.7	39
20	Readers and service commissioners require clear financial disclosures: Comment on innovation, research integrity, and change: A conflict of interest management framework for program developers (Sanders et al., 2019). <i>Australian Psychologist</i> , 2020, 55, 102-107.	0.9	0
21	Autism and attachment disorder symptoms in the general population: Prevalence, overlap, and burden. <i>Developmental Child Welfare</i> , 2020, 2, 37-51.	0.4	6
22	The use of transcranial ultrasound and clinical assessment to diagnose ischaemic stroke due to large vessel occlusion in remote and rural areas. <i>PLoS ONE</i> , 2020, 15, e0239653.	1.1	19
23	General practice recording of adverse childhood experiences: a retrospective cohort study of GP records. <i>BJGP Open</i> , 2020, 4, bjgpopen20X101011.	0.9	19
24	Tribute to David Heaney. <i>Rural and Remote Health</i> , 2020, 20, 6326.	0.4	0
25	Title is missing!. , 2020, 15, e0239653.		0
26	Title is missing!. , 2020, 15, e0239653.		0
27	Trial of healthy relationship initiatives for the very early years (THRIVE), evaluating Enhanced Triple P for Baby and Mellow Bumps for those with additional social and care needs during pregnancy and their infants who are at higher risk of maltreatment: study protocol for a randomised controlled trial. <i>Trials</i> , 2019, 20, 499.	0.7	4
28	Spiritual care training and the GP curriculum: where to now?. <i>Education for Primary Care</i> , 2019, 30, 194-197.	0.2	9
29	Diagnostic accuracy of clinical tools for assessment of acute stroke: a systematic review. <i>BMC Emergency Medicine</i> , 2019, 19, 49.	0.7	48
30	The effectiveness of ultrasound in the detection of fractures in adults with suspected upper or lower limb injury: a systematic review and subgroup meta-analysis. <i>BMC Emergency Medicine</i> , 2019, 19, 17.	0.7	40
31	Missed GP appointments linked to higher risk of death. <i>BMJ: British Medical Journal</i> , 2019, 364, l485.	2.4	0
32	Predictive validity of preschool screening tools for language and behavioural difficulties: A PRISMA systematic review. <i>PLoS ONE</i> , 2019, 14, e0211409.	1.1	49
33	Preschool developmental concerns and adjustment in the early school years: Evidence from a Scottish birth cohort. <i>Child: Care, Health and Development</i> , 2019, 45, 719-736.	0.8	3
34	Morbidity, mortality and missed appointments in healthcare: a national retrospective data linkage study. <i>BMC Medicine</i> , 2019, 17, 2.	2.3	135
35	Comparative use of the Ages and Stages Questionnaires in the <sc>USA</sc> and Scandinavia: a systematic review. <i>Developmental Medicine and Child Neurology</i> , 2019, 61, 419-430.	1.1	12
36	Diagnostic value of transcranial ultrasonography for selecting subjects with large vessel occlusion: a systematic review. <i>Ultrasound Journal</i> , 2019, 11, 29.	1.3	17

#	ARTICLE	IF	CITATIONS
37	Development of a new screening tool for neuromotor development in children aged two – the neuromotor 5-minute exam 2-year-old version (N5E2). <i>Brain and Development</i> , 2018, 40, 445-451.	0.6	0
38	Spiritual Care in General Practice: Rushing in or Fearing to Tread? An Integrative Review of Qualitative Literature. <i>Journal of Religion and Health</i> , 2018, 57, 1108-1124.	0.8	18
39	Changing characteristics of hospital admissions but not the children admitted – a whole population study between 2000 and 2013. <i>European Journal of Pediatrics</i> , 2018, 177, 381-388.	1.3	32
40	Primary schools and the amplification of social differences in child mental health: a population-based cohort study. <i>Journal of Epidemiology and Community Health</i> , 2018, 72, 27-33.	2.0	13
41	Remotely supported prehospital ultrasound: A feasibility study of real-time image transmission and expert guidance to aid diagnosis in remote and rural communities. <i>Journal of Telemedicine and Telecare</i> , 2018, 24, 616-622.	1.4	19
42	Inequalities in the dental health needs and access to dental services among looked after children in Scotland: a population data linkage study. <i>Archives of Disease in Childhood</i> , 2018, 103, 39-43.	1.0	26
43	Non-attending patients in general practice. <i>Lancet Public Health</i> , The, 2018, 3, e113.	4.7	0
44	OP34 – The primary outcomes of the social and emotional education and development (SEED) trial: a stratified, cluster randomised trial of a multi-component primary school intervention in Scotland aimed at improving pupils' social and emotional wellbeing. , 2018, , .		0
45	GPs and spiritual care: signed up or souled out? A quantitative analysis of GP trainers' understanding and application of the concept of spirituality. <i>Education for Primary Care</i> , 2018, 29, 367-375.	0.2	11
46	Telephonography in emergency medicine: A systematic review. <i>PLoS ONE</i> , 2018, 13, e0194840.	1.1	37
47	The effect of universal maternal antenatal iron supplementation on neurodevelopment in offspring: a systematic review and meta-analysis. <i>BMC Pediatrics</i> , 2018, 18, 150.	0.7	18
48	International variation in programmes for assessment of children's neurodevelopment in the community: Understanding disparate approaches to evaluation of motor, social, emotional, behavioural and cognitive function. <i>Scandinavian Journal of Public Health</i> , 2018, 46, 805-816.	1.2	22
49	‘I’m not sure if there is any point to all this doc’: a qualitative study into GPs responses to existential questions. <i>British Journal of General Practice</i> , 2018, 68, bjgp18X697061.	0.7	3
50	What GPs mean by 'spirituality' and how they apply this concept with patients: a qualitative study. <i>BJGP Open</i> , 2018, 2, bjgpopen18X101469.	0.9	10
51	Paramedic and physician perspectives on the potential use of remotely supported prehospital ultrasound. <i>Rural and Remote Health</i> , 2018, 18, 4574.	0.4	8
52	Violence is Rare in Autism: When It Does Occur, Is It Sometimes Extreme?. <i>Journal of Psychology: Interdisciplinary and Applied</i> , 2017, 151, 49-68.	0.9	25
53	Randomisation before consent: avoiding delay to time-critical intervention and ensuring informed consent. <i>International Journal of Social Research Methodology: Theory and Practice</i> , 2017, 20, 357-371.	2.3	6
54	Understanding repeated non-attendance in health services: a pilot analysis of administrative data and full study protocol for a national retrospective cohort. <i>BMJ Open</i> , 2017, 7, e014120.	0.8	46

#	ARTICLE	IF	CITATIONS
55	Differential antibody responses to gliadin-derived indigestible peptides in patients with schizophrenia. <i>Translational Psychiatry</i> , 2017, 7, e1121-e1121.	2.4	11
56	Linking routinely collected social work, education and health data to enable monitoring of the health and health care of school-aged children in state care (‘‘looked after children’’) in Scotland: a national demonstration project. <i>Public Health</i> , 2017, 150, 101-111.	1.4	12
57	Development of an interface-focused educational complex intervention. <i>Education for Primary Care</i> , 2017, 28, 265-273.	0.2	4
58	GPs ‘‘at home with science and the humanities?’’. <i>British Journal of General Practice</i> , 2017, 67, 571-572.	0.7	4
59	Improving the primary-secondary care interface in Scotland: a qualitative exploration of impact on clinicians of an educational complex intervention. <i>BMJ Open</i> , 2017, 7, e016593.	0.8	7
60	No evidence of whole population mental health impact of the Triple P parenting programme: findings from a routine dataset. <i>BMC Pediatrics</i> , 2017, 17, 40.	0.7	20
61	Demographic and practice factors predicting repeated non-attendance in primary care: a national retrospective cohort analysis. <i>Lancet Public Health</i> , The, 2017, 2, e551-e559.	4.7	102
62	Email communication at the medical primary-‘‘secondary care interface: a qualitative exploration. <i>British Journal of General Practice</i> , 2016, 66, e467-e473.	0.7	12
63	The relationship between GPs and hospital consultants and the implications for patient care: a qualitative study. <i>BMC Family Practice</i> , 2016, 17, 45.	2.9	46
64	Combining transcranial ultrasound with intelligent communication methods to enhance the remote assessment and management of stroke patients: Framework for a technology demonstrator. <i>Health Informatics Journal</i> , 2016, 22, 691-701.	1.1	17
65	Access to chlamydia testing in remote and rural Scotland. <i>Rural and Remote Health</i> , 2016, 16, 3588.	0.4	1
66	Rethinking remote. <i>Rural and Remote Health</i> , 2016, 16, 4062.	0.4	0
67	Patients’ perspectives on the medical primary-‘‘secondary care interface: systematic review and synthesis of qualitative research. <i>BMJ Open</i> , 2015, 5, e008708.	0.8	47
68	Mapping area variability in social and behavioural difficulties among Glasgow pre-schoolers: linkage of a survey of pre-school staff with routine monitoring data. <i>Child: Care, Health and Development</i> , 2015, 41, 853-864.	0.8	10
69	Mellow Parenting: systematic review and meta-analysis of an intervention to promote sensitive parenting. <i>Developmental Medicine and Child Neurology</i> , 2015, 57, 1119-1128.	1.1	27
70	Antenatal parenting support for vulnerable women. <i>British Journal of Midwifery</i> , 2015, 23, 724-732.	0.1	8
71	Telestroke Assessment on the Move. <i>Stroke</i> , 2015, 46, e38-40.	1.0	11
72	Development of a triage tool for neurodevelopmental risk in children aged 30 months. <i>Research in Developmental Disabilities</i> , 2015, 45-46, 69-82.	1.2	10

#	ARTICLE	IF	CITATIONS
73	Exploring the social, emotional and behavioural development of preschool children: is Glasgow different?. <i>International Journal for Equity in Health</i> , 2015, 14, 3.	1.5	10
74	Disclosure of Financial Conflicts of Interests in Interventions to Improve Child Psychosocial Health: A Cross-Sectional Study. <i>PLoS ONE</i> , 2015, 10, e0142803.	1.1	18
75	Association between parent-infant interactions in infancy and disruptive behaviour disorders at age seven: a nested, caseâ€“control ALSPAC study. <i>BMC Pediatrics</i> , 2014, 14, 223.	0.7	28
76	Neurobiological Abnormalities in the First Few Years of Life in Individuals Later Diagnosed with Autism Spectrum Disorder: A Review of Recent Data. <i>Behavioural Neurology</i> , 2014, 2014, 1-20.	1.1	19
77	Rural health care: problems and solutions. <i>British Journal of Hospital Medicine (London, England:)</i> Tj ETQq1 1 0.784314 rgBT 6 Overlock	0.2	6
78	Primary care research network progress in Scotland. <i>European Journal of General Practice</i> , 2014, 20, 337-342.	0.9	20
79	Motor activity at age one year does not predict ADHD at seven years. <i>International Journal of Methods in Psychiatric Research</i> , 2014, 23, 9-18.	1.1	12
80	Early parental physical punishment and emotional and behavioural outcomes in preschool children. <i>Child: Care, Health and Development</i> , 2014, 40, 337-345.	0.8	11
81	Predictors of positive and negative parenting behaviours: evidence from the ALSPAC cohort. <i>BMC Pediatrics</i> , 2014, 14, 247.	0.7	35
82	Reducing drug related deaths: a pre-implementation assessment of knowledge, barriers and enablers for naloxone distribution through general practice. <i>BMC Family Practice</i> , 2014, 15, 12.	2.9	26
83	Understanding â€œevolving doorâ€“patients in general practice: a qualitative study. <i>BMC Family Practice</i> , 2014, 15, 33.	2.9	8
84	Screening, Intervention and Outcome in Autism and Other Developmental Disorders: The Role of Randomized Controlled Trials. <i>Journal of Autism and Developmental Disorders</i> , 2014, 44, 2074-2076.	1.7	12
85	Neurodevelopmental and psychosocial risk factors in serial killers and mass murderers. <i>Aggression and Violent Behavior</i> , 2014, 19, 288-301.	1.2	74
86	OP38â€“...Inequalities in the development of mental health problems in childhood: multilevel analysis of routine teacher-rated individual data in Glasgow City. <i>Journal of Epidemiology and Community Health</i> , 2014, 68, A21.1-A21.	2.0	0
87	Can behaviour during immunisation be used to identify attachment patterns? A feasibility study. <i>International Journal of Nursing Studies</i> , 2013, 50, 386-391.	2.5	7
88	Prediction of 7-year psychopathology from mother-infant joint attention behaviours: a nested caseâ€“control study. <i>BMC Pediatrics</i> , 2013, 13, 147.	0.7	7
89	Language and social/emotional problems identified at a universal developmental assessment at 30 months. <i>BMC Pediatrics</i> , 2013, 13, 206.	0.7	30
90	Parentâ€“infant vocalisations at 12 months predict psychopathology at 7 years. <i>Research in Developmental Disabilities</i> , 2013, 34, 985-993.	1.2	12

#	ARTICLE	IF	CITATIONS
91	Predictors of diagnosis of child psychiatric disorder in adultâ€“infant social-communicative interaction at 12 months. <i>Research in Developmental Disabilities</i> , 2013, 34, 562-572.	1.2	16
92	Cortisol secretion in children with symptoms of reactive attachment disorder. <i>Psychiatry Research</i> , 2013, 209, 74-77.	1.7	10
93	Patterns of primary care service use by families with young children. <i>Family Practice</i> , 2013, 30, 679-694.	0.8	6
94	What predicts persistent early conduct problems? Evidence from the Growing Up in Scotland cohort. <i>Journal of Epidemiology and Community Health</i> , 2013, 67, 76-80.	2.0	22
95	Assessing wellbeing at school entry using the Strengths and Difficulties Questionnaire: professional perspectives. <i>Educational Research</i> , 2013, 55, 87-98.	0.9	21
96	Trends in emergency hospital admissions of children: observations from Scotland. <i>Archives of Disease in Childhood</i> , 2013, 98, 1024-1025.	1.0	7
97	Estimation of the risk of tubal factor infertility associated with genital chlamydial infection in women: a statistical modelling study. <i>International Journal of Epidemiology</i> , 2013, 42, 493-503.	0.9	32
98	The impact of a new service for maltreated children on Childrenâ€™s Hearings in Scotland: a qualitative study. <i>Adoption & Fostering</i> , 2013, 37, 14-27.	0.2	3
99	Reducing the time before consulting with symptoms of lung cancer: a randomised controlled trial in primary care. <i>British Journal of General Practice</i> , 2013, 63, e47-e54.	0.7	34
100	A Feasibility Randomised Controlled Trial of the New Orleans Intervention for Infant Mental Health: A Study Protocol. <i>Scientific World Journal, The</i> , 2013, 2013, 1-6.	0.8	8
101	Language Delay Is Not Predictable from Available Risk Factors. <i>Scientific World Journal, The</i> , 2013, 2013, 1-8.	0.8	14
102	Guided Self-Help Cognitive Behavioural Therapy for Depression in Primary Care: A Randomised Controlled Trial. <i>PLoS ONE</i> , 2013, 8, e52735.	1.1	48
103	The Effect of Mental Ill Health on Absence From Work in Different Occupational Classifications. <i>Journal of Occupational and Environmental Medicine</i> , 2012, 54, 1539-1544.	0.9	10
104	Can psychopathology at age 7 be predicted from clinical observation at one year? Evidence from the ALSPAC cohort. <i>Research in Developmental Disabilities</i> , 2012, 33, 2292-2300.	1.2	4
105	Neurodevelopmental problems in maltreated children referred with indiscriminate friendliness. <i>Research in Developmental Disabilities</i> , 2012, 33, 1560-1565.	1.2	65
106	General practitioner provision of preventive child health care: analysis of routine consultation data. <i>BMC Family Practice</i> , 2012, 13, 73.	2.9	6
107	"A powerful intervention: general practitioners'; use of sickness certification in depression". <i>BMC Family Practice</i> , 2012, 13, 82.	2.9	23
108	The disappearance of the â€œrevolving doorâ€•patient in Scottish general practice: successful policies. <i>BMC Family Practice</i> , 2012, 13, 95.	2.9	3

#	ARTICLE	IF	CITATIONS
109	How evidence-based is an 'evidence-based parenting program'? A PRISMA systematic review and meta-analysis of Triple P. <i>BMC Medicine</i> , 2012, 10, 130.	2.3	120
110	Matching parenting support needs to service provision in a universal 13-month child health surveillance visit. <i>Child: Care, Health and Development</i> , 2012, 38, 665-674.	0.8	7
111	Disruptive behaviour disorders: a systematic review of environmental antenatal and early years risk factors. <i>Child: Care, Health and Development</i> , 2012, 38, 611-628.	0.8	93
112	Altered stress responses in children exposed to early adversity: A systematic review of salivary cortisol studies. <i>Stress</i> , 2011, 14, 614-626.	0.8	143
113	Inexpensive video cameras used by parents to record social communication in epidemiological investigations in early childhoodâ€”A feasibility study. , 2011, 34, 63-71.		6
114	Quick, simple measures of family relationships for use in clinical practice and research. A systematic review. <i>Family Practice</i> , 2011, 28, 172-187.	0.8	71
115	Diagnosing autism spectrum disorders in primary care. <i>Practitioner</i> , 2011, 255, 27-30, 3.	0.3	10
116	Circumcision. <i>British Journal of General Practice</i> , 2010, 60, 133.1-133.	0.7	1
117	Predicting which people with psychosocial distress are at risk of becoming dependent on state benefits: analysis of routinely available data. <i>BMJ: British Medical Journal</i> , 2010, 341, c3838-c3838.	2.4	17
118	What have birth cohort studies asked about genetic, pre- and perinatal exposures and child and adolescent onset mental health outcomes? A systematic review. <i>European Child and Adolescent Psychiatry</i> , 2010, 19, 1-15.	2.8	44
119	Child neglect: what does it have to do with general practice?. <i>British Journal of General Practice</i> , 2010, 60, 5-7.	0.7	6
120	The â€œSpirit of New Orleansâ€”: Translating a model of intervention with maltreated children and their families for the Glasgow context. <i>Clinical Child Psychology and Psychiatry</i> , 2010, 15, 497-509.	0.8	19
121	Factors influencing variation in prescribing of antidepressants by general practices in Scotland. <i>British Journal of General Practice</i> , 2009, 59, e25-e31.	0.7	51
122	Defending the GP clinicianâ€”researcher. <i>British Journal of General Practice</i> , 2009, 59, 212.2-212.	0.7	1
123	â€”A coal face optionâ€™: GPs' perspectives on the rise in antidepressant prescribing. <i>British Journal of General Practice</i> , 2009, 59, e299-e307.	0.7	33
124	Should we aspire to screen preschool children for conduct disorder?. <i>Archives of Disease in Childhood</i> , 2009, 94, 812-816.	1.0	21
125	The work of health visitors and school nurses with children with psychological and behavioural problems. <i>Journal of Advanced Nursing</i> , 2008, 61, 445-455.	1.5	28
126	Health visitorsâ€™ assessments of parentâ€”child relationships: A focus group study. <i>International Journal of Nursing Studies</i> , 2008, 45, 1137-1147.	2.5	30

#	ARTICLE	IF	CITATIONS
127	Relationship between antidepressant and anxiolytic/hypnotic prescribing: A mixed-methods study. <i>European Journal of General Practice</i> , 2008, 14, 129-135.	0.9	3
128	What is the excess risk of infertility in women after genital chlamydia infection? A systematic review of the evidence. <i>Sexually Transmitted Infections</i> , 2008, 84, 171-175.	0.8	46
129	Teachers' responses to the emotional needs of children and young people. Results from the Scottish Needs Assessment Programme. <i>Emotional and Behavioural Difficulties</i> , 2008, 13, 7-19.	0.7	8
130	Non-pharmacological management of chronic insomnia in primary care. <i>British Journal of General Practice</i> , 2008, 58, 79-80.	0.7	4
131	Randomized Clinical Effectiveness Trial of Nurse-Administered Small-Group Cognitive Behavior Therapy for Persistent Insomnia in General Practice. <i>Sleep</i> , 2007, 30, 574-584.	0.6	254
132	Recognising childhood neuropsychiatric disorders. <i>Practitioner</i> , 2007, 251, 26-7, 29-30.	0.3	3
133	Can we evaluate population screening strategies in UK general practice? A pilot randomised controlled trial comparing postal and opportunistic screening for genital chlamydial infection. <i>Journal of Epidemiology and Community Health</i> , 2005, 59, 198-204.	2.0	21
134	The impact of economic information on medical decision making in primary care. <i>Journal of Evaluation in Clinical Practice</i> , 2004, 10, 407-411.	0.9	9
135	Modelling consultation rates in infancy: influence of maternal and infant characteristics, feeding type and consultation history. <i>British Journal of General Practice</i> , 2004, 54, 598-603.	0.7	7
136	Book and Media Reviews. <i>Addiction Biology</i> , 2003, 8, 255-257.	1.4	0
137	Frequent attendance, socioeconomic status and burden of ill health. <i>European Journal of General Practice</i> , 2003, 9, 48-55.	0.9	23
