#	ARTICLE	IF	CITATIONS
1	Women's report of mistreatment during facility-based childbirth: validity and reliability of community survey measures. <i>BMJ Global Health</i> , 2022, 5, e004822.	4.7	5
2	A rapid gender impact assessment of Australian university responses to COVID-19. <i>Higher Education Research and Development</i> , 2022, 41, 2079-2093.	2.9	3
3	Women from migrant and refugee backgrounds' perceptions and experiences of the continuum of maternity care in Australia: A qualitative evidence synthesis. <i>Women and Birth</i> , 2022, 35, 327-339.	2.0	12
4	Factors affecting use of magnesium sulphate for pre-eclampsia or eclampsia: a qualitative evidence synthesis. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2022, 129, 379-391.	2.3	12
5	The impact of COVID-19 on the provision of respectful maternity care: Findings from a global survey of health workers. <i>Women and Birth</i> , 2022, 35, 378-386.	2.0	53
6	"We are going into battle without appropriate armour": A qualitative study of Indonesian midwives' experiences in providing maternity care during the COVID-19 pandemic. <i>Women and Birth</i> , 2022, 35, 466-474.	2.0	15
7	Exploring the identities and experiences of young queer people in Mongolia using visual research methods. <i>Culture, Health and Sexuality</i> , 2022, 24, 1695-1712.	1.8	3
8	Outcomes to measure the effects of pharmacological interventions for pain management for women during labour and birth: a review of systematic reviews and randomised trials. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2022, 129, 845-854.	2.3	1
9	Measuring user experience of care among caregivers of sick children: validation and descriptive analysis in a sample of 75 health facilities in rural Tanzania. <i>Tropical Medicine and International Health</i> , 2022, , .	2.3	1
10	Cochrane Effective Practice and Organisation of Care (EPOC) Qualitative Evidence Syntheses, Differences From Reviews of Intervention Effectiveness and Implications for Guidance. <i>International Journal of Qualitative Methods</i> , The, 2022, 21, 160940692110619.	2.8	8
11	The portrayal and perceptions of cesarean section in Mexican media Facebook pages: a mixed-methods study. <i>Reproductive Health</i> , 2022, 19, 49.	3.1	3
12	Partnership-defined quality approach to companionship during labour and birth in East New Britain, Papua New Guinea: A mixed-methods study. <i>PLOS Global Public Health</i> , 2022, 2, e0000102.	1.6	3
13	Adolescent experiences of mistreatment during childbirth in health facilities: secondary analysis of a community-based survey in four countries. <i>BMJ Global Health</i> , 2022, 5, e007954.	4.7	7
14	Health workers' and hospital administrators' perspectives on mistreatment of women during facility-based childbirth: a multicenter qualitative study in Ghana. <i>Reproductive Health</i> , 2022, 19, 82.	3.1	7
15	Indonesian midwives' perspectives on changes in the provision of maternity care during the COVID-19 pandemic: A qualitative study. <i>Midwifery</i> , 2022, 108, 103291.	2.3	13
16	Factors influencing the implementation of labour companionship: formative qualitative research in Thailand. <i>BMJ Open</i> , 2022, 12, e054946.	1.9	3
17	Quality newborn care in East New Britain, Papua New Guinea: measuring early newborn care practices and identifying opportunities for improvement. <i>BMC Pregnancy and Childbirth</i> , 2022, 22, .	2.4	2
18	Strategies to reduce stigma and discrimination in sexual and reproductive healthcare settings: A mixed-methods systematic review. <i>PLOS Global Public Health</i> , 2022, 2, e0000582.	1.6	18

#	ARTICLE	IF	CITATIONS
19	The first 2 h after birth: prevalence and factors associated with neonatal care practices from a multicountry, facility-based, observational study. <i>The Lancet Global Health</i> , 2021, 9, e72-e80.	6.3	26
20	Prevalence of and reasons for women's, family members', and health professionals' preferences for cesarean section in Iran: a mixed-methods systematic review. <i>Reproductive Health</i> , 2021, 18, 3.	3.1	62
21	Women's experiences of mistreatment during childbirth and their satisfaction with care: findings from a multicountry community-based study in four countries. <i>BMJ Global Health</i> , 2021, 5, e003688.	4.7	16
22	Do women prefer caesarean sections? A qualitative evidence synthesis of their views and experiences. <i>PLoS ONE</i> , 2021, 16, e0251072.	2.5	22
23	The prevalence of uterine fundal pressure during the second stage of labour for women giving birth in health facilities: a systematic review and meta-analysis. <i>Reproductive Health</i> , 2021, 18, 98.	3.1	12
24	Formative research to design an implementation strategy for a postpartum hemorrhage initial response treatment bundle (E-MOTIVE): study protocol. <i>Reproductive Health</i> , 2021, 18, 149.	3.1	11
25	Development of measures for assessing mistreatment of women during facility-based childbirth based on labour observations. <i>BMJ Global Health</i> , 2021, 5, e004080.	4.7	7
26	Qualitative Evidence Syntheses Within Cochrane Effective Practice and Organisation of Care: Developing a Template and Guidance. <i>International Journal of Qualitative Methods</i> , The, 2021, 20, 160940692110419.	2.8	6
27	Vaginal examinations and mistreatment of women during facility-based childbirth in health facilities: secondary analysis of labour observations in Ghana, Guinea and Nigeria. <i>BMJ Global Health</i> , 2021, 5, e006640.	4.7	9
28	Collaborative model of intrapartum care: qualitative study on barriers and facilitators to implementation in a private Brazilian hospital. <i>BMJ Open</i> , 2021, 11, e053636.	1.9	2
29	Mistreatment during childbirth – Authors' reply. <i>Lancet</i> , The, 2020, 396, 817-818.	13.7	2
30	Implementation and evaluation of nonclinical interventions for appropriate use of cesarean section in low- and middle-income countries: protocol for a multisite hybrid effectiveness-implementation type III trial. <i>Implementation Science</i> , 2020, 15, 72.	6.9	13
31	Lessons learned through respectful maternity care training and its implementation in Ethiopia: an interventional mixed methods study. <i>Reproductive Health</i> , 2020, 17, 103.	3.1	31
32	Transforming intrapartum care: Respectful maternity care. <i>Best Practice and Research in Clinical Obstetrics and Gynaecology</i> , 2020, 67, 113-126.	2.8	64
33	A qualitative study on acceptability of the mistreatment of women during childbirth in Myanmar. <i>Reproductive Health</i> , 2020, 17, 56.	3.1	20
34	Imagining maternity care as a complex adaptive system: understanding health system constraints to the promotion of respectful maternity care. <i>Sexual and Reproductive Health Matters</i> , 2020, 28, e1854153.	1.8	17
35	Measuring experiences of facility-based care for pregnant women and newborns: a scoping review. <i>BMJ Global Health</i> , 2020, 5, e003368.	4.7	26
36	Labour companionship and women's experiences of mistreatment during childbirth: results from a multi-country community-based survey. <i>BMJ Global Health</i> , 2020, 5, e003564.	4.7	25

#	ARTICLE	IF	CITATIONS
37	Trends and sociodemographic inequalities in the use of caesarean section in Indonesia, 1987-2017. <i>BMJ Global Health</i> , 2020, 5, e003844.	4.7	8
38	How women are treated during facility-based childbirth in four countries: a cross-sectional study with labour observations and community-based surveys. <i>Lancet</i> , The, 2019, 394, 1750-1763.	13.7	279
39	Perceptions and experiences of labour companionship: a qualitative evidence synthesis. <i>The Cochrane Library</i> , 2019, 2019, CD012449.	2.8	134
40	Women's perspectives on health facility and system levels factors influencing mode of delivery in Tehran: a qualitative study. <i>Reproductive Health</i> , 2019, 16, 15.	3.1	22
41	Optimising the use of caesarean section: a generic formative research protocol for implementation preparation. <i>Reproductive Health</i> , 2019, 16, 170.	3.1	11
42	When the patient is the expert: measuring patient experience and satisfaction with care. <i>Bulletin of the World Health Organization</i> , 2019, 97, 563-569.	3.3	182
43	Authors' reply re: Respectful care during childbirth in health facilities globally: a qualitative evidence synthesis. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2018, 125, 1039-1039.	2.3	4
44	Respectful care during childbirth in health facilities globally: a qualitative evidence synthesis. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2018, 125, 932-942.	2.3	229
45	Methodological development of tools to measure how women are treated during facility-based childbirth in four countries: labor observation and community survey. <i>BMC Medical Research Methodology</i> , 2018, 18, 132.	3.1	70
46	Prevalence of and reasons for women's, family members', and health professionals' preferences for cesarean section in China: A mixed-methods systematic review. <i>PLoS Medicine</i> , 2018, 15, e1002672.	8.4	82
47	Women's perspectives of mistreatment during childbirth at health facilities in Ghana: findings from a qualitative study. <i>Reproductive Health Matters</i> , 2018, 26, 70-87.	1.2	57
48	Applying GRADE-CERQual to qualitative evidence synthesis findings: introduction to the series. <i>Implementation Science</i> , 2018, 13, 2.	6.9	578
49	Applying GRADE-CERQual to qualitative evidence synthesis findings" paper 2: how to make an overall CERQual assessment of confidence and create a Summary of Qualitative Findings table. <i>Implementation Science</i> , 2018, 13, 10.	6.9	287
50	Applying GRADE-CERQual to qualitative evidence synthesis findings" paper 3: how to assess methodological limitations. <i>Implementation Science</i> , 2018, 13, 9.	6.9	149
51	Applying GRADE-CERQual to qualitative evidence synthesis findings" paper 4: how to assess coherence. <i>Implementation Science</i> , 2018, 13, 13.	6.9	137
52	Applying GRADE-CERQual to qualitative evidence synthesis findings" paper 5: how to assess adequacy of data. <i>Implementation Science</i> , 2018, 13, 14.	6.9	146
53	Applying GRADE-CERQual to qualitative evidence synthesis findings" paper 6: how to assess relevance of the data. <i>Implementation Science</i> , 2018, 13, 4.	6.9	147
54	Progression of the first stage of spontaneous labour: A prospective cohort study in two sub-Saharan African countries. <i>PLoS Medicine</i> , 2018, 15, e1002492.	8.4	57

#	ARTICLE	IF	CITATIONS
55	A qualitative study of women's and health providers' attitudes and acceptability of mistreatment during childbirth in health facilities in Guinea. <i>Reproductive Health</i> , 2017, 14, 4.	3.1	56
56	Perceptions and experiences of the mistreatment of women during childbirth in health facilities in Guinea: a qualitative study with women and service providers. <i>Reproductive Health</i> , 2017, 14, 3.	3.1	63
57	Continuous support for women during childbirth. <i>The Cochrane Library</i> , 2017, 2017, CD003766.	2.8	396
58	The communication and emotional support needs to improve women's experience of childbirth care in health facilities in Southwest Nigeria: A qualitative study. <i>International Journal of Gynecology and Obstetrics</i> , 2017, 139, 27-37.	2.3	28
59	Mistreatment of women during childbirth in Abuja, Nigeria: a qualitative study on perceptions and experiences of women and healthcare providers. <i>Reproductive Health</i> , 2017, 14, 9.	3.1	129
60	Expectations and needs of Ugandan women for improved quality of childbirth care in health facilities: A qualitative study. <i>International Journal of Gynecology and Obstetrics</i> , 2017, 139, 38-46.	2.3	28
61	Alternative regimens of magnesium sulfate for treatment of preeclampsia and eclampsia: a systematic review of non-randomized studies. <i>Acta Obstetrica Et Gynecologica Scandinavica</i> , 2016, 95, 144-156.	2.8	30
62	"By slapping their laps, the patient will know that you truly care for her" A qualitative study on social norms and acceptability of the mistreatment of women during childbirth in Abuja, Nigeria. <i>SSM - Population Health</i> , 2016, 2, 640-655.	2.7	97
63	International Human Rights and the Mistreatment of Women During Childbirth. <i>Health and Human Rights</i> , 2016, 18, 131-143.	1.3	46
64	Formative research and development of innovative tools for "Better Outcomes in Labour Difficulty" (BOLD): study protocol. <i>Reproductive Health</i> , 2015, 12, 50.	3.1	20
65	How women are treated during facility-based childbirth: development and validation of measurement tools in four countries " phase 1 formative research study protocol. <i>Reproductive Health</i> , 2015, 12, 60.	3.1	53
66	The development of a Simplified, Effective, Labour Monitoring-to-Action (SELMA) tool for Better Outcomes in Labour Difficulty (BOLD): study protocol. <i>Reproductive Health</i> , 2015, 12, 49.	3.1	40
67	Community Health Workers' Provision of Family Planning Services in Low- and Middle-Income Countries: A Systematic Review of Effectiveness. <i>Studies in Family Planning</i> , 2015, 46, 241-261.	1.8	59
68	The Mistreatment of Women during Childbirth in Health Facilities Globally: A Mixed-Methods Systematic Review. <i>PLoS Medicine</i> , 2015, 12, e1001847.	8.4	883
69	"From me to HIV" a case study of the community experience of donor transition of health programs. <i>BMC Infectious Diseases</i> , 2015, 15, 349.	2.9	12
70	Management practices to support donor transition: lessons from Avahan, the India AIDS Initiative. <i>BMC Health Services Research</i> , 2015, 15, 232.	2.2	23
71	Obstetric transition in the World Health Organization Multicountry Survey on Maternal and Newborn Health: exploring pathways for maternal mortality reduction. <i>Revista Panamericana De Salud Publica/Pan American Journal of Public Health</i> , 2015, 37, 203-10.	1.1	14
72	Facilitators and barriers to facility-based delivery in low- and middle-income countries: a qualitative evidence synthesis. <i>Reproductive Health</i> , 2014, 11, 71.	3.1	537

#	ARTICLE	IF	CITATIONS
73	Use of antenatal corticosteroids and tocolytic drugs in preterm births in 29 countries: an analysis of the WHO Multicountry Survey on Maternal and Newborn Health. <i>Lancet</i> , The, 2014, 384, 1869-1877.	13.7	103
74	Perceptions and experiences of the prevention, identification and management of postpartum haemorrhage: a qualitative evidence synthesis. <i>The Cochrane Library</i> , 0, , .	2.8	2
