#	ARTICLE	IF	CITATIONS
1	Ten principles relevant to health research among Indigenous Australian populations. <i>Medical Journal of Australia</i> , 2012, 197, 16-18.	1.7	142
2	Outreach and improved access to specialist services for indigenous people in remote Australia: the requirements for sustainability. <i>Journal of Epidemiology and Community Health</i> , 2002, 56, 517-521.	3.7	120
3	Effect of health promotion and fluoride varnish on dental caries among Australian Aboriginal children: results from a community-randomized controlled trial. <i>Community Dentistry and Oral Epidemiology</i> , 2011, 39, 29-43.	1.9	113
4	Nutrition interventions at point-of-sale to encourage healthier food purchasing: a systematic review. <i>BMC Public Health</i> , 2014, 14, 919.	2.9	113
5	Ambient biomass smoke and cardio-respiratory hospital admissions in Darwin, Australia. <i>BMC Public Health</i> , 2007, 7, 240.	2.9	109
6	Risk of Breast Cancer in Relation to the Use of Injectable Progestogen Contraceptives and Combined Estrogen/Progestogen Contraceptives. <i>American Journal of Epidemiology</i> , 2000, 151, 396-403.	3.4	94
7	Indigenous health: effective and sustainable health services through continuous quality improvement. <i>Medical Journal of Australia</i> , 2007, 186, 525-527.	1.7	85
8	The role of the GP in follow-up cancer care: a systematic literature review. <i>Journal of Cancer Survivorship</i> , 2016, 10, 990-1011.	2.9	85
9	Housing and health in Indigenous communities: Key issues for housing and health improvement in remote Aboriginal and Torres Strait Islander communities. <i>Australian Journal of Rural Health</i> , 2006, 14, 178-183.	1.5	82
10	Effect of a price discount and consumer education strategy on food and beverage purchases in remote Indigenous Australia: a stepped-wedge randomised controlled trial. <i>Lancet Public Health</i> , The, 2017, 2, e82-e95.	10.0	77
11	Challenges for improving surveillance for pesticide poisoning: policy implications for developing countries. <i>International Journal of Epidemiology</i> , 2001, 30, 564-570.	1.9	73
12	Delivery of maternal health care in Indigenous primary care services: baseline data for an ongoing quality improvement initiative. <i>BMC Pregnancy and Childbirth</i> , 2011, 11, 16.	2.4	73
13	Specialist outreach to isolated and disadvantaged communities: a population-based study. <i>Lancet</i> , The, 2006, 368, 130-138.	13.7	68
14	Exploring relationships between racism, housing and child illness in remote indigenous communities. <i>Journal of Epidemiology and Community Health</i> , 2012, 66, 440-447.	3.7	66
15	A systems-based partnership learning model for strengthening primary healthcare. <i>Implementation Science</i> , 2013, 8, 143.	6.9	66
16	Understanding uptake of continuous quality improvement in Indigenous primary health care: lessons from a multi-site case study of the Audit and Best Practice for Chronic Disease project. <i>Implementation Science</i> , 2010, 5, 21.	6.9	65
17	Exploring cross-sectional associations between common childhood illness, housing and social conditions in remote Australian Aboriginal communities. <i>BMC Public Health</i> , 2010, 10, 147.	2.9	61
18	Toward estimating the impact of changes in immigrants' insurance eligibility on hospital expenditures for uncompensated care. <i>BMC Health Services Research</i> , 2003, 3, 1.	2.2	60

#	ARTICLE	IF	CITATIONS
19	Liver Function Test Abnormalities in Users of Aqueous Kava Extracts. <i>Journal of Toxicology: Clinical Toxicology</i> , 2003, 41, 821-829.	1.5	59
20	Skin infection, housing and social circumstances in children living in remote Indigenous communities: testing conceptual and methodological approaches. <i>BMC Public Health</i> , 2005, 5, 128.	2.9	59
21	Study protocol: national research partnership to improve primary health care performance and outcomes for Indigenous peoples. <i>BMC Health Services Research</i> , 2010, 10, 129.	2.2	59
22	Evaluating the effectiveness of a multifaceted, multilevel continuous quality improvement program in primary health care: developing a realist theory of change. <i>Implementation Science</i> , 2013, 8, 119.	6.9	58
23	Vegetation fires, particulate air pollution and asthma: A panel study in the Australian monsoon tropics. <i>International Journal of Environmental Health Research</i> , 2006, 16, 391-404.	2.7	57
24	Improving organisational systems for diabetes care in Australian Indigenous communities. <i>BMC Health Services Research</i> , 2007, 7, 67.	2.2	57
25	The impact of housing improvement and socio-environmental factors on common childhood illnesses: a cohort study in Indigenous Australian communities. <i>Journal of Epidemiology and Community Health</i> , 2012, 66, 821-831.	3.7	56
26	Are hygiene and public health interventions likely to improve outcomes for Australian Aboriginal children living in remote communities? A systematic review of the literature. <i>BMC Public Health</i> , 2008, 8, 153.	2.9	53
27	Estimating chronic disease prevalence among the remote Aboriginal population of the Northern Territory using multiple data sources. <i>Australian and New Zealand Journal of Public Health</i> , 2008, 32, 307-313.	1.8	50
28	Measuring emotional and social wellbeing in Aboriginal and Torres Strait Islander populations: an analysis of a Negative Life Events Scale. <i>International Journal for Equity in Health</i> , 2007, 6, 18.	3.5	48
29	Comparison of diabetes management in five countries for general and indigenous populations: an internet-based review. <i>BMC Health Services Research</i> , 2010, 10, 169.	2.2	48
30	Health effects of kava use in an eastern Arnhem Land Aboriginal community. <i>Internal Medicine Journal</i> , 2003, 33, 336-340.	0.8	45
31	Study protocol: Audit and Best Practice for Chronic Disease Extension (ABCDE) Project. <i>BMC Health Services Research</i> , 2008, 8, 184.	2.2	43
32	The feasibility and acceptability of introducing brief intervention for alcohol misuse in an urban Aboriginal medical service. <i>Drug and Alcohol Review</i> , 2002, 21, 375-380.	2.1	42
33	Improvement in rheumatic fever and rheumatic heart disease management and prevention using a health centre-based continuous quality improvement approach. <i>BMC Health Services Research</i> , 2013, 13, 525.	2.2	42
34	Household infrastructure in Aboriginal communities and the implications for health improvement. <i>Medical Journal of Australia</i> , 2001, 175, 363-366.	1.7	41
35	Cervical cancer mortality in Australia: contrasting risk by Aboriginality, age and rurality. <i>International Journal of Epidemiology</i> , 2000, 29, 813-816.	1.9	40
36	Where there is no surgeon: the effect of specialist proximity on general practitioners' referral rates. <i>Medical Journal of Australia</i> , 2002, 177, 111-115.	1.7	39

#	ARTICLE	IF	CITATIONS
37	Duration of participation in continuous quality improvement: a key factor explaining improved delivery of Type 2 diabetes services. BMC Health Services Research, 2014, 14, 578.	2.2	39
38	Assessing health centre systems for guiding improvement in diabetes care. BMC Health Services Research, 2005, 5, 56.	2.2	37
39	Evaluation of a multi-component community tobacco intervention in three remote Australian Aboriginal communities. Australian and New Zealand Journal of Public Health, 2006, 30, 132-136.	1.8	37
40	Development and preliminary validation of the 'Caring for Country' questionnaire: measurement of an Indigenous Australian health determinant. International Journal for Equity in Health, 2008, 7, 26.	3.5	37
41	Reorienting primary health care for addressing chronic conditions in remote Australia and the South Pacific: Review of evidence and lessons from an innovative quality improvement process. Australian Journal of Rural Health, 2011, 19, 111-117.	1.5	37
42	Determinants of access to chronic illness care: a mixed-methods evaluation of a national multifaceted chronic disease package for Indigenous Australians. BMJ Open, 2015, 5, e008103.	1.9	37
43	Assessing quality of diabetes care and its variation in Aboriginal community health centres in Australia. Diabetes/Metabolism Research and Reviews, 2010, 26, 464-473.	4.0	36
44	A study of the use of free nicotine patches by Indigenous people. Australian and New Zealand Journal of Public Health, 2003, 27, 486-490.	1.8	35
45	Water supply and sanitation in remote Indigenous communities-priorities for health development. Australian and New Zealand Journal of Public Health, 2004, 28, 409-414.	1.8	34
46	Stores Healthy Options Project in Remote Indigenous Communities (SHOP@RIC): a protocol of a randomised trial promoting healthy food and beverage purchases through price discounts and in-store nutrition education. BMC Public Health, 2013, 13, 744.	2.9	34
47	A case study of physical and social barriers to hygiene and child growth in remote Australian Aboriginal communities. BMC Public Health, 2009, 9, 346.	2.9	33
48	Evaluation of an Australian indigenous housing programme: community level impact on crowding, infrastructure function and hygiene. Journal of Epidemiology and Community Health, 2011, 65, 432-437.	3.7	33
49	Trends in Cervical Cancer Mortality in South Africa. International Journal of Epidemiology, 1996, 25, 488-493.	1.9	31
50	Methods: Validity and utility of community health workers' estimation of kava use. Australian and New Zealand Journal of Public Health, 2002, 26, 52-57.	1.8	29
51	Moving beyond good intentions: Indigenous participation in Aboriginal and Torres Strait Islander health research. Australian and New Zealand Journal of Public Health, 2005, 29, 468-470.	1.8	29
52	Describing and analysing primary health care system support for chronic illness care in Indigenous communities in Australia's Northern Territory – use of the Chronic Care Model. BMC Health Services Research, 2008, 8, 112.	2.2	29
53	An ecological approach to health promotion in remote Australian Aboriginal communities. Health Promotion International, 2010, 25, 42-53.	1.8	28
54	Development of the good food planning tool: A food system approach to food security in indigenous Australian remote communities. Health and Place, 2015, 34, 54-62.	3.3	28

#	ARTICLE	IF	CITATIONS
55	Impact of income management on store sales in the Northern Territory. <i>Medical Journal of Australia</i> , 2010, 192, 549-554.	1.7	27
56	Variation in quality of preventive care for well adults in Indigenous community health centres in Australia. <i>BMC Health Services Research</i> , 2011, 11, 139.	2.2	26
57	Improving delivery of secondary prophylaxis for rheumatic heart disease in remote Indigenous communities: study protocol for a stepped-wedge randomised trial. <i>Trials</i> , 2016, 17, 51.	1.6	25
58	Follow-up cancer care: perspectives of Aboriginal and Torres Strait Islander cancer survivors. <i>Supportive Care in Cancer</i> , 2017, 25, 1597-1605.	2.2	24
59	Impact of policy support on uptake of evidence-based continuous quality improvement activities and the quality of care for Indigenous Australians: a comparative case study. <i>BMJ Open</i> , 2017, 7, e016626.	1.9	24
60	Follow-up of Indigenous-specific health assessments – a socioecological analysis. <i>Medical Journal of Australia</i> , 2014, 200, 653-657.	1.7	23
61	Preventive medical care in remote Aboriginal communities in the Northern Territory: a follow-up study of the impact of clinical guidelines, computerised recall and reminder systems, and audit and feedback. <i>BMC Health Services Research</i> , 2003, 3, 15.	2.2	22
62	Comparing and contrasting “innovation platforms” with other forms of professional networks for strengthening primary healthcare systems for Indigenous Australians. <i>BMJ Global Health</i> , 2018, 3, e000683.	4.7	22
63	Issues and challenges for systematic reviews in indigenous health. <i>Journal of Epidemiology and Community Health</i> , 2010, 64, 643-644.	3.7	21
64	Determinants and Gaps in Preventive Care Delivery for Indigenous Australians: A Cross-sectional Analysis. <i>Frontiers in Public Health</i> , 2016, 4, 34.	2.7	21
65	Social vulnerability in a high-risk flood-affected rural region of NSW, Australia. <i>Natural Hazards</i> , 2020, 101, 631-650.	3.4	21
66	Preventing growth faltering among Australian Indigenous children: implications for policy and practice. <i>Medical Journal of Australia</i> , 2008, 188, S84-6.	1.7	20
67	Reducing the burden of cancer for Aboriginal and Torres Strait Islander Australians: time for a coordinated, collaborative, priority-driven, Indigenous-led research program. <i>Medical Journal of Australia</i> , 2011, 194, 530-531.	1.7	20
68	Evaluating Aboriginal and Torres Strait Islander health promotion activities using audit and feedback. <i>Australian Journal of Primary Health</i> , 2014, 20, 339.	0.9	20
69	Consistency of denominator data in electronic health records in Australian primary healthcare services: enhancing data quality. <i>Australian Journal of Primary Health</i> , 2015, 21, 450.	0.9	20
70	No germs on me: a social marketing campaign to promote hand-washing with soap in remote Australian Aboriginal communities. <i>Global Health Promotion</i> , 2011, 18, 62-65.	1.3	19
71	Continuous quality improvement and metabolic screening during pregnancy at primary health centres attended by Aboriginal and Torres Strait Islander women. <i>Medical Journal of Australia</i> , 2015, 203, 369-370.	1.7	19
72	Delivery of child health services in Indigenous communities: implications for the federal government's emergency intervention in the Northern Territory. <i>Medical Journal of Australia</i> , 2008, 188, 615-618.	1.7	18

#	ARTICLE	IF	CITATIONS
73	Hygiene improvement: Essential to improving child health in remote Aboriginal communities. <i>Journal of Paediatrics and Child Health</i> , 2010, 46, 491-496.	0.8	18
74	Gambling, housing conditions, community contexts and child health in remote indigenous communities in the Northern Territory, Australia. <i>BMC Public Health</i> , 2012, 12, 377.	2.9	18
75	Television and delivery of health promotion programs to remote Aboriginal communities. <i>Health Promotion Journal of Australia</i> , 2005, 16, 155-158.	1.2	17
76	Exploring Systems That Support Good Clinical Care in Indigenous Primary Health-care Services: A Retrospective Analysis of Longitudinal Systems Assessment Tool Data from High-Improving Services. <i>Frontiers in Public Health</i> , 2017, 5, 45.	2.7	17
77	Investigating the sustainability of outcomes in a chronic disease treatment programme. <i>Social Science and Medicine</i> , 2006, 63, 1661-1670.	3.8	16
78	Feasibility and costs of water fluoridation in remote Australian Aboriginal communities. <i>BMC Public Health</i> , 2007, 7, 100.	2.9	15
79	Development and trialling of a tool to support a systems approach to improve social determinants of health in rural and remote Australian communities: the healthy community assessment tool. <i>International Journal for Equity in Health</i> , 2013, 12, 15.	3.5	15
80	Social and Emotional Wellbeing Screening for Aboriginal and Torres Strait Islanders within Primary Health Care: A Series of Missed Opportunities?. <i>Frontiers in Public Health</i> , 2017, 5, 159.	2.7	15
81	Sustained participation in annual continuous quality improvement activities improves quality of care for Aboriginal and Torres Strait Islander children. <i>Journal of Paediatrics and Child Health</i> , 2018, 54, 132-140.	0.8	15
82	Associations between area-level disadvantage and DMFT among a birth cohort of Indigenous Australians. <i>Australian Dental Journal</i> , 2013, 58, 75-81.	1.5	14
83	Belonging and Inclusivity Make a Resilient Future for All: A Cross-Sectional Analysis of Post-Flood Social Capital in a Diverse Australian Rural Community. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 7676.	2.6	14
84	Quality improvement in Indigenous primary health care: History, current initiatives and future directors. <i>Australian Journal of Primary Health</i> , 2008, 14, 53.	0.9	14
85	Poor urban environments: use of paraffin and other fuels as sources of indoor air pollution. <i>Journal of Epidemiology and Community Health</i> , 1999, 53, 585-586.	3.7	13
86	Early identification and preventive care for elevated cardiovascular disease risk within a remote Australian Aboriginal primary health care service. <i>BMC Health Services Research</i> , 2011, 11, 24.	2.2	13
87	Do competing demands of physical illness in type 2 diabetes influence depression screening, documentation and management in primary care: a cross-sectional analytic study in Aboriginal and Torres Strait Islander primary health care settings. <i>International Journal of Mental Health Systems</i> , 2013, 7, 16.	2.7	13
88	From targets to ripples: tracing the process of developing a community capacity building appraisal tool with remote Australian indigenous communities to tackle food security. <i>BMC Public Health</i> , 2014, 14, 914.	2.9	13
89	Conceptualizing the Association Between Community Participation and CQI in Aboriginal and Torres Strait Islander PHC Services. <i>Qualitative Health Research</i> , 2019, 29, 1904-1915.	2.1	13
90	Mixed feelings: satisfaction and disillusionment among Australian GPs. <i>Family Practice</i> , 1998, 15, 58-66.	1.9	12

#	ARTICLE	IF	CITATIONS
91	A systems approach to improving timeliness of immunisation. <i>Vaccine</i> , 2009, 27, 3669-3674.	3.8	12
92	Grand Challenges in Public Health Policy. <i>Frontiers in Public Health</i> , 2015, 3, 29.	2.7	12
93	Encouraging translation and assessing impact of the Centre for Research Excellence in Integrated Quality Improvement: rationale and protocol for a research impact assessment. <i>BMJ Open</i> , 2017, 7, e018572.	1.9	12
94	“At the grass roots level it’s about sitting down and talking”: exploring quality improvement through case studies with high-improving Aboriginal and Torres Strait Islander primary healthcare services. <i>BMJ Open</i> , 2019, 9, e027568.	1.9	12
95	Identifying evidence-practice gaps and strategies for improvement in Aboriginal and Torres Strait Islander maternal health care. <i>PLoS ONE</i> , 2018, 13, e0192262.	2.5	12
96	Risk of antenatal psychosocial distress in indigenous women and its management at primary health care centres in Australia. <i>General Hospital Psychiatry</i> , 2015, 37, 335-339.	2.4	11
97	Monitoring and assessing the quality of care for youth: developing an audit tool using an expert consensus approach. <i>International Journal of Mental Health Systems</i> , 2015, 9, 28.	2.7	11
98	“There’s only one enabler; come up, help us”: staff perspectives of barriers and enablers to continuous quality improvement in Aboriginal primary health-care settings in South Australia. <i>Australian Journal of Primary Health</i> , 2016, 22, 244.	0.9	11
99	A developmental evaluation to enhance stakeholder engagement in a wide-scale interactive project disseminating quality improvement data: study protocol for a mixed-methods study. <i>BMJ Open</i> , 2017, 7, e016341.	1.9	11
100	Hospitalizations for Chronic Conditions Among Indigenous Australians After Medication Copayment Reductions: the Closing the Gap Copayment Incentive. <i>Journal of General Internal Medicine</i> , 2017, 32, 501-507.	2.6	11
101	Aboriginal participation in health service delivery: coordinated care trials in the Northern Territory of Australia. <i>International Journal of Healthcare Technology and Management</i> , 2003, 5, 45.	0.1	10
102	Antenatal emotional wellbeing screening in Aboriginal and Torres Strait Islander primary health care services in Australia. <i>Contemporary Nurse</i> , 2013, 46, 73-82.	1.0	10
103	Cardiovascular disease risk in young Indigenous Australians: a snapshot of current preventive health care. <i>Australian and New Zealand Journal of Public Health</i> , 2017, 41, 460-466.	1.8	10
104	Principles guiding ethical research in a collaboration to strengthen Indigenous primary healthcare in Australia: learning from experience. <i>BMJ Global Health</i> , 2021, 6, e003852.	4.7	10
105	Surveillance for Equity in Cervical Cytology Screening. <i>International Journal of Epidemiology</i> , 1996, 25, 46-52.	1.9	9
106	CONTACT DERMATITIS AND IN-FEED EXPOSURE TO ANTIBIOTICS AMONG PIG FEED HANDLERS. <i>Australian Journal of Rural Health</i> , 1997, 5, 76-79.	1.5	9
107	Case-control study of the association between kava use and pneumonia in eastern Arnhem Land Aboriginal communities (Northern Territory, Australia). <i>Epidemiology and Infection</i> , 2003, 131, 627-635.	2.1	9
108	National health workforce in discrete Indigenous communities. <i>Australian and New Zealand Journal of Public Health</i> , 2004, 28, 235-245.	1.8	9
