#	ARTICLE	IF	CITATIONS
1	A controlled trial of psychological treatment for the irritable bowel syndrome. <i>Gastroenterology</i> , 1991, 100, 450-457.	1.3	446
2	The cost-effectiveness of psychotherapy and paroxetine for severe irritable bowel syndrome. <i>Gastroenterology</i> , 2003, 124, 303-317.	1.3	415
3	A systematic review of the epidemiology of somatisation disorder and hypochondriasis. <i>Journal of Psychosomatic Research</i> , 2004, 56, 391-408.	2.6	383
4	Intensive versus standard case management for severe psychotic illness: a randomised trial. <i>Lancet</i> , The, 1999, 353, 2185-2189.	13.7	324
5	Health-Related Quality of Life and Health Care Costs in Severe, Refractory Irritable Bowel Syndrome. <i>Annals of Internal Medicine</i> , 2001, 134, 860.	3.9	207
6	Management of Functional Somatic Syndromes and Bodily Distress. <i>Psychotherapy and Psychosomatics</i> , 2018, 87, 12-31.	8.8	202
7	Is there a better term than "Medically unexplained symptoms"? <i>Journal of Psychosomatic Research</i> , 2010, 68, 5-8.	2.6	172
8	Evaluating models of working at the interface between mental health services and primary care. <i>British Journal of Psychiatry</i> , 1997, 170, 6-11.	2.8	164
9	The proposed diagnosis of somatic symptom disorders in DSM-V to replace somatoform disorders in DSM-IV—a preliminary report. <i>Journal of Psychosomatic Research</i> , 2009, 66, 473-476.	2.6	155
10	Depression and Anxiety Impair Health-Related Quality of Life and Are Associated With Increased Costs in General Medical Inpatient. <i>Psychosomatics</i> , 2002, 43, 302-309.	2.5	143
11	Management of deliberate self poisoning in adults in four teaching hospitals: descriptive study. <i>BMJ: British Medical Journal</i> , 1998, 316, 831-832.	2.3	140
12	Impact of comorbid personality disorder on violence in psychosis. <i>British Journal of Psychiatry</i> , 2003, 182, 129-134.	2.8	138
13	Reducing violence in severe mental illness: randomised controlled trial of intensive case management compared with standard care. <i>BMJ: British Medical Journal</i> , 2001, 323, 1093-1093.	2.3	127
14	Outcome of anxiety and depressive disorders in primary care. <i>British Journal of Psychiatry</i> , 1997, 171, 427-433.	2.8	116
15	Total somatic symptom score as a predictor of health outcome in somatic symptom disorders. <i>British Journal of Psychiatry</i> , 2013, 203, 373-380.	2.8	107
16	A review of the incidence and risk factors for fibromyalgia and chronic widespread pain in population-based studies. <i>Pain</i> , 2020, 161, 1169-1176.	4.2	81
17	Number of bodily symptoms predicts outcome more accurately than health anxiety in patients attending neurology, cardiology, and gastroenterology clinics. <i>Journal of Psychosomatic Research</i> , 2006, 60, 357-363.	2.6	80
18	Outcome in severe irritable bowel syndrome with and without accompanying depressive, panic and neurasthenic disorders. <i>British Journal of Psychiatry</i> , 2005, 186, 507-515.	2.8	77

#	ARTICLE	IF	CITATIONS
19	Cost effectiveness of day and inpatient psychiatric treatment: results of a randomised controlled trial. <i>BMJ: British Medical Journal</i> , 1997, 314, 1381-1381.	2.3	75
20	Social Deprivation and Psychiatric Admission Rates Among Different Diagnostic Groups. <i>British Journal of Psychiatry</i> , 1995, 167, 456-462.	2.8	71
21	Adverse social circumstances and depression in people of Pakistani origin in the UK. <i>British Journal of Psychiatry</i> , 1997, 171, 434-438.	2.8	68
22	The relationship between somatisation and outcome in patients with severe irritable bowel syndrome. <i>Journal of Psychosomatic Research</i> , 2008, 64, 613-620.	2.6	68
23	Persistent depressive disorders and social stress in people of Pakistani origin and white Europeans in UK. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2009, 44, 198-207.	3.1	68
24	Changes in Tolerance to Rectal Distension Correlate With Changes in Psychological State in Patients With Severe Irritable Bowel Syndrome. <i>Psychosomatic Medicine</i> , 2004, 66, 578-582.	2.0	67
25	Childhood adversity and frequent medical consultations. <i>General Hospital Psychiatry</i> , 2004, 26, 367-377.	2.4	64
26	The relationship between psychosocial parameters and outcome in irritable bowel syndrome. <i>American Journal of Medicine</i> , 1999, 107, 74-80.	1.5	59
27	Review article: the incidence and risk factors for irritable bowel syndrome in population-based studies. <i>Alimentary Pharmacology and Therapeutics</i> , 2019, 50, 507-516.	3.7	59
28	Psychodynamic interpersonal therapy and improvement in interpersonal difficulties in people with severe irritable bowel syndrome. <i>Pain</i> , 2009, 145, 196-203.	4.2	57
29	Reported Sexual Abuse Predicts Impaired Functioning but a Good Response to Psychological Treatments in Patients With Severe Irritable Bowel Syndrome. <i>Psychosomatic Medicine</i> , 2005, 67, 490-499.	2.0	56
30	Life Events and the Onset of Mania. <i>British Journal of Psychiatry</i> , 1990, 156, 508-514.	2.8	55
31	Social intervention for British Pakistani women with depression: randomised controlled trial. <i>British Journal of Psychiatry</i> , 2010, 197, 227-233.	2.8	55
32	Does Psychological Treatment Help Only Those Patients with Severe Irritable Bowel Syndrome Who Also Have a Concurrent Psychiatric Disorder?. <i>Australian and New Zealand Journal of Psychiatry</i> , 2005, 39, 807-815.	2.3	54
33	Negative illness perceptions are associated with new-onset depression following myocardial infarction. <i>General Hospital Psychiatry</i> , 2008, 30, 414-420.	2.4	53
34	Depression in rheumatoid arthritis: aetiology and treatment. <i>International Review of Psychiatry</i> , 1992, 4, 23-33.	2.8	52
35	Can DSM-V facilitate productive research into the somatoform disorders?. <i>Journal of Psychosomatic Research</i> , 2006, 60, 331-334.	2.6	46
36	Life Events and Miscarriage. <i>British Journal of Psychiatry</i> , 1995, 167, 799-805.	2.8	45

#	ARTICLE	IF	CITATIONS
37	Randomised Controlled Trial of Day and In-patient Psychiatric Treatment. 2: Comparison of Two Hospitals. <i>British Journal of Psychiatry</i> , 1991, 158, 183-189.	2.8	43
38	Treatment of Severe Psychiatric Illness in a Day Hospital. <i>British Journal of Psychiatry</i> , 1989, 154, 341-347.	2.8	37
39	Stressful Life Events and Graves' Disease. <i>British Journal of Psychiatry</i> , 1992, 161, 535-541.	2.8	36
40	Psychological Distress, Somatization, and Defense Mechanisms Associated with Quality of Life in Inflammatory Bowel Disease Patients. <i>Digestive Diseases and Sciences</i> , 2010, 55, 724-732.	2.3	36
41	Somatization is associated with physical health-related quality of life independent of anxiety and depression in cancer, glaucoma and rheumatological disorders. <i>Quality of Life Research</i> , 2009, 18, 1029-1042.	3.1	30
42	Psychiatric Referrals within the General Hospital: Comparison with Referrals to General Practitioners. <i>British Journal of Psychiatry</i> , 1993, 162, 204-211.	2.8	29
43	The Relationship Between Somatic Symptoms, Health Anxiety, and Outcome in Medical Out-Patients. <i>Psychiatric Clinics of North America</i> , 2011, 34, 545-564.	1.3	27
44	Techniques for Interviewing the Somatising Patient. <i>British Journal of Psychiatry</i> , 1993, 162, 467-471.	2.8	26
45	Relatives of patients with severe psychotic disorders: Factors that influence contact frequency. <i>British Journal of Psychiatry</i> , 2001, 178, 248-254.	2.8	25
46	A screening questionnaire for the detection of serious mental illness in the criminal justice system. <i>Journal of Forensic Psychiatry and Psychology</i> , 2003, 14, 138-150.	1.0	25
47	Violence in psychosis: Estimating the predictive validity of readily accessible clinical information in a community sample. <i>Schizophrenia Research</i> , 2008, 101, 176-184.	2.0	25
48	Life Events and Hostility in Self-Poisoning. <i>British Journal of Psychiatry</i> , 1989, 154, 390-395.	2.8	24
49	Should general psychiatry ignore somatization and hypochondriasis?. <i>World Psychiatry</i> , 2006, 5, 146-50.	10.4	24
50	Emerging themes in the revision of the classification of somatoform disorders. <i>International Review of Psychiatry</i> , 2012, 24, 556-567.	2.8	23
51	Exploding myths about medically unexplained symptoms. <i>Journal of Psychosomatic Research</i> , 2016, 85, 91-93.	2.6	21
52	Do Childhood Adversity and Recent Social Stress Predict Health Care Use in Patients Presenting With Upper Abdominal or Chest Pain?. <i>Psychosomatic Medicine</i> , 2003, 65, 1020-1028.	2.0	19
53	Development and pilot testing of a social intervention for depressed women of Pakistani family origin in the UK. <i>Journal of Mental Health</i> , 2009, 18, 504-509.	1.9	19
54	The associated features of multiple somatic symptom complexes. <i>Journal of Psychosomatic Research</i> , 2018, 112, 1-8.	2.6	18
