#	ARTICLE	IF	CITATIONS
1	Decision-making, barriers, and facilitators regarding cervical cancer screening participation among Turkish and Moroccan women in the Netherlands: a focus group study. <i>Ethnicity and Health</i> , 2022, 27, 1147-1165.	2.5	13
2	Enhancing patient participation of older migrant cancer patients: needs, barriers, and eHealth. <i>Ethnicity and Health</i> , 2022, 27, 1123-1146.	2.5	13
3	Refugees' Agency: On Resistance, Resilience, and Resources. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 806.	2.6	8
4	Caring for older culturally and linguistically diverse patients with Cancer: Healthcare Providers' perceived barriers to communication. <i>Journal of Geriatric Oncology</i> , 2022, 13, 862-870.	1.0	5
5	Observing cultural competence of healthcare professionals: A systematic review of observational assessment instruments. <i>Patient Education and Counseling</i> , 2021, 104, 750-759.	2.2	2
6	Midwives's experiences of cultural competency training and providing perinatal care for migrant women a mixed methods study: Operational Refugee and Migrant Maternal Approach (ORAMMA) project. <i>BMC Pregnancy and Childbirth</i> , 2021, 21, 340.	2.4	24
7	Untangling the inter-relatedness within integrated care programmes for community-dwelling frail older people: a rapid realist review. <i>BMJ Open</i> , 2021, 11, e043280.	1.9	10
8	Mental Health of Refugees and Migrants during the COVID-19 Pandemic: The Role of Experienced Discrimination and Daily Stressors. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 6354.	2.6	66
9	"There is people like us and there is people like them, and we are not like them." Understating social exclusion – a qualitative study. <i>PLoS ONE</i> , 2021, 16, e0253575.	2.5	3
10	General practitioners' views on the influence of long-term care reforms on integrated elderly care in the Netherlands: a qualitative interview study. <i>Health Policy</i> , 2021, 125, 930-940.	3.0	6
11	Involving migrants in the adaptation of primary care services in a "newly" diverse urban area in Ireland: The tension between agency and structure. <i>Health and Place</i> , 2021, 70, 102556.	3.3	7
12	"Improving Health through Reducing Stress": Parents' Priorities in the Participatory Development of a Multilevel Family Health Programme in a Low-Income Neighbourhood in The Netherlands. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 8145.	2.6	4
13	Hepatitis B screening among immigrants: How to successfully reach the Moroccan community. <i>Journal of Viral Hepatitis</i> , 2021, 28, 1759-1762.	2.0	3
14	Consensus on Integrated Care for Older People Among Dutch Experts: A Delphi Study. <i>International Journal of Integrated Care</i> , 2021, 21, 30.	0.2	4
15	Mitigating language and cultural barriers in healthcare communication: Toward a holistic approach. <i>Patient Education and Counseling</i> , 2020, 103, 2604-2608.	2.2	23
16	Estimates of female genital mutilation/cutting in the Netherlands: a comparison between a nationwide survey in midwifery practices and extrapolation-model. <i>BMC Public Health</i> , 2020, 20, 1033.	2.9	3
17	Cultural competency in dietetic diabetes care – A qualitative study of the dietician's perspective. <i>Health Expectations</i> , 2020, 23, 540-548.	2.6	14
18	Participatory implementation research in the field of migrant health: Sustainable changes and ripple effects over time. <i>Health Expectations</i> , 2020, 23, 306-317.	2.6	9

#	ARTICLE	IF	CITATIONS
19	Migrant women's experiences of pregnancy, childbirth and maternity care in European countries: A systematic review. PLoS ONE, 2020, 15, e0228378.	2.5	130
20	Development and Evaluation of a Digital Intervention for Fulfilling the Needs of Older Migrant Patients With Cancer: User-Centered Design Approach. Journal of Medical Internet Research, 2020, 22, e21238.	4.3	10
21	Title is missing!. , 2020, 15, e0234926.		0
22	Title is missing!. , 2020, 15, e0234926.		0
23	Title is missing!. , 2020, 15, e0234926.		0
24	Title is missing!. , 2020, 15, e0234926.		0
25	The Essential Role of Primary Care Professionals in Achieving Health for All. Annals of Family Medicine, 2019, 17, 293-295.	1.9	7
26	Towards appropriate information provision for and decision-making with patients with limited health literacy in hospital-based palliative care in Western countries: a scoping review into available communication strategies and tools for healthcare providers. BMC Palliative Care, 2019, 18, 37.	1.8	33
27	Views and experiences of ethnic minority diabetes patients on dietetic care in the Netherlands – a qualitative study. European Journal of Public Health, 2019, 29, 208-213.	0.3	27
28	Addressing mental health issues among migrant and refugee pregnant women: A call for action. European Journal of Midwifery, 2019, 3, 9.	1.1	16
29	Material practices for meaningful engagement: An analysis of participatory learning and action research techniques for data generation and analysis in a health research partnership. Health Expectations, 2018, 21, 159-170.	2.6	28
30	Inequity in contraceptive care between refugees and other migrant women?: a retrospective study in Dutch general practice. Family Practice, 2018, 35, 468-474.	1.9	21
31	Primary care for refugees and newly arrived migrants in Europe: a qualitative study on health needs, barriers and wishes. European Journal of Public Health, 2018, 28, 82-87.	0.3	77
32	Assessing refugee healthcare needs in Europe and implementing educational interventions in primary care: a focus on methods. BMC International Health and Human Rights, 2018, 18, 11.	2.5	18
33	Compassionate care provision: an immense need during the refugee crisis: lessons learned from a European capacity-building project. Journal of Compassionate Health Care, 2018, 5, .	1.2	15
34	Development and evaluation of a web-based capacity building course in the EUR-HUMAN project to support primary health care professionals in the provision of high-quality care for refugees and migrants. Global Health Action, 2018, 11, 1547080.	1.9	5
35	Hepatitis B in Moroccan-Dutch: a qualitative study into determinants of screening participation. European Journal of Public Health, 2018, 28, 916-922.	0.3	6
36	Linkage to Care Is Important and Necessary When Identifying Infections in Migrants. International Journal of Environmental Research and Public Health, 2018, 15, 1550.	2.6	11

#	ARTICLE	IF	CITATIONS
37	De huisarts kan het verschil maken. <i>Bijblijven</i> (Amsterdam, Netherlands), 2018, 34, 190-198.	0.0	1
38	Implementing guidelines and training initiatives to improve cross-cultural communication in primary care consultations: a qualitative participatory European study. <i>International Journal for Equity in Health</i> , 2017, 16, 32.	3.5	49
39	Undocumented and documented migrants with chronic diseases in Family Practice in the Netherlands. <i>Family Practice</i> , 2017, 34, 649-655.	1.9	12
40	Exploring barriers to primary care for migrants in Greece in times of austerity: Perspectives of service providers. <i>European Journal of General Practice</i> , 2017, 23, 129-135.	2.0	16
41	Supporting the use of theory in cross-country health services research: a participatory qualitative approach using Normalisation Process Theory as an example. <i>BMJ Open</i> , 2017, 7, e014289.	1.9	8
42	Migrants' motives and expectations for contacting out-of-hours primary care: a survey study. <i>BMC Family Practice</i> , 2017, 18, 92.	2.9	12
43	Using Participatory Learning & Action (PLA) research techniques for inter-stakeholder dialogue in primary healthcare: an analysis of stakeholders' experiences. <i>Research Involvement and Engagement</i> , 2017, 3, 28.	2.9	34
44	Giving voice to the voiceless: how to involve vulnerable migrants in healthcare research. <i>British Journal of General Practice</i> , 2016, 66, 284-285.	1.4	24
45	Reducing the health care burden for marginalised migrants: The potential role for primary care in Europe. <i>Health Policy</i> , 2016, 120, 495-508.	3.0	80
46	Engaging migrants and other stakeholders to improve communication in cross-cultural consultation in primary care: a theoretically informed participatory study. <i>BMJ Open</i> , 2016, 6, e010822.	1.9	35
47	Reporting mental health problems of undocumented migrants in Greece: A qualitative exploration. <i>European Journal of General Practice</i> , 2016, 22, 119-125.	2.0	15
48	Mental health problems associated with female genital mutilation. <i>BJPsych Bulletin</i> , 2015, 39, 273-277.	1.1	72
49	Using Participatory Learning & Action research to access and engage with 'hard to reach' migrants in primary healthcare research. <i>BMC Health Services Research</i> , 2015, 16, 25.	2.2	46
50	Involving migrants in the development of guidelines for communication in cross-cultural general practice consultations: a participatory learning and action research project. <i>BMJ Open</i> , 2015, 5, e007092.	1.9	26
51	Guidelines and training initiatives that support communication in cross-cultural primary-care settings: appraising their implementability using Normalization Process Theory. <i>Family Practice</i> , 2015, 32, cmv022.	1.9	16
52	Huisarts, ook voor je eigen familie?. <i>Huisarts En Wetenschap</i> , 2015, 58, 24-24.	0.0	1
53	Mental health problems of undocumented migrants in the Netherlands: A qualitative exploration of recognition, recording, and treatment by general practitioners. <i>Scandinavian Journal of Primary Health Care</i> , 2015, 33, 82-90.	1.5	18
54	Communication in cross-cultural consultations in primary care in Europe: the case for improvement. The rationale for the RESTORE FP 7 project. <i>Primary Health Care Research and Development</i> , 2014, 15, 122-133.	1.2	43

#	ARTICLE	IF	CITATIONS
55	Mental health problems in undocumented and documented migrants: a survey study. <i>Family Practice</i> , 2014, 31, 571-577.	1.9	19
56	Mental health problems of undocumented migrants (UMs) in the Netherlands: a qualitative exploration of help-seeking behaviour and experiences with primary care: Table A1. <i>BMJ Open</i> , 2014, 4, e005738.	1.9	27
57	Healthcare for migrants, participatory health research and implementation science – better health policy and practice through inclusion. The RESTORE project. <i>European Journal of General Practice</i> , 2014, 20, 148-152.	2.0	20
58	Understanding and improving communication and decision-making in palliative care for Turkish and Moroccan immigrants: a multiperspective study. <i>Ethnicity and Health</i> , 2012, 17, 363-384.	2.5	38
59	REsearch into implementation STRategies to support patients of different ORigins and language background in a variety of European primary care settings (RESTORE): study protocol. <i>Implementation Science</i> , 2012, 7, 111.	6.9	38
60	Talking in triads: communication with Turkish and Moroccan immigrants in the palliative phase of cancer. <i>Journal of Clinical Nursing</i> , 2012, 21, 3143-3152.	3.0	27
61	Limited midwifery care for undocumented women in the Netherlands. <i>Journal of Psychosomatic Obstetrics and Gynaecology</i> , 2011, 32, 182-188.	2.1	24
62	Urinary incontinence in Moroccan and Turkish women: a qualitative study on impact and preferences for treatment. <i>British Journal of General Practice</i> , 2006, 56, 945-9.	1.4	38
