#	ARTICLE	IF	CITATIONS
1	Bullying in different contexts: Commonalities, differences and the role of theory. <i>Aggression and Violent Behavior</i> , 2009, 14, 146-156.	2.1	209
2	The relationship between sleeping problems and aggression, anger, and impulsivity in a population of juvenile and young offenders. <i>Journal of Adolescent Health</i> , 2006, 38, 649-655.	2.5	161
3	Research priorities for the COVID-19 pandemic and beyond: A call to action for psychological science. <i>British Journal of Psychology</i> , 2020, 111, 603-629.	2.3	146
4	Bullying behaviors among male and female prisoners: A study of adult and young offenders. <i>Aggressive Behavior</i> , 1999, 25, 161-178.	2.4	106
5	Coping style and psychological health among adolescent prisoners: a study of young and juvenile offenders. <i>Journal of Adolescence</i> , 2005, 28, 411-423.	2.4	82
6	“Bullying” among prisoners. <i>Aggression and Violent Behavior</i> , 2000, 5, 201-215.	2.1	79
7	Attachment, emotional loneliness, and bullying behaviour: A study of adult and young offenders. <i>Aggressive Behavior</i> , 2004, 30, 298-312.	2.4	73
8	Derivation of a homesickness scale. <i>British Journal of Psychology</i> , 1998, 89, 205-221.	2.3	62
9	Association between measures of aggression and bullying among juvenile and young offenders. <i>Aggressive Behavior</i> , 2004, 30, 29-42.	2.4	59
10	Propensity to support prison gangs: its relationship to gang membership, victimisation, aggression and other disruptive behaviours. <i>Psychology, Crime and Law</i> , 2013, 19, 801-816.	1.0	56
11	Descriptive Analysis of Bullying in Male and Female Adult Prisoners. <i>Journal of Community and Applied Social Psychology</i> , 1996, 6, 35-47.	2.4	55
12	Provictim attitudes and empathy in relation to bullying behaviour among prisoners. <i>Legal and Criminological Psychology</i> , 1999, 4, 51-66.	2.0	54
13	The link between dyslexic traits, executive functioning, impulsivity and social self-esteem among an offender and non-offender sample. <i>International Journal of Law and Psychiatry</i> , 2007, 30, 492-503.	0.9	50
14	Psychological health and bullying behavior among adolescent prisoners: A study of young and juvenile offenders. <i>Journal of Adolescent Health</i> , 2005, 36, 236-243.	2.5	47
15	Differences between bullies and victims, and men and women, on aggression-related variables among prisoners. <i>British Journal of Social Psychology</i> , 2007, 46, 299-322.	2.8	43
16	The Development and Factor Structure of a Questionnaire Measure of the Strength of Attachment to Pet Dogs. <i>Anthrozoos</i> , 2011, 24, 249-261.	1.4	42
17	Intra-group aggression among prisoners: bullying intensity and exploration of victim-perpetrator mutuality. <i>Aggressive Behavior</i> , 2008, 34, 76-87.	2.4	36
18	Impulsivity among adult prisoners: A confirmatory factor analysis study of the Barratt Impulsivity Scale. <i>Personality and Individual Differences</i> , 2008, 45, 286-292.	2.9	36

#	ARTICLE	IF	CITATIONS
19	How do offenders define bullying? A study of adult, young and juvenile male offenders. <i>Legal and Criminological Psychology</i> , 2003, 8, 159-173.	2.0	35
20	Officer attitudes towards adult male prisoners who self-harm: development of an attitudinal measure and investigation of sex differences. <i>Aggressive Behavior</i> , 2007, 33, 63-72.	2.4	34
21	Sleep and its association with aggression among prisoners: Quantity or quality?. <i>International Journal of Law and Psychiatry</i> , 2016, 47, 115-121.	0.9	32
22	The importance of coping, threat appraisal, and beliefs in understanding and responding to fear of victimization: Applications to a male prisoner sample.. <i>Law and Human Behavior</i> , 2011, 35, 306-315.	0.7	30
23	Descriptive analysis of the nature and extent of bullying behavior in a maximum-security prison. <i>Aggressive Behavior</i> , 2000, 26, 213-223.	2.4	29
24	The perceived consequences of responding to bullying with aggression: A study of male and female adult prisoners. <i>Aggressive Behavior</i> , 2002, 28, 257-272.	2.4	29
25	Anger management therapy with young male offenders: An evaluation of treatment outcome. <i>Aggressive Behavior</i> , 2004, 30, 174-185.	2.4	29
26	Behaviours indicative of bullying among young and juvenile male offenders: a study of perpetrator and victim characteristics. <i>Aggressive Behavior</i> , 2006, 32, 172-180.	2.4	28
27	Characteristics of male and female prisoners involved in bullying behavior. <i>Aggressive Behavior</i> , 2007, 33, 220-229.	2.4	28
28	Maladaptive personality traits, coping styles and psychological distress: A study of adult male prisoners. <i>Personality and Individual Differences</i> , 2006, 41, 561-573.	2.9	26
29	Distinguishing the perpetrators and victims of bullying behaviour in a prison environment: A study of male and female adult prisoners. <i>Legal and Criminological Psychology</i> , 2001, 6, 229-246.	2.0	25
30	Do personality characteristics and beliefs predict intra-group bullying between prisoners?. <i>Aggressive Behavior</i> , 2010, 36, 261-270.	2.4	25
31	Bullying and social and emotional loneliness in a sample of adult male prisoners. <i>International Journal of Law and Psychiatry</i> , 2008, 31, 19-29.	0.9	24
32	Do juveniles bully more than young offenders?. <i>Journal of Adolescence</i> , 2002, 25, 155-168.	2.4	23
33	Exploring application of the Interpersonal-Psychological Theory of Suicidal Behaviour to self-injurious behaviour among women prisoners: Proposing a new model of understanding. <i>International Journal of Law and Psychiatry</i> , 2012, 35, 70-76.	0.9	22
34	The relationship between social problem-solving and bullying behaviour among male and female adult prisoners. <i>Aggressive Behavior</i> , 2001, 27, 297-312.	2.4	21
35	Official records of bullying incidents among young offenders: what can they tell us and how useful are they?. <i>Journal of Adolescence</i> , 2002, 25, 669-679.	2.4	21
36	Coping, mental health, and subjective well-being among mental health staff working in secure forensic psychiatric settings: Results from a workplace health assessment.. <i>Psychological Services</i> , 2020, 17, 160-169.	1.5	21

#	ARTICLE	IF	CITATIONS
37	Bullying in secure hospitals. <i>Journal of Forensic Psychiatry Psychology</i> , 2002, 13, 538-554.	0.3	19
38	Social self-esteem and self-reported bullying behaviour among adult prisoners. <i>Aggressive Behavior</i> , 2002, 28, 184-197.	2.4	19
39	Aggression and offence motivation in prisoners: exploring the components of motivation in an adult male sample. <i>Aggressive Behavior</i> , 2011, 37, 278-288.	2.4	18
40	Bullying among mentally-ill patients detained in a high-secure hospital: an exploratory study of the perceptions of staff and patients into how bullying is defined. <i>Aggressive Behavior</i> , 2006, 32, 451-463.	2.4	15
41	Staff and prisoner perceptions of physical and social environmental factors thought to be supportive of bullying: The role of bullying and fear of bullying. <i>International Journal of Law and Psychiatry</i> , 2010, 33, 43-51.	0.9	15
